Public Involvement – Comment Form

PLEASE PRINT

NAME: _____

ADDRESS: _____

This form is provided to receive comments regarding the planning and environmental linkage (PEL) study in Fort Payne, DeKalb County.

The purpose of this meeting is to receive input from members of the community regarding ideas for project improvements and enhancement of surrounding areas.

Please see the questions below and respond in the adjoining comment sheet. Answering these questions are optional and you are not obligated to answer any or all of them. Your comments can also be submitted by US mail, email, voicemail, or online via the website below.

Area Resident _____ Elected Official _____ Property Owner _____
Area Business _____ Government Representative _____ Other _____

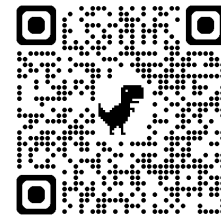

Comments must be postmarked on or before June 12th, 2026.

- What environmental resources (air, water, wildlife, historic sites) are most important to protect in your city?
- Are there areas where transportation projects have historically caused environmental challenges?
- What are the biggest transportation challenges facing residents today (congestion, safety, accessibility)?
- How do current transportation systems support—or fail to support—economic growth?
- Which corridors or areas should be prioritized for improvements?
- How do transportation projects align with the city’s land use and zoning plans?
- What development opportunities could be unlocked by improved transportation infrastructure?
- What concerns do residents most often raise about transportation projects?
- What groups or communities should be prioritized for outreach?
- What role does transportation play in attracting businesses and jobs to the city?
- How can transportation investments be leveraged to maximize economic benefits?
