John R. Cooper  
Transportation Director

January 30, 2025

Mr. Lance LeFleur, Director  
Alabama Department of Environmental Management  
1400 Coliseum Boulevard  
Montgomery, Alabama 36110-2059

Attn: Mr. James Carlson, PE, Water Division

Re: **FY 2024 MS4 Annual Report**  
NPDES Permit No. ALS000006

Dear Mr. Carlson:

Attached is the Fiscal Year 2024 annual report for the ALDOT MS4 Stormwater Management Program (SWMP). This submission is in compliance with Part IV of the ALDOT MS4 permit (NPDES Permit No. ALS000006) reissued on September 30, 2019. The report details the MS4-applicable actions performed by ALDOT and the status of each activity designated by the SWMP Plan (SWMPP) during the period of October 1, 2023, to September 30, 2024. The report applies to the SWMPP versions dated January 30, 2023, and January 30, 2024, respectively, which were in effect during FY 2024. A revision of the SWMPP is being submitted under a separate cover; SWMPP modifications are explained in the annual report.

If you should have any questions concerning the report or wish to discuss any of the content in the report, please contact Dr. Scott Rogers, Environmental Coordination Engineer, at (334) 353-6214.

Sincerely,

Edward N. Austin, PE  
Chief Engineer

ENA/KML/SCB/ASA/SWR

Attachment: FY 2024 MS4 Annual Report

**ALABAMA DEPARTMENT OF TRANSPORTATION  
MS4 STORMWATER MANAGEMENT PROGRAM  
NPDES Permit No. ALS000006**

**ANNUAL REPORT  
Fiscal Year 2024**

**I. Introduction**

**A. Background**

The U.S. Environmental Protection Agency (EPA) regulates urban stormwater management under the National Pollutant Discharge Elimination System (NPDES). Urban stormwater collects in, flows through, and discharges from a “municipal separate storm sewer system” (MS4). Thus, EPA refers to the mechanism for regulated urban stormwater management as the “MS4 program.” The Alabama Department of Environmental Management (ADEM) carries out the MS4 program at the state level and regulates urban stormwater management for qualifying public entities in Alabama. (The acronym “MS4” can also refer to such a public entity.)

In 2013, ADEM issued to the Alabama Department of Transportation (ALDOT) an individual MS4 permit (NPDES No. ALS000006) covering ALDOT’s MS4-applicable activities throughout Alabama. This MS4 permit was designed specifically for ALDOT and replaced regulatory coverage of ALDOT under MS4 permits issued previously. After a full five-year permit term and an administrative continuation, ADEM reissued this MS4 permit to ALDOT with some modifications on September 30, 2019. (Hereinafter, the 2019 version of the MS4 permit will be referred to as simply “the Permit.”) The Permit went into effect on October 1, 2019, and was intended to stay in effect for a term of five years (i.e., through September 30, 2024). The Permit was administratively continued by ADEM after that five-year term ended and remains in effect as of the writing of this document.

The Permit applies to areas of the state as specified by Permit item I.A. Requirements of the Permit largely fall under six minimum control measures: Structural Controls Operation, Public Education & Public Involvement (PEPI), Illicit Discharge Detection & Elimination (IDDE), Construction Site Stormwater Runoff Control, Post-Construction Stormwater Management, and Pollution Prevention / Good Housekeeping (PPGH). In addition, the Permit also contains specific MS4 monitoring requirements.

ALDOT developed a stormwater management program (SWMP) to address the requirements of the Permit and other MS4 stormwater management objectives. The document containing details of the SWMP is the “Stormwater Management Program Plan” (SWMPP). The SWMPP explains the ALDOT MS4 stormwater management activities to be conducted over the Permit term, the ALDOT parties associated with particular activities, the goals corresponding to the activities for the Permit term, and the intended timeframes for the completion of activities. The first version of the SWMPP applicable to the term of the Permit was submitted to ADEM on June 30, 2020. Previously, five revisions of the SWMPP (dated January 29, 2021, April 27, 2021, January 10,

2022, January 30, 2023, and January 30, 2024, respectively) were prepared. MS4-applicable activities performed by ALDOT during Fiscal Year (FY) 2024 pertain to either the January 2023 version or the January 2024 version of the SWMPP, depending on when activities took place. However, these revisions were minor as ALDOT has not modified its SWMP in any substantial way since the development of the first SWMPP version, so the importance of an activity's applicability to a given SWMPP version is small. Another minor SWMPP revision (dated January 30, 2025) has been prepared; it will be in effect during the balance of FY 2025.

## **B. Purpose of the Annual Report**

ALDOT provides updates with respect to SWMPP implementation through annual reporting. As required by Permit item IV.A.1, ALDOT is to submit an annual report to ADEM by January 31 of each year the Permit is in effect. Each annual report is to cover the previous fiscal year (i.e., October 1 – September 30). Generally, the material included in the report is governed by items IV.A.4 and IV.B of the Permit.

This document is the annual report covering FY 2024 (i.e., October 1, 2023 – September 30, 2024). MS4-applicable stormwater management actions ALDOT performed during FY 2024 and the statuses of SWMPP-identified activities during FY 2024 are explained in Part II of this report. Part III of this report provides ALDOT's evaluation of its SWMP given actions performed and data collected through the end of FY 2024. In Part IV, the future direction of the SWMP is discussed; the discussion in part addresses modifications made to the SWMPP upon review of FY 2024 activities. Appendices that contain information to supplement Parts II through IV are included in this annual report as well. The appendix structure used in this report is designed to largely mirror that of the SWMPP in order to facilitate connectivity between the SWMPP and this report.

## **II. Actions Performed & Statuses of Activities during FY 2024**

In this section, summaries of FY 2024 actions and statuses are presented for each SWMPP activity category. Emphasis is placed on certain actions and statuses rather than on others, as judged appropriate. A comprehensive list of SWMPP activities with corresponding FY 2024 actions and statuses is provided in Appendix A to supplement the discussion that follows. The list also contains expected tracking data for activities as well as references for finding additional information.

### **A. Stormwater Management Program Plan**

ALDOT modified the SWMPP during FY 2024 by preparing the January 2024 revision, as indicated above. Explanations of those modifications are provided in Part IV of this report.

The timely submission of this annual report will satisfy the annual report submission requirement for Calendar Year 2025. Annual reports for the Permit term to date have been submitted on time.

## B. Structural Controls Operation

Though inspections of structural BMP systems and maintenance recommended based on structural BMP inspections were performed prior to FY 2024, no structural BMP systems on inventory were due for inspection during FY 2024. Section II.F below discusses post-construction stormwater management actions as well.

## C. Public Education & Public Involvement

ALDOT continued its successful anti-litter public awareness campaign in FY 2024. During FY 2024, 73 radio stations and 14 television stations throughout Alabama broadcasted a campaign public service announcement (PSA). Two messages with PSA-related content were published on the “Drive Safe Alabama” Facebook page, and two PSA-related messages were published on the “Drive Safe Alabama” Twitter (i.e., “X”) account. PSA coverage and demographic reach information can be found in Appendix C. Beyond that public awareness campaign, the ALDOT West Central Region brought additional attention to motorist litter issues by holding “Spring Clean Day” in April 2024; the press release issued by ALDOT and a sample article from a media outlet resulting from the press release are provided in Appendix C.

ALDOT also provided ongoing anti-litter public awareness for motorists by means of signage posted on ALDOT roadways throughout the state. During FY 2024, 755 anti-litter signs were active on ALDOT roadways across all ten ALDOT Areas. A breakdown of signs posted by ALDOT Area is given in Appendix C.

ALDOT renewed its agreements with Alabama People Against a Littered State (PALS) and Keep Alabama Beautiful (KALB) to cover FY 2024 and FY 2025; the renewed agreements can be found in Appendix C. ALDOT contributed \$295,000 to PALS and \$250,000 to KALB for FY 2024 activities. Activities conducted by PALS and KALB were in line with expectations set by contracts with ALDOT; Appendix C includes activity reports submitted by PALS and KALB that were reviewed by ALDOT. When ALDOT District personnel noted a litter issue in a particular area, ALDOT followed up with PALS and KALB to determine if litter control activities are being performed in that area. Regarding the PALS Adopt-a-Mile program specifically, 922 parties were active participants performing litter pickup on a total of 934.53 miles of roadway as of the end of FY 2024; a breakdown by ALDOT Region of roads adopted is provided in Appendix C.

Beyond addressing litter, ALDOT continued activities addressing the other target pollutants (i.e., sediment, herbicide, and chemicals and waste materials) as well during FY 2024. ALDOT carried out its Qualified Credentialed Inspector (QCI) training, vegetation management training, and typical good housekeeping training for support facility employees. Outcomes of these training activities are discussed below in Section II.E and Section II.G, and Appendix C provides specific information related to those outcomes.

