Attn: Mr. Jeffery Kitchens, PE, Water Division

Re: **MS4 Annual Report FY 2018**
NPDES Permit No. ALS000006

Dear Mr. Kitchens:

Attached is the Fiscal Year 2018 annual report for the ALDOT MS4 Stormwater Management Program (SWMP). This submission maintains ALDOT compliance with Part IV of the ALDOT MS4 permit (NPDES Permit No. ALS000006). The report details the MS4-applicable actions performed by ALDOT and the status of each activity designated by the SWMP Plan (SWMPP) during the period of October 1, 2017, to September 30, 2018. Please note that the annual report applies to the SWMPP version dated September 30, 2017.

If you should have any questions concerning the report or wish to discuss any of the content in the report, please contact Dr. Scott Rogers, Environmental Coordination Engineer, at (334) 353-6214.

Sincerely,

Don T. Arkle, PE
Chief Engineer

DTA/WFA/SEW/WDH/SWR

**ALABAMA DEPARTMENT OF TRANSPORTATION
MS4 STORMWATER MANAGEMENT PROGRAM
NPDES Permit No. ALS000006**

**ANNUAL REPORT
Fiscal Year 2018**

I. Introduction

A. Background

The U.S. Environmental Protection Agency (EPA) regulates urban stormwater management under the National Pollutant Discharge Elimination System (NPDES). Urban stormwater collects in, flows through, and discharges from a “municipal separate storm sewer system” (MS4). Thus, EPA refers to the mechanism for regulated urban stormwater management as the “MS4 program.” The Alabama Department of Environmental Management (ADEM) carries out the MS4 program at the State level and regulates urban stormwater management for qualifying public entities in Alabama. (The acronym “MS4” can also refer to such a public entity.)

On March 21, 2013, ADEM issued an individual MS4 permit (NPDES No. ALS000006) to the Alabama Department of Transportation (ALDOT). This MS4 permit is designed specifically for ALDOT and replaces regulatory coverage of ALDOT under MS4 permits issued previously. (Hereinafter, the MS4 Permit will be referred to as simply “the Permit.”) The Permit went into effect on April 1, 2013, and was intended to stay in effect for a term of five years (i.e., through March 31, 2018). Thus, the five-year term ended during Fiscal Year (FY) 2018. Upon the end of the term, the Permit was administratively continued by ADEM and remains in effect as of the writing of this document.

The Permit applies to areas of the State as specified by Permit item I.A. Requirements of the Permit largely fall under six minimum control measures: Structural Controls Operation, Public Education & Public Involvement (PEPI), Illicit Discharge Detection & Elimination (IDDE), Construction Site Stormwater Runoff Control, Post-Construction Stormwater Management, and Pollution Prevention / Good Housekeeping (PPGH). In addition, the Permit also contains specific MS4 monitoring requirements.

ALDOT developed a stormwater management program (SWMP) to address the requirements of the Permit and other MS4 stormwater management objectives. The document containing details of the SWMP is the “Stormwater Management Program Plan” (SWMPP). The SWMPP explains the ALDOT MS4 stormwater management activities to be conducted over the Permit term, the ALDOT parties responsible for particular activities, the goals corresponding to the activities for the Permit term, and the intended timeframes for the completion of activities. The first version of the SWMPP was submitted to ADEM on March 20, 2014. Four revisions of the SWMPP dated September 30, 2014, September 30, 2015, January 12, 2017, and September 30, 2017, respectively, have been prepared as of the writing of this document.

B. Purpose of the Annual Report

ALDOT provides updates with respect to SWMPP implementation through annual reporting. As required by Permit item IV.A.1, ALDOT submits an annual report to ADEM by January 31 of each year during which the Permit is in effect. Each annual report covers the previous fiscal year (i.e., October 1 – September 30). Generally, the material included in the report is governed by Permit items IV.A.3 and IV.B. In addition, the report describes and provides rationale for modifications made to the SWMPP, in accordance with Permit items II.C.2 and II.C.3.

This document is the annual report covering FY 2018 (i.e., October 1, 2017 – September 30, 2018). MS4-applicable stormwater management actions ALDOT performed during FY 2018 and the statuses of SWMPP-identified activities during FY 2018 are explained in Part II of this report. Part III of this report provides ALDOT's evaluation of its SWMP given actions performed and data collected through the end of FY 2018. In Part IV, the future direction of the SWMP is discussed. Appendices that contain information to supplement Parts II through IV are included in this annual report as well. The appendix structure used in this report is designed to largely mirror that of the SWMPP in order to facilitate connectivity between the SWMPP and this report.

II. Actions Performed & Statuses of Activities during FY 2018

In this section, summaries of FY 2018 actions and statuses are presented for each SWMPP activity category. Emphasis is placed on certain actions and statuses rather than on others, as judged appropriate. A comprehensive list of SWMPP activities with corresponding FY 2018 actions and statuses is provided in Appendix A to supplement the discussion that follows. The list also contains expected tracking data for activities as well as references for finding additional information.

A. Stormwater Management Program Plan

ALDOT did not revise the SWMPP during FY 2018. The timely submission of this annual report will satisfy the annual report submission requirement for Calendar Year 2019. Annual reports have been submitted on time since the issuance of the Permit.

B. Structural Controls Operation

Beyond the actions taken as part of the Post-Construction Stormwater Management program discussed below in Section II.F, no action was taken with regard to structural BMPs during FY 2018 as there were no fully operational structural BMPs within MS4 areas prior to or during FY 2018.

C. Public Education & Public Involvement

Continuing to address litter as a PEPI program target pollutant, ALDOT maintained its agreement with Alabama People Against a Littered State (PALS) and entered into a new agreement with Keep Alabama Beautiful (KALB) during FY 2018. ALDOT contributed

\$295,360 to PALS and \$165,390 to KALB for FY 2018 activities. Activities conducted by PALS and KALB were in line with expectations set by contracts with ALDOT; Appendix C includes activity reports submitted by PALS and KALB that were reviewed by ALDOT. When ALDOT District personnel noted a litter issue in a particular area, ALDOT followed-up with PALS and KALB to determine if litter control activities are being performed in that area. Regarding the PALS Adopt-a-Mile program specifically, 777 parties were active participants performing litter pickup on a total of 928.48 miles of roadway as of the end of FY 2018; a breakdown by ALDOT Region of roads adopted is provided in Appendix C.

As part of its collaboration efforts with PALS, KALB, and other stakeholders, ALDOT began facilitating in partnership with the Alabama Law Enforcement Agency the public awareness campaign “Trash Costs Cash” during FY 2018. The centerpiece of the campaign is a public service announcement emphasizing the fines imposed on citizens for littering. A media release describing the campaign is included in Appendix C.

ALDOT provides ongoing anti-litter education for motorists by means of anti-litter signage posted on ALDOT roadways throughout the State. During FY 2018, 612 anti-litter signs were active on ALDOT roadways across all ten ALDOT Areas. A breakdown of signs posted by ALDOT Area is given in Appendix C.

Also with respect to signage, ALDOT in FY 2018 began the strategic deployment of signage to inform motorists of their entering an important watershed. Signs for four watersheds (Escatawpa River, Perdido River, Tallapoosa River, and Tennessee River) were posted. Pictures of the signs posted are provided in Appendix C. Deployment of watershed signage is planned to continue beyond FY 2018.

ALDOT continued its activities addressing the other target pollutants (i.e., sediment, herbicide, chemicals and waste materials) as well during FY 2018. ALDOT carried out its Qualified Credentialed Inspector (QCI) training and vegetation management training programs as expected; the outcomes of these programs are discussed below in Section II.E and Section II.G, respectively. ALDOT conducted its typical good housekeeping training for support facility employees; outcomes of this training are discussed in Section II.H below. Appendix C provides information regarding FY 2018 activities conducted in these programs.

ALDOT interacted with the citizens of Alabama in significant ways during FY 2018. ALDOT maintained Web-based mechanisms as means to educate and engage with the public, including the Environmental Concerns Reporting Tool that allows citizens to report stormwater concerns. Thirty-nine citizen reports were received through the Environmental Concerns Reporting Tool during FY 2018. The number of reports received in FY 2018 is higher than the number received in previous years. Details about the citizen reports and follow-up actions can be found in Appendix C.

ALDOT’s use of Twitter to advance public awareness grew during FY 2018. Thirty-two environmental-oriented messages were posted by the ALDOT Southwest Region (specifically Mobile Area). The Southwest Region Twitter account gained approximately 1,000 followers in FY 2018. Also, the ALDOT West Central Region began employing Twitter during FY 2018.

Appendix C provides a sample of the ALDOT PEPI messages posted in FY 2018. Given the outcomes of the Twitter accounts to date, ALDOT continues to consider broader employment of social media.

ALDOT participated in and facilitated education activities targeted for youth during FY 2018. Local ALDOT personnel served as instructors or in supporting roles in water festivals for schoolchildren in Montgomery County, Mobile County, Baldwin County, and Gadsden. In March 2018, ALDOT Birmingham Area personnel gave a presentation concerning the activities of some of the jobs offered at ALDOT and how those activities impact the environment to 75 students at Calera Elementary School. Over FY 2018, ALDOT Mobile Area personnel gave tours of the Mobile Tunnel to 1,917 school-age children to demonstrate and explain tunnel operations, some of which are water resources or environmental in nature. More youth education activity details are provided in Appendix C.

During FY 2018, ALDOT participated in community outreach group meetings for Safe98 (one meeting), the Coliseum Boulevard Plume (two meetings), and the Capital City Plume (one meeting). Information about the community outreach group meetings is given in Appendix C.

Beyond participation in community outreach groups, ALDOT made significant efforts to reach out to various stakeholders and communities throughout the State during FY 2018. ALDOT participated in the Collaborative Environmental Network of Alabama by sharing insight about ALDOT's environmental challenges and practices in forums attended by fellow MS4s, utility companies, business leaders, faith leaders, environmental advocates, and other stakeholders. ALDOT and the Cahaba River Society met to discuss environmental issues in the Cahaba River Watershed and possible opportunities for collaboration to resolve issues. ALDOT also attended meetings of the Alabama River Clean Water Partnership and the Middle Tallapoosa Clean Water Partnership in order to reach out to local stakeholders. Moreover, ALDOT contributed to litter pickup efforts in addition to the PALS and KALB involvement described above. The ALDOT Alexander City Area participated in a city-wide cleanup event in April 2018, and ALDOT provided equipment for the activity. ALDOT Guntersville Area personnel participated in the "Renew Our Rivers" cleanup of the Coosa River in October 2017 and maintained a dialogue with Keep Etowah Beautiful. The ALDOT Tusculumbia Area maintained a dialogue with Keep the Shoals Beautiful as well.

While ALDOT satisfied its commitment to support environmental restoration activities during the Permit term, ALDOT continues to seek feasible and meaningful support opportunities as part of its community outreach efforts. One such opportunity is the extension of the Three Mile Creek Greenway in Mobile. ALDOT awarded a grant for the project to the City of Mobile during FY 2018. More information about the grant, the project in general, and other outreach efforts can be found in Appendix C.

ALDOT pursued multiple opportunities for coordination with other MS4s in the State during FY 2018. ALDOT Southwest Region maintained the One Clean Mobile partnership with the City of Mobile, which allowed for activities such as an MS4 lunch-and-learn in August 2018. ALDOT maintained cooperative maintenance agreements with the City of Huntsville, the City of Montgomery, and Etowah County so that those local authorities could perform litter pickup on

ALDOT property. ALDOT personnel participated in local MS4 collaboration groups in Birmingham, Anniston, Baldwin County, and Calhoun County. In addition, ALDOT was an integral member of the Alabama Stormwater Association steering committee in FY 2018; ALDOT maintained a comprehensive contact list of MS4 representatives and other Alabama stormwater professionals and played significant roles in facilitating two meetings where MS4s from throughout the State gained knowledge to benefit their programs. Additional details about ALDOT's MS4 coordination activities are given in Appendix C.

ALDOT participated in the environmental-oriented efforts of several professional organizations during FY 2018. Employees represented ALDOT as members of national organizations like the American Society of Civil Engineers and the American Association of State Highway and Transportation Officials, state-level organizations like the Alabama Chapter of the Soil & Water Conservation Society, and more local organizations like the Choccolocco Creek Watershed Alliance. ALDOT personnel attended meetings of other organizations such as the Mobile Bay National Estuary Program. ALDOT participation with professional organizations is further explained in Appendix C.

Regarding additional education opportunities for ALDOT personnel, ALDOT employees participated in at least 26 professional educational events (e.g., conferences, seminars, workshops); Appendix C provides a table with these events listed and the ALDOT attendance information for each event. The ALDOT Construction Bureau facilitated in May 2018 its annual stormwater coordinators meeting, which brought together stormwater coordinators assigned to the Construction Bureau and to field offices for dialogue. Regarding ongoing internal MS4-related orientation, informative meetings with ALDOT Central Office bureaus and with Tusculumbia Area and Birmingham Area field offices were held. More details about internal education activities that took place during FY 2018 can be found in Appendix C.

ALDOT's funding of stormwater management-related university research continued in FY 2018. Three research projects were actively funded during FY 2018. Appendix C gives a list of research projects funded by ALDOT during and prior to FY 2018; the total ALDOT funding amount for each supported project is provided.

D. Illicit Discharge Detection & Elimination

Major outfall inventory was completed in the Jefferson/Shelby County MS4 area during FY 2018. Inventory was also conducted at ALDOT support facilities. Outfalls were identified at the Birmingham Area Office / Birmingham District Office, the Calera District Office, the Gadsden District Office, and the Huntsville District Office. The number of locations studied for major outfall candidates and the number of major outfalls identified are given in a table in Appendix D. Major outfalls added to the inventory during FY 2018 were depicted on maps, updating the set of preliminary maps included in the initial version of the SWMPP and previously revised for the SWMPP version dated September 30, 2017. The particular maps in the set updated are provided in Appendix D. No structural BMPs are depicted on the maps because there were no fully operational structural BMPs within MS4 areas as of the end of FY 2018.

All inventory activities planned for Permit term were completed during FY 2018. Upon completion of inventory activities, 1,395 locations had been studied, and 445 major outfalls had been identified and added to the inventory.

The screening of major outfalls was conducted concurrently with the major outfall inventory. During the FY 2018 screenings, 174 possible illicit discharges were discovered and addressed appropriately. The aforementioned table in Appendix D summarizes screening efforts and the outcomes regarding possible illicit discharges discovered during screening.

Seven other possible illicit discharges were reported to ALDOT during FY 2018. Additional details about these possible illicit discharges and corresponding follow-up actions can be found in the environmental concerns report log in Appendix C.

E. Construction Site Stormwater Runoff Control

In FY 2018, ALDOT continued to oversee Construction General Permit coverage and compliance as described in the SWMPP. There were 43 active, permitted construction projects in MS4 areas during FY 2018. Those projects are listed in a table provided in Appendix E.

ALDOT received four concern reports relating to construction site stormwater runoff control. The concerns were addressed by ALDOT appropriately. More details about the concerns are given in the environmental concerns report log in Appendix C.

As noted in Section II.C above, QCI training was carried out as expected during FY 2018. ALDOT facilitated QCI recertification for 342 employees and 186 other individuals over 20 sessions as well as provided the means for 54 employees to obtain initial QCI certification. Information about QCI recertification course sessions is provided in Appendix C.

F. Post-Construction Stormwater Management

ALDOT continued implementing post-construction stormwater management, employing policies and design guidance formalized prior to FY 2018. However, no post-construction BMPs were fully operational in MS4 areas as of the end of FY 2018.

G. Pollution Prevention / Good Housekeeping

Eighteen support facilities were inspected during FY 2018, and the deficiencies noted during inspections were resolved or are in the process of resolution in accordance with facility SPCC Plans. The facility inspections performed and deficiencies observed during inspections are summarized in a table included in Appendix G.

Two support facilities revised their SPCC Plans during FY 2018. However, there was no significant revision of the ALDOT-wide support facility SPCC program.

With respect to support facility good housekeeping training, sessions covering SPCC, universal waste, GHS, and hazardous materials were conducted at ALDOT support facilities during FY

2018. Appendix C provides a table that indicates the dates of sessions held at specific support facilities for particular types of training along with the number of employees attending each session.

Regarding transportation facility PPGH, applicable maintenance activities (i.e., snow and ice control, litter pickup, herbicide treatment and surveillance, drainage structure maintenance, erosion control) continued to be performed in manners intended to reduce negative stormwater runoff impacts during FY 2018. Activity work amounts performed during FY 2018 for all ALDOT Districts in the State are given in a table in Appendix G.

As noted above in Section II.C, vegetation management training continued throughout FY 2018. Ten sessions of the vegetation management training course were held for a total of 395 participants. Details about individual vegetation management training course sessions are provided in a table in Appendix C. Agendas for this training (for Calendar Years 2017 and 2018) are also provided in Appendix C. Six vegetation management training newsletters were distributed during FY 2018. In addition, a total of 49 employees over four sessions held during FY 2018 participated in the “Review for Commercial Applicator Examination” course.

H. MS4 Monitoring

ALDOT concluded its planned MS4 Monitoring program activities for the Permit term during FY 2017. The outcomes of those activities can be found in previous annual reports. During FY 2018, ALDOT continued to explore potential methods for future monitoring efforts.

III. Evaluation of the Stormwater Management Program

At the end of FY 2018, ALDOT had been under Permit coverage for the entire five-year term plus six months, and the initial version of the SWMPP had been developed over four years prior. While the SWMPP had been revised multiple times since the development of the initial version, the goals and activities set by the SWMPP were mostly unchanged. Also, the ALDOT MS4 program had undergone an ADEM audit in May 2016 that resulted in “satisfactory” ratings with respect to most aspects of the MS4 program. Thus, ALDOT could evaluate the SWMPP as a whole and its individual components with a relatively high degree of confidence. The outcomes of that evaluation follow.

A. Overall Program Compliance Status

Actions expected by either the Permit or the SWMPP to be performed during FY 2018 were performed by ALDOT in a timely manner. From the beginning of the Permit term through the end of FY 2018, ALDOT experienced no instances of significant non-compliance with the Permit or the SWMPP.

B. Major Findings Resulting from the Program

The outcomes of the ALDOT SWMP to date provide evidence that the SWMP is functional and effective.

