TEMPORARY TRAFFIC CONTROL PLAN SHEET

TYPICAL SCHEME
FOR RIGHT LANE CLOSURE

TYPICAL SCHEME
FOR LEFT LANE CLOSURE

General Notes:
1. All signs shall be temporarily mounted as shown. Unless the work zone extends for 144 days, in such cases, the signs shall be permanently mounted as shown.
2. Sign sizes shown shall show the speed in the work zone.
3. For night time closures, 42" minimum cones may be used in lieu of drums for lane closures and posts as cones. Cones shall be used in pairs for daytime closures. 42" minimum cones may be used in lieu of cones for lane closures and posts as cones. Cones shall be used in pairs.

Legend:
- Temporary mounted sign