ALDOT’s funding of stormwater management-related university research continued in FY 2024. Ten research projects were actively supported during FY 2024. Appendix C gives a list of

research projects funded by ALDOT during and prior to FY 2024; the total ALDOT funding amount for each supported project is provided.

ALDOT maintained significant interaction with the citizens in communities throughout Alabama during FY 2024. Citizen use of ALDOT's online Environmental Concern Submission Form continued to increase, which ALDOT attributes to the FY 2021 Web site revision that provided heightened visibility and accessibility. One hundred fifty environmental concerns were submitted by citizens using the Environmental Concern Submission Form during FY 2024. Details about the citizen reports and follow-up actions can be found in Appendix C.

ALDOT's use of social media to advance public awareness continued during FY 2024. By the end of FY 2024, all five ALDOT Regions had Twitter (i.e., "X") accounts that, combined, had thousands of followers. Region Twitter accounts posted multiple stormwater/ environmental messages during FY 2024. Also, two Regions had Facebook accounts with thousands of followers in total. In addition, the ALDOT-owned "Drive Safe Alabama" Facebook account had thousands of followers during FY 2024, and the "Drive Safe Alabama" Twitter account had hundreds of followers. Appendix C provides more details about ALDOT's FY 2024 social media activities.

Regarding engagement at the local level during FY 2024, one meeting with the Coliseum Boulevard Plume community outreach group was held. ALDOT participated in collaboration opportunities through involvement with the Baldwin County MS4 Planning Committee as well as maintained its anti-litter collaboration with the City of Mobile and Mobile area stakeholders through the Litter-Free Mobile Task Force. Moreover, ALDOT maintained cooperative maintenance agreements with various municipalities and counties so that those local authorities could perform litter pickup on ALDOT property. Additional details about ALDOT's local-level activities are given in Appendix C.

ALDOT continued to be an integral member of the Alabama Stormwater Association (ASA) in FY 2024 by playing a significant role in facilitating two virtual seminars. Two ALDOT employees served on the ASA board of directors during FY 2024. ALDOT's involvement in ASA is further detailed in Appendix C.

ALDOT participated in the environmental-oriented efforts of several professional organizations during FY 2024. Employees represented ALDOT as members of International Erosion Control Association (IECA), the American Society of Civil Engineers, the Alabama Chapter of the Soil and Water Conservation Society, and other organizations. ALDOT participation in professional organizations is further explained in Appendix C.

Regarding additional education opportunities for ALDOT personnel, ALDOT employees participated in at least 20 professional educational events (e.g., conferences, seminars, workshops) during FY 2024. Appendix C provides a table with these events listed and the ALDOT attendance information for each event.

#### D. Illicit Discharge Detection & Elimination

During FY 2024, ALDOT continued its review of the major outfall inventory and continued the major outfall dry-weather screening applicable to the Permit term. Outfalls on inventory in the Jefferson/Shelby County MS4 area as well as for Birmingham Area Office / Birmingham District Office and Calera District Office were reviewed; no major outfalls were added to or removed from the inventory. All accessible major outfalls reviewed were also screened; no possible illicit discharge was observed. A summary of inventory and screening activities relevant to the Permit can be found in Appendix D.

Seven possible illicit discharges were reported to ALDOT personnel by citizens, and one additional possible discharge was detected by ALDOT personnel. Details about the citizen concern submissions can be found in the environmental concerns log given in Appendix C. The possible illicit discharges were addressed in accordance with the SWMPP.

#### E. Construction Site Stormwater Runoff Control

In FY 2024, ALDOT continued to oversee Construction General Permit coverage and compliance as described in the SWMPP. There were 19 active, permitted construction projects in MS4 areas during FY 2024. Those projects are listed in a table provided in Appendix E.

ALDOT received four concern reports relating to construction site stormwater runoff control during FY 2024. Two concerns were not related to ALDOT construction activity, and the other two concerns were addressed in accordance with the SWMPP. More details about the concerns are given in the environmental concerns report log in Appendix C.

As noted in Section II.C above, QCI training was conducted during FY 2024. ALDOT facilitated QCI recertification training for 354 employees and 172 other individuals over four virtual sessions as well as provided the means for 64 employees to obtain initial QCI certification. More information about QCI training is provided in Appendix C.

#### F. Post-Construction Stormwater Management

As noted above in Section II.B, no structural BMP systems on inventory were due for inspection during FY 2024. However, BMP systems were added to inventory during FY 2024, as appropriate and in accordance with the SWMPP.

#### G. Pollution Prevention / Good Housekeeping

Eighteen support facilities were inspected during FY 2024, and the deficiencies noted during inspections were resolved or are in the process of resolution in accordance with facility SPCC Plans. The facility inspections performed and deficiencies observed during inspections are summarized in a table included in Appendix G. No significant revision of the ALDOT-wide support facility SPCC program was made during FY 2024, and no individual facility SPCC Plan was significantly revised.

With respect to support facility good housekeeping training, sessions covering SPCC, universal waste, GHS, and other related topics were conducted at ALDOT support facilities during FY 2024. Appendix C provides a table that indicates the dates of sessions held at specific support facilities for particular types of training along with the number of employees attending each session.

Regarding transportation facility PPGH, applicable maintenance activities (i.e., litter pickup, snow and ice control, drainage structure maintenance, erosion control, and herbicide treatment and surveillance) continued to be performed in manners intended to reduce the potential for negative stormwater runoff impacts during FY 2024. Of note, full-width litter pickup was performed on 6,146.58 shoulder miles throughout Alabama, and 3,726 instances of spot litter pickup occurred as indicated by completed work reports. Other total activity work amounts are given in a table in Appendix G.

As noted above in Section II.C, vegetation management training continued throughout FY 2024. Nine sessions of the vegetation management training course were held for 236 ALDOT and 80 non-ALDOT participants in all. Details about individual vegetation management training course sessions are provided in a table in Appendix C. Agendas for this training (for Calendar Years 2023 and 2024) are also provided in Appendix C. Four vegetation management training newsletters were distributed during FY 2024. In addition, a total of 32 employees over seven sessions held during FY 2024 participated in the “Review for Commercial Applicator Examination” course.

#### H. MS4 Monitoring

In FY 2024, ALDOT continued field implementation of the MS4 monitoring visual observation strategy. Two dry-weather observations and one wet-weather observation were conducted at all six selected monitoring locations in accordance with the visual observation strategy developed. Observation outcomes continued to indicate that runoff flow paths on ALDOT property are well-vegetated overall and do not experience noteworthy erosion. Thus, the monitoring efforts have produced no evidence that ALDOT is a significant contributor to the pollution of waters for which sediment or turbidity is a pollutant of concern. More details about the MS4 monitoring activities conducted during FY 2024 are provided in Appendix H.

### **III. Evaluation of the Stormwater Management Program**

The proficiency that ALDOT demonstrated in conducting MS4 activities throughout the five-year Permit term indicates that ALDOT is experiencing sustained SWMP success which began in the previous MS4 permit term and was carried over to the term of the Permit. Also, ADEM conducted a comprehensive audit of ALDOT’s SWMP during FY 2021 that resulted in no significant program deficiencies being noted, further validating the sustained success of the SWMP.

ALDOT’s evaluation of its MS4 program based on the accomplishments of the five-year Permit term follows.

## A. Overall Program Compliance Status

Actions expected by either the Permit or the SWMPP to be performed during FY 2024 and during the previous years of the Permit term were performed by ALDOT when possible. The COVID-19 pandemic prevented some activities from taking place and reduced the amounts of other activities performed, but the pandemic caused no unmitigated compliance issues during the Permit term.

## B. Major Findings Resulting from the Program

The ALDOT PEPI program continues to be robust. The anti-litter public awareness campaign, anti-litter signage, and fully-deployed watershed boundary signage are strategically targeting citizen motorists at a large scale. The accomplishments of PALS and KALB demonstrate the importance of ALDOT's ongoing support of external anti-litter campaigns to supplement ALDOT's own anti-litter efforts. ALDOT's online exposure and communication via social media with the public continue to increase. The major revision of the ALDOT Web site during FY 2021 was a significant step forward in terms of functional online connection with citizens, as evidenced by the remarkable uptick in citizens using the Environmental Concern Submission Form. ALDOT continues to connect with citizens and with other MS4s at the local level through partnerships such as the Litter-Free Mobile Task Force and through participation in organizations like the Alabama Stormwater Association. The established QCI training and vegetation management training conducted by ALDOT continues to be set up to provide both employees and non-employees training well-regarded by the stormwater professional community.

