

# ONLINE PUBLIC INVOLVEMENT

Project: STPAA-HSIP 0034 (502)

## Intersection Improvements on AL-34 (Cropwell Drive) and Hardwick Road (CR-45) St. Clair County

The Alabama Department of Transportation (ALDOT), in cooperation with Pell City, is proposing construction of a round-a-bout at the intersection of AL-34 (Stemley Bridge Road), Cropwell Drive and Hardwick Road (CR-45). Information about this project is available to the public for review and comment. Your comments may be provided by mail, email, voicemail, or online as described below. Your comments on the proposed project must be submitted by **July 30, 2021**

The purpose of this project is to address safety concerns caused by the configuration and traffic controls at the intersections of AL-34 and Cropwell Drive and Hardwick Road. Three legs of the AL-34 and Cropwell Drive intersection are controlled by 'STOP' signs. The left turn from AL-34 to Cropwell Drive has no traffic control. The construction of the round-a-bout would improve the operation of this intersection by channelizing the movements. This project will include roadway and drainage improvements, signs and striping.