The PEPI program especially has become more robust over the Permit term. ALDOT communication with the public has increased through online mechanisms like the Environmental Concerns Reporting Tool and Twitter. Anti-litter signage and the watershed signage deployed during FY 2018 are key mechanisms for communication with the public as well. ALDOT has become more engaged with the public, which is demonstrated by ALDOT participation in local litter pickup events, for example. The accomplishments of PALS and KALB demonstrate the importance of ALDOT's support of anti-litter organizations. ALDOT has coordinated extensively with other MS4s in the State to make them aware of ALDOT's MS4 program goals in order to find opportunities for serving mutual program goals; the One Clean Mobile partnership and ALDOT's integral role in the Alabama Stormwater Association are key examples of such coordination. The erosion and sediment control training (i.e., QCI training) and vegetation management training ALDOT provides to both employees and non-employees have continued to be effective and well-regarded by the stormwater professional community. The tracking of environmental-oriented employee training has improved throughout the Permit term.

Findings from environmental concerns reporting, major outfall screening, and good housekeeping on ALDOT property have indicated no major or widespread deficiencies in ALDOT MS4 stormwater management practices. While external factors affected in-stream monitoring data collected throughout the Permit term, it is noteworthy that no definitive evidence of ALDOT MS4 contribution to stream pollution was found in the monitoring work performed.

C. Program Strengths & Weaknesses

ALDOT considers its well-established MS4-applicable activities to be noteworthy strengths of its SWMP. In particular, education of employees, education of the public, involvement with the public, construction stormwater management, and PPGH for transportation facilities are typically conducted in highly proficient manners and usually achieve expected outcomes and even outcomes beyond those required by the Permit. The IDDE program gained strength with the successful field implementation of major outfall inventory and screening over the course of the Permit term. The formalization of PPGH procedures for ALDOT support facilities in FY 2016 provided for official documentation of effective practices already in place at the support facilities.

ALDOT's MS4 Monitoring program is more reasonable than monitoring efforts conducted under previous MS4 permits, but the issues concerning the monitoring data collected during the Permit term, discussed in previous annual reports, have led ALDOT to consider other monitoring methods. The Post-Construction Stormwater Management program implementation has been smooth overall, but no post-construction BMPs were fully operational as of the end of FY 2018. Full field implementation of post-construction BMPs will be needed to adequately gauge the effectiveness of the program.

D. Overall Program Effectiveness

Although ALDOT had to implement multiple new MS4 practices during the Permit term, the ALDOT SWMP has demonstrated sustained effectiveness. If the SWMP were to remain mostly

unchanged, ALDOT believes it would continue to demonstrate effectiveness, especially given that practices previously new are now either mostly established or firmly established within the MS4 program. This assessment is based on the successes of the implemented aspects of the program through the end of FY 2018 and the proficiency with which ALDOT accomplished SWMPP goals throughout the Permit term.

IV. Future Direction of the Program

In general, ALDOT will continue to conduct activities as indicated in the SWMPP, given the success demonstrated to date and the absence of significant setbacks. To that end, no revision of the September 30, 2017, version of the SWMPP has been made. However, ADEM has indicated that the issuance of a new ALDOT MS4 permit is forthcoming. ALDOT expects that the SWMPP developed for the new MS4 permit would be very similar to the one currently in effect, but ALDOT may need to adapt its MS4 practices to accommodate different permit requirements.

Appendix A:

Supplemental Material for Section II.A

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2018 Actions & Statuses Summary

**ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2018 Actions & Statuses Summary**

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2018	Supplemental Information
Stormwater Management Program Plan					
II.A.1; II.A.2; II.C.1; II.C.2; II.C.3	Development & updating of Stormwater Management Program Plan (SWMP)	State Design Engineer	Develop SWMP. Revise SWMP as needed throughout Permit term.	SWMP developed. Four revisions (dated 09/30/2014, 09/30/2015, 01/12/2017, and 09/30/2017, respectively) made to SWMP as of the end of FY 2018.	All citations of SWMP below refer to the 09/30/2017 revision.
IV.A.1; IV.A.3; IV.B	Annual reports	State Design Engineer	Compile and submit to ADEM an annual report for the previous fiscal year by January 31 of every year during which Permit is in effect.	Annual report for FY 2018 compiled and submitted to ADEM. Annual reports for Permit term to date have been submitted on time.	
Structural Controls Operation					
II.B.1.b; II.B.1.c	Inspections of structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Inspect each BMP after fully operational at least every 2 years.	No action. (No fully operational BMPs during FY 2018.)	
II.B.1.b; II.B.1.c	Non-emergency maintenance of structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track work reports completed for each BMP.	No action. (No fully operational BMPs during FY 2018.)	
II.B.1.b; II.B.1.c	Structural BMP emergency maintenance	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track work reports completed for each BMP.	No action. (No fully operational BMPs during FY 2018.)	
Public Education & Public Involvement					
II.B.2.a	Development of PEPI program	Media & Community Relations Bureau Chief; State Design Engineer; State Maintenance Engineer; State Construction Engineer; Materials & Tests Engineer; Training Bureau Chief; Region Engineers	Develop program. Adjust program if needed after future program evaluation.	Program developed. No major revisions during FY 2018.	See SWMP (c. 3) for a description of the PEPI program.

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2018 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2018	Supplemental Information
II.B.2.b.1	Identification of potential pollutants to be targeted by PEPI program	Media & Community Relations Bureau Chief; State Design Engineer; State Construction Engineer; State Maintenance Engineer; Materials & Tests Engineer; Region Engineers	Identify potential pollutants.	Pollutants identified.	See SWMPP (s. 3.2) for discussion regarding pollutant identification.
II.B.2.b.2; II.B.2.c.1.a; II.B.2.c.1.b; II.B.2.c.1.d	Developing and posting signs with anti-litter messaging for motorists	State Maintenance Engineer	Design signs and formulate guideline for placement.	Signs designed and placement guideline formulated.	See SWMPP (s. 3.3.1) for discussion regarding anti-litter signage.
II.B.2.b.2; II.B.2.b.3; II.B.2.c.1.a; II.B.2.c.1.b; II.B.2.c.1.d	Coordination with litter-oriented organizations to support litter awareness campaigns & litter pickup activities	State Maintenance Engineer	Maintain agreement with at least 1 organization throughout Permit term.	Agreement with Alabama PALS maintained during FY 2018. Transitioned to new agreement with Keep Alabama Beautiful at the beginning of FY 2018.	See SWMPP (App. C) for PALS agreement. See App. C for Keep Alabama Beautiful agreement.
II.B.2.b.2; II.B.2.b.3	Mechanism to provide public with stormwater management information & opportunities for involvement	State Design Engineer	Develop and maintain Web site.	Web site developed. Maintained and revised significantly during FY 2018. Beyond SWMPP requirements, ALDOT performed various community outreach activities during FY 2018.	See App. C for "ALDOT Miscellaneous Community Outreach Activities: Fiscal Year 2018." Web site address as of the end of FY 2018: https://www.dot.state.al.us/dsweb/divped/EnvironmentalCoordination/index.html
II.B.2.b.4; II.B.2.d.2	Mechanism to engage public in the development of SWMPP	State Design Engineer	Develop and maintain Web site.	Web site developed. Maintained (and revised significantly) during FY 2018.	Web site address as of the end of FY 2018: https://www.dot.state.al.us/dsweb/divped/EnvironmentalCoordination/index.html
II.B.2.c.1.c	Mechanism for citizen reporting of concerns	State Design Engineer	Develop and maintain Web reporting tool.	Web reporting tool developed. Maintained throughout FY 2018.	
II.B.2.c.1.d	Support of environmental restoration activities	State Design Engineer	Support at least 1 activity during Permit term.	Supported Cypress Nature Park (Montgomery) development and restoration, Parkerson's Mill Creek (Auburn) restoration, and Joe's Branch (Spanish Fort) restoration during Permit term. After completion of the Permit term, support began for Three Mile Creek Greenway extension (Mobile).	
II.B.2.c.2; II.B.2.c.3	Development of construction stormwater awareness program	State Construction Engineer	Develop QCI training program.	QCI training program implemented.	See SWMPP (ss. 3.3.2 & 5.6) for details regarding the QCI training program.
II.B.2.c.3	Development of vegetation management training program	State Maintenance Engineer	Develop vegetation management training program.	Vegetation management training program implemented.	See SWMPP (ss. 3.3.3 & 7.3.8) for details regarding the vegetation management training program.
II.B.2.c.3	Development of training program for potential pollutants from support facilities	Materials & Tests Engineer	Develop program. Adjust program if needed after good housekeeping procedures formalized.	Program developed. No major revisions during FY 2018.	See SWMPP (ss. 3.3.4 & 7.2.5) for details regarding support facility employee training program.

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2018 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2018	Supplemental Information
II.B.2.d.3	Review of activities conducted by anti-litter organizations supported.	State Maintenance Engineer	Conduct reviews.	Activity information sent by PALS and KALB for FY 2018 reviewed. Activities conducted by PALS and KALB were in line with contract expectations. When ALDOT District personnel noted a litter issue in a particular area, ALDOT followed-up with PALS and KALB to determine if litter control activities are being performed in that area.	See App. C for activity reports submitted to ALDOT by PALS and KALB. See SWMPP (App. C) for PALS agreement. See App. C for Keep Alabama Beautiful agreement.
II.B.2.d.3	Tracking of applications for Adopt-a-Mile program, total participants, & all miles adopted	State Maintenance Engineer	Track applications, total participants, and all miles adopted while ALDOT-PALS agreement is in effect.	92 applications processed during FY 2018, but total groups participating decreased. At the end of FY 2018, there were a total of 777 parties participating and a total of 928.48 miles adopted.	See App. C for a breakdown of miles adopted by ALDOT Region. See SWMPP (App. C) for PALS agreement.
II.B.2.d.3	Tracking of academic research projects & associated funding	Research & Development Engineer	Track particular projects actively supported by ALDOT and the amounts of funding provided for those projects.	3 ALDOT-funded research projects active during FY 2018.	See App. C for "ALDOT Stormwater Management Research: Fiscal Year 2018."
II.B.2.d.3	Tracking of employee initial QCI certification	Training Bureau Chief	Track employees certified.	54 employees certified during FY 2018.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2018."
II.B.2.d.3	Tracking of participants in QCI recertification training	Training Bureau Chief; State Construction Engineer	Track participants.	558 participants (342 ALDOT for recertification, 186 non-ALDOT for recertification, 30 "audit-only") during FY 2018.	See App. C for "ALDOT QCI Recertification Training: Fiscal Year 2018."
II.B.2.d.3	Tracking of vegetation management training course participants	Training Bureau Chief; State Maintenance Engineer	Track participants.	395 participants (294 ALDOT, 101 non-ALDOT) for training purposes during FY 2018.	See App. C for "ALDOT Vegetation Management Training Course: Fiscal Year 2018."
II.B.2.d.3	Tracking of participants of "Review for Commercial Applicator Examination" course	Training Bureau Chief	Track participants.	49 ALDOT employees participated during FY 2018.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2018."
II.B.2.d.3	Tracking of support facility employees participating in good housekeeping training	Materials & Tests Engineer; Region Engineers	Track employees participating.	During FY 2018, 377 employees participated in SPCC training, 353 employees participated in universal waste training, 351 employees participated in GHS training, and 2 employees participated in hazardous materials training for ALDOT Area coordinators.	See App. C for "ALDOT MS4 Support Facility Employee Good Housekeeping Training: Fiscal Year 2018."
II.B.2.d.3	Tracking of professional educational events (e.g., conferences, seminars, workshops) in which employees participate	Training Bureau Chief	Track events with ALDOT participation.	ALDOT participated in at least 26 events during FY 2018.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2018."
II.B.2.d.3	Tracking of citizen reports received by reporting mechanism	State Design Engineer	Track reports received.	39 reports received via Web reporting tool during FY 2018.	See App. C for "ALDOT Environmental Concerns Log: Fiscal Year 2018."
II.B.2.d.3	Tracking of meetings with other MS4s to pursue formal collaboration	State Design Engineer; State Maintenance Engineer	Track meetings.	During FY 2018, ALDOT participated in multiple meetings and other activities intended to promote coordination between ALDOT and other MS4s.	See App. C for "ALDOT MS4 Coordination Activities: Fiscal Year 2018."
II.B.2.d.4	Tracking of anti-litter signs posted	State Maintenance Engineer	Track total signs posted in each ALDOT Area.	612 anti-litter signs active during FY 2018. Signs distributed among all 10 ALDOT Areas.	See App. C for "ALDOT Active Anti-Litter Signage: Fiscal Year 2018."

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2018 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2018	Supplemental Information
II.B.2.d.4	Tracking of funding of litter-oriented organizations (for PSAs, brochures, litter pickup logistics, etc.)	State Maintenance Engineer	Track total dollars of support.	\$295,360 contributed to PALS during FY 2018. \$165,390 contributed to Keep Alabama Beautiful during FY 2018.	See App. C for activity reports submitted to ALDOT by PALS and KALB. See SWMPP (App. C) for PALS agreement. See App. C for Keep Alabama Beautiful agreement.
II.B.2.d.4	Tracking of youth education activities with ALDOT participation	Media & Community Relations Bureau Chief; State Design Engineer; State Maintenance Engineer; Region Engineers	Track activities with ALDOT participation.	ALDOT personnel participated in multiple water festivals and in other environmental-oriented youth education activities during FY 2018.	See App. C for "ALDOT Youth Education Activities: Fiscal Year 2018."
II.B.2.d.4	Tracking of QCI recertification training sessions	Training Bureau Chief	Track sessions facilitated.	20 sessions facilitated during FY 2018.	See App. C for "ALDOT QCI Recertification Training: Fiscal Year 2018."
II.B.2.d.4	Tracking of vegetation management training course sessions	Training Bureau Chief	Track sessions facilitated.	10 sessions facilitated during FY 2018.	See App. C for "ALDOT Vegetation Management Training Course: Fiscal Year 2018" and for session agendas for CYs 2017 and 2018.
II.B.2.d.4	Tracking of vegetation management training newsletters created & distributed	State Maintenance Engineer	Track newsletters distributed.	6 newsletters distributed during FY 2018.	See SWMPP (App. C) for example newsletter.
II.B.2.d.4	Tracking of sessions of "Review for Commercial Applicator Examination" course	Training Bureau Chief	Track sessions facilitated.	4 sessions facilitated during FY 2018.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2018."
II.B.2.d.4	Tracking of support facility good housekeeping training sessions	Materials & Tests Engineer; Region Engineers	Track sessions facilitated.	During FY 2018, 32 sessions of SPCC training, 31 sessions of universal waste training, 31 sessions of GHS training, and 1 session of hazardous materials training for ALDOT Area coordinators were facilitated.	See App. C for "ALDOT MS4 Support Facility Employee Good Housekeeping Training: Fiscal Year 2018."
II.B.2.d.4	Tracking of internal MS4 awareness mechanisms for employees	State Design Engineer; State Maintenance Engineer	Track mechanisms utilized.	ALDOT facilitated multiple activities to promote internal MS4 awareness during FY 2018.	See App. C for "ALDOT Internal MS4 Awareness Activities: Fiscal Year 2018."
II.B.2.d.4	Noting of significant participation in the efforts of professional organizations	Media & Community Relations Bureau Chief; State Design Engineer; State Maintenance Engineer; State Construction Engineer; Materials & Tests Engineer; Training Bureau Chief; Region Engineers	Note efforts of professional organizations in which ALDOT participated.	ALDOT participated with multiple professional organizations in various ways during FY 2018.	See App. C for "ALDOT Participation with Professional Organizations: Fiscal Year 2018."
II.B.2.d.4	Tracking of community outreach meetings with ALDOT participation	Media & Community Relations Bureau Chief	Track meetings with ALDOT participation.	ALDOT participated in 1 Safe98 meeting, 2 Coliseum Boulevard Plume meetings, and 1 Capital City Plume meeting during FY 2018.	See App. C for "ALDOT Community Outreach Group Meetings: Fiscal Year 2018."
Illicit Discharge Detection & Elimination					

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2018 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2018	Supplemental Information
II.B.3.a.1; II.B.3.b.4	Development & updating of MS4 major outfall / structural BMP maps	State Design Engineer	Develop preliminary maps. Update maps as needed annually.	Preliminary maps developed during development of initial SWMPP version. Maps updated with major outfalls on inventory as of 09/30/2018. (Inventory completed during FY 2018.)	See App. D for specific maps updated with major outfalls added to inventory during FY 2018.
II.B.3.a.1	Development & updating of MS4 mapping schedule	State Design Engineer	Develop general schedule. Update schedule as needed annually.	Schedule updated during FY 2018.	See App. D for updated schedule.
II.B.3.a.1; II.B.3.b.4	Major outfall inventory	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Inventory all major outfalls existing at start of Permit term by 03/31/2018. Expecting preparation during 2nd year of Permit term and inventory conducted during balance of term.	Inventory completed for the Jefferson/Shelby County MS4 area during FY 2018. Inventory also completed for ALDOT support facilities; outfalls identified at Birmingham Area Office / Birmingham District Office, Calera District Office, Gadsden District Office, and Huntsville District Office. All inventory activities planned for Permit term completed during FY 2018.	See App. D for "ALDOT Major Outfall Inventory & Screening Summary." Inventory is kept on file at ALDOT.
II.B.3.a.2	Development of non-stormwater discharge policies & procedures	State Maintenance Engineer	Develop policies and procedures. Make policies and procedures official by the end of the 2nd year of Permit term.	Policies and procedures developed and remain in place.	See SWMPP (s. 4.2) for policies and procedures.
II.B.3.a.3; II.B.3.b.3	Development & updating of IDDE training program	State Design Engineer; State Maintenance Engineer	Develop general program. Update program as needed annually. Expecting training materials to be prepared during 2nd year of Permit term.	No inventory or screening training material developed. (Inventory and screening implementation throughout FY 2018 was delegated to consultant; consultant handles training internally.)	See SWMPP (s. 4.8) for discussion regarding IDDE training.
II.B.3.a.3	Facilitation of IDDE training sessions	Training Bureau Chief	Track sessions facilitated.	No action (due to delegating of inventory and screening to consultant).	
II.B.3.a.4	Dry-weather screening of "normal" major outfalls	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Pilot-test screening method. Screen each major outfall on inventory not in a priority area at least once during Permit term.	Screening performed during inventory of major outfalls in the Jefferson/Shelby County MS4 area in FY 2018. Screening also performed at ALDOT support facilities for identified outfalls. All screening activities planned for Permit term completed during FY 2018.	See App. D for "ALDOT Major Outfall Inventory & Screening Summary." Comprehensive screening data kept on file at ALDOT.
II.B.3.a.4	Dry-weather screening of "priority area" major outfalls	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Designate priority areas as warranted according to inventory and screening data collected during Permit term. Screen each major outfall on inventory in a priority area at least once during Permit term.	No action. (No priority areas designated as of the end of FY 2018.)	
II.B.3.a.4; II.B.3.b.2	Follow-up major outfall dry-weather screening	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track follow-up screenings of each major outfall on inventory.	No action.	
II.B.3.a.5	Development of illicit discharge tracing procedure	State Design Engineer	Develop and pilot-test procedure.	Procedure developed and in-use during major outfall screening.	See SWMPP (s. 4.5.1) for discussion regarding tracing procedure. See SWMPP (App. D) for "ALDOT Major Outfall Screening Form."
II.B.3.a.6	Development of indicator monitoring strategy for evaluating suspect illicit discharges	State Design Engineer	Develop and pilot-test strategy.	Strategy developed and in-use during major outfall screening.	See SWMPP (s. 4.5.1) for discussion regarding indicator monitoring strategy. See SWMPP (App. D) for "ALDOT Major Outfall Screening Form."
II.B.3.a.7	Development of procedures to notify ADEM of possible illicit discharges	State Maintenance Engineer	Develop procedures.	Procedures developed and remain in place.	See SWMPP (s. 4.7) for discussion regarding reporting procedures.
II.B.3.a.8	Mechanism for citizens to report possible illicit discharges	State Design Engineer	Develop and maintain Web reporting tool.	Web reporting tool maintained throughout FY 2018.	