Findings from environmental concerns submitted by citizens, major outfall screening, and good housekeeping on ALDOT property continue to indicate no major or widespread deficiencies in ALDOT MS4 stormwater management practices. The visual observation strategy for MS4 monitoring is, to date, providing additional support that ALDOT's stormwater management practices are sufficient in preventing pollutants of concern from entering natural waters.

## C. Program Strengths & Weaknesses

Well-established, MS4-applicable activities continue to be noteworthy strengths of the ALDOT SWMP. In particular, education of employees, education of the public, involvement with the public, construction stormwater management, PPGH for transportation facilities, and IDDE-motivated major outfall inventory and screening are typically conducted in highly proficient manners and usually achieve expected outcomes or even outcomes beyond those that are required by the Permit. PPGH procedures for ALDOT support facilities continue to be implemented smoothly overall under the formalization that took place during the previous MS4 permit term.

With fully operational BMPs on the post-construction stormwater management BMP inventory, the first official inspections of BMPs occurred during FY 2023. The outcomes of the BMP inspections provide validation of the viability of the inspection procedures in assessing the condition of a given BMP. Further implementation of the procedures is needed to determine if they are indeed adequate for the broad spectrum of BMPs that will be fully operational in time.

Field implementation of the visual observation strategy for MS4 monitoring has shown promise. ALDOT has seen the advantages of examining monitoring locations from a “big picture” perspective rather than trying to discern ALDOT’s contribution or lack of contribution to receiving water pollution based on noisy numerical data.

#### D. Overall Program Effectiveness

No evidence has emerged to refute ALDOT’s prior assessment that its established SWMP practices are meeting MS4 regulatory requirements as well as ALDOT’s stormwater management objectives in a sustained manner.

### **IV. Future Direction of the Program**

ALDOT has no reason to develop a major revision of the June 2020 version of the SWMPP given the sustained success of the ALDOT MS4 program and an expected MS4 permit reissuance with the five-year Permit term now completed. However, relatively minor SWMPP modifications are needed occasionally, which is why two revisions of the SWMPP were prepared during FY 2021, one revision was prepared during FY 2022, one revision was prepared during FY 2023, one revision was prepared during FY 2024, and another revision is being submitted with this annual report. Modifications made in the January 2024 revision of the SWMPP were discussed in the FY 2023 annual report. The SWMPP modifications made since the January 2024 revision are the following:

- updates of statuses of activities in light of FY 2024 outcomes,
- updates of ALDOT MS4 point-of-contact information because of personnel reassignments that occurred,
- the renewed PALS and KALB agreements discussed in Section II.C, and
- corrections of any detected inadvertent misstatements, grammatical issues, and aesthetic issues.

ALDOT will modify the SWMPP again appropriately as other needs arise.

## **Appendix A:**

### **Supplemental Material for Section II.A**

ALDOT MS4 Stormwater Management Activities:  
Fiscal Year 2024 Actions & Statuses Summary

## ALDOT MS4 Stormwater Management Activities: Fiscal Year 2024 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2024	Supplemental Information
<b>Stormwater Management Program Plan</b>					
II.A.1; II.A.2; II.C.1; II.C.2	Stormwater Management Program Plan (SWMPP)	State Design Engineer	Develop SWMPP. Revise SWMPP as needed throughout Permit term.	SWMPP developed. Five revisions (dated 01/29/2021, 04/27/2021, 01/10/2022, 01/30/2023, and 01/30/2024, respectively) submitted during the Permit term. Another revision (dated 01/30/2025) will be submitted concurrently with this report.	All citations of the SWMPP below refer to the 01/30/2023 version or the 01/30/2024 version, as applicable. See Part IV for explanations of modifications found in the 01/30/2025 version of the SWMPP.
IV.A.1; IV.A.2; IV.A.4; IV.B	MS4 annual reports	State Design Engineer	Compile and submit to ADEM an annual report for the previous fiscal year by January 31 of every year during which Permit is in effect.	Annual report for FY 2024 compiled and submitted to ADEM on time. All annual reports submitted on time during Permit term.	
<b>Structural Controls Operation</b>					
II.B.1.b.1; II.B.1.c; II.B.1.d.1	Inventory & map of structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Develop inventory forms. Update inventory with fully operational structural BMPs. Develop map depicting structural BMP locations; update map as structural BMPs become fully operational.	No significant revision of electronic inventory form during FY 2024. Inventory updated with fully operational BMPs, as needed, throughout FY 2024.	See SWMPP (App. F) for "ALDOT Post-Construction BMP Inventory Form."
II.B.1.b.2; II.B.1.b.3; II.B.1.c; II.B.1.d.1	Inspection of structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Develop a checklist (inspection form) for structural BMP inspection. Inspect each structural BMP after fully operational at least once every 2 years. Track inspections of structural BMPs performed.	No significant revision of electronic inspection form during FY 2024. No structural BMP systems due for inspection during FY 2024.	See SWMPP (App. F) for "ALDOT Post-Construction BMP Inspection Form."
II.B.1.b.3; II.B.1.b.4; II.B.1.b.5; II.B.1.c; II.B.1.d.1; II.B.1.d.2	Maintenance of structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Develop a checklist for structural BMP inspection maintenance. Stabilize eroded areas of structural BMPs as needed. Remove sediment and debris from structural BMPs as needed. Track maintenance work reports completed for each structural BMP.	No significant maintenance performed. (No structural BMP systems due for inspection during FY 2024.)	
<b>Public Education &amp; Public Involvement</b>					
II.B.2.a; II.B.2.c.1	Implementation of ALDOT Public Education & Public Involvement (PEPI) program	Media & Community Relations Bureau Chief; State Design Engineer; State Maintenance Engineer; State Construction Engineer; Materials & Tests Engineer; Training Bureau Chief; Computer Services Bureau Chief; Region Engineers	Implement PEPI program in areas served by the ALDOT MS4. Adjust program as needed.	Program implementation ongoing. No major program adjustments during FY 2024.	See SWMPP (c. 3) for a description of the PEPI program.

ALDOT MS4 Stormwater Management Activities:  
Fiscal Year 2024 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2024	Supplemental Information
II.B.2.b.1; II.B.2.b.3; II.B.2.b.4.a; II.B.2.c.2	Mechanism(s) to provide public with stormwater management information & opportunities for involvement	State Design Engineer; Computer Services Bureau Chief; Region Engineers	Maintain stormwater management content on the ALDOT Web site. Post stormwater/environmental messages online via Twitter, as appropriate. Track the number of MS4-applicable Twitter messages posted.	ALDOT Web site (including environmental-oriented pages) maintained during FY 2024. Stormwater management content published on Web site and updated as necessary. 5 ALDOT Regions had Twitter ("X") accounts during FY 2024; total number of followers of ALDOT Region Twitter accounts in the thousands. Region Twitter accounts posted multiple stormwater/ environmental messages during FY 2024. The "Drive Safe Alabama" Twitter account had hundreds of followers and posted 2 stormwater/ environmental messages during FY 2024. ALDOT established an agency-level Facebook account during FY 2024 which gained hundreds of followers and posted 2 environmental-oriented messages. 2 ALDOT Regions had Facebook accounts with thousands of followers in total in FY 2024. The Southwest Region Facebook account posted 3 environmental-oriented messages during FY 2024. The "Drive Safe Alabama" Facebook account had thousands of followers and posted 2 environmental-oriented messages during FY 2024.	See App. C for "ALDOT Miscellaneous Community Outreach Activities: Fiscal Year 2024" for Twitter and Facebook activity summaries. See SWMPP (App. C) for a sample of typical ALDOT stormwater/environmental Twitter messages.
II.B.2.b.1; II.B.2.b.3; II.B.2.b.4.a.i; II.B.2.b.4.a.ii; II.B.2.b.4.a.iv; II.B.2.c.2; II.B.2.d	Publish SWMPP & MS4 annual reports online	State Design Engineer; Computer Services Bureau Chief	Publish SWMPP and annual reports on the ALDOT Web site.	Version of SWMPP in effect and previous annual report (for FY 2023) published on the ALDOT Web site during FY 2024.	Web site location of SWMPP and annual report as of the end of FY 2024: <a href="https://www.dot.state.al.us/programs/ms4.html">https://www.dot.state.al.us/programs/ms4.html</a>
II.B.2.b.1; II.B.2.c.2	Mechanism to engage public in the development of SWMPP	State Design Engineer; Computer Services Bureau Chief	Encourage citizens to express concerns about ALDOT's SWMP through the Environmental Concern Submission Form (accessible through the ALDOT Web site).	Environmental Concern Submission Form in use to receive citizen concerns; citizen use continued to increase during FY 2024. Encouragement to express SWMP concerns provided on ALDOT Web site.	Web address of form as of the end of FY 2024: <a href="https://www.dot.state.al.us/programs/EnvironmentalConcernForm.html">https://www.dot.state.al.us/programs/EnvironmentalConcernForm.html</a>
II.B.2.b.2	Identification of potential pollutants to be targeted by PEPI program	Media & Community Relations Bureau Chief; State Design Engineer; State Construction Engineer; State Maintenance Engineer; Materials & Tests Engineer; Region Engineers	Identify potential pollutants.	No change in potential pollutants (litter, sediment, herbicide, and chemicals & waste materials) identified.	See SWMPP (s. 3.2) for discussion regarding pollutant identification.

