South Perry Street bridge repair project awarded today

MONTGOMERY, Ala. – The Alabama Department of Transportation has awarded the project to make permanent repairs to the South Perry Street bridge over Interstate 85 South in Montgomery.

ALDOT received two bids and awarded the \$841,294.63 project to McInnis Construction, LLC, out of Summerdale, Ala.

The South Perry Street bridge will remain closed to all vehicles and pedestrians until permanent repairs are finished. Repairs are expected to last approximately three weeks.

Two lanes on I-85 South will remain open during repairs but motorists should seek alternate routes or expect delays when traveling I-85 South and be mindful of people and equipment in the area.