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2018 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2018	Supplemental Information
II.B.3.b.2	Compilation & updating of IDDE "priority area" candidates list	State Design Engineer	Compile initial list. Update list as needed annually.	No action. (No priority areas designated as of the end of FY 2018.)	
II.B.3.b.5	Recordkeeping of possible illicit discharges reported / discovered	State Maintenance Engineer	Track reports processed.	79 discoveries of possible illicit discharge made during major outfall screening in FY 2018. 7 reports of possible illicit discharge processed during FY 2018.	See App. C for "ALDOT Environmental Concerns Log: Fiscal Year 2018" and App. D for "ALDOT Major Outfall Inventory & Screening Summary."
Construction Site Stormwater Runoff Control					
II.B.4.a.1; II.B.4.b.1	Development of procedures to require Construction General Permit coverage for construction sites	State Construction Engineer; State Design Engineer	Develop procedures.	Procedures developed and incorporated into Guide for Developing Construction Plans (State Design Engineer), ALDOT Construction Best Management Practices Plan template (State Construction Engineer), Construction Manual (State Construction Engineer), and Standard Specifications for Highway Construction (State Construction Engineer).	See SWMPP (ss. 5.3 & 5.4) for discussion regarding procedures.
II.B.4.a.2; II.B.4.b.2	Development of contract requirements for erosion & sediment control	State Construction Engineer	Develop requirements.	Requirements developed.	See SWMPP (s. 5.4) for discussion regarding requirements.
II.B.4.a.3	Development of internal policies for proper permit coverage of construction activities	State Construction Engineer; State Design Engineer; State Maintenance Engineer	Develop policies.	Policies for ALDOT transportation facilities developed and incorporated into Guide for Developing Construction Plans (State Design Engineer), ALDOT Construction Best Management Practices Plan template (State Construction Engineer), Construction Manual (State Construction Engineer), and Standard Specifications for Highway Construction (State Construction Engineer). Policies for third-party construction on ALDOT property developed and incorporated implicitly into Forms MB-05 and MB-07 (State Maintenance Engineer).	See SWMPP (ss. 5.3, 5.4, & 5.7) for discussion regarding policies. See SWMPP (App. D) for Forms MB-05 and MB-07.
II.B.4.a.4	Mechanism for citizen reporting of construction site discharge concerns	State Design Engineer	Develop and maintain Web reporting tool.	Web reporting tool developed. Maintained throughout FY 2018.	
II.B.4.a.5; II.B.4.b.3	Development of construction stormwater BMP training program	State Construction Engineer	Develop QCI training program.	QCI training program implemented.	See SWMPP (ss. 3.3.2 & 5.6) for details regarding the QCI training program.
II.B.4.a.6; II.B.4.b.4	Referral of unauthorized construction activity to ADEM	State Maintenance Engineer	Formalize referral policy by 03/31/2015. Track referrals.	Policy formalized and incorporated into SWMPP during FY 2015. No referrals made during FY 2018.	See SWMPP (s. 5.7) for formal policy and discussion regarding policy.
II.B.4.c.2	Compilation & updating list of construction sites in MS4 areas	State Construction Engineer	Maintain list with updates as needed annually.	List updated for FY 2018. (43 permitted projects in MS4 areas during FY 2018.) List updates on schedule for Permit term to date.	See App. E for "ALDOT MS4 Active Construction Projects (Transportation Facilities): Fiscal Year 2018."
II.B.4.d.1	Recordkeeping of submitted citizen concerns & follow-up actions	State Design Engineer	Track reports submitted and follow-up actions.	4 reports relating to construction site stormwater runoff control submitted during FY 2018. Appropriate follow-up actions taken by ALDOT.	See App. C for "ALDOT Environmental Concerns Log: Fiscal Year 2018."
II.B.4.d.2	Tracking of QCI recertification training sessions	Training Bureau Chief	Track sessions facilitated.	20 sessions facilitated during FY 2018.	See App. C for "ALDOT QCI Recertification Training: Fiscal Year 2018."
II.B.4.d.2	Tracking of employee initial QCI certification	Training Bureau Chief	Track employees participating in certification course.	54 employees certified during FY 2018.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2018."
II.B.4.d.2	Tracking of participants in QCI recertification training	Training Bureau Chief; State Construction Engineer	Track participants.	558 participants (342 ALDOT for recertification, 186 non-ALDOT for recertification, 30 "audit-only") during FY 2018.	See App. C for "ALDOT QCI Recertification Training: Fiscal Year 2018."
Post-Construction Stormwater Management					

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2018 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2018	Supplemental Information
II.B.5.a.1	Development of post-construction program with specific stormwater management goals	State Design Engineer	Develop program by 03/31/2015.	Program, including "GFO 3-73: Post-Development Stormwater Management" and design guidance components, developed by 03/31/2015.	See SWMPP (c. 6) for discussion regarding post-construction program. See SWMPP (App. F) for "GFO 3-73: Post-Development Stormwater Management," "Determining Runoff for Small Storm Events," and "Post-Development Stormwater Risk Assessment."
II.B.5.a.2	Development of LID/GI SOP for transportation & support facilities	State Design Engineer	Develop SOP by 03/31/2015.	SOP ("GFO 3-73: Post-Development Stormwater Management") developed and made effective on 11/24/2014.	See SWMPP (c. 6) for discussion regarding post-construction program. See SWMPP (App. F) for "GFO 3-73: Post-Development Stormwater Management."
II.B.5.a.3	Implementation of LID/GI practices	State Design Engineer	Track practices as implemented.	LID/GI SOP ("GFO 3-73: Post-Development Stormwater Management") developed and implemented. Projects let for construction bidding on or after 04/01/2015 must be implemented in accordance with GFO 3-73.	See SWMPP (App. F) for "GFO 3-73: Post-Development Stormwater Management."
II.B.5.a.4	Development of management policies (inspection & maintenance) for post-construction BMPs at new transportation & support facilities	State Maintenance Engineer	Develop policies by 03/31/2015.	Policies remain in development. (No BMPs fully operational as of the end of FY 2018. Will modify policies using findings from field implementation of BMPs prior to finalization of policies.)	See SWMPP (ss. 6.5-6.6) for discussion regarding future inspection and maintenance policies. See SWMPP (App. F) for draft of "ALDOT Post-Construction BMP Inspection Form."
II.B.5.a.5; II.B.5.c.2; II.B.5.d.1	Inspections of structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Inspect each BMP after fully operational at least every 2 years.	No action. (No BMPs fully operational as of end of FY 2018.)	
II.B.5.b.1	Development of general approach for meeting II.B.5.a.1	State Design Engineer	Develop general approach.	General approach developed and included in 03/20/2014 version of SWMPP. Program developed by 03/31/2015 as required.	
II.B.5.b.2	Scheduling for LID/GI SOP development	State Design Engineer	Develop schedule.	Schedule developed and included in 03/20/2014 version of SWMPP. SOP developed by 03/31/2015 as scheduled.	
II.B.5.b.3	Scheduling for post-construction policy-making	State Design Engineer	Develop schedule.	Schedule developed and included in 03/20/2014 version of SWMPP. Policies developed by 03/31/2015 as scheduled.	
II.B.5.b.4	Develop procedures for post-construction BMP inspection	State Maintenance Engineer	Develop and pilot-test procedures.	Procedures remain in development. Draft of inspection form composed. No pilot-testing performed. (No BMPs fully operational as of the end of FY 2018.)	See SWMPP (s. 6.5) for discussion regarding future inspection procedures. See SWMPP (App. F) for draft of "ALDOT Post-Construction BMP Inspection Form."
II.B.5.b.5	Develop procedures to require post-construction BMP maintenance	State Maintenance Engineer	Develop and pilot-test procedures.	Procedures remain in development. ("GFO 3-73: Post-Development Stormwater Runoff Management" developed, but BMP maintenance procedures not addressed in GFO. Will modify procedures using findings from field implementation of BMPs prior to finalization of procedures.)	See SWMPP (s. 6.6) for discussion regarding future maintenance procedures. See SWMPP (App. F) for draft of "ALDOT Post-Construction BMP Inspection Form."
II.B.5.c.1	Inventory of post-construction BMPs	State Design Engineer	Develop and pilot-test method. Update inventory with fully operational BMPs.	Method developed. No pilot-testing or inventory additions during FY 2018. (No BMPs fully operational as of the end of FY 2018.)	See SWMPP (s. 6.4) for discussion regarding inventory method. See SWMPP (App. F) for drafts of "ALDOT Post-Construction BMP Inventory Form for Transportation Facilities" and "ALDOT Post-Construction BMP Inventory Form for Support Facilities."

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2018 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2018	Supplemental Information
II.B.5.c.2; II.B.5.d.1	Inspections of non-structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Inspect each BMP after fully operational at a frequency TBD by post-construction program.	No action. (No BMPs fully operational as of the end of FY 2018.)	
II.B.5.c.3	Non-emergency maintenance of structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track work reports completed for each BMP.	No action. (No BMPs fully operational as of the end of FY 2018.)	
II.B.5.c.3	Non-emergency maintenance of non-structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track work reports completed for each BMP.	No action. (No BMPs fully operational as of the end of FY 2018.)	
II.B.5.c.3	Structural BMP emergency maintenance	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track work reports completed for each BMP.	No action. (No BMPs fully operational as of the end of FY 2018.)	
II.B.5.c.3	Non-structural BMP emergency maintenance	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track work reports completed for each BMP.	No action. (No BMPs fully operational as of the end of FY 2018.)	
Pollution Prevention / Good Housekeeping					
II.B.6.a.1; II.B.6.b.1; II.B.6.c.1	Inventory of support facilities with pollution potential	Materials & Tests Engineer	Develop inventory. Update inventory as needed annually.	No revisions to inventory during FY 2018.	See SWMPP (App. G) for "ALDOT MS4 Support Facilities."
II.B.6.a.2; II.B.6.b.2; II.B.6.c.2	Development & updating of support facility PPGH inspection program	Materials & Tests Engineer	Develop program. Adjust program as needed after good housekeeping SOPs formalized. Update program as needed annually.	Program developed. No major revisions to program made.	See SWMPP (s. 7.2) for discussion regarding program. See SWMPP (App. G) for formalized SOPs (i.e., Support Facility Procedures Manual).
II.B.6.a.3; II.B.6.b.3; II.B.6.c.3	Development & updating of good housekeeping SOPs for support facilities	Materials & Tests Engineer	Formalize SOPs by 03/31/2016. Update formalized SOPs as needed annually.	SOPs formalized by 03/31/2016. (SOPs provided in Support Facility Procedures Manual effective April 2016.)	See SWMPP (App. G) for formalized SOPs (i.e., Support Facility Procedures Manual). See SWMPP (s. 7.2.2) for discussion regarding SOPs.
II.B.6.a.4; II.B.6.b.4	Development of support facility good housekeeping training program	Materials & Tests Engineer	Develop program. Adjust program as needed after good housekeeping SOPs formalized.	Program developed. No major revisions to program made.	See SWMPP (s. 7.2.5) for discussion regarding training program. See SWMPP (App. G) for formalized SOPs (i.e., Support Facility Procedures Manual).
II.B.6.a.5; II.B.6.b.5; II.B.6.c.4	Development & updating of support facility spill prevention & response program	Materials & Tests Engineer; Region Engineers	Develop program. Update program as needed annually.	Program developed. No major revisions to overall program made. SPCC revisions for 2 support facilities during FY 2018.	See SWMPP (s. 7.2.3) for discussion of SPCC plans employed by ALDOT support facilities. See SWMPP (App. G) for an example of an SPCC plan.
II.B.6.a.6	Transportation facility maintenance: Condition assessments	State Maintenance Engineer	Conduct assessments according to established procedure.	Conducted assessments as expected.	See SWMPP (s. 7.3) for overview of assessment procedure.
II.B.6.a.6	Transportation facility maintenance: Snow & ice control	State Maintenance Engineer	Track work reports completed.	1,364 work reports completed during FY 2018 (throughout entire State).	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2018." See SWMPP (s. 7.3.2) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Litter pickup (full-width)	State Maintenance Engineer	Track pass miles cleaned.	14,291.29 shoulder miles cleaned during FY 2018 (throughout entire State).	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2018." See SWMPP (s. 7.3.3) for discussion regarding how work is performed.

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2018 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2018	Supplemental Information
II.B.6.a.6	Transportation facility maintenance: Spot litter pickup	State Maintenance Engineer	Track work reports completed.	4,175 work reports completed during FY 2018 (throughout entire State).	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2018." See SWMPP (s. 7.3.3) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Herbicide treatment	State Maintenance Engineer	Address in work for Pesticides General Permit.	Addressed in PGP work.	See SWMPP (s. 7.3.4) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Spot herbicide treatment	State Maintenance Engineer	Address in work for Pesticides General Permit.	Addressed in PGP work.	See SWMPP (s. 7.3.4) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Herbicide treatment surveillance	State Maintenance Engineer	Address in work for Pesticides General Permit.	Addressed in PGP work.	See SWMPP (s. 7.3.4) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Cleaning minor drainage structures	State Maintenance Engineer	Track structures inspected / cleaned.	5,392.82 structures inspected / cleaned during FY 2018 (throughout entire State).	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2018." See SWMPP (s. 7.3.5) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Repairing minor drainage structures	State Maintenance Engineer	Track work reports completed.	788 work reports completed during FY 2018 (throughout entire State).	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2018." See SWMPP (s. 7.3.5) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Erosion control	State Maintenance Engineer	Track work reports completed.	303 work reports completed during FY 2018 (throughout entire State).	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2018." See SWMPP (s. 7.3.6) for discussion regarding how work is performed.
II.B.6.d.1	Support facility PPGH inspections	Materials & Tests Engineer	Conduct inspections at each facility at least annually. Reporting inspection results for MS4 purposes beginning 2nd year of Permit term.	18 facility inspections during FY 2018. Inspection findings addressed in accordance with SPCC plans.	See App. G for "ALDOT MS4 Support Facility Annual Inspections: Fiscal Year 2018."
II.B.6.d.2	Tracking of support facility good housekeeping training sessions	Materials & Tests Engineer; Region Engineers	Track sessions facilitated.	During FY 2018, 32 sessions of SPCC training, 31 sessions of universal waste training, 31 sessions of GHS training, and 1 session of hazardous materials training for ALDOT Area coordinators were facilitated.	See App. C for "ALDOT MS4 Support Facility Employee Good Housekeeping Training: Fiscal Year 2018."
II.B.6.d.2	Tracking of support facility employees participating in good housekeeping training	Materials & Tests Engineer; Region Engineers	Track employees participating.	During FY 2018, 377 employees participated in SPCC training, 353 employees participated in universal waste training, 351 employees participated in GHS training, and 2 employees participated in hazardous materials training for ALDOT Area coordinators.	See App. C for "ALDOT MS4 Support Facility Employee Good Housekeeping Training: Fiscal Year 2018."
II.B.6.d.2	Tracking of vegetation management training course sessions	Training Bureau Chief	Track sessions facilitated.	10 sessions facilitated during FY 2018.	See App. C for "ALDOT Vegetation Management Training Course: Fiscal Year 2018" and for session agendas for CYs 2017 and 2018.
II.B.6.d.2	Tracking of vegetation management training newsletters created & distributed	State Maintenance Engineer	Track newsletters distributed.	6 newsletters distributed during FY 2018.	See SWMPP (App. C) for example newsletter.
II.B.6.d.2	Tracking of sessions of "Review for Commercial Applicator Examination" course	Training Bureau Chief	Track sessions facilitated.	4 sessions facilitated during FY 2018.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2018."
II.B.6.d.2	Tracking of vegetation management training course participants	Training Bureau Chief; State Maintenance Engineer	Track participants.	395 participants (294 ALDOT, 101 non-ALDOT) for training purposes during FY 2018.	See App. C for "ALDOT Vegetation Management Training Course: Fiscal Year 2018."

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2018 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2018	Supplemental Information
II.B.6.d.2	Tracking of participants of "Review for Commercial Applicator Examination" course	Training Bureau Chief	Track participants.	49 ALDOT employees participated during FY 2018.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2018."
MS4 Monitoring					
II.D.3; II.D.4; II.D.[5]; III.A.6	Determination of the ALDOT MS4's potential as a practical source of POCs for 303(d) & TMDL waters	State Design Engineer	Assess ALDOT potential impacts with respect to various POCs on 303(d) and TMDL waters in MS4 areas. Reassess ALDOT impact as needed considering future research findings or collected monitoring data.	Assessment performed using data collected through the development of the 03/20/2014 version of the SWMPP.	See SWMPP (s. 8.3) for discussion regarding assessment.
II.D.[5]	Determination of the effectiveness of stormwater management practices in achieving TMDL performance requirements	State Design Engineer	Use monitoring data to determine if the ALDOT MS4 is significantly contributing to pollution of ALDOT-applicable TMDL waters. Adjust practices as needed if contribution is significant.	Analysis of monitoring data from all selected locations yields no definitive evidence of significant ALDOT contribution. No adjustment to practices made based on monitoring findings.	See previous annual reports for details of monitoring activities performed during Permit term.
III.A.1; III.B	Annual assessments of the overall effectiveness of stormwater management practices using monitoring data & adjust practices accordingly	State Design Engineer	Provide annual assessments. Adjust practices as needed in response to assessment.	Analysis of monitoring data from all selected locations yields no definitive evidence of significant ALDOT contribution. No adjustment to practices made based on monitoring findings.	See previous annual reports for details of monitoring activities performed during Permit term.
III.A.2	Development & updating of monitoring plan	State Design Engineer	Develop monitoring plan. Update plan as needed annually.	No revision to plan during FY 2018.	
III.A.3	Analysis of monitoring data	State Maintenance Engineer	Analyze monitoring data collected after field implementation.	Analyses of all monitoring data from collection efforts completed.	See previous annual reports for details of monitoring activities performed during Permit term.
III.A.4	Tracking of monitoring activities	State Maintenance Engineer	Track monitoring activities.	Monitoring at all selected locations completed prior to FY 2018.	See previous annual reports for details of monitoring activities performed during Permit term.
III.A.5	Coordination of monitoring with other MS4s	State Maintenance Engineer	Coordinate with other MS4s as necessary.	No further coordination with other MS4s for monitoring purposes during FY 2018.	See previous annual reports for details of monitoring activities performed during Permit term.