ALDOT MS4 Stormwater Management Activities:  
Fiscal Year 2024 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2024	Supplemental Information
II.B.2.b.3; II.B.2.b.4.a.i; II.B.2.b.4.a.ii; II.B.2.b.4.a.iv; II.B.2.c.3; II.B.2.c.4	Coordination with anti-litter organizations to support litter awareness campaigns & litter pickup activities	State Maintenance Engineer	Maintain agreement with at least one organization throughout Permit term. Track funding of anti-litter organizations (for PSAs, brochures, litter pickup logistics, etc.). Review activities conducted by anti-litter organization(s) supported. Track participation metrics (i.e., applications, participant totals, miles adopted) while an ALDOT-Alabama PALS agreement is in effect.	Agreements with Alabama PALS and Keep Alabama Beautiful renewed to cover FYs 2024-2025. \$295,000 contributed to PALS during FY 2024. \$250,000 contributed to Keep Alabama Beautiful during FY 2024. Activity information sent by PALS and KALB for FY 2024 reviewed. Activities conducted by PALS and KALB were in line with contract expectations. When ALDOT District personnel noted a litter issue in a particular area, ALDOT followed up with PALS and KALB to determine if litter control activities are being performed in that area. During FY 2024, ALDOT processed 29 applications made by parties to participate in the PALS Adopt-A-Mile program. At the end of FY 2024, 922 parties were participating in Adopt-A-Mile, and 934.53 miles had been adopted.	See App. C and SWMPP (App. C) for PALS and Keep Alabama Beautiful agreements. See App. C for details of PALS and Keep Alabama Beautiful FY 2024 activities and listings of route segments adopted through the PALS Adopt-A-Mile program.
II.B.2.b.3; II.B.2.b.4.a.i; II.B.2.b.4.a.ii; II.B.2.b.4.a.iv; II.B.2.c.3; II.B.2.c.4	Facilitation of an ALDOT anti-litter public awareness campaign	Media & Community Relations Bureau Chief	Continue implementation of the ALDOT public awareness campaign centered around anti-litter PSA. Track TV and radio ads with campaign content produced, social media posts related to campaign, and press releases related to campaign.	PSA strategy continued into FY 2024. Anti-litter PSA broadcasted by 73 radio stations and 14 TV stations throughout Alabama during FY 2024. 2 messages with PSA-related content posted on "Drive Safe Alabama" Facebook and Twitter (X)accounts.	See App. C for PSA coverage and demographic reach information.
II.B.2.b.3; II.B.2.b.4.a.i; II.B.2.b.4.a.ii; II.B.2.b.4.a.iv; II.B.2.c.4	ALDOT signage with anti-litter messaging for motorists	State Maintenance Engineer	Maintain sign designs and guidelines for sign placement. Track total anti-litter signs deployed in each ALDOT Area.	Sign designs and placement guidelines maintained. 755 anti-litter signs active during FY 2024. Signs distributed among all 10 ALDOT Areas.	See App. C for "ALDOT Active Anti-Litter Signage: Fiscal Year 2024."
II.B.2.b.3; II.B.2.b.4.a.iii; II.B.2.c.2; II.B.2.c.3	Mechanism for citizen reporting of stormwater management-related concerns	State Design Engineer; Computer Services Bureau Chief	Maintain the Environmental Concern Submission Form (accessible through the ALDOT Web site) to receive citizen concerns. Track reports received from the Environmental Concern Submission Form.	Environmental Concern Submission Form maintained. 150 issues reported via Environmental Concern Submission Form during FY 2024. 9 additional issues reported using environmental contact means found on the ALDOT Web site. Citizen reporting continued to increase during FY 2024. Concerns submitted addressed appropriately.	See App. C for "ALDOT Environmental Concerns Log: Fiscal Year 2024."
II.B.2.b.4.a.i; II.B.2.b.4.a.ii; II.B.2.b.4.a.iv; II.B.2.c.4	ALDOT signage notifying motorists of watershed boundaries	State Maintenance Engineer	Maintain watershed boundary sign designs and guidelines for sign placement. (Deployment depends on availability of ADEM funding.) Track signs deployed.	Deployment of signs completed prior to FY 2024. Upon completion of deployment, 34 signs in total had been posted at the boundaries of 10 watersheds.	
II.B.2.b.4.a.iv	Support of environmental restoration activities	State Design Engineer	Track support (funding, logistics, insight, etc.) of environmental restoration activities.	No support given so far during the Permit term.	
II.B.2.b.4.b; II.B.2.b.4.c; II.B.2.c.3; II.B.2.c.4	Construction stormwater awareness program	State Construction Engineer; Training Bureau Chief	Implement QCI training program. Track employees participating in QCI initial certification course. Track sessions of QCI recertification course facilitated and participants in each session.	Program implementation ongoing. 64 employees underwent initial QCI certification in FY 2024. 4 sessions of QCI recertification training were facilitated during FY 2024; these sessions had 354 ALDOT and 172 non-ALDOT attendees in total.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2024" and "ALDOT QCI Recertification Training: Fiscal Year 2024."

ALDOT MS4 Stormwater Management Activities:  
Fiscal Year 2024 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2024	Supplemental Information
II.B.2.b.4.b; II.B.2.b.4.c; II.B.2.c.3; II.B.2.c.4	Vegetation management training program	State Maintenance Engineer; Training Bureau Chief	Implement vegetation management training program. Track vegetation management training sessions facilitated and the participants in each session. Track "Review for Commercial Applicator Examination" course sessions facilitated and employees participating in each session. Track vegetation management training newsletters distributed.	9 sessions of vegetation management training (with 236 ALDOT and 80 non-ALDOT participants in all) facilitated during FY 2024. 7 sessions of the "Review for Commercial Applicator Examination" course (with 32 employee participants in all) held during FY 2024. 4 newsletters distributed during FY 2024.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2024," for "ALDOT Vegetation Management Training Course: Fiscal Year 2024," and for session agendas for CYs 2023 and 2024. See SWMPP (App. C) for example newsletter.
II.B.2.b.4.c; II.B.2.c.4	Support facility good housekeeping training program	Materials & Tests Engineer; Region Engineers	Implement good housekeeping training program for support facility employees. Track good housekeeping training sessions facilitated and employees participating in each session.	During FY 2024, 20 sessions of SPCC training, 20 sessions of universal waste training, 20 sessions of GHS training, and 3 sessions of hazardous materials training for Area coordinators were held. In all, 294 employees participated in SPCC training, 294 employees participated in universal waste training, 294 employees participated in GHS training, and 3 employees participated in the hazardous materials training for Area coordinators.	See App. C for "ALDOT MS4 Support Facility Employee Good Housekeeping Training: Fiscal Year 2024."
II.B.2.c.3	Support & funding of academic research projects	Research & Development Engineer	Track particular projects actively supported by ALDOT and amounts of funding provided for those projects.	10 projects actively supported during FY 2024.	See App. C for "ALDOT Stormwater Management Research: Fiscal Year 2024."
II.B.2.c.3; II.B.2.c.4; II.F.1.b	Efforts to coordinate or collaborate with other MS4s	State Design Engineer; State Maintenance Engineer; Region Engineers	Track ALDOT coordination or collaboration with other MS4s.	During FY 2024, ALDOT participated in multiple activities intended to promote coordination or collaboration between ALDOT and other MS4s.	See App. C for "ALDOT MS4 Coordination Activities: Fiscal Year 2024."
II.B.2.c.4	Participation in professional educational events (e.g., conferences, seminars, workshops) in which employees participate	Training Bureau Chief	Track events with ALDOT participation.	ALDOT participated in at least 20 events during FY 2024.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2024."
II.B.2.c.4	Youth education activities with ALDOT participation	Media & Community Relations Bureau Chief; State Design Engineer; State Maintenance Engineer; Region Engineers	Track activities with ALDOT participation.	During FY 2024, ALDOT personnel conducted 3 youth education activities.	See App. C for "ALDOT Youth Education Activities: Fiscal Year 2024."
II.B.2.c.4	Internal MS4 awareness mechanisms for employees	State Design Engineer; State Construction Engineer; State Maintenance Engineer	Track mechanisms employed.	During FY 2024, ALDOT conducted 2 activities to promote internal MS4 awareness.	See App. C for "ALDOT Internal MS4 Awareness Activities: Fiscal Year 2024."

