Expect closures for intersection concrete work

HUNTSVILLE — The Alabama Department of Transportation advises motorists to expect lane closures for improvements at two intersections in Colbert and Franklin counties soon:

Beginning Thursday, May 18, weather permitting, the outside westbound lane and turn lane on U.S. 72 at Woodmont Drive in Tuscumbia will be closed for concrete paving. The closure will be in place until Monday, May 22.

Beginning May 22, weather permitting, lane closures will be implemented on U.S. 43 at the Walmart entrance in Russellville for concrete paving. Closures are anticipated to remain in place until Monday, June 12.

Carcel and G is the contractor on the \$2,085,619 project, which will also include improvements on Alabama 33 at Court Street in Moulton this summer. Due to wear from heavy truck traffic at these locations, some sections of pavement are being converted to concrete to increase their durability and reduce maintenance.
