ONLINE PUBLIC INVOLVEMENT MEETING

Project No: HSIP-0016(530)

ACCESS MANAGEMENT AND SAFETY IMPROVEMENTS US-90(SR-16)

From Swedetown Rd to Rangeline/Nevius Rd

The Alabama Department of Transportation (ALDOT) is proposing access management and safety upgrade along US-90 (SR-16) from the intersection of Swedetown Rd in Theodore to the intersection of Rangeline/Nevius Rd in Tillman's Corner. Information about this project is available to the public for review and comment. Your comments may be provided by mail, email, voicemail, or online form as described below. **Your comments on the proposed project must be received by Monday, August 30, 2021.**

Project Description

The purpose of this project is to improve traffic flow and address safety concerns by modifying access and reducing conflict points. The project will simplify and smooth the traffic flow along the corridor by reducing the number of intersections, median crossovers, and modify or remove a select number of driveways. The project will improve safety and reduce delays along US-90(SR-16) from the intersection of Swedetown Rd in Theodore to just past the intersection of Rangeline/Nevius Rd in Tillman's Corner. It will also include new islands, markings, and striping.