ALDOT MS4 Stormwater Management Activities:  
Fiscal Year 2024 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2024	Supplemental Information
II.B.2.c.4	Significant participation in environmental-related efforts of applicable professional organizations	Media & Community Relations Bureau Chief; State Design Engineer; State Maintenance Engineer; State Construction Engineer; Materials & Tests Engineer; Training Bureau Chief; Region Engineers	Track efforts of professional organizations in which ALDOT participated.	ALDOT participated with multiple professional organizations in various ways during FY 2024.	See App. C for "ALDOT Participation with Professional Organizations: Fiscal Year 2024."
II.B.2.c.4	Participation in community outreach meetings	Media & Community Relations Bureau Chief	Track meetings with ALDOT participation.	ALDOT participated in 1 community outreach group meeting during FY 2024.	See App. C for "ALDOT Community Outreach Group Meetings: Fiscal Year 2024."
<b>Illicit Discharge Detection &amp; Elimination</b>					
II.B.3.a.1; II.B.3.b.4	Updating of MS4 major outfall inventory & maps	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Update major outfall inventory after ad hoc outfall identification efforts. Update existing maps annually with major outfalls added to inventory.	Inventory review conducted for Jefferson/Shelby County MS4 area as well as for Birmingham Area Office / Birmingham District Office and Calera District Office during FY 2024. No major outfalls added to inventory.	See App. D for "ALDOT Major Outfall Inventory & Screening Summary."
II.B.3.a.2	Implement non-stormwater discharge policies & procedures	State Maintenance Engineer	Implement policies and procedures.	Implementation of established policies and procedures ongoing.	
II.B.3.a.3; II.B.3.b.3	IDDE training for ALDOT personnel	State Maintenance Engineer	Develop training program. Conduct training once per calendar year.	IDDE inventory and screening activities delegated to consultant to date; consultant handles training internally. ALDOT field personnel received general IDDE orientation by attending the annual Maintenance Management Meeting and through other training offerings.	See SWMPP (s. 4.7) for discussion regarding IDDE training.
II.B.3.a.4; II.B.3.b.2	Dry-weather screening of major outfalls	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Screen each major outfall at least once during Permit term. If an outfall is located within a "priority area," screening will be conducted at a frequency appropriate for specific conditions. If a flow is observed during outfall screening, source tracing/identification and reporting procedures will be implemented. Track major outfalls screened during each fiscal year.	All major outfalls screened in the Jefferson/Shelby MS4 area as well as at the Birmingham Area Office / Birmingham District Office and Calera District Office during FY 2024. No possible illicit discharge observed.	See App. D for "ALDOT Major Outfall Inventory & Screening Summary."
II.B.3.a.5	Source tracing procedure for possible illicit discharges	State Maintenance Engineer	Implement source tracing procedure.	Implementation of established tracing procedure ongoing.	See SWMPP (s. 4.4) for discussion regarding tracing procedure.
II.B.3.a.6	Indicator monitoring strategy for evaluating possible illicit discharges	State Maintenance Engineer	Implement indicator monitoring strategy.	Implementation of established monitoring strategy ongoing.	See SWMPP (s. 4.4) for discussion regarding monitoring strategy.
II.B.3.a.7	Procedures to notify ADEM of possible illicit discharges originating from sources adjacent to the ALDOT MS4	State Maintenance Engineer	Implement notification procedures.	Implementation of established notification procedures ongoing.	See SWMPP (s. 4.6) for discussion regarding reporting procedures.

ALDOT MS4 Stormwater Management Activities:  
Fiscal Year 2024 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2024	Supplemental Information
II.B.3.a.8	Mechanism for citizen reporting of possible illicit discharges	State Design Engineer; Computer Services Bureau Chief	Maintain the Environmental Concern Submission Form (accessible through the ALDOT Web site) to receive citizen concerns.	Environmental Concern Submission Form in use to receive citizen concerns.	
II.B.3.b.5	Recordkeeping of possible illicit discharges reported / discovered	State Design Engineer	Track reports processed and follow-up actions taken.	8 reports of possible illicit discharges received by ALDOT personnel. Possible illicit discharges investigated, addressed, and tracked in accordance with SWMPP.	See App. C for "ALDOT Environmental Concerns Log: Fiscal Year 2024."
<b>Construction Site Stormwater Runoff Control</b>					
II.B.4.a.1; II.B.4.b.1	Procedures to require Construction General Permit coverage for ALDOT construction sites	State Construction Engineer; State Design Engineer	Implement procedures.	Procedures incorporated into Guide for Developing Construction Plans (State Design Engineer), ALDOT Construction Best Management Practices Plan template (State Construction Engineer), Construction Manual (State Construction Engineer), and Standard Specifications for Highway Construction (State Construction Engineer) continue to be implemented.	See SWMPP (ss. 5.3 & 5.4) for discussion regarding procedures.
II.B.4.a.2; II.B.4.b.2	Contract requirements for erosion & sediment control on ALDOT construction sites	State Construction Engineer	Implement requirements.	Requirements continue to be implemented in contracts with ALDOT roadway construction contractors.	See SWMPP (s. 5.4) for discussion regarding requirements.
II.B.4.a.3	Internal policies for proper permit coverage of ALDOT-contracted construction activities	State Construction Engineer; State Design Engineer; State Maintenance Engineer	Implement policies.	Policies for ALDOT-contracted roadway construction activities incorporated into Guide for Developing Construction Plans (State Design Engineer), ALDOT Construction Best Management Practices Plan template (State Construction Engineer), Construction Manual (State Construction Engineer), and Standard Specifications for Highway Construction (State Construction Engineer) continue to be implemented. Policies for third-party construction on ALDOT property developed and incorporated implicitly into Forms MB-05 and MB-07 (State Maintenance Engineer) continue to be implemented.	See SWMPP (ss. 5.3, 5.4, & 5.7) for discussion regarding policies. See SWMPP (App. D) for Forms MB-05 and MB-07.
II.B.4.a.4; II.B.4.d.1	Mechanism for citizen reporting of construction site discharge concerns	State Design Engineer; Computer Services Bureau Chief; State Construction Engineer	Maintain the Environmental Concern Submission Form (accessible through the ALDOT Web site) to receive citizen concerns. Track concerns received from the Environmental Concern Submission Form and follow-up actions.	4 concerns related to construction site stormwater runoff control submitted during FY 2024. (2 concerns not related to ALDOT construction activity; 2 concerns addressed in accordance with SWMPP.)	See App. C for "ALDOT Environmental Concerns Log: Fiscal Year 2024."
II.B.4.a.5; II.B.4.b.3	Inspection of ALDOT construction sites at appropriate frequencies to evaluate BMP use & maintenance	State Construction Engineer	Implement inspection procedures.	Implementation of procedures detailed in ALDOT Construction Manual and Standard Specifications for Highway Construction ongoing.	See SWMPP (s. 5.4) for details regarding the inspection procedures.
II.B.4.a.6; II.B.4.b.4; II.B.4.d.2	Construction stormwater BMP training program	State Construction Engineer; Training Bureau Chief	Implement QCI training program. Track employees participating in QCI initial certification course. Track sessions of QCI recertification course facilitated and participants in each session.	Program implementation ongoing. 64 employees underwent initial QCI certification in FY 2024. 4 sessions of QCI recertification training were facilitated during FY 2024; these sessions had 354 ALDOT and 172 non-ALDOT attendees in total.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2024" and "ALDOT QCI Recertification Training: Fiscal Year 2024."

