TECHNICAL MEMORANDUM 89-02

To: Testing Manual Users

From: Larry Lockett
Materials and Tests Engineer

Re: Procedure ALDOT-243, "Acceptance Program for Asphalt Materials"

Please be advised that the above referenced procedure has been revised on this date. This revisions of this procedure were approved for use on February 15, 2001.

The revisions include the following:

Section 2.20 - FTIR added.

Section 2.22 - Category "A" Technician deleted.

Section 2.25 - Category "D" Technician deleted.

Section 3.3.4.3 - Last two sentences regarding method of submittal deleted.

Section 3.3.4.4 - FTIR requirements added.

Section 3.4.1 - Requirements revised.

Table I - DTT and FTIR requirements added for PGAB

Table I - Anionic Emulsion section removed

Table II - Direct Tension Test (DTT) requirement added for PGAB.

Table II - Asphalt Cement section deleted.

Table II - Anionic Emulsion section removed.

A copy of the revised procedure may be viewed in the electronic version of the Testing Manual available through the ALDOT homepage at:

http://www.dot.state.al.us/Bureau/Materials_Tests/Testing/ALDOT_Testing_Manual.pdf