ALDOT Watershed Signage:
FY 2018

**Specifics as Related to Contract October 1, 2017-September 30, 2019
Fourth Quarter Reporting Period 10/01/2017 – December 31, 2017**

First

The contract for 2017-19 between Alabama PALS and ALDOT was finalized and received by Alabama PALS in September 2017, and includes components which both parties feel will best benefit the growth and maintenance of these valuable statewide programs.

ALDOT and PALS have made final changes to a new and more information specific data base, which will be kept and updated by Alabama PALS. (See Data Base Below) This data base upgrade has afforded PALS a better and more efficient way in which to monitor compliance for the program, keep better contact with the volunteer adoptees, as well as beginning and creating and implementing a new and efficient inspection process for the program.

All new data received from this point forward should reflect accurate information for each adopted mile. The data base is now updated (as of March 31, 2016) with the ability to view exact numbers and locations of State, Federal and County adopted miles.

Total miles, groups included in report)

PALS continues to receive a very high level of responses and new applications (**see attachments**) for Adopt A Mile and Adopt a Stream programs during the Fourth of 2016-17. A new Compliance Reporting Form has been included in the PALS/ Adopt A Mile newsletter, where groups and individuals, PALS Chapters and others can report a group

that is not keeping their respective mile of highway cleaned on a regular basis.

PALS continues to work with ALDOT to identify miles that are not in the new data base system, did not transfer from the old data base, or were not entered into the old system originally.

2016 Alabama PALS Statewide Governor's Awards Program

The 2017 Statewide Governors Awards program was held at the Marriott at Capitol Hill in Prattville in November 8, 2017. 40 + awards were presented in categories including, Adopt A Mile, Adopt A Stream, Clean Campus, Spring Cleanup Awards, Volunteer of the Year, Coastal Cleanup, City, County and others. Over 250 statewide volunteers attended the luncheon. PALS presented to awards to volunteers representing 23 Alabama counties.

Governor Kay Ivey was the Keynote speaker at the awards **ceremony**.

PALS continues to add/delete and change information to the new Adopt A Mile data base as updated information is collected. In addition to daily attention to the data base, a file system has been created and maintained to assist in creating an accurate account of all County and State and Federal adopted mile in the future.

Adopt a Mile Inspections

The 2017 Adopt A Mile Inspection Program was completed in July 2017. All South Zones plus all miles in counties that were not recorded during the previous inspections were inspected and entered into the Adopt A Mile data base in July 2017. With these entries, all data and inspections are up to date and recorded. (see below)

This internship program proved highly effective and will continue each year as specified in the PALS/ALDOT contact.

PALS has already received a commitment for the internship for the Summer of 2018 and will begin on Approximately May 1, 2018. All miles assigned to the Central Zone will be inspected, photographed and data recorded during this time period.

All new data from the Intern AAM Inspection Program reports will added to the PALS/AAM data base, reflecting any changes, additions or deletions from current data base.

Materials Furnished for AAM Inspection Intern Program

ALDOT provided maps of each county in South Zone listing all highways

List of all adopted miles in each North County (state/federal)

List and contacts of ALDOT offices in South Zone

HI VIZ Safety Vests

PALS/ALDOT Inspection program magnetic vehicle signs

Digital Cameras

Vehicle furnished by Paul Claborn (Albertville, AL)

Prepaid Gas Cards for Intern

PALS/Adopt A Mile Newsletter

The Winter PALS/Adopt A Mile Newsletter will be completed and mailed in early January 2018. PALS is working to have the newsletter in e-letter form. The newsletter is now also available online at alpals.org

The PALS/Adopt A Mile Winter Newsletter will be mailed to all Adopt A Mile, Adopt A Stream, Adopt An Area, Spring Cleanup participants, Clean Campus schools, Coastal

Cleanup Captains, PALS members and PALS County Chairmen etc. in early January 2018. The total mailing is approximately 6,600. Applications for all “adopta” programs are included in each newsletter and are processed in the PALS office for adoption. Adopt a Mile reporting forms are also included in the newsletter.

The Alabama Coastal Cleanup

The 30th Anniversary of the Alabama Coastal Cleanup was held on September 16, 2017. Recycling of all plastic items was incorporated into the cleanup during this 30th anniversary. PALS coordinated the recycling effort with Thompson Engineering and Terra-Cycle, which provided manpower for the recycling efforts. The cleanup covered Alabama coastal state highways, beaches, bays, bayous, and bridges from Dauphin Island to the Al/Fl state line.

The 2017 30th Anniversary Alabama Coastal Cleanup turned out 5,100 volunteers, covered 240 miles of shoreline and produced over 35,000 pounds of litter and debris removed from these areas. 22 large Recycling Hubs were filled with rigid plastics, and sorted and shipped by Terra-Cycle.

In addition to the coastal zones, highway 59 municipalities continued to play a major role in the cleanup effort, with volunteers participating along highway 59 in their respective municipalities.

2017 marked a historic year for the Alabama Coastal Cleanup. Alabama celebrated 30 years of participation in the International Coastal Cleanup. Over 1.6 million lbs. of litter and debris have been removed from Alabama’s beaches, bayous, backwaters and highways during the 29 history of the Alabama Coastal Cleanup.

Alabama PALS provides all cleanup supplies and materials for 30 Coastal Zones.

**Large Heavy Duty Trash Bags
6,500 tee shirts for Volunteers, Zone Captains, staff etc.**

**Alabama Coastal Cleanup Posters
Ad Slicks for all 31 Zones**

**Data cards
Bottled Water
Zone Captain Packets**

Adopt-A-Miles for October, November and December 2017

October Applications

BCHS AF JROTC – Baldwin County
Dream Hustle Production - Jefferson County
Milton W. Howze Lodge #408 - Lee County
Ealy and Oliver Families - Cherokee County

October Signs Mailed

Current Electrical & Generator Services
Marr Family Home School
River Crew
Jonathan Wade Memorial
Grammar Construction Company, LLC
Hartselle First Assembly of God
Concordia College AL Student Nurses Association

November Applications

In Memory of Kayla Mearri Huddleston

Junior League of Anniston-Calhoun

The Gardeners of Bellaton

Zeta Phi Beta Sorority, Inc. Gamma Alpha Alpha Zeta Chapter - mailed tape

Specifics as Related to Contract October 1, 2017-September 30, 2019 Second Quarter Reporting Period 01/01/2018 – March 31, 2018

The contract for 2017-19 between Alabama PALS and ALDOT was finalized and received by Alabama PALS in September 2017, and includes components which both parties feel will best benefit the growth and maintenance of these valuable statewide programs.

ALDOT and PALS have made final changes to a new and more information specific data base, which will be kept and updated by Alabama PALS. (See Data Base Below) This data base upgrade has afforded PALS a better and more efficient way in which to monitor compliance for the program, keep better contact with the volunteer adoptees, as well as beginning and creating and implementing a new and efficient inspection process for the program.

All new data received from this point forward should reflect accurate information for each adopted mile. The data base is now updated (as of March 31, 2016) with the ability to view exact numbers and locations of State, Federal and County adopted miles. Total miles, groups included in report)

PALS continues to receive a very high level of responses and new applications (**see attachments**) for Adopt A Mile and Adopt a Stream programs during the Fourth of 2016-17. A new Compliance Reporting Form has been included in the PALS/ Adopt A Mile newsletter, where groups and individuals, PALS Chapters and others can report a group that is not keeping their respective mile of highway cleaned on a regular basis. PALS continues to work with ALDOT to identify miles that are not in the new data base system, did not transfer from the old data base, or were not entered into the old system originally.

2016 Alabama PALS Statewide Governor's Awards Program

The 2017 Statewide Governors Awards program was held at the Marriott at Capitol Hill in Prattville in November 8, 2017. 40 + awards were presented in categories including, Adopt A Mile, Adopt A Stream, Clean Campus, Spring Cleanup Awards, Volunteer of the Year, Coastal Cleanup, City, County and others. Over 250 statewide volunteers attended the luncheon. PALS presented to awards to volunteers representing 23 Alabama counties.

Governor Kay Ivey was the Keynote speaker at the awards **ceremony**.

The 2018 Alabama PALS Governor's Awards will be held November 7th at The Marriott at Capitol Hill in Prattville.

New Adoptees and Miles Adopted 01/01/18-03/31/18 (see Attached List)

Attached list of AAM applications and signs erected is attached to this report. Reports for all applications, signs mailed and erected are included in each quarterly reports.

Safety Vests are available for all adoptees on State and Federal highways, and letters have been sent to all AAM participants regarding the availability of vests.

Adopt A Mile Signs to be Replaced

Margaret continues to send letters to ALDOT District Engineers regarding the replacement of respective signs for each district, and will continue follow up on future sign replacement as the requests come into the PALS office. As data is updated and added to the new AAM data base, Margaret will continue to correspond with all ALDOT district office in regard to removal or replacement of AAM signs.

ALDOT District Office Correspondence

Margaret remains in touch with ALDOT District offices regarding the new protocol for the Adopt A Mile program. Margaret feels like all Districts are excited about the protocol for the program and feel like having PALS handle all paperwork and signage enables the adoptees to receive the signs in a more timely fashion.

Ongoing contact is made with respective District offices regarding applications, paperwork and erecting of AAM signs. District offices of ALDOT have been very willing to assist the PALS office in all aspects.

PALS would like to encourage all ALDOT offices to report to the PALS office, all miles that appear to be picked up on a regular basis, or signs that have faded and become unable to be read. PALS will contact the respective group.

The 2018 “Don’t Drop It On Alabama” Statewide Cleanup

The 2017 Statewide “Don’t Drop It On Alabama” Spring Cleanup was held on April 15-22, 2017. Over 430 tons of litter has been reported as being picked up, with approx. 90 % of all Report Forms received.

PALS distributed over 175,000 trash bags and additional supplies (see below) to 65 counties in preparation for the 2017 cleanup.

Lists and contact information for each county’s Adopt a Mile groups were sent to each county coordinator for contacting for participation in the 2017 cleanup.

Materials and Supplies Furnished for 2018 Spring Cleanup

200,000 Large Heavy Duty Trash Bags w/ PALS Corporate Sponsors and Partners
Logo's
2018 Window Decals
Ad Slicks for promoting cleanup
Reporting Forms
PALS Program Booklets
Adopt A Mile brochures
Adopt A Stream brochures
Alabama Clean Campus Program brochures

Safety Regulations and Tips

The 2018 “Don’t Drop It On Alabama” Statewide Spring Cleanup will be held April 21-28, 2018.

PALS/ALDOT Public Service Announcement (ABA Reports Enclosed)

The 2017 PALS/ALDOT PSA began running in June 2017. The 3 month contract with the Alabama Broadcasters Association will be for the months of June – August 2017.

The 2017 PSA's received air time on Radio and Television slots for the 3 month period and received over \$ 280,000 worth of statewide air time for the \$ 25,000 investment.

As in past years, air time and scheduling reports from the Alabama Broadcasters Association will be included in ALDOT reports for that time period.

PALS is working with ABA to develop a new PSA for 2018, which will air statewide in June- August 2018.

Data Base for Adopt A Mile Program (updated copy on jump drive included in this report)

The Adopt a Mile data base is now current and working effectively. PALS is currently able to view and total exact number of groups and adopted miles by County, State and Federal miles. PALS continues to work with Todd Jones of ALDOT to ensure that the data base is working correctly and enabling PALS to best use the data base for the benefit of the Adopt a Mile program.

PALS continues to provide all data base updates to ALDOT on a quarterly basis.

PALS continues to add/delete and change information to the new Adopt A Mile data base as updated information is collected. In addition to daily attention to the data base, a file

system has been created and maintained to assist in creating an accurate account of all County and State and Federal adopted mile in the future.

Adopt a Mile Inspections

The 2017 Adopt A Mile Inspection Program was completed in July 2017. All South Zones plus all miles in counties that were not recorded during the previous inspections were inspected and entered into the Adopt A Mile data base in July 2017. With these entries, all data and inspections are up to date and recorded. (see below)

This internship program proved highly effective and will continue each year as specified in the PALS/ALDOT contact.

PALS has already received a commitment for the internship for the Summer of 2018 and will begin on Approximately June 1, 2018. All miles assigned to the Central Zone will be inspected, photographed and data recorded during this time period.

All new data from the Intern AAM Inspection Program reports will added to the PALS/AAM data base, reflecting any changes, additions or deletions from current data base.

**Specifics as Related to Contract October 1, 2017-September 30, 2019
Fourth Quarter Reporting Period 07/01/2018 – 9/30/18**

The contract for 2017-19 between Alabama PALS and ALDOT was finalized and received by Alabama PALS in September 2017, and includes components which both parties feel will best benefit the growth and maintenance of these valuable statewide programs.

ALDOT and PALS have made final changes to a new and more information specific data base, which will be kept and updated by Alabama PALS. (See Data Base Below) This data base upgrade has afforded PALS a better and more efficient way in which to monitor compliance for the program, keep better contact with the volunteer adoptees, as well as beginning and creating and implementing a new and efficient inspection process for the program.

All new data received from this point forward should reflect accurate information for each adopted mile. The data base is now updated (as of March 31, 2016) with the ability to view exact numbers and locations of State, Federal and County adopted miles. Total miles, groups included in report)

PALS continues to receive a very high level of responses and new applications (**see attachments**) for Adopt A Mile and Adopt a Stream programs during the Fourth Quarter of 2017-18. A new Compliance Reporting Form has been included in the PALS/ Adopt A Mile newsletter, where groups and individuals, PALS Chapters and others can report a group that is not keeping their respective mile of highway cleaned on a regular basis. PALS continues to work with ALDOT to identify miles that are not in the new data base system, did not transfer from the old data base, or were not entered into the old system originally.

2018 Alabama PALS Statewide Governor's Awards Program

The 2017 Statewide Governors Awards program was held at the Marriott at Capitol Hill in Prattville in November 8, 2017. 40 + awards were presented in categories including, Adopt A Mile, Adopt A Stream, Clean Campus, Spring Cleanup Awards, Volunteer of the Year, Coastal Cleanup, City, County and others. Over 250 statewide volunteers attended the luncheon. PALS presented to awards to volunteers representing 23 Alabama counties.

Governor Kay Ivey was the Keynote speaker at the awards **ceremony**.

New Adoptees and Miles Adopted 07/01/18-09/30/18 (see Attached List)

Safety Vests are available for all adoptees on State and Federal highways, and letters have been sent to all AAM participants regarding the availability of vests.

Adopt A Mile Signs to be Replaced

Margaret continues to send letters to ALDOT District Engineers regarding the replacement of respective signs for each district, and will continue follow up on future sign replacement as the requests come into the PALS office. As data is updated and added to the new AAM data base, Margaret will continue to correspond with all ALDOT district office in regard to removal or replacement of AAM signs.

ALDOT District Office Correspondence

Margaret remains in touch with ALDOT District offices regarding the new protocol for the Adopt A Mile program. Margaret feels like all Districts are excited about the protocol for the program and feel like having PALS handle all paperwork and signage enables the adoptees to receive the signs in a more timely fashion.

Ongoing contact is made with respective District offices regarding applications, paperwork and erecting of AAM signs. District offices of ALDOT have been very willing to assist the PALS office in all aspects.

PALS would like to encourage all ALDOT offices to report to the PALS office, all miles that appear to be picked up on a regular basis, or signs that have faded and become unable to be read. PALS will contact the respective group.

The 2018 “Don’t Drop It On Alabama” Statewide Cleanup

The 2018 Statewide “Don’t Drop It On Alabama” Spring Cleanup was held on April 21-28. Over 500 tons of litter have been reported as being picked up, with approx. 75 % of all Report Forms received.

PALS distributed over 190,000 trash bags and additional supplies (see below) to 65 counties in preparation for the 2018 cleanup.

With assistance from Coca Cola UNITED, Plastic Recycling was incorporated into the 2018 Spring Cleanup in Marshall, Jefferson, Tuscaloosa and Cullman counties.

Lists and contact information for each county's Adopt a Mile groups were sent to each county coordinator for contacting for participation in the 2018 cleanup.

Materials and Supplies Furnished for 2018 Spring Cleanup

190,000 Large Trash Bags w/ PALS Corporate Sponsors and Partners Logo's
2018 Window Decals
Ad Slicks for promoting cleanup
Reporting Forms
PALS Program Booklets
Adopt A Mile brochures
Adopt A Stream brochures
Alabama Clean Campus Program brochures
Adopt an Area brochures
Safety Regulations and Tips
Recycling bags for counties participating in recycling component

PALS/ALDOT Public Service Announcement (ABA Reports Enclosed)

The 2018 PALS/ALDOT PSA began running in May 2018. The 3 month contract with the Alabama Broadcasters Association will be for the months of May – July 2018.

The 2018 PSA's received air time on Radio and Television slots for the 3 month period and received over \$ 213,000 worth of statewide air time for the \$ 25,000 investment.

As in past years, air time and scheduling reports from the Alabama Broadcasters Association will be included in ALDOT reports for that time period.

PALS will work with ABA to develop a new PSA for 2019, which will air statewide in June- August 2019.

PALS has uploaded the new ALDOT anti littering PSA on the PALS webpage and Facebook page.

Data Base for Adopt A Mile Program (updated copy on jump drive included in this report)

The Adopt a Mile data base is now current and working effectively. PALS is currently able to view and total exact number of groups and adopted miles by County, State and Federal miles. PALS continues to work with Todd Jones of ALDOT to ensure that the data base is working correctly and enabling PALS to best use the data base for the benefit of the Adopt a Mile program.

PALS continues to provide all data base updates to ALDOT on a quarterly basis.

PALS continues to add/delete and change information to the new Adopt A Mile data base as updated information is collected. In addition to daily attention to the data base, a file system has been created and maintained to assist in creating an accurate account of all County and State and Federal adopted mile in the future.