ALDOT MS4 Stormwater Management Activities:  
Fiscal Year 2024 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2024	Supplemental Information
II.B.4.a.7; II.B.4.b.5	Referral of unauthorized construction activity to ADEM	State Maintenance Engineer	Implement referral policy.	Implementation of established referral policy ongoing. No referrals made during FY 2024.	See SWMPP (s. 5.7) for discussion regarding policy.
II.B.4.a.8	Policy for site plan reviews & erosion/sediment controls to satisfy Alabama Handbook technical standards	State Construction Engineer	Implement policy.	Policy for ALDOT roadway construction activities incorporated into ALDOT Construction Best Management Practices Plan template continues to be implemented.	See SWMPP (s. 5.3) for discussion regarding policy.
II.B.4.c.2	List of construction sites in MS4-regulated areas	State Construction Engineer	Maintain list with updates as needed annually.	List updated for FY 2024. (19 permitted projects in MS4 areas during FY 2024.)	See App. E for "ALDOT MS4 Active Construction Projects (Transportation Facilities): Fiscal Year 2024."
<b>Post-Construction Stormwater Management</b>					
II.B.5.a.1; II.B.5.b.1	Post-construction program with specific stormwater management goals	State Design Engineer	Implement program.	Implementation of program, including "GFO 3-73: Post-Development Stormwater Management" and design guidance components, ongoing.	See SWMPP (c. 6) for discussion regarding post-construction program. See SWMPP (App. F) for "GFO 3-73: Post-Development Stormwater Management," "Determining Runoff for Small Storm Events," and "Post-Development Stormwater Risk Assessment."
II.B.5.a.2; II.B.5.a.4; II.B.5.b.1; II.B.5.b.3	Implementation of BMPs (including LID/GI practices) to mimic site predevelopment hydrology to design standard on ALDOT-constructed sites	State Design Engineer	Implement post-construction BMPs on ALDOT-constructed sites.	Implementation of BMPs ongoing. (Projects let for construction bidding on or after 04/01/2015 must be carried out in accordance with GFO 3-73.)	See SWMPP (c. 6) for discussion regarding post-construction program. See SWMPP (App. F) for "GFO 3-73: Post-Development Stormwater Management."
II.B.5.a.3; II.B.5.b.2	LID/GI SOP for ALDOT-constructed facilities	State Design Engineer	Implement SOP.	SOP (GFO 3-73) implementation ongoing.	See SWMPP (App. F) for "GFO 3-73: Post-Development Stormwater Management."
II.B.5.a.5	Implementation of management policies (inspection & maintenance) for post-construction BMPs at new ALDOT-constructed facilities	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Implement post-construction BMP inspection and maintenance policies.	Policies implemented.	See SWMPP (ss. 6.5-6.6) for discussion regarding inspection and maintenance policies. See SWMPP (App. F) for "ALDOT Post-Construction BMP Inspection Form."
II.B.5.a.6; II.B.5.b.4; II.B.5.c.2; II.B.5.d.1	Inspection of structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Develop a checklist for structural BMP inspection. Inspect each structural BMP after fully operational at least once every 2 years. Track inspections of structural BMPs performed.	No significant revision of electronic inspection form during FY 2024. No structural BMP systems due for inspection during FY 2024.	See SWMPP (App. F) for "ALDOT Post-Construction BMP Inspection Form."
II.B.5.b.5; II.B.5.c.3	Post-construction BMP operation & maintenance	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Implement post-construction BMP O&M procedures. Track maintenance work reports completed.	Maintenance procedures implemented. No significant maintenance on structural BMPs performed. (No structural BMP systems due for inspection during FY 2024.)	
II.B.5.c.1	Inventory of post-construction BMPs (let for bidding after April 2015)	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Develop inventory form. Update inventory with fully operational BMPs.	No significant revision of electronic inventory form during FY 2024. Inventory updated with fully operational BMPs, as needed, throughout FY 2024.	See SWMPP (App. F) for "ALDOT Post-Construction BMP Inventory Form."
<b>Pollution Prevention / Good Housekeeping</b>					
II.B.6.a.1; II.B.6.b.1; II.B.6.c.1	Inventory of support facilities with pollution potential	Materials & Tests Engineer	Update inventory as needed annually.	No modification of inventory during FY 2024.	See SWMPP (App. G) for "ALDOT MS4 Support Facilities."
II.B.6.a.2; II.B.6.b.2; II.B.6.c.2; II.B.6.d.1	Support facility PPGH inspection program	Materials & Tests Engineer	Implement program to inspect support facilities on inventory annually that include checklists and correction procedures. Update program as necessary. Report inspection outcomes.	No significant updates to program during FY 2024. 18 facility inspections during FY 2024. Inspection findings addressed in accordance with SPCC Plans.	See SWMPP (s. 7.2) for discussion regarding program. See SWMPP (App. G) for formalized SOPs (i.e., Support Facility Procedures Manual). See App. G for "ALDOT MS4 Support Facility Annual Inspections: Fiscal Year 2024."

ALDOT MS4 Stormwater Management Activities:  
Fiscal Year 2024 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2024	Supplemental Information
II.B.6.a.3; II.B.6.b.3; II.B.6.c.3	Good housekeeping SOPs for support facilities	Materials & Tests Engineer	Implement SOPs. Update SOPs as necessary.	Implementation of established SOPs ongoing. No significant updates to SOPs during FY 2024.	See SWMPP (App. G) for formalized SOPs (i.e., Support Facility Procedures Manual). See SWMPP (s. 7.2.2) for discussion regarding SOPs.
II.B.6.a.4; II.B.6.a.7.d; II.B.6.b.4; II.B.6.d.2	Support facility good housekeeping training program	Materials & Tests Engineer; Region Engineers	Implement good housekeeping training program for support facility employees. Track good housekeeping training sessions facilitated and employees participating in each session.	During FY 2024, 20 sessions of SPCC training, 20 sessions of universal waste training, 20 sessions of GHS training, and 3 sessions of hazardous materials training for Area coordinators were held. In all, 294 employees participated in SPCC training, 294 employees participated in universal waste training, 294 employees participated in GHS training, and 3 employees participated in the hazardous materials training for Area coordinators.	See App. C for "ALDOT MS4 Support Facility Employee Good Housekeeping Training: Fiscal Year 2024."
II.B.6.a.5; II.B.6.a.6; II.B.6.a.8; II.B.6.b.5; II.B.6.c.4	Trash management program	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Implement program. Deploy trash receptacles at rest areas for motorists and at ALDOT support facilities for employees. Track maintenance work for full-width litter pickup (shoulder miles cleaned) and spot litter pickup (work reports completed) on roadways. (Additional roadway litter pickup done under contract or interjurisdictional agreement and tracked through other mechanisms.)	Trash receptacles continue to be deployed at rest areas and ALDOT support facilities. During FY 2024, 6,146.58 shoulder miles cleaned and 3,726 spot litter pickup work reports completed.	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2024." See SWMPP (s. 7.3.2) for discussion regarding how roadway litter pickup work activities are performed.
II.B.6.a.7; II.B.6.b.6; II.B.6.c.5	Support facility spill prevention & response program	Materials & Tests Engineer; Region Engineers	Implement program. Update program as necessary.	Implementation of general ALDOT spill prevention and response program ongoing; no significant modifications during FY 2024. No significant revision of SPCC Plans for individual support facilities during FY 2024.	See SWMPP (s. 7.3) for overview of assessment procedure.
II.B.6.a.8	Miscellaneous transportation facility maintenance with measures for potential pollution reduction	State Maintenance Engineer	Conduct annual condition assessments of roadway features with respect to stormwater management performance-related attributes. Track maintenance work using pollution reduction methods for snow and ice control (work reports completed), cleaning minor drainage structures (structures inspected/cleaned), repairing minor drainage structures (work reports completed), and erosion control (work reports completed). (Herbicide treatment, spot herbicide treatment, and herbicide treatment surveillance addressed in work associated with Pesticides General Permit.)	Condition assessments continue to be conducted according to established procedure. Maintenance work activities conducted throughout FY 2024; work amounts tracked in accordance with SWMPP.	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2024." See SWMPP (s. 7.3) for discussion regarding how activities are performed.
II.B.6.d.2	Vegetation management training program	State Maintenance Engineer; Training Bureau Chief	Implement vegetation management training program. Track vegetation management training sessions facilitated and the participants in each session. Track "Review for Commercial Applicator Examination" course sessions facilitated and employees participating in each session. Track vegetation management training newsletters distributed.	9 sessions of vegetation management training (with 236 ALDOT and 80 non-ALDOT participants in all) facilitated during FY 2024. 7 sessions of the "Review for Commercial Applicator Examination" course (with 32 employee participants in all) held during FY 2024. 4 newsletters distributed during FY 2024.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2024," for "ALDOT Vegetation Management Training Course: Fiscal Year 2024," and for session agendas for CYs 2023 and 2024. See SWMPP (App. C) for example newsletter.
<b>MS4 Monitoring</b>					
II.D.2; II.D.3; II.D.4; III.A.1; III.A.6	Determination of the ALDOT MS4's potential as a practical source of POCs for 303(d) waters, TMDL waters, & receiving waters generally	State Design Engineer; State Maintenance Engineer	Assess ALDOT potential impacts with respect to various POCs on 303(d) waters, TMDL waters, and receiving waters generally in MS4-regulated areas. Reassess ALDOT impact as needed considering collected monitoring data. Forego monitoring with respect to POCs of which the ALDOT MS4 is not a practical source.	Assessment outcome of ALDOT-relevant POCs being siltation and turbidity continued to stand during FY 2024.	See SWMPP (s. 8.3) for discussion regarding assessment.

