TEMPORARY TRAFFIC CONTROL PLAN SHEET

TWO LANE HIGHWAY, ONE LANE CLOSURE

GENERAL NOTES

1. All signs required for the lane closure shall be temporary mounted.
2. The color of the portable rumble strips shall be black or orange. Use 1 array per approach, each array shall consist of 3 rumble strips.
3. Portable rumble strips shall not be placed in sharp horizontal or vertical curves nor shall they be placed through pedestrian crossings or on bridge decks.
4. If the portable rumble strips become due to alignment, they shall be placed in alignment or moved as necessary to maintain the rumble strips in alignment. They shall be readjusted to bring the placement back to the original location.
5. The lane closure shall not extend any further than approximately 5 miles in length. As operations proceed, the engineer in charge shall move the flagger's location to meet this 5 mile requirement.
6. The portable rumble strips and signs shall be removed after the completion of that day's operation.
7. Portable rumble strips shall be installed as per manufacturer's recommendations.