Adopt a Mile Inspections

The 2018 Adopt A Mile Inspection Program was completed in July 2018. All Central Zones were inspected and entered into the Adopt A Mile data base in July 2018. With these entries, all data and inspections are up to date and recorded. (see below)

This internship program has proven highly effective and will continue each year as specified in the PALS/ALDOT contact.

All new data from the Intern AAM Inspection Program reports will added to the PALS/AAM data base, reflecting any changes, additions or deletions from current data base.

Materials Furnished for AAM Inspection Intern Program

ALDOT provided maps of each county in South Zone listing all highways

List of all adopted miles in each North County (state/federal)

List and contacts of ALDOT offices in South Zone

HI VIZ Vehicle Safety Lights

HI VIZ Safety Vests

PALS/ALDOT Inspection program magnetic vehicle signs

Digital Cameras

Vehicle furnished by Paul Claborn (Albertville, AL)

Prepaid Gas Cards for Intern

PALS/Adopt A Mile Newsletter

The Summer PALS/Adopt A Mile Newsletter was completed and mailed in early mid June 2018. PALS now has the newsletter in e-letter form. The newsletter is now also available online at alpals.org

The Alabama Coastal Cleanup

The 30th Anniversary of the Alabama Coastal Cleanup was held on September 16, 2017. Recycling of all plastic items was incorporated into the cleanup during this 30th anniversary. PALS coordinated the recycling effort with Thompson Engineering and Terra-Cycle, which provided manpower for the recycling efforts. The cleanup covered Alabama coastal state highways, beaches, bays, bayous, and bridges from Dauphin Island to the Al/FI state line.

The 2017 30th Anniversary Alabama Coastal Cleanup turned out 5,100 volunteers, covered 240 miles of shoreline and produced over 35,000 pounds of litter and debris removed from these areas. 22 large Recycling Hubs were filled with rigid plastics, and sorted and shipped by Terra-Cycle.

In addition to the coastal zones, highway 59 municipalities continued to play a major role in the cleanup effort, with volunteers participating along highway 59 in their respective municipalities.

2017 marked a historic year for the Alabama Coastal Cleanup. Alabama celebrated 30 years of participation in the International Coastal Cleanup. Over 1.6 million lbs. of litter and debris have been removed from Alabama's beaches, bayous, backwaters and highways during the 29 history of the Alabama Coastal Cleanup.

The 2018 Alabama Coastal Cleanup was held on September 15, 2018.

Alabama PALS provided all cleanup supplies and materials for 30 Coastal Zones.

Large Heavy Duty Trash Bags

Large Recycling Bags

6,500 tee shirts for Volunteers, Zone Captains, staff etc.

Alabama Coastal Cleanup Posters

Ad Slicks for all 31 Zones

Data cards

Bottled Water

Zone Captain Packets

Banners for all Zones

Over 5,500 volunteers participated in the 2018 Alabama Coastal Cleanup at 31 cleanup zones. Plastic and aluminum was recycled during the 2018 cleanup effort. When final numbers are in, PALS is anticipating the 2018 Alabama Coastal Cleanup to be the largest in the history of the Alabama Coastal Cleanup.

July, August and September, 2018 Adopt-A-Miles

July Applications

Saraland Mardi Gras Association "Krewe of Sparta" – Mobile County
Regina Wiley & Linda Jaynes (change of name on sign) – Lauderdale County
Karen and David Money – Henry County
Gurley Masonic Lodge #521 – Madison County
MACP-Mario Addison Community Panthership – Jefferson County
Alpha Co. 1-223rd Aviation (Crows)

August Applications

Into the Eyes of Solomon – Russell County
Kappa Epsilon PSI Military Sorority – Mobile County
Students Advocating for a Cleaner Environment (S.A.C.E.) – Montgomery County
Alpine Lodge #91 Geal Chapter #25 – Pike County
Hilltop Montessori School – Shelby County
In Memory of Fred Tucker – Fayette County
Scottish Rite Masons, Valley of Dothan – Houston County
Bayshore Christian School – Baldwin County
Sweet Gwen's – Macon County
Sigma Beta Club – Madison County
Hunter Bend HOA – Randolph County
Hunter Bend HOA – Randolph County
Avery Branch VFD – Randolph County
Lake Wedowee Property Owners Association – Randolph County
Hunter Bend HOA – Randolph County
Auslin's Chapel VFD – Randolph County
Hunter Bend HOA – Randolph County
Long Branch Estates Homeowners – Shelby

Signs Mailed

CAE USA Inc.
Grandma's Girls
In Memory of James Oliver Faulkner
Sigma Nu Fraternity
In Memory of Stacy Baker
Karen and David Money
Sisters of Promise #442 Order of the Eastern Star
Macon County Schools (Camp Steam)
The Hound
Saraland Mardi Gras Association "Krewe of Sparta"
Alpine Lodge #91 Geal Chapter #25 – District 6

Sent tape to replace misspelled word on sign Milton W. Howze Lodge #408

September Applications

Long Branch Estates Homeowners – Shelby
R. J. Alexander – Clarke
Rolling Hills Lakes Volunteer Fire Department – Montgomery
American Daughters of Conservation - Tuscaloosa

RE: KALB Agreement

*Recd 9-21-17
pa*

**AGREEMENT
BETWEEN KEEP ALABAMA BEAUTIFUL (KALB)
AND
THE STATE OF ALABAMA DEPARTMENT OF TRANSPORTATION (ALDOT)**

This agreement is made and entered into by and between the State of Alabama, (acting by and through the Alabama Department of Transportation), hereinafter referred to as ALDOT; and Keep Alabama Beautiful, hereinafter referred to KALB, for the purpose of providing public promotion of the ALDOT anti-litter program.

A. KALB agrees to provide the following:

1. Oversee and promote the KALB affiliate network
2. Create and maintain a KALB online presence with a website
3. Develop and maintain a social media presence via Facebook and Twitter
4. Coordinate and notify all KALB affiliates of statewide events including the Great American Cleanup
5. Organize and implement programs to increase awareness to reduce littering
6. Develop and hold public education events
7. Submit quarterly itemized invoices with all supporting documentation, covering actual costs of providing public promotion of the KALB Program
8. Provide two part-time employees to be paid by KALB. These employees, along with KALB's State Leader, will serve as liaisons to ALDOT to ensure that the program is fully serviced to provide exposure statewide, as well as ensuring that maximum compliance of the program is serviced including the following:
 - a) Keep Alabama Beautiful Assistant Director
 - b) Keep Alabama Beautiful Affiliate Coordinator
9. The employees listed in Section 8 shall also:
 - a) Oversee the Keep Alabama Beautiful education and cleanup events
 - b) Perform annual site visits to KALB affiliates
 - c) Keep records of all KALB cleanup events and education events to include specifics on number of volunteers, volume of litter collected, volume of recyclables collected, list of material collected for recycling, number of education events held, number of volunteers assisting with education events, number of adult attendees, number of student attendees. These lists shall be submitted on a collective statewide basis, unless otherwise requested by ALDOT.
 - d) Provide quarterly updates to ALDOT on new KALB affiliates and any KALB affiliates that become inactive
 - e) Recruit new KALB affiliates to maximize the number of cleanups across the state and increase the awareness and education programs parameters
10. Provide a written quarterly report to ALDOT of KALB activities to include:
 - a) List of cleanups held, volumes of litter collected, number of volunteers, list of partner organizations
 - b) List of education events held, number of volunteers, list of partner organizations, number of attendees
 - c) List of new KALB affiliates, inactivated affiliates, etc.
 - d) List of all public service announcements that air to include air schedules
 - e) List of all billboard messages and locations

11. Provide safety vests for all individuals participating in cleanup events and participating in other KALB activities where litter will be removed. KALB will also be responsible for informing all participants that safety vests should be worn when they are picking up litter. KALB is also responsible for making sure that KALB affiliates are aware that Hold Harmless documents should be signed and maintained by KALB affiliates holding cleanup events.

B. ALDOT agrees to provide the following:

1. Oversee KALB oversight and promotion of the affiliate network
2. Provide litterbags for KALB participants as required
3. Provide removal and disposal of litter collected by KALB participants as required
4. Reimburse KALB a maxim for the fiscal year in accordance with the proposed budget listed below:

Salaries

KALB Assistant Director	\$ 39,000
KALB Coordinator	\$ 9,000

Travel (Actual Expenses)**

State Leader	\$ 1,500
Assistant Director	\$ 7,000
Coordinator	\$ 500

Other (Actual Expenses)**

Statewide Cleanup Materials, Storage, Supplies, & Shipping	\$ 80,000
Promotion*	\$ 98,000
Public Service Announcements*	\$ 5,000
<u>Safety Vests</u>	<u>\$ 10,000</u>
Total Yearly Budget	\$ 250,000

*KALB agrees that all promotional materials and programs must receive final approval of ALDOT prior to distribution or implementation.

**KALB agrees that all reimbursed expenses will be for those expenses solely expended for the public promotion of the ALDOT anti-litter program.

C. Funds shall not be constituted as a debt:

It is agreed that the terms and commitments contained herein shall not be constituted as a debt of the State of Alabama in violation of Article 11, Section 213 of the Constitution of Alabama 1901, as amended by Amendment Number 26. It is further agreed that if any provision of this Agreement shall contravene any statute or Constitutional provision of amendment, either now in effect of which may, during the course of this Agreement, be enacted, then the conflicting provision in the Agreement shall be deemed null and void.

D. Termination due to Insufficient funds:

1. If the Agreement term is to exceed more than one fiscal year, then said Agreement is subject to termination in the event that funds should not be appropriated for the continued payment of the Agreement in subsequent fiscal years.
2. In the event of proration of the fund, from which payment under this Agreement is to be made, Agreement will be subject to termination.
3. This Agreement can be terminated by either party upon thirty days written notice to the other party.

E. ADR Clause:

For any and all disputes arising under the terms of this contract, the parties hereto agree, in compliance with the recommendation of the Governor and Attorney General, when considering settlement of such disputes, to utilize appropriate forms of non-binding alternative dispute resolution including, but not limited to, mediation by and through the Attorney General's Office of Administrative Hearings or where appropriate, private mediators.

F. Hold Harmless:

KALB, its employees, agents, affiliates, successors, assigned, contractors, or subcontractors shall defend indemnify and hold harmless the State of Alabama, Department of Transportation and their officials, employees, contractors, servants, or agents, in both their official, employees, contractors, servants, or agents, in both their official and individual capacities, from and against any and all claims, damages, losses, actions, causes of actions, losses or expenses of any nature whatsoever, regulatory actions, administrative actions, quasi-administrative or quasi-judicial actions or procedures, State, Federal, or otherwise, of any nature whatsoever, whether known or unknown, including but not limited to compensatory damages, punitive damages, damages for any injury to person or property, tangible or intangible, or any form of monetary or compensatory relief declaratory or injunctive relief, or any nature whatsoever, whether known or unknown, or attorney fees, costs, or expenses, caused by or rising out of, resulting from or in any way related to the performance of any work, conduct or activity performed or failed to be performed by KALB in connection with the performance of any of the provisions of this Agreement.

G. Non-Agent Clause:

By entering into this agreement, KALB is not an agent of the State, its officers, employees, agents or assigns. KALB is an independent entity from the State and nothing in this agreement creates an agency relationship between the parties.

H. Merit Law:

KALB employees and affiliates will not be subject to the provisions of, nor entitled to, the benefits of the State merit law or State employee benefits, including State employee health insurance.

I. Information and Reports:

KALB will permit access to its books, records, accounts, other sources of information and its facilities as may be determined by the ALDOT to be pertinent to ascertain compliance with its instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information, KALB shall so certify to ALDOT and shall set forth what efforts he has made to obtain the information.

J. Certificate of Compliance with ACT 2016-312:

In compliance with Act 2016-312, the Contractor is not currently engaged in, and will not engage in, the boycott of a person or an entity based in or doing business with a jurisdiction with which this state can enjoy open trade.

K. Period of Agreement:

THIS AGREEMENT is in effect for the period beginning October 1, 2017 and ending September 30, 2019.

L. Beason-Hammon Alabama Taxpayer and Citizen Protection Act:

By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

BY: Joy McKee
Joy McKee, KALB Director

APPROVED AS TO FORM:

William F. Patty
William Patty, Chief Counsel

ALABAMA DEPARTMENT OF TRANSPORTATION

FOR IMMEDIATE RELEASE

June 25, 2018

Litter Piling up in Tuscaloosa Area, Comes at a High Cost

ALDOT launches campaign to show residents how litter costs them

TUSCALOOSA – Litter continues to plague Alabama.

The Alabama Department of Transportation spent approximately \$6.8 million in 2017 on litter cleanup throughout the state, including \$199,499 in Tuscaloosa County.

To help combat the issue, ALDOT is launching a public relations campaign this month to inform the public of Alabama's anti-littering law and fines. Littering is classified as a Class C misdemeanor that comes with a minimum fine of \$250 for the first conviction. The second and any subsequent conviction is \$500.

"Trash Costs Cash," is the title of a new public service announcement produced by ALDOT that will begin making its way to Alabamians through social media sites, television and radio. The PSA highlights the high cost of litter fines, challenging everyone to consider the cost before throwing out trash.

Litter is defined as trash, waste or garbage that's scattered and hasn't been properly disposed. Roadside litter includes: fast-food wrappers, beverage containers, cigarettes and other items that aren't properly disposed.

Litter harms the environment and has a negative impact on our safety, while diminishing the natural beauty of the state.

"Litter is an embarrassment to our region and state," said James Brown, West Central Region Engineer. "Alabama has many attractions that bring people in from other areas. We don't have funding or personnel to pick up trash thrown on our highways by inconsiderate motorists. All of us need to be mindful of the negative impact we have when we litter our highways. It would be so simple to just put our trash in an appropriate place."

There are many ways for residents to keep Alabama beautiful:

- Dispose of trash properly.
- Never throw anything out of the vehicle window.
- Carry a small trash bag in the vehicle.
- Properly secure loads when hauling loose items.
- Contact People Against a Littered State (PALS) or Keep Alabama Beautiful (KALB) and apply to Adopt-A-Mile

ALDOT partners with Keep Alabama Beautiful, People Against a Littered State (PALS) and the Alabama Law Enforcement Agency to help keep Alabama litter-free.

[Trash Costs Cash PSA](#)

ALDOT's mission is to provide a safe, efficient, environmentally sound transportation network across Alabama. For further information, visit www.dot.state.al.us.

 **ALDOT Mobile Area** @ALDOTMobileArea · Jul 30

PSA: This summer, ALDOT wants you to be aware of the hefty fines you are subject to, should you be convicted of littering. Trash Costs Cash...if you Litter youtu.be/YhsnkAIN4Vg via @YouTube

 **Trash Costs Cash...if you Litter**
Take a second to put your trash in its place. Littering comes with a \$250 fine the first time you're caught, and the second time the fine goes up to \$500.

 **ALDOT West Central** @ALDOT_WCRegion · Jun 25

Did you know ALDOT spent \$6.8 million in 2017 to pick up litter off state routes? Keep a bag in your backseat to store trash. Never throw it out the window.

 **Trash Costs Cash....if you Litter (15-second PSA)**
Throwing a fast food wrapper on the ground can cost you up to \$500 in fines. Take a few seconds to place that wrapper in a trash can, and save your money for...

Alabama Department of Transportation Vegetation Management Training 2017 Program Agenda

- 8:30 A.M. **Howard Peavey**, ALDOT Agronomist
- Welcome & Introductions
- Miscellaneous Vegetation Management & Herbicide Issues
- 9:15 A.M. **Herbicide Industry Representative**
- Herbicides: From Inception to the Market Place
 - Jacob Hodnett, Dow AgroSciences
 - Gueth Braddock, Bayer Crop Sciences
- 10:00 A.M. BREAK
- 10:20 A.M. **Randy Rankin**, ALDOT Herbicide Truck SME
- Herbicide Program: Planning and Commitment
- 11:00 A.M. **Jonathan Woodham**, ALDOT Agronomist
- Vegetation Management with UAV's
- 11:20 P.M. **Billy Aaron**, ALDOT S.E. Regional Agronomist
- Southeast Region Update
- 12:00 LUNCH (on your own)
- 1:00 P.M. **Howard Peavey**, ALDOT Agronomist
- Spill Management
- 1:30 P.M. BREAK
- 1:50 P.M. **Randy Rankin**, ALDOT Herbicide Truck SME
- Tractor Mounted GPS Tracking
- 2:15 P.M. **Howard Peavey**, ALDOT Agronomist
- What Went Wrong / What Went Right in 2017
- Where do we go From Here
- 3:00 P.M. Final Comments
- 3:15 Adjourn

**Alabama Department of Transportation
Vegetation Management Training
2018 Program Agenda**

- 8:30 A.M. **Howard Peavey**, ALDOT Agronomist
- Welcome & Introductions
- Miscellaneous Vegetation Management & Herbicide Issues
- 9:15 A.M. **Gueth Braddock**, Bayer Crop Sciences
- Herbicides: Issues from the Field
- 10:15 A.M. BREAK
- 10:30 A.M. **Jacob Hodnett**, ALDOT Agronomist
- Proper Herbicide Mixing: Jar Tests
- 11:00 A.M. **Randy Rankin**, ALDOT Herbicide Truck SME
- Truck Update
- 11:30 A.M. **Andrew Harry**, Assistant State Maintenance Eng.
-Safety Issues: Traffic Control
- 12:00 P.M. LUNCH (on your own)
- 1:15 P.M. **Randy Rankin**, ALDOT Herbicide Truck SME
-Tractor Calibration
- 1:45 P.M. BREAK
- 2:00 P.M. **Jacob Hodnett**, ALDOT Agronomist
-Tractor Guidance Systems
- 2:30 P.M. **Howard Peavey**, ALDOT Agronomist
- What Went Right / What Went Wrong in 2018
- Where do we go from Here?
- 3:00 P.M. Final Comments
- 3:15 Adjourn

**ALDOT MS4 Support Facility

* See "ALDOT MS4-Applicable Employee Education: Fiscal Year 2018" for HAZWOPER training conducted.