ALDOT MS4 Stormwater Management Activities:  
Fiscal Year 2024 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2024	Supplemental Information
II.D.3; II.D.4; III.A.1	Determination of the effectiveness of ALDOT stormwater management practices in controlling POC discharges to meet applicable 303(d) & TMDL requirements	State Design Engineer; State Maintenance Engineer	Demonstrate that stormwater management practices employed are controlling any POC discharges to ALDOT-applicable 303(d) and TMDL waters sufficiently; use monitoring data in the demonstration for TMDLs. Adjust practices as needed.	Overall effectiveness of practices supported by monitoring observation data collected during FY 2024.	See App. H for "MS4 Monitoring Activity Summary: Fiscal Year 2024."
III.A.1; III.B	Assessments of the overall effectiveness of stormwater management practices with respect to stormwater management goals	State Design Engineer; State Maintenance Engineer	Conduct annual assessments of practices based on monitoring data collected. Adjust practices as needed in response to assessment.	Overall effectiveness of practices supported by monitoring observation data collected during FY 2024.	See App. H for "MS4 Monitoring Activity Summary: Fiscal Year 2024."
III.A.2; III.A.4; IV.B	Development & implementation of monitoring strategy	State Design Engineer; State Maintenance Engineer	Develop monitoring strategy. Update strategy as needed annually. Track monitoring activities.	Field implementation of monitoring strategy continued during FY 2024. Wet-weather and dry-weather observations conducted at all 6 monitoring locations in accordance with monitoring strategy.	See App. H for "MS4 Monitoring Activity Summary: Fiscal Year 2024." See SWMPP (ss. 8.4-8.5) for discussion regarding monitoring strategy.
III.A.3	Analysis of monitoring data	State Maintenance Engineer	Analyze monitoring data collected.	Data from all observations conducted during FY 2024 analyzed.	See App. H for "MS4 Monitoring Activity Summary: Fiscal Year 2024."
III.A.5	Coordination of monitoring with other MS4s	State Maintenance Engineer	Coordinate with other MS4s as appropriate.	No explicit coordination with other MS4s needed for monitoring so far in the Permit term.

## Second annual Spring Clean Day combats litter

APR 24

The Alabama Department of Transportation is pleased to announce its second annual Spring Clean Day was a success.

The event, which took place April 23, was part of ALDOT's ongoing efforts to promote cleaner and safer roadways. All eight districts within the West Central Region spent the day picking up litter on various routes.

An ALDOT worker ties a garbage bag full of litter.

The Livingston District displays litter collected during the Spring Clean event.

Many bags of litter collected in Tuscaloosa.

Workers clear the median of litter.

An ALDOT worker places a plastic bottle into a garbage bag.

An ALDOT worker shows off an item collected during the Spring Clean event.

An ALDOT worker picks up a bottle on the side of the road.

ALDOT workers smile before spending the day picking up litter.

ALDOT spent nearly \$9 million on litter cleanup throughout the state in fiscal year 2023, an increase from \$7 million in fiscal year 2022. This money could have been used to maintain roads and bridges.

“We can all do our part by properly disposing of our trash,” said Lyndi Blackburn, West Central Assistant Region Engineer. “Each tossed item not only harms our environment, but also poses hazards to travelers and wildlife alike. Let’s work together to preserve our environment and keep our roadways safe for future generations.”

ALDOT encourages all Alabamians to participate in this important initiative by organizing litter cleanup activities in their local communities. Whether it’s picking up a park or simply disposing of litter, everyone can play a part.

According to the U.S. National Park Service, a plastic bottle can take up to 450 years to decompose.

There are many ways for residents to keep Alabama beautiful:

- Dispose of trash properly.
- Never throw anything out of the vehicle window.

- Carry a small trash bag in the vehicle.
- Properly secure loads when hauling loose items.

ALDOT partners with Keep Alabama Beautiful, People Against a Littered State (PALS) and the Alabama Law Enforcement Agency to help keep Alabama litter-free.

ALDOT's West Central Region includes Bibb, Chilton, Fayette, Greene, Hale, Lamar, Marion, Perry, Pickens, Sumter, Tuscaloosa, Walker and Winston counties.

SHARE

TUSCALOOSA, Ala. (WIAT) — ALDOT work crews spent Tuesday picking up 400 bags of litter they collected along Highway 69 South all the way to the Hale County line, it's the annual spring clean up project.

ALDOT spokesperson John McWilliams says the goal is to promote cleaner and safer roadways. 100 ALDOT workers participated in the litter clean up operation.

"We want to bring awareness about litter in Alabama, and it's something that can easily be fixed, but it's going to take everyone of us to do our part to make sure our roadways stay clear of litter," said McWilliams.

All eight districts within the West Central Region spent Tuesday picking up litter on various state routes to promote cleaner and safer roadways. Engineer Lyndi Blackburn says during last year's spring clean, ALDOT crews gathered nearly 5,000 pounds of litter.

"We only get this one environment and this one world, and we need to try to preserve it, and maintain it, and it's really simple, don't throw your trash out," Blackburn said. "Alabama the beautiful needs to stay beautiful, so the first thing people see when they come into the state is our roadways. And for the roads be covered in litter doesn't say a lot about our state."

ALDOT spent nearly \$9 million on litter cleanup throughout the state in fiscal year 2023, an increase from \$7.34 million in fiscal year 2022.

**RETURN TO:**        **BRYAN ORANGE**  
                             **MAINTENANCE BUREAU**  
**RE:**                    **Alabama PALS Agreement**

---

**AGREEMENT****ALABAMA PALS  
(People Against a Littered State)****AND****STATE OF ALABAMA DEPARTMENT OF TRANSPORTATION**

THIS AGREEMENT is made and entered into by and between the Alabama PALS (People Against a Littered State), hereinafter referred to as PALS, and the Alabama Department of Transportation, hereinafter referred to as (ALDOT), for the purposes expressed herein whereas, the parties desire to engage in public promotion of the ALDOT Adopt-a-Mile program. Now, therefore, the parties, in consideration of the premises herein, do agree as follows:

**Alabama PALS will:**

- (1) Oversee and promote the Alabama PALS City and County Chapters Network.
- (2) Produce quarterly newsletters for Adopt-a-Mile.
- (3) Produce Adopt-a-Mile Brochures with applications.
- (4) Print, label, mail and distribute Adopt-a-Mile quarterly newsletters and brochures.
- (5) Producing public service announcements for the Adopt-a-Mile Program in accordance with the total yearly budget and services listed below:

**Total Yearly Budget for Public Service Announcements      \$25,000.00**

- a) Filming and Editing of .30 PSA (Beta Format)
- b) In Town Travel
- c) Out of Town Travel (1 day)
- d) Purchase & Copying of three (3) ¾" Format Tapes
- e) Purchase & Copying of two (2) VHS Format Tapes
- f) Seven (7) DVD Copies (TV)
- g) One Hundred and Eighty (180) CDs for Radio
- h) Forty-four (44) Beta SP Copies (TV)
- i) Seven (7) DVD Pro Copies (TV)
- j) MP3 Copy for ABA (for AA Web Page) – Allowance for additional Copies for Chapters, etc.
- k) Three (3) Month Contract with Alabama Broadcaster's Association

- (6) Notify all Adopt-a-Mile participants of PALS statewide events such as Statewide Spring Cleanup.

- (7) Submit quarterly itemized invoices, along with all supporting documentation, covering the actual costs of providing public promotion of the ALDOT Adopt-a-Mile Program. Invoices should be submitted to: Maintenance Engineer, Dept. of Transportation, 1409 Coliseum Blvd., Montgomery, AL 36110.

