ALABAMA DEPARTMENT OF TRANSPORTATION
PROCEDURE FOR EVALUATION AND MAINTENANCE OF
LIST II-1
CHEMICAL ADMIXTURES FOR USE IN PORTLAND CEMENT CONCRETE

1. **Material:** Chemical admixtures for use in Portland Cement Concrete

2. **Specification:** Sections 808 and 809

3. **Jurisdiction:** Product Evaluation Board (Concrete Engineer)

4. **Job Acceptance Requirements:** No job control testing required if material comes from a listed source and performs satisfactorily. Submit samples to the Central Laboratory if the material is suspected of being inferior.

5. **Project Engineer's Responsibility:** The Project Engineer must verify that the materials are from approved sources.

6. **Producer's Initial Requirements**

   **Types A-S & Air Entraining:** Companies wishing to have products of these types evaluated for placement on this list must contact the:

   AASHTO National Transportation Product Evaluation Program (NTPEP)
   444 North Capitol Street NW, Suite 249
   Washington, D.C. 20001

   After the product is evaluated by NTPEP, and results printed in the NTPEP report, companies should furnish the Department’s Product Evaluation Engineer with the following:

   6.1 Copy of the final NTPEP report. (*Note: Admixtures may not be submitted prior to completion of the 1 year compressive strength tests.)*

   6.2 Technical data sheets to provide all pertinent information relative to the product to be evaluated, including, but not limited to: manufacturer’s specifications, mixing instruction, recommended application procedure and rate, & typical analysis.

   6.3 Materials Safety Data Sheet (MSDS).

   6.4 New Product Evaluation Form & fees, in accordance with ALDOT-355.

7. **Producer's Maintenance Requirements:** Companies with products on this list will be required to comply with the following to remain on the list:

   7.1 Produce the same quality of material as supplied for the original evaluation.

   7.2 Provide only approved materials to Department projects.

   7.3 Notify the Department within thirty (30) days of any changes in company name, product name, company address or company ownership.

   7.4 Immediately notify the Department of any changes in production of the product. Any alteration that will change the product chemically or physically will require a reevaluation of the product.

8. **Contractor's Requirements:** The prime contractor will be responsible for purchasing and using only approved materials.

9. **Removal of Products:** Products will be removed from this list for any of the following:

   9.1 Mislabeling products or substitution of products other than those originally evaluated.

   9.2 Failure to comply with any of the requirements of this procedure or Department Specifications.

   9.3 Failure to perform satisfactorily in the field.

   A continued pattern of failure of products to be within the quality control limits set in the specifications.
11. **Correspondence:** All correspondence concerning this list should be directed to the following:

   **Product Evaluation Board**