** Attendance of multiple training sessions offered reported as total employees trained during period given.

*** No training during FY 2018, but facility will meet calendar year training requirements.

**ALDOT Internal MS4 Awareness Activities:
Fiscal Year 2018**

Activity	Date	Notes
Internal MS4 Coordination Meeting	11/15/2017	ALDOT Design Bureau and Maintenance Bureau met to discuss MS4 program goals and expectations.
Internal MS4 Coordination Meeting	11/21/2017	ALDOT Design Bureau and Media & Community Relations Bureau met to explore more effective public education and outreach methods.
Discussion about using recycled tires on ALDOT construction sites	02/07/2018	ALDOT Construction Bureau facilitated a meeting with multiple ALDOT parties to explore the potential uses of recycled tires in construction site stormwater runoff control.
MS4 Support Facility Visits: Tuscumbia Area Office & Tuscumbia District Office	04/03/2018	ALDOT Design Bureau visited facilities to provide further orientation to the MS4 program and study the stormwater management activities of the facilities.
Stormwater Coordinators Meeting	05/05/2018	Facilitated by ALDOT Construction Bureau. Annual meeting of ALDOT construction stormwater coordinators assigned to Construction Bureau and field offices.
MS4 Support Facility Visits: Birmingham Area Office & Birmingham District Office	05/17/2018	ALDOT Design Bureau visited facilities to provide further orientation to the MS4 program and study the stormwater management activities of the facilities. Representatives from the ALDOT Alexander City Area also attended.

**ALDOT Environmental Concerns Log:
Fiscal Year 2018***

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
10/04/2017	"Storm drain empties on property, snakes @300 feet to pond causing significant erosion; meandering ditch @6 feet deep/10 feet wide splits pasture. Propose State run pipe from entry point to point water enters pond, and fill ditch with dirt, eliminating erosion and making pasture whole again."	Chilton	"US Hwy 31"; "Jemison, AL 35085"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative. (Location of concern mostly outside of ALDOT jurisdiction.)
10/20/2017	"There are numerous light poles lying in the grass. They are unsightly, and they could pose a hazard to motorists who pull off on the shoulder or to the mowers who maintain these areas."	Jefferson	"Shoulder along I-20 in Irondale, shoulder along I-459 between I-20 and I-59, as well as exit ramps"	Environmental Concerns Reporting Tool	Non-Environmental	Delegated to the proper ALDOT representative.
10/25/2017	"concerned about the guide wire in the center median will block Wildlife Crossing I-59 and pose a threat to human safety as well as theirs and cause insurance claims to increase. possible corridors constructed for wildlife?"	Etowah	"I-59"; "33.955690, -86.141057"	Environmental Concerns Reporting Tool	Environmental Impact Concern	Delegated to the proper ALDOT representative.
11/11/2017	"Sand from wind and high seas have nearly blocked water flow in and out of the pass."	Baldwin	"Little Lagoon Pass and West Beach Blvd"	Environmental Concerns Reporting Tool	Environmental, outside of ALDOT jurisdiction	Kept on file for informational purposes.
11/14/2017	"Water doesn't drain to branch, it crosses on to property, In the process of replacing the fence from the corner of Williams road south for about 1000 feet."	Elmore	"Gerogia Rd Highway 170"; "From Flat branch North on for 500 feet or so, no ditch or drainage toward the branch."	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
12/16/2017	"Little River is an OWRW meaning no new degradation can happen. The project is not taking on a "no impact" stance, like the HWY 35 bridge project. Minimal BMP's are in place. On Dec. 14, there was a major water leak at the project location and 1000's of gallons of muddy water drain in Little River."	DeKalb	"AL Hwy 117"; "Mentone, AL"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative. (Local water authority determined to be responsible for leak.)
12/19/2017	Indications of increased sediment deposition in receiving water. Concern that ALDOT is a possible contributor.	Jefferson	I-65 at 11th St near Rev Abraham Woods Jr Blvd	City of Birmingham	Construction Site Concern	Delegated to and addressed by proper ALDOT representative.
12/29/2017	"Trash on the side of the road."	Blount	"AL-160"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
01/12/2018	"Have cut DEF systems off of trucks"	DeKalb	"Airport Road"; "Fort Payne, AL"	Environmental Concerns Reporting Tool	Environmental, outside of ALDOT jurisdiction	Kept on file for informational purposes.

ALDOT Environmental Concerns Log:
Fiscal Year 2018

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
01/25/2018	"Standing water at [redacted] that seems to be a dump that is red and green and has an odor. Has blocked what looks to be the natural hwy water drain with a pile of dirt and dumping all sorts of things on that property and it is absorbing into soil. We had concerns after seeing property"	Elmore	"Hwy 14"; "stretch of road that runs in front and beside this property down hill into a what use to be a state natural drain and is now blocked by land owner it seems"	Environmental Concerns Reporting Tool	Drainage Concern; Illicit Discharge Concern	Delegated to and addressed by proper ALDOT representative. (Determined to be outside of ALDOT jurisdiction.)
01/26/2018	"I was traveling to Mobile from Birmingham on 1/23/2018 when a trailer passed me going 80MPH+. A rock flew from the trailer and hit my windshield causing damage. The trailer had the name Gulf City Body and Trailer Works. License plate 212642. The truck was B& B Trucking Red Bay Alabama."	Mobile	"I-65 Mile marker 43"	Environmental Concerns Reporting Tool	Non-Environmental	Advised citizen that ALDOT could take no action.
01/28/2018	"Road contractors entered my property and parked equipment in my garden and then dumped sludge in the garden. I would like for them to return and remove the sludge and leave it like they found it."	Covington	"HWY 134 East"	Environmental Concerns Reporting Tool	Contractor Management Concern	Delegated to and addressed by proper ALDOT representative.
01/29/2018	"There is a excessive amount of trash along the road. It appeared to be coming from a property with a big pile of trash in the yard. Something needs to be done about it because the road way litter is getting worse. Thank you [redacted]"	Houston	"Going north on state Hwy 123 between Hwy 84 and pine acres dr"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
01/30/2018	"The trash and litter building up on the above mentioned roads is becoming embarrassing for the state of Alabama. I live in the Valley area and have noticed the large amounts of litter and trash all along the roads. Looks terrible."	Lee	"280, I 85, Lee Rd 379"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
02/02/2018	"Southeast sewer services has trucks over weight limits. They avoid all scales and have books incomplete and drivers with no cdl and test positive for drugs"	"Statewide"	"Statewide"	Environmental Concerns Reporting Tool	Non-Environmental	Kept on file for informational purposes.
02/06/2018	"Mowing right of way at wrong time. For example, mowing miles of golden rod and sumac in full bloom which is beautiful and very beneficial to bees and other pollinators. Mowing down red clover in full bloom, who and why is this done."	Walker	"Corridor x I 22"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
02/14/2018	"Trash"	Jefferson	"Highway 280"; "Westbound just past Cahaba River"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
02/15/2018	"There are shrubs growing up the sign that cover the sign while in full bloom. Shrubs need to be cut or removed in order to effectively see/read the sign."	Jefferson	"20 / 59 Southbound towards Tuscaloosa"; "Birmingham-Southern College sign on right for exit 123 (approx 1/4 mile before the exit)"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.

ALDOT Environmental Concerns Log:
Fiscal Year 2018

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
02/26/2018	"We are a business located beside I-20. It is imperative that a drainage gully is needed from the downhill slope of I-20 towards our business location. We have standing water along the foundation of our building causing damage."	St. Clair	"Interstate 20 Eastbound Between Mile marker 152-153"	Environmental Concerns Reporting Tool	Drainage Concern	Delegated to and addressed by proper ALDOT representative.
03/06/2018	"You fixed a leak in the right of way and now I have a sink hole that has opened up in my driveway. I can not get into my property."	Bibb	"Highway 139"; "Beside bridge"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative. (Local water authority determined to be responsible for leak. Citizen's driveway unpermitted.)
03/12/2018	"Al DOT employee throwing tires into river instead of the truck he is driving."	"Statewide"	"I-65"; "Dolly Parton Bridge"	Environmental Concerns Reporting Tool	Improper Waste Disposal Concern	Delegated to proper ALDOT representative. (Citizen provided no contact information to allow for validating the concern or learning more details.)
03/19/2018	Oil sheen on private pond. Concern that ALDOT is possible contributor.	Calhoun	Golden Springs Rd, Anniston	ADEM	Illicit Discharge Concern	Delegated to and addressed by proper ALDOT representative. (No signs of petroleum discharge from ALDOT property observed.)
03/22/2018	"Highway 78 in Irondale Alabama seems to be a speed trap. It is a divided highway with light traffic and few businesses or houses. Yet the speed limit is 40 MPH. Why?"	Jefferson	"78"; "Irondale AL"	Environmental Concerns Reporting Tool	Non-Environmental	Delegated to the proper ALDOT representative.
04/10/2018	"On Highway 43 S, leading Northwards to Demopolis, white limerock dust is being distributed along the Roadway Building up along the shoulders & causing slick road conditions when wet. The dust is covering personal property of many residences. Trucks are not dampened or covered before travel."	Marengo	"Approximately 2.6 miles south of Highway 80, along Highway 43 south, just outside of Demopolis, AL"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
04/11/2018	"There is tree that is leaning into the street. It's going to fall into the roadway soon. On the right side of the street when going down the hill. (Can't miss it)"	Etowah	"AL211 (Noccalula Rd)"; "Between the four way stop (Scenic Dr. - Noccalula Rd) and the interstate (I-59)"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
04/27/2018	"Standing water in ditch, not draining keeping surrounding property from draining, perfect for disease carrying bugs, and mosquitos."	Colbert	"2nd street Muscle Shoals /Ala 184"; corner of 2nd St and Firestone next to Royal Crest Apts and across 2nd street"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
04/27/2018	"The [redacted] tree service were cutting limbs from trees on this road and left a huge pile of limbs at the end of our driveway and have not returned to pick up or mulch. This has been about two months. It cannot be mowed so it is beginning to look bad. Please come clean the mess."	Morgan	"Somerville Al"	Environmental Concerns Reporting Tool	Environmental, outside of ALDOT jurisdiction	Kept on file for informational purposes. (Citizen provided no contact information.)

ALDOT Environmental Concerns Log:
Fiscal Year 2018

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
04/30/2018	"Sand in air, paint in air getting all over cars and campers not good breathing it."	Baldwin	"59"; "Waterway bridge gulf shores"	Environmental Concerns Reporting Tool	Construction Site Concern	Delegated to and addressed by proper ALDOT representative.
05/10/2018	"Sewage floating in ditch from ruptured sewer line. The smell is very strong."	Talladega	"In ditch beside railroad tracks under highway 280 bridge"	Environmental Concerns Reporting Tool	Illicit Discharge Concern	Delegated to and addressed by proper ALDOT representative.
05/12/2018	"They are preparing a road/overpass. They have torn our road placed gravel down and dust is constantly flying. Most importantly it is not healthy for my kids. They can't play outside. Dust comes through the vents into the house. Please let me know who to call if this is not rather right place"	Tuscaloosa	"Off highway 11 in Vance on Tingle Tangle Road Vance Alabama Putting a bridge over hwy 11"	Environmental Concerns Reporting Tool	Construction Site Concern	Delegated to and addressed by proper ALDOT representative.
05/12/2018	"Excessive trash littering the road and grass."	Mobile	"Interstate 10"; "Westbound exit 14 to Rivera dechien and rangeline road north just before the interstate."	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
05/16/2018	"Grass is growing taller than people on state property There has been sites of snakes venomous and non coming from the high grass, and that puts danger on the domestic animals, children, and older people living around the area. It needs to be cut before someone gets hurt."	Talladega	"Dana Ave."; "Sylacauga, AL 35150"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
05/23/2018	"When the houses were removed the State came in and pushed all the concrete and debris up in a huge pile and now there are tall trees growing within the pile. Our area has been turned into a slum area. We were told at a State meeting in Winterboro that the purchased area would be kept up by the State like a park area. Of course this never happened. There are several widows on this street living alone that try to keep their home looking clean and neat but we need help to get this State area cleaned up and cleared of the pile of trash. It is so bad than someone dumped a discarded couch because it looks like a dumping area. Please help us with this problem or advise where to go for assistance. Surely almost twenty years is enough time for the State to keep this property cleared and maintained."	Talladega	"Dana Ave."; "Sylacauga, AL 35150"	Environmental Concerns Reporting Tool	Improper Waste Disposal Concern	Advised citizen that ALDOT could take no action. (Specific location in question is outside of ALDOT jurisdiction. No record of ALDOT commitment the citizen indicates.)
06/03/2018	"Need to know who to contact about clearing fence line to stop obscuring business from highway traffic."	Jefferson	"I-59"; "Exit 134. Southbound side of exit."	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
06/05/2018	Observed erosion possibly due to stormwater runoff.	Escambia	US-31, East of Atmore	Citizen Report	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.

ALDOT Environmental Concerns Log:
Fiscal Year 2018

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
06/07/2018	Transients camped under bridge may be introducing pollutants to stream.	Jefferson	I-59 at Exit 134, Birmingham	City of Birmingham	Illicit Discharge Concern	Delegated to and addressed by proper ALDOT representative.
06/18/2018	Flow with suds in ALDOT ditch during dry-weather period.	Mobile	I-10 at Exit 17B, Mobile	City of Mobile	Illicit Discharge Concern	Addressed by proper ALDOT representative. (Illicit discharge source was contractor within City of Mobile jurisdiction. Referred back to City of Mobile.)
06/25/2018	"Carrying 2 open containers labeled 3257 Hot. Each are leaking onto the truck and road."	St. Clair	"Vaughan Ln Pell City...Walmart"	Environmental Concerns Reporting Tool	Illicit Discharge Concern	Kept on file for informational purposes. (Insufficient information provided. Citizen provided no contact information.)
07/05/2018	Observed erosion around driveway culvert.	Lee	AL-120, Notasulga	Citizen Report	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
07/09/2018	"water drainage from right side of road going north, water stands all time smells like sewage, trying to fence property"	Lauderdale	"hwy 207...just before co 86"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
07/10/2018	"deer carcass in need of pickup"	Lee	"I85...between mile markers 62-68"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
07/10/2018	"Mud from construction site is 3/4 inch deep on both lanes of 159 for a 1/4 mile. This is not the first time this has happened. It is a driving hazard and creates a lot of storm water runoff, not to mention having to drive through the mess on the way home. Please help."	Pickens	"Approximately 1 mile north on highway 159 where the new road construction on highway 82 will cross 159."	Environmental Concerns Reporting Tool	Construction Site Concern	Delegated to and addressed by proper ALDOT representative.
07/12/2018	Leak in sewer line near ALDOT roadway.	Elmore	AL-14 near Holtville Rd, Wetumpka	Local Water Authority	Illicit Discharge Concern	Delegated to and addressed by proper ALDOT representative.
07/28/2018	"Kudzu coming over fence into backyard and other property. Intrusive vegetation."	Shelby	"I-65 Southbound Exit 242 (Tank Farm), Helena/Pelham, right before Interstate food sign for Zaxbys."	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
08/06/2018	"Intrusive vegetation growth grass is not being cut closer to the fence vines or running on my property trees should cut down or trim so i can have a fighting chance against the vines please cut closer to the fence Thanks [redacted]"	Mobile	"I 10 W between Texas St and Virginia St"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
08/14/2018	"Intrusive Vegetation and stagnant water in front of business location on interstate I-65 near exit 179. This is located near I-65 Service Road. Really bad mosquito population as well as foul odors."	Elmore	"Interstate I-65 near exit 179 Prattville/Millbrook."	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
08/18/2018	Observed dead animal on roadway shoulder.	Elmore	I-65 near Exit 179	Citizen Report	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.

* Information about possible illicit discharges discovered during major outfall screening is provided in Appendix D in "ALDOT Major Outfall Inventory & Screening Summary (through Fiscal Year 2018)."

**ALDOT Youth Education Activities:
Fiscal Year 2018**

Activity	Date(s)	Notes
Mobile Tunnel Tours	throughout FY 2018	ALDOT Mobile Area personnel gave tours to groups of school-age children to demonstrate ALDOT operations taking place in and around the Mobile Tunnel and explain engineering principles at work. Some tunnel operations are water resources or environmental in nature. 1,917 children toured the tunnel during FY 2018.
School Presentation: Calera Elementary School Career Day	03/04/2018	ALDOT Birmingham Area personnel gave a presentation concerning the activities of some of the jobs offered at ALDOT and how those activities impact the environment. 75 children attended.
Water Festival: Baldwin County	10/25/2017	ALDOT Mobile Area personnel participated as instructors or in supporting roles. Activities intended to teach local elementary school students about the water cycle and water treatment.
Water Festival: Gadsden	12/08/2017	ALDOT Guntersville Area personnel participated in supporting roles. Activities intended to teach local elementary school students about the water cycle and water treatment.
Water Festival: Mobile County	09/21/2018	ALDOT Mobile Area personnel participated as instructors or in supporting roles. Activities intended to teach local elementary school students about the water cycle and water treatment.
Water Festival: Montgomery County	05/08/2018	ALDOT Central Office personnel participated as instructors or in supporting roles. Activities intended to teach local elementary school students about the water cycle and water treatment.

**ALDOT Community Outreach Group Meetings:
Fiscal Year 2018**

Date	Group	COG Attendees	ALDOT Attendees	Other Attendees*	Total Attendees	Purpose
10/19/2017	Coliseum Boulevard Plume	5	2	2	9	Annual COG update; presentation of treatment system data; overview of effectiveness and discussion of members questions.
12/14/2017	Coliseum Boulevard Plume	0	0	4	4	Annual Montgomery Area Association of Realtors meeting.
06/28/2018	Safe 98	7	4	4	15	Project tour of AL-158 extension and bridge extension projects.
07/10/2018	Capital City Plume**	4	0	3	7	Overview of Environmental Investigation Report and technical data; addressed questions from COG and community perspectives.

* Can include facilitators and consultants of ALDOT.

** The Capital City Plume is a project managed by the Downtown Environmental Alliance, of which ALDOT is one of seven members.

