

# ONLINE PUBLIC INVOLVEMENT

## STPSU-CRPTL-6321

Resurfacing, Sidewalk Installation, Angled Parking Spaces, and Lighting on Main Avenue from 5<sup>th</sup> Street to McFarland Boulevard (SR-6/US-82) to include Intersection Improvements (Realignment of 10<sup>th</sup> Street and Adding a Turn Lane at Park Street)  
City of Northport, Tuscaloosa County

The City of Northport, along with the Alabama Department of Transportation (ALDOT), is proposing a project to enhance the streetscape on Main Avenue from 5th Street to SR-6 (US-82) and to improve the intersections of Main Avenue with 10<sup>th</sup> Street and Park Street. Information about the project is available to the public for review and comment on the following website: [ALDOTinvolved.com](http://ALDOTinvolved.com). Your comments may be provided by mail, email, phone, or on the provided website link. Comments for the proposed project must be submitted by Friday, December 8, 2023.

### LOCATION MAP

### PROJECT DESCRIPTION

The proposed project involves resurfacing, curb and gutter, traffic control markings, parking spaces, sidewalks, ADA curb ramps, lighting, drainage improvements, and additional streetscape improvements on Main Avenue from 5th Street to SR-6 (US-82). The intersection will be realigned at 10th Street and a left turn lane will be added onto Park Street to improve traffic flow and alleviate congestion at these locations. A small park area will be added within the right-of-way between 10th Street and Park Street to provide a social gathering space with outdoor seating. The project aims to improve the City's infrastructure, while providing pedestrian connectivity to the downtown district.
