

## In-Person Public Involvement

Celeste Road (CR-41) Additional Lanes from Forest Avenue to just west of I-65  
Project No. STPMB-4919 (251)

**Get Involved!**  
**Saraland, Alabama**  
*Gateway to Progress*

The City of Saraland is proposing to widen Celeste Road (CR-41) in the City of Saraland, of Mobile County, Alabama. The proposed project would widen the existing two-lane facility to a five-lane roadway consisting of two through lanes in each direction and a center turn lane. Information about the project is available to the public for review and comment. Your comments may be provided by US mail, email, or online as described below. Comments for the proposed project must be submitted by **JANUARY 22, 2025**.

The purpose of the proposed project is to relieve traffic congestion along Celeste Road from Forest Avenue to just west of I-65 in the City of Saraland. Congestion often means stopped or stop-and-go traffic and usually relates to an excess of vehicles on a portion of the roadway at a particular time. This results in speeds that are much slower than normal or “free flow” speeds. Congestion along Celeste Road is primarily due to traffic accessing the I-65 interchange and increased commercial/residential development in the project area.