**ALDOT Miscellaneous Community Outreach Activities:
Fiscal Year 2018**

Activity	Date	Notes
Alabama River Clean Water Partnership Meeting	07/25/2018	ALDOT participated in a meeting with stakeholders of the Alabama River Basin.
Alexander City cleanup	04/21/2018	ALDOT Alexander City Area and other partners participated in a city-wide litter pickup event. ALDOT also provided safety vests and trash pickers.
Collaboration with The Nature Conservancy	started Dec 2017	ALDOT, The Nature Conservancy, and local partners explored ways to improve water quality in Shades Creek and Village Creek in the Birmingham area.
Collaborative Environmental Network of Alabama: Forum #1	01/24/2018	ALDOT along with other stakeholders with environmental influence actively participated in the forum to explore effective approaches for collaboration among different types of stakeholders.
Collaborative Environmental Network of Alabama: Forum #2	03/07/2018	ALDOT along with other stakeholders with environmental influence actively participated in the forum to explore effective approaches for collaboration among different types of stakeholders.
Collaborative Environmental Network of Alabama: Kick-Off Meeting	10/25/2017	ALDOT along with other stakeholders with environmental influence attended the meeting as an orientation for future CENA activities.
Discussion with U.S. Fish & Wildlife Service on ALDOT stormwater management practices	08/01/2018	ALDOT and USFWS discussed via teleconference some of ALDOT's more innovative construction stormwater management practices and the transferability of those methods to projects outside of Alabama.
Keep Etowah Beautiful	throughout FY 2018	ALDOT Guntersville Area maintained dialogue.
Keep the Shoals Beautiful	throughout FY 2018	ALDOT Tuscumbia Area personnel attended meetings.
Meeting with Cahaba River Society	04/02/2018	ALDOT and Cahaba River Society met informally to discuss environmental issues in the Cahaba River Watershed and possible opportunities for collaboration to resolve issues.
Middle Tallapoosa Clean Water Partnership Meeting	10/12/2017	ALDOT participated in a meeting with stakeholders of the Middle Tallapoosa River Basin.
Middle Tallapoosa Clean Water Partnership Meeting	07/31/2018	ALDOT participated in a meeting with stakeholders of the Middle Tallapoosa River Basin.
Renew Our Rivers	10/30/2017 - 11/04/2017	ALDOT Guntersville Area personnel participated in a Coosa River cleanup event facilitated by Alabama Power.
Social Media Outreach: ALDOT Mobile Area Twitter Account	throughout FY 2018	ALDOT Mobile Area uses Twitter to share general environmental information with the public and promote environmental activities. 32 environmental-oriented messages were posted during FY 2018; see attached for sample environmental-oriented messages posted. The Twitter account gained approximately 1,000 followers in FY 2018.
Social Media Outreach: ALDOT West Central Region Twitter Account	throughout FY 2018	ALDOT West Central Region uses Twitter to share general environmental information with the public and promote environmental activities. See attached for sample environmental-oriented messages posted.
Third Annual One Clean Mobile Litter Pickup Event	04/14/2018	Community litter pickup event in Mobile sponsored jointly by ALDOT Southwest Region and City of Mobile under the One Clean Mobile partnership established in FY 2016. Planned, but cancelled due to weather.

Mobile wins ALDOT grant for next piece of Greenway

Updated Apr 27, 2018; Posted Apr 27, 2018

One section of the Three Mile Creek Greenway, a recreational path that ultimately will cross large swath of the city, has been built. A new ALDOT grant will pay to extend it. (Lawrence Specker/LSpecker@AL.com)

By [Lawrence Specker](#)
lspecker@al.com

A half-million-dollar grant from the Alabama Department of Transportation will help pay for an extension of Mobile's Three Mile Creek Greenway.

According to information provided by the city, which announced the grant on Friday morning, the \$555,092 award is a result of a resolution sponsored last year by Mayor Sandy Stimpson and Councilman Fred Richardson. The council approved the measure to apply for an ALDOT Transportation Alternative Program grant, which the city now has received. The city will provide \$138,773 in matching funds.

[The Greenway](#) is envisioned as a walking and cycling path that will follow the course of Three Mile Creek, connecting Langan Municipal Park to downtown. The first section has been built, stretching westward from Tricentennial Park to West Ridge

Road. According to information, the ALDOT grant will extend that section more than half a mile west to connect the park to USA Medical Center.

Mobile's Three Mile Creek Greenway: Path and promise for a neglected waterway

It'll take years and millions of dollars to finish Mobile's Three Mile Creek Greenway, but it's no longer possible to write it off as a pipe dream. The first section of trail is there. It's real. And it signals a brighter future for a long-neglected waterway.

The Alabama Gulf Coast Recovery Council recently announced that it has [recommended approval for a \\$9.7 million grant](#) for the Greenway. That alone could be as much as two-thirds of the project's overall cost.

"I want to thank ALDOT for helping Mobile make this 35-year-old vision a reality," said Mayor Stimpson. "This new trail encourages fitness, beautifies a vital waterway and enhances our quality of life. Our goal is to link neighborhoods, businesses and residents across Mobile and educate our citizens on one of our precious waterways."

**ALDOT MS4 Coordination Activities:
Fiscal Year 2018**

Activity	Date	Notes
Alabama Stormwater Association	throughout FY 2018	ALDOT was a member of the ASA steering committee. ALDOT was integral in the planning of two meetings (on 10/05/2017 and 03/20/2018, respectively) where MS4s from throughout the State gained knowledge to benefit their programs; ALDOT provided the facility for one of those meetings. Also, ALDOT maintained the Statewide stormwater professionals contact list, which allowed for better coordination among stormwater professionals.
Birmingham City Staff & MS4 Partners Group	continued into FY 2018	ALDOT personnel from Design Bureau and Birmingham Area have participated and attended group meetings. The group to date has explored ways MS4s in the Birmingham area can coordinate to achieve mutual MS4 SWMP goals.
Birmingham Stormwater Ordinance Meeting	10/04/2017	ALDOT attended a meeting concerning the newly-issued stormwater ordinance for the City of Birmingham. (ALDOT, as a sovereign MS4, is not under the ordinance, but ALDOT sought awareness of the ordinance specifics as a watershed partner.)
Calhoun County MS4 Group	throughout FY 2018	ALDOT Alexander City Area personnel attended meetings.
Cooperative Maintenance Agreement: ALDOT & City of Huntsville	throughout FY 2018	The agreement authorizes City of Huntsville to perform litter pickup and mowing on ALDOT property, allowing ALDOT and City of Huntsville to work jointly and more efficiently in watershed protection.
Cooperative Maintenance Agreement: ALDOT & City of Montgomery	throughout FY 2018	The agreement authorizes City of Montgomery to perform litter pickup on ALDOT property, allowing ALDOT and City of Montgomery to work jointly and more efficiently in watershed protection.
Cooperative Maintenance Agreement: ALDOT & Etowah County	throughout FY 2018	The agreement authorizes Etowah County (namely Etowah County Detention Center) to perform litter pickup on ALDOT property, allowing ALDOT and Etowah County to work jointly and more efficiently in watershed protection.
Eastern Shore MS4 Meeting	10/12/2017	ALDOT participated in a discussion about MS4 collaboration possibilities with other MS4s in the area.
Local Emergency Planning Committee: Tuscaloosa County	throughout FY 2018	ALDOT is a member of the LEPC along with other Tuscaloosa-area MS4s. Tuscaloosa Area personnel participate in LEPC meetings. During FY 2018, an ALDOT representative served as co-chair of the LEPC Communications Committee. Coordination regarding Pollution Prevention / Good Housekeeping is performed with other MS4s as part of LEPC work.
MS4 Program Coordination Meeting: Anniston MS4 Area Group (Follow-Up)	03/01/2018	ALDOT facilitated in Anniston after conclusion of ALDOT outfall inventory and screening.
MS4 Program Coordination Meeting: Jefferson / Shelby County MS4 Area Group	10/03/2017	ALDOT facilitated in Birmingham. Neighbor MS4s invited. Topics discussed included planned ALDOT outfall inventory and screening activities in the local area.
One Clean Mobile Partnership	throughout FY 2018	Partnership between ALDOT Southwest Region and City of Mobile established in FY 2016. Planned 3rd annual litter pickup event for April 2018, but event was cancelled due to weather (see "ALDOT Miscellaneous Community Outreach Activities: Fiscal Year 2018"). ALDOT Southwest Region hosted MS4 lunch-and-learn in August 2018 that attracted 76 attendees.

**ALDOT Participation with Professional Organizations:
Fiscal Year 2018**

Organization	Activity	Notes
Alabama Chapter of the Soil & Water Conservation Society	Membership	Some ALDOT personnel are members.
American Association of State Highway and Transportation Officials	Membership; Leadership roles; Participation in meetings	Some ALDOT employees are members of the Committee on Construction. An ALDOT employee chairs the Integrated Construction Technical Subcommittee; another ALDOT employee serves as Secretary of the subcommittee. Some ALDOT personnel participated in conference calls, webinars, and conferences.
American Society of Civil Engineers	Membership; Leadership roles; Participation in meetings	ALDOT employees participate actively in the Alabama Section and in the branches that comprise the Alabama Section. Multiple ALDOT employees serve in leadership roles in the branches. An ALDOT employee was elected President of the Alabama Section.
Choccolocco Creek Watershed Alliance	Membership; Participation in meetings; Assistance in event facilitation	ALDOT Alexander City Area personnel participate in meetings regularly and provided input as a watershed stakeholder. On occasion, ALDOT personnel contribute to facilitation of events, such as conferences and rain barrel workshops.
Mobile Bay National Estuary Program	Participation in meetings	ALDOT Mobile Area personnel attended 2 meetings during FY 2018.
North American Association of Transportation Safety and Health Officials	Participation in meetings	An ALDOT employee attended and presented at the annual meeting.
Southeast Association of State Highway and Transportation Officials	Participation in meetings	An ALDOT employee was a delegate at the annual meeting.

**ALDOT Stormwater Management Research:
Fiscal Year 2018**

Project No.	Project Title	Research Partner	Total ALDOT Funding	Active during FY 2018?
930-925	Analysis and Potential Solutions to Sediment Deposition in Dean Road Watershed	Auburn Univ.	\$141,145	YES
930-954	Vegetation Management for Alabama's Highway Rights-of-Way	Auburn Univ.	\$130,282	YES
930-869	Evaluation of Sediment Barriers Using Large-Scale Techniques	Auburn Univ.	\$459,755	YES
930-863	Evaluation of High-Rate Settling Technology for Sediment Control in Roadway Construction Sites	Auburn Univ.	\$357,770	NO
930-853R	Evaluation of Inlet Protection Practices Using Large-Scale Testing Techniques	Auburn Univ.	\$336,550	NO
930-837R	Monitoring and Predicting the Effects of Post-Construction Stormwater Runoff from Roadways in Watersheds	Auburn Univ.	\$228,561	NO
930-826R	Evaluation of ALDOT Ditch Check Sediment Control Practices Using Large-Scale Testing Techniques	Auburn Univ.	\$336,101	NO
930-811R	Vegetated Filter Strip Performance Evaluation for Cost-Effective Roadway Runoff Treatment in Alabama	Univ. of South Alabama	\$114,187	NO
930-784	Maintain Vegetation for Long-Term Erosion Control on Disturbed Slopes	Auburn Univ.	\$42,050	NO
930-767	Agronomic Solutions for Establishment of Roadside Vegetation	Auburn Univ.	\$86,068	NO
930-751	Techniques for Establishing Vegetation for Long-Term Erosion Control on Disturbed Slopes	Auburn Univ.	\$50,000	NO
930-678	Vegetation Management for Alabama's Highway Rights-of-Way	Auburn Univ.	\$251,244	NO
930-655	Development of a Test Facility to Evaluate the Optimal Design of BMPs for Managing Environmental Problems at Construction Sites	Auburn Univ.	\$347,693	NO
930-486	Mapping, Control and Revegetation of Cogongrass on ALDOT Rights-of-Way	Auburn Univ.	\$225,640	NO

