

This document affirms that the below signed is certified by the Alabama Department of Transportation as an Asphalt/Earthwork Technician as indicated below.

This certification carries inherent rights and responsibilities. These rights include-but are not limited to-being exclusively sanctioned by the Alabama Department of Transportation to perform sampling, testing, and other rights and privileges as indicated in the applicable section of ALDOT-374 or ALDOT-463 for quality control and quality assurance programs and/or ALDOT-431 for Earthwork Certification Program. These responsibilities include but are not limited to performing and reporting sampling, tests, and other rights and privileges as indicated in the applicable section of ALDOT-374 with the accuracy and precision expected of a certified Asphalt Technician and/or ALDOT 431, Earthwork Technician Certification Program.

Abuse or neglect of these rights and responsibilities shall be penalized upon recommendation by the working task force and approval by the Certification Board. The difference between neglect and abuse is intent and shall be determined by the working task force. The first instance of neglect shall result in a thirty-day suspension of the Asphalt Technician's certification. The second offense shall result in a one-hundred-and-eighty-day suspension; any subsequent instances shall be considered as and treated the same as abuse. The first instance of abuse shall result in permanent revocation of the Asphalt or Earthwork Technician's certification.
