## US-31 and US-84 Intersection Realignment

The Alabama Department of Transportation (ALDOT) is proposing to realign and modify the intersection of SR-3 (US-31) and SR-12 (US-84) near Evergreen, Conecuh County, Alabama. Information about the project is available to the public for review and comment. Your comments may be provided by mail, email, or voicemail described below. Comments for the proposed project must be submitted by September 23, 2022.

### Project Description

US-84 intersects US-31 with an irregular triangular intersection consisting of multiple approach and departing legs. The objective of this project is to redesign/realign the intersection to a standard 3-way T-intersection, maintaining the majority of the free flow movements and rate of speed access movements while maximizing the safety of the intersection. Additional right-of-way will be required to implement the project.

### In-Person Public Meeting

An informal meeting will be held

**Thursday, September 8, 2022**

**5:00 P.M. until 7:00 P.M.**

**The Depot - Evergreen-Conecuh
