June 10, 2013

The Honorable Phil Segraves
Mayor, Town of Guin
P.O. Box 249
Guin, AL 35563

RE: Project No. APL-4700(210)
    Paving of Local Access Road
    Town of Guin

Dear Mayor Segraves:

The Second Division is in receipt of your letter of Intent requesting to let and manage a transportation project through the ALDOT Local Public Agency (LPA) Process. The request included a completed LPA Application and a Financial History as required.

Division staff has reviewed all documentation and have conducted an interview with the LPA Responsible Charge. All items have been found satisfactory. ALDOT 2nd Division approves the Town of Guin to manage all phases of the above referenced project subject to restrictions provided in Section 2.2 of the LPA Project Guide.

Please note that you are not to advertise for bids until you are notified that the project funds have been authorized and all requirements have been met.

A review of environmental status has concluded the project is subject to federal guideline in 23 CFR 771 117(c) for a Programmatic Categorical Exclusion (PCE) and will be processed accordingly.

Sincerely,

James D. Brown, PE
Division Engineer
