

MATERIAL GUARANTY

Copies: Division Engineer
Project Engineer

Project Number: _____

Gentlemen:

As provided by Article 106.02 of the _____ Edition of the Standard Alabama Department of Transportation Specifications, we the _____, propose to use the untested materials listed hereinafter in the construction of the above referenced project.
Company

The _____ hereby guarantees that the material so used will meet all the requirements set forth by the Standard Specifications and/or the provisions of our contract, subject to tests made by the Department.
Company

It is further understood that should any of _____ material(s) prove unacceptable, any work which incorporates _____ material(s) shall be removed from the project and replaced with satisfactory material(s), restoring the work to the same condition which existed prior to such removal, all of which shall be at our expense and without extra compensation.
