

Alabama Department of Transportation Highway Safety Improvement Program (HSIP)

Call for Project policy and schedule

The ALDOT Traffic and Safety Operation Section (TSOS) will conduct a quarterly call for projects each year for use in awarding funding through the HSIP. The cycle for Calls for projects will be as listed below.

HSIP funding awarded during the Quarterly Call shall be Open Statewide competitive, and available to both local agencies as well as ALDOT Regions. Additionally, funding earmarked and assigned to each ALDOT Region may be applied in conjunction with the application to cover any cost in excess of the agency maximum.

Any project not approved for funding in each Quarterly Call for Projects will need to be resubmitted in the event the Sponsoring Agency desires for the project to be considered in a subsequent quarter.

Applications received after the deadline for each call will not be accepted for that call and will automatically be applied to the next quarter. It is highly recommended that applications be submitted as early as possible. The TSOS may start to review applications prior to the application deadline, so the early-submitted applications might get an opportunity to correct problems, if any.

Application Due Dates: July 1st, October 1st, January 1st, April 1st

*Locally sponsored projects should be submitted to the applicable Region Local Transportation Engineer no later than two weeks prior to the application due date.

Projects Award Date (respectively): August 1st, November 1st, February 1st, May 1st

Summary of Application Categories for Quarterly Call for projects

No.	Application Category/ Statewide Funding Level	Max Amount Per Agency	BCR Required?
AC#1	Reducing Rural Lane Departures (Approximately \$5,000,000.00)	\$2,000,000.00	Yes
AC#2	Intersection Related Projects (Approximately \$3,333,333.00)	\$2,000,000.00	Yes
AC#3	Safe Transportation for Every Pedestrian (STEP) (Approximately \$666,666.00)	\$200,000.00	No

- Projects awarded under this program must be reconciled with the respective Region's priority listing.
- Funding for awarded projects will remain reserved for no more than three years from the date of award without prior written approval from the TSOS.
- In the event that Federal HSIP funding is authorized and expended and the project fails to proceed, the sponsoring agency shall be responsible for repayment of federal funds.