ALDOT MS4 Major Outfall Inventory Schedule

ALDOT Major Outfall Inventory & Screening Summary

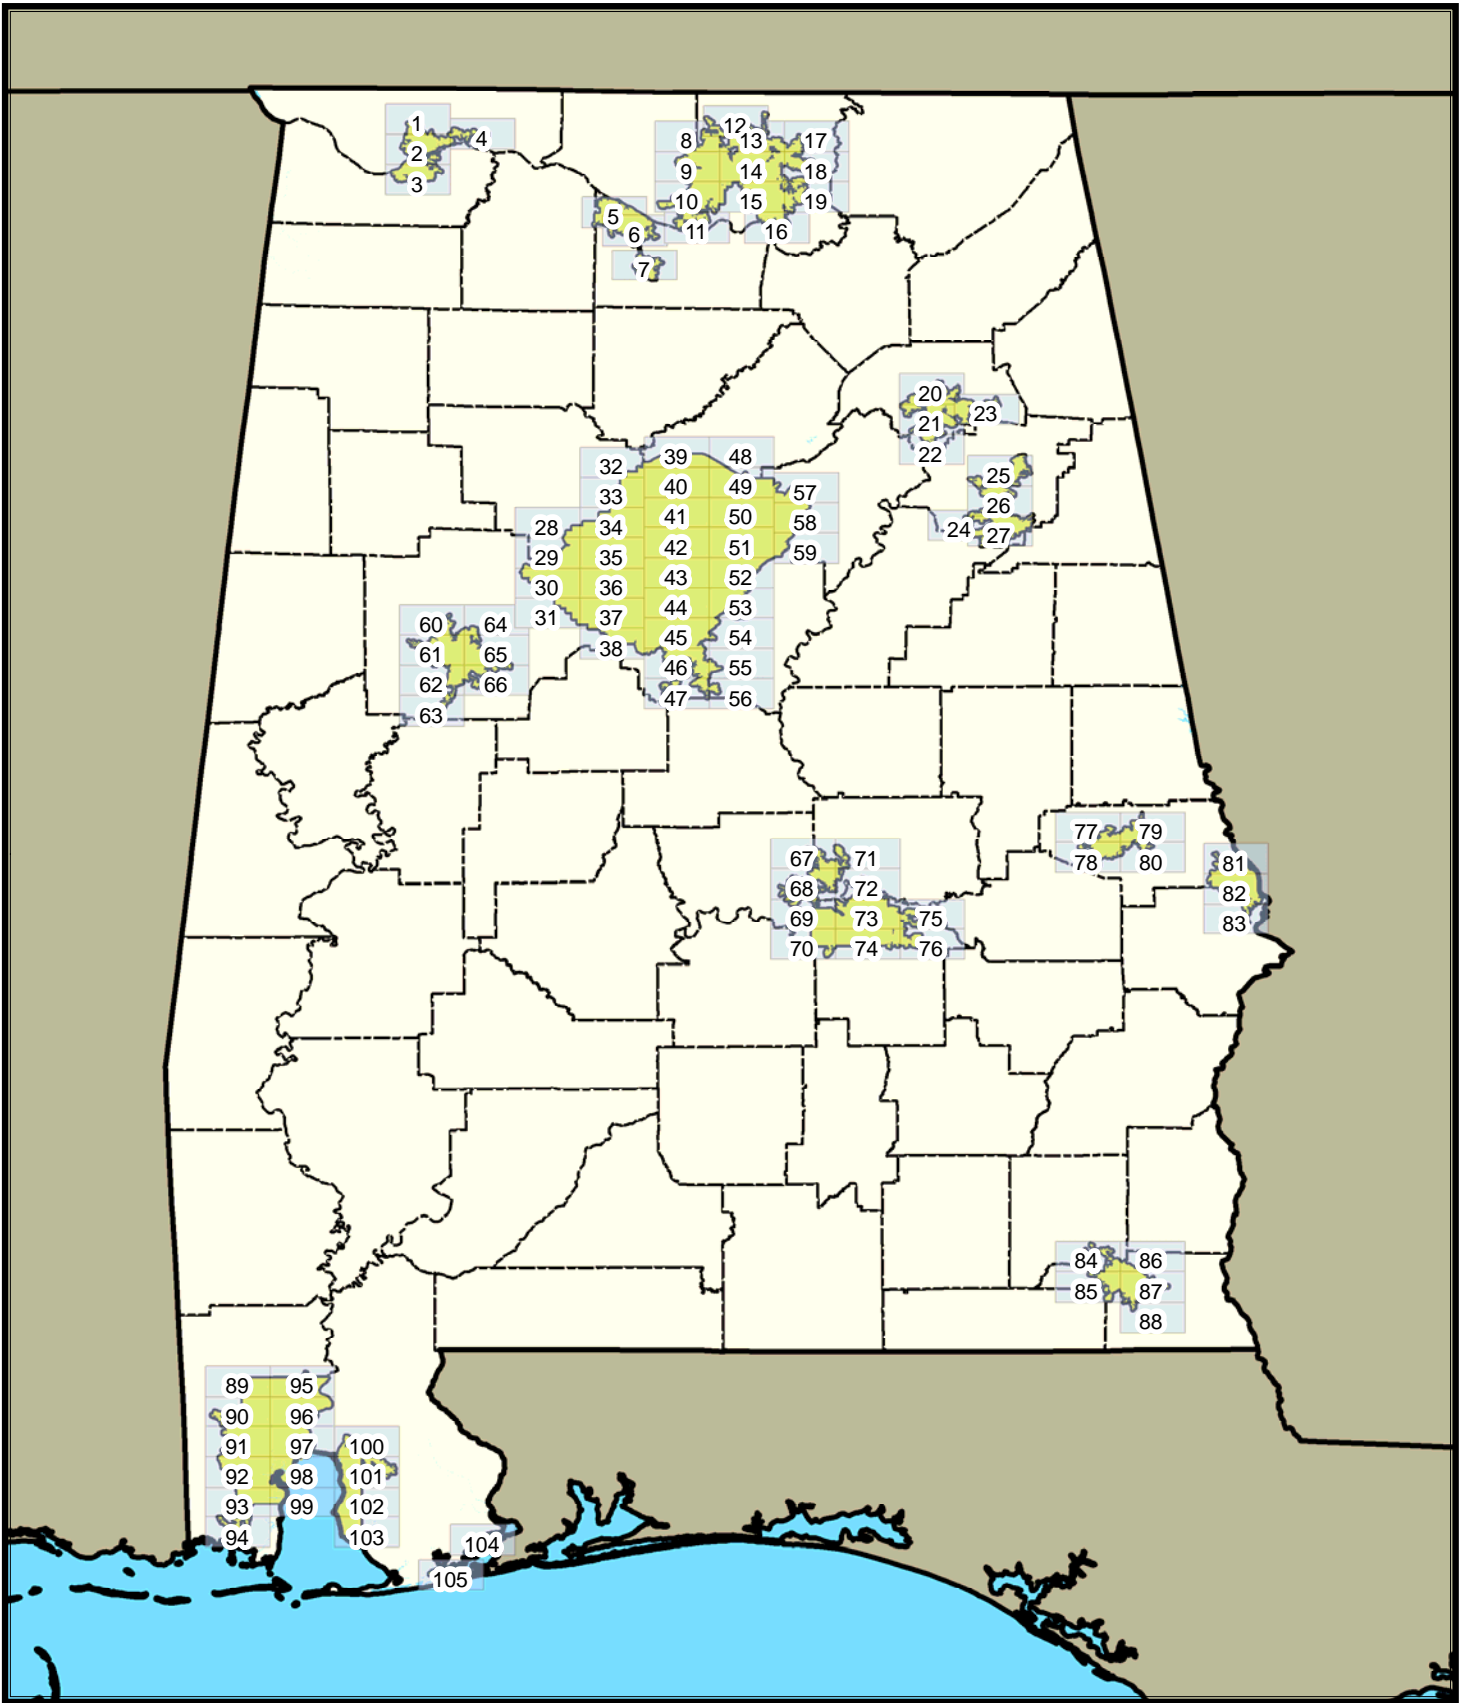

Last Updated: January 18, 2019

MS4 Area	Locations Studied for Major Outfall Candidates	Major Outfalls Added to Inventory	Major Outfalls Screened	Possible Illicit Discharges at Major Outfalls	Other Possible Illicit Discharges	Possible Illicit Discharge Follow-Up Outcomes
Dothan *	52	17	17	0	3	Follow-up investigations performed. 3 illicit discharges traced to municipal MS4 and reported to appropriate MS4 authority.
Auburn/Opelika	44	6	6	0	4	Follow-up investigations performed. 1 investigation was inconclusive. 1 investigation determined naturally-occurring flow. No flow observed in 2 other investigations.
Phenix City	24	5	5	0	2	Follow-up investigations performed. 1 illicit discharge traced to municipal MS4 and reported to appropriate MS4 authority. No flow observed in the other investigation.
Montgomery	125	28	28	1	6	Follow-up investigations performed. Unable to determine source for 1 illicit discharge (at major outfall) in which algae detected; investigation continuing. 1 illicit discharge traced to municipal MS4 and reported to appropriate MS4 authority. 1 investigation determined naturally-occurring flow. No flow observed in 4 other investigations.
Tuscaloosa	98	34	34	3	5	Follow-up investigations performed. 7 illicit discharges (including 2 at major outfalls) traced to municipal MS4 and reported to appropriate MS4 authority. 1 investigation (associated with a major outfall) determined naturally-occurring flow.
Decatur	40	16	16	3	0	Follow-up investigations performed. 3 investigations determined naturally-occurring flow.
Mobile	134	42	42	24	2	Follow-up investigations performed. No flow or naturally-occurring flow observed in 25 investigations (including 24 associated with major outfalls). Potential wash water observed in-stream in 1 investigation; further investigation needed.
Baldwin County	83	16	16	4	10	Follow-up investigations performed. 14 investigations determined naturally-occurring flow.
Florence	71	14	14	1	0	Follow-up investigation performed determining naturally-occurring flow.
Huntsville	99	57	57	4	0	Follow-up investigations performed. 4 investigations determined naturally-occurring flow.
ALDOT Support Facilities **	32	13	13	1	0	Follow-up investigation performed at Central Office Complex / Montgomery Area Office / Montgomery District Office. Investigation determined naturally-occurring flow.
Gadsden	80	35	35	19	0	Follow-up investigations performed. 19 investigations determined naturally-occurring flow.
Anniston	94	16	16	3	0	Follow-up investigations performed. 3 investigations determined naturally-occurring flow.
Jefferson/Shelby County	408	138	138	73	3	Follow-up investigations performed. 3 illicit discharges (including 1 at a major outfall) traced to municipal MS4 and reported to appropriate MS4 authority. 73 investigations determined naturally-occurring flow.
ALDOT Support Facilities ***	11	8	8	3	0	Follow-up investigations performed at Birmingham Area Office / Birmingham District Office and at Huntsville District Office. 1 investigation at Birmingham Area Office / Birmingham District Office determined a non-stormwater discharge that was addressed according to facility SPCC Plan. 2 investigations determined naturally-occurring flow.
PERMIT TERM TOTAL	1395	445	445	139	35	
Percent of Major Outfalls on Inventory Screened			100%			

* Screening results for the Dothan MS4 area also reported in the FY 2014 annual report appendix in "ALDOT Environmental Concerns Log: Fiscal Year 2014."

** Outfalls identified at Tusculumbia Area Office / Tusculumbia District Office, Tuscaloosa Area Office / Tuscaloosa District Office, Central Office Complex / Montgomery Area Office / Montgomery District Office, Dothan District Office, and Tunnel Office.

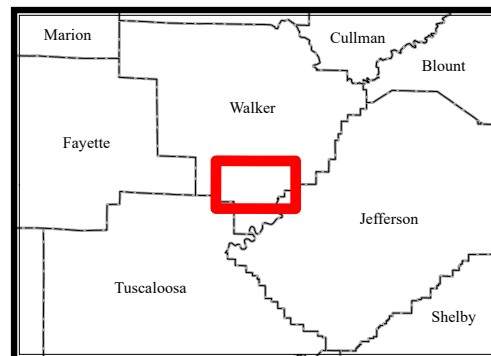

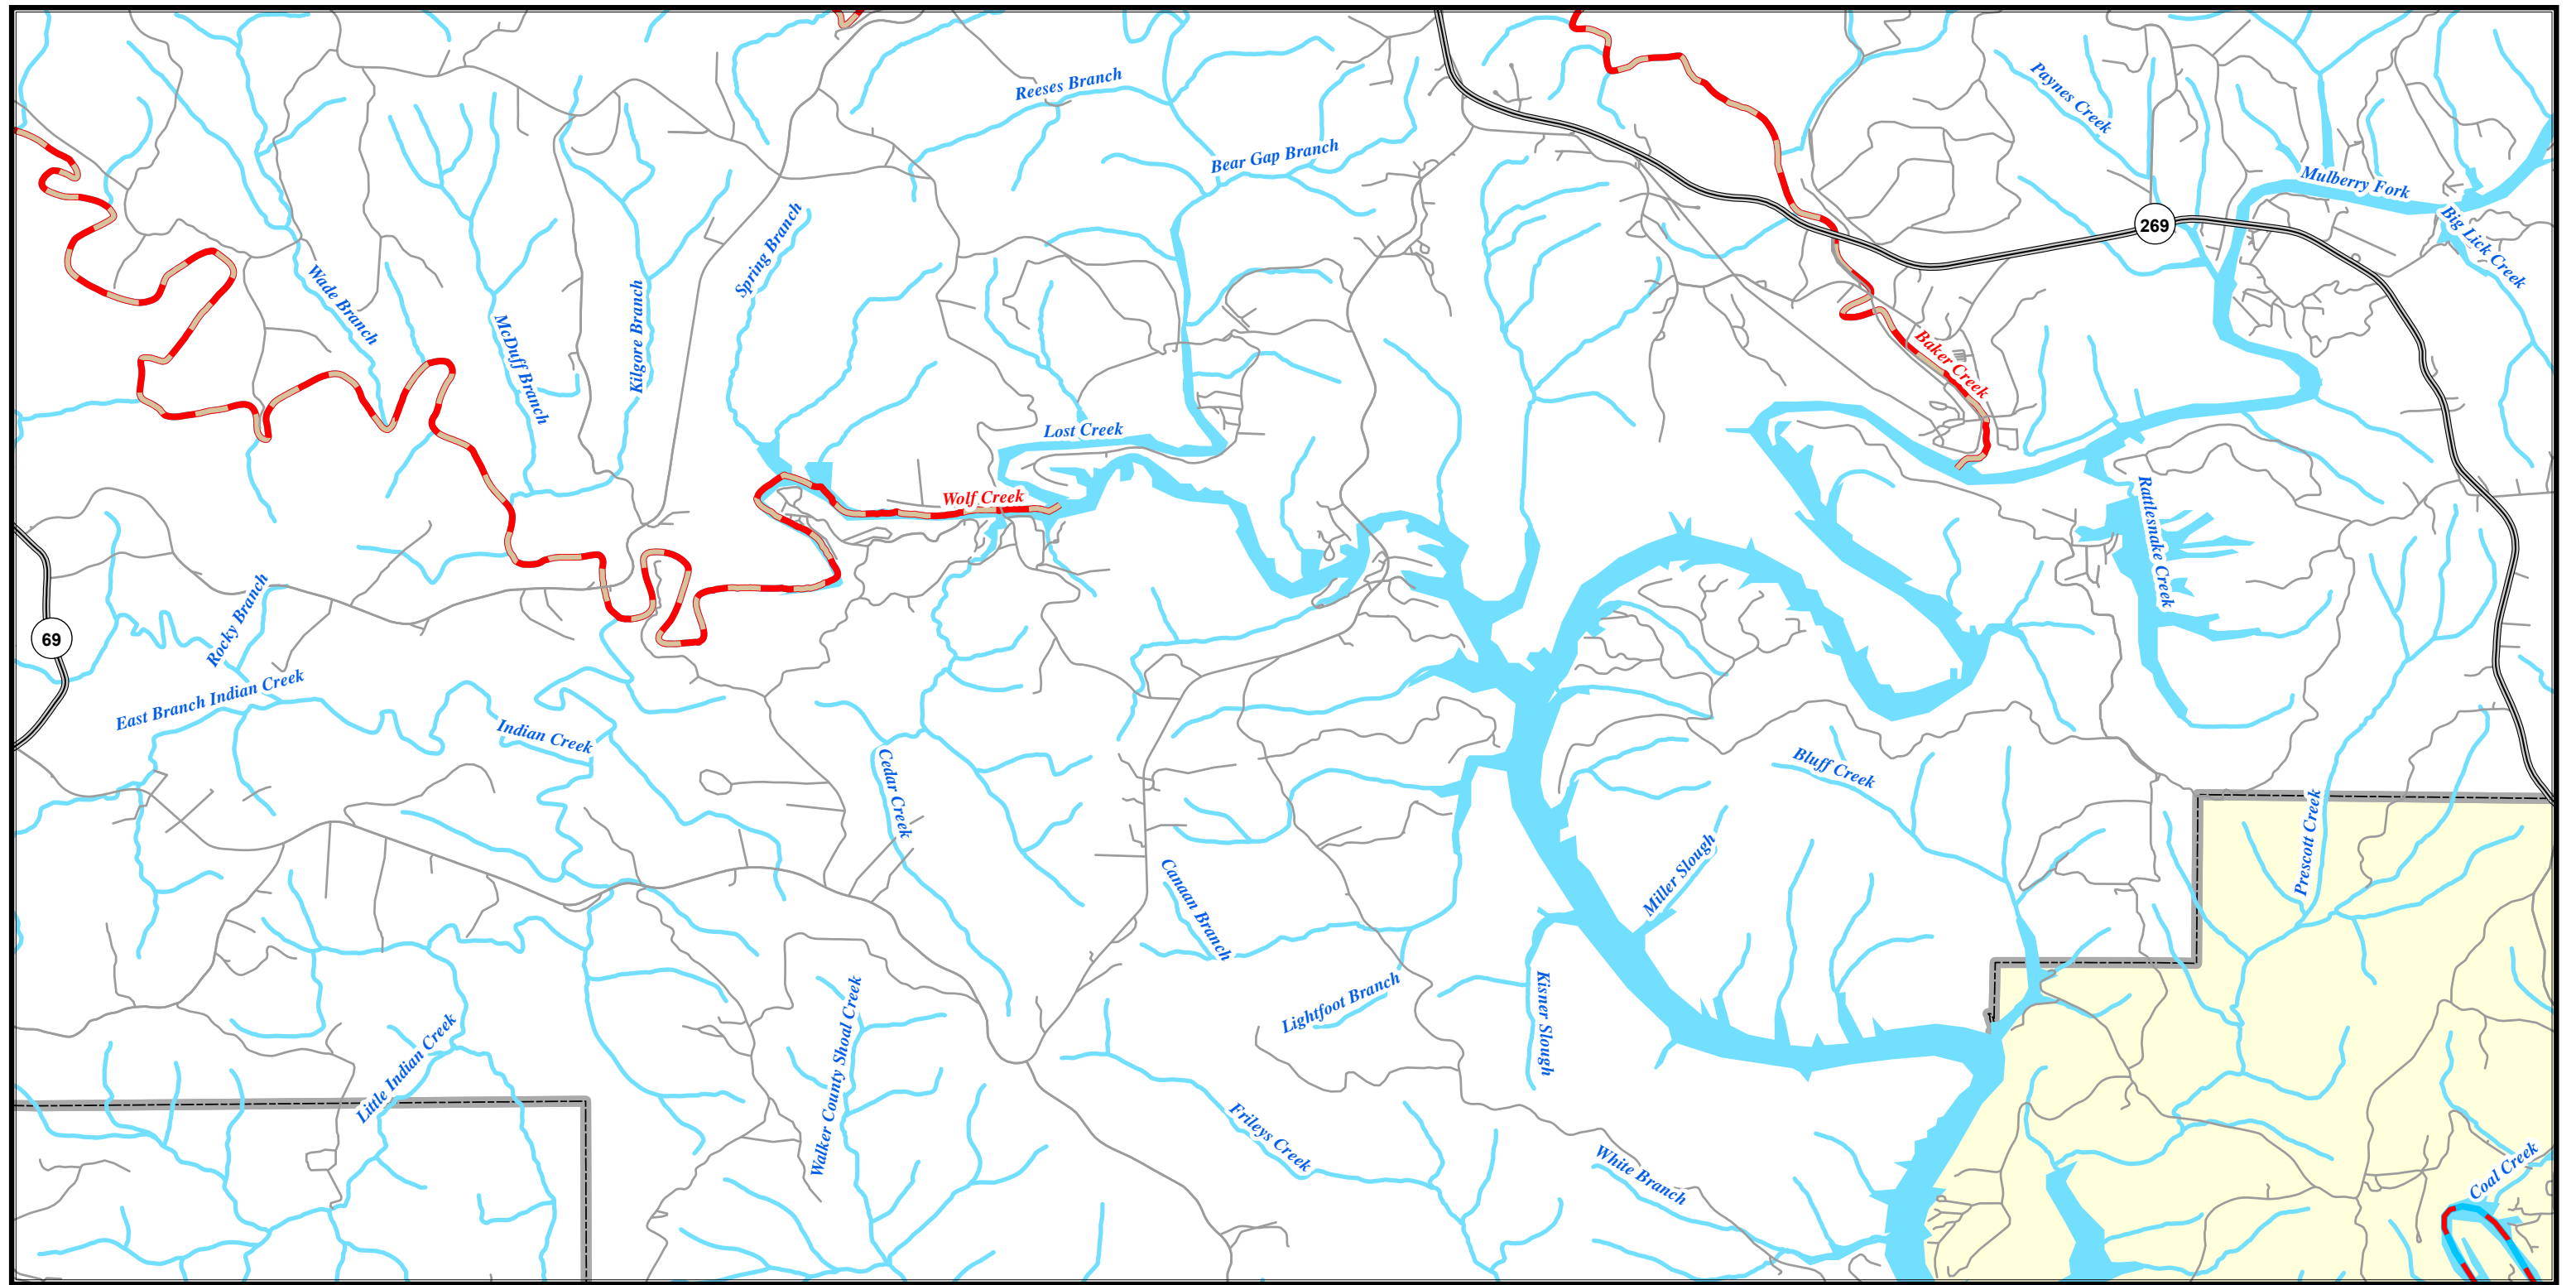

*** Outfalls identified at Birmingham Area Office / Birmingham District Office, Calera District Office, Gadsden District Office, and Huntsville District Office.

ALDOT MS4 Transportation Facility Maintenance:
Fiscal Year 2018

**ALDOT MS4 Support Facility Annual Inspections:
Fiscal Year 2018**

Facility Name	Inspection Date(s)	Summary of Observed Deficiencies
Central Office Complex	12/12/2017; 12/13/2017	See attached.
Huntsville District Office	09/07/2018	No environmental concerns.
Gadsden District Office	06/13/2018	Employees had not received annual Universal Waste Training or SPCC Training. Annual line leak detector test was not available for USTs. Safety Data Sheet (SDS) was not available for all materials on site.
Tuscumbia Area Office	09/05/2018	No environmental concerns.
Tuscumbia District Office		
Birmingham Area Office	06/27/2018	Several used batteries and one box of used bulbs not properly labeled or dated. Employees had not received annual Universal Waste Training or GHS Training.
Birmingham District Office		
Calera District Office	06/22/2018	Employees had not received GHS Training.
Anniston District Office	09/26/2018	SDS was not available for all materials on site.
Tuscaloosa Area Office	08/23/2018	One box of used batteries was not properly dated. SPCC Plan had not been updated within the past 5 years. ASTs had not been inspected in accordance with SPCC Plan. Air Permit had not been updated since changes were made to the UST system. No current personnel were trained to be a Class C Operator. Waste container inside of liquid asphalt secondary containment was not covered. A 55-gallon chemical container was not properly labeled. SDS was not available for all materials on site.
Tuscaloosa District Office		
Speigner District Office	09/20/2018	Employees had not received annual Universal Waste Training or SPCC Training. SDS was not available for all materials on site.
Montgomery Area Office	12/12/2017; 12/13/2017	Facility could not locate pretreatment permit for discharge of wash water in the auto shop. Used bulbs exceeded yearly accumulation time. SDS was not available for all materials on site.
Montgomery District Office		
Dothan District Office	05/17/2018	No environmental concerns.
Mobile Area Office	09/20/2018	A gallon container was not properly labeled. SDS was not available for all materials on site.
Mobile District Office		
Tunnel Office	09/20/2018	UDC sump contained water. Used bulbs exceeded yearly accumulation time.

Date: December 12, 2017

Location	Reason of Concern	Regulation Reference	Recommendation	Item Corrected During Audit		Repeat Finding	
				Yes	No	Yes	No
Comm. Bldg. Shop/Bay area	Used batteries (lead acid) stored outside of recycle box, and not labeled or dated. Recycle box not dated.	ADEM Rule 335-14-11-.02 (5)(a) and (6) (a)	Determine new recycle location/vendor for lead acid batteries. If batteries are stored, label as "Used Batteries" and indicate date put into storage.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Comm Bldg. Storage Room	Used bulb stored in box - not labeled, closed, or dated.	ADEM Rule 335-14-11-.02 (4)(d)1 and (6) (a)	Used bulbs should be stored in a closed container and labeled as "Used Lamps" or "Waste Lamps" or "Universal Waste - Lamps". The container should be dated when the first bulb is placed in the box.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Comm Bldg.	Facility personnel could not provide documentation of training on universal waste management or GHS.	ADEM Rule 335-14-11-.02 (7) and 29 CFR 1910.1200	Include Communications personnel with Maintenance personnel training.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
				<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Date: December 12, 2017

Location	Reason of Concern	Regulation Reference	Recommendation	Item Corrected During Audit		Repeat Finding	
				Yes	No	Yes	No
Auction Area	One 55-gallon drum of Citrus King, and one 55-gallon drum of detergent were stored outside, not within containment. Two 50-gallon portable fuel tanks stored outside, but within containment. 	MP	Store chemicals indoors.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Main Building, generator area	5-gallon bucket of cooling tower chemical stored outside. The label was severely degraded.	MP	Store chemicals indoors.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Outside Main Building	Dumpster lids open.	MP	Keep dumpster lids closed.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Motor Pool	At time of audit, could not locate City Pretreatment Discharge Permit for wash water discharge due to remodeling of building	MP	Locate Pretreatment Permit as soon as possible	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Date: December 13, 2017
