Intersection Improvements at AL-10(US-231) and George Wallace Drive and Trojan Parkway

The Alabama Department of Transportation (ALDOT) is proposing to improve traffic flow and address safety concerns by modifying access and reducing conflict points near the intersection of AL-10 (US-231) and George Wallace Dr/Trojan Pkwy in Troy and Pike County. Information about the project is available to the public for review and comment. Your comments may be provided by US mail, email, or online as described below and must be submitted

Project Description

The purpose of the proposed project is to improve traffic flow and address safety concerns on this section of roadway in Pike County. The proposed work includes:

- Additional right turn lanes on George Wallace Dr and Trojan Pkwy
- Replacing the existing signal
- Redirecting traffic patterns to safer exit locations.

Online Only