(8) Provide two full-time employees to be fully supported by Alabama PALS. These employees will serve as liaisons to ALDOT to ensure that the program is fully serviced to provide exposure statewide, as well as ensuring that maximum compliance of the program is serviced, including the following:

- a) State Adopt-a-Mile Director.
- b) State Adopt-a-Mile Coordinator.
- c) These two employees shall also:
  - 1) Oversee the maintenance and compliance of miles adopted through the Alabama Adopt-a-Mile program.
  - 2) Perform annual site visits, in-person or through the County PALS Chapters, of one-third ( $\frac{1}{3}$ ) of all known current recorded Adopt-a-Miles on federal and/or state routes to determine which groups and individuals are currently maintaining their respective miles. This will result in all Adopt-a-Mile locations being inspected at least once in every three-year period. Produce, distribute and maintain records for all miles that are inspected in each county. This list should be provided at least quarterly to ALDOT.
  - 3) Keep records of miles that are not being maintained and contact “adoptees” to determine if the group or individual wishes to remain in the Adopt-a-Mile program. In the next two newsletters PALS will include that ALL Adopt-a-Mile participants must provide to PALS current information including address, phone number, approximate number of participants, and whether they wish to continue participation in the Adopt-a-Mile program no later than May 31, 2024. All participants who fail to notify PALS by this date will be declared inactive. PALS must notify ALDOT in its July quarterly report of all inactive participants for sign removal.
  - 4) Provide list to ALDOT quarterly of miles that are not being maintained on a regular basis.
  - 5) Provide a list quarterly of all Adopt-a-Mile signs that need to be removed for failure to comply with the requirements of the program.
  - 6) Recruit new “adoptees” for miles where signs have been removed.

Programs Coordinated:

Adopt-a-Mile

Adopt-a-Stream

Statewide “Don’t Drop It On Alabama” Spring Cleanup

Alabama Coastal Cleanup

Annual Awards Program

(9) Providing a written report quarterly to ALDOT of the PALS activities to include:

- a) Listing of new participants & miles adopted
- b) Listing and date of contacts made
- c) Listing of groups terminating participation
- d) Report of statewide mailings
- e) Listing of all public service announcements that ran including which stations and dates and times

(10) Obtain or fabricate signs that meet ALDOT specifications for signage for local routes and provide signs for adopted county routes. These signs should be shipped at the lowest United States Postal Rate to the District Office listed on the Adopt-a-Mile application.

(11) Review Adopt-a-Mile applications to ensure that they are in final form before submitting them to ALDOT District Office.

(12) Maintain the Adopt-a-Mile database and provide at least quarterly to ALDOT or upon request at the same time providing the quarterly report.

(13) Provide safety vests **in accordance with ALDOT's most current Guidelines for Operations (latest adopted version)**, for all individuals participating in the Adopt-a-Mile litter campaign. PALS will be responsible for informing all Adopt-a-Mile groups that all participants are required to wear these safety vests at any time they are picking up trash on the right-of-way. This notification must take place no later than January 1, 2024.

**ALDOT will:**

(14) Oversee the Adopt-a-Mile program.

(15) Process the Adopt-a-Mile applications.

(16) Erect Adopt-a-Mile signs on State routes in accordance with the ALDOT Adopt-a-Mile program.

(17) Provide litterbags for Adopt-a-Mile participants as required.

(18) Provide removal and disposal of litter collected by Adopt-a-Mile participants as required.

(19) Reimburse Alabama PALS a maximum of two hundred and ninety-five thousand dollars (\$295,000.00) for each fiscal year in accordance with the proposed budget listed below:

<b><u>Salaries</u></b>	<b><u>Budgeted Amount</u></b>
Adopt-a-Mile Coordinator	\$ 45,500.00
Director	\$ 82,000.00
<b><u>Travel (actual expenses)</u></b>	
Coordinator	\$ 1,000.00
Director	\$ 2,500.00
<b><u>Insurance Allowance</u></b>	
Coordinator	\$ 2,580.00
Compliance Liaison	\$ 3,757.00
<b><u>Other (actual expenses)</u></b>	
Telephone	\$ 4,000.00
Power	\$ 4,000.00
Gas	\$ 2,500.00
Office Supplies	\$ 2,000.00
Postage Meter	\$ 2,000.00

Public Service Announcements (as specified	

in section 5 of this Agreement)	\$ 25,000.00
Signage costs, including shipping	\$ 31,000.00
Safety Vests	\$ 2663.00

---

<b>Total Yearly Budget</b>	<b>\$295,000.00</b>
----------------------------	---------------------

Alabama PALS agrees that all promotional materials and programs must receive final approval of ALDOT prior to distribution or implementation.

Alabama PALS agrees that all reimbursed expenses will be for those expenses solely expended for the public promotion of the ALDOT Adopt-a-Mile program.

(20) It is agreed that the terms and commitments contained herein shall not be constituted as a debt of the State of Alabama in violation of Article 11, Section 213 of the Constitution of Alabama 1901, as amended by Amendment Number 26. It is further agreed that if any provision of this Agreement shall contravene any statute or Constitutional provision of amendment, either now in effect of which may, during the course of this Agreement, be enacted, then the conflicting provision in the Agreement shall be deemed null and void.

(21) If the Agreement term is to exceed more than one fiscal year, then said Agreement is subject to termination in the event that funds should not be appropriated for the continued payment of the Agreement in subsequent fiscal years. In the event of proration of the fund, from which payment under this Agreement is to be made, Agreement will be subject to termination. This Agreement can be terminated by either party upon thirty days written notice to the other party.

(22) In the event of any dispute between the parties, senior officials of both parties shall meet and engage in a good faith attempt to resolve the dispute. Should that effort fail, and the dispute involves the payment of money, a party's sole remedy is the filing of a claim with the Board of Adjustment of the State of Alabama. For any other disputes arising under the terms of this Agreement which are not resolved by negotiation, the parties agree to utilize appropriate forms of non-binding alternative dispute resolution including, but not limited to, mediation. Such dispute resolution shall occur in Montgomery, Alabama utilizing where appropriate, mediators selected from the roster of mediators maintained by the Center for Dispute Resolution of the Alabama State Bar.

(23) Alabama PALS, its employees, agents, successors, assigned, contractors, or subcontractors shall defend, indemnify and hold harmless the State of Alabama, Alabama Department of Transportation and their officials, employees, contractors, servants, or agents, in both their official and individual capacities, from and against any and all claims, damages, losses, actions, causes of actions, losses or expenses of any nature whatsoever, regulatory actions, administrative actions, quasi-administrative or quasi-judicial actions or procedures, State, Federal or otherwise, of any nature whatsoever, whether known or unknown, including but not limited to compensatory damages, punitive damages, damages for any injury to person or property, tangible or intangible, or any form of monetary or compensatory relief declaratory or injunctive relief, or any form of relief or remedy of any nature whatsoever, whether known or unknown, or attorney fees, costs, or expenses, caused by or rising out of, resulting from or in any way related to the performance of any work, conduct or activity performed or failed to be performed by the Alabama PALS in connection with the performance of any of the provisions of this Agreement.

(24) By entering into this agreement, Alabama PALS is not an agent of the State, its officers, employees, agents or assigns. Alabama PALS is an independent entity from the State and nothing in this agreement creates an agency relationship between the parties.

(25) The Alabama PALS and its employee(s) will not be subject to the provisions of, nor entitled to, the benefits of the State merit law or State employee benefits, including State employee health insurance.

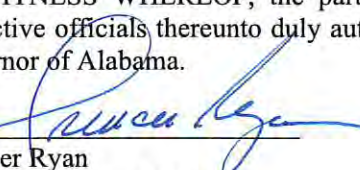

(26) The Alabama PALS will permit access to its books, records, accounts, other sources of information and its facilities as may be determined by the State of Alabama Department of Transportation to be pertinent to ascertain compliance with its instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information, the Alabama PALS shall so certify to the State of Alabama Department of Transportation and shall set forth what efforts he has made to obtain the information.

(27) By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

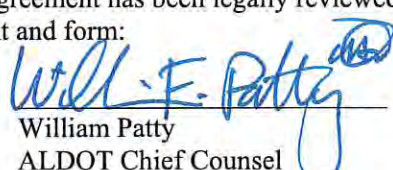

(28) In compliance with Act 2016-312, the Contractor is not currently engaged in, and will not engage in, the boycott of a person or an entity based in or doing business with a jurisdiction with which this state can enjoy open trade.

(29) THIS AGREEMENT is in effect for the period beginning October 1, 2023 and ending September 30, 2025.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their respective officials thereunto duly authorized, the Agreement to be effective on the approval date by the Governor of Alabama.

By:   
Spencer Ryan  
Director, Alabama PALS

This agreement has been legally reviewed as to content and form:

By:   
William Patty  
ALDOT Chief Counsel

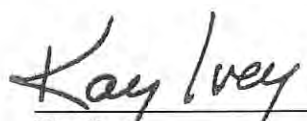

Funding for this project has been approved and obligated.

By:   
Eric J. Christie  
Maintenance Engineer

APPROVED

By:   
John R. Cooper  
Transportation Director

The foregoing Agreement is hereby approved by the Governor of Alabama, on the 28<sup>th</sup>  
day of September, 2023.

  
Kay Ivey  
Governor of Alabama

**Specifics as Related to the Contract October 1, 2023-September 30, 2025**  
**First Quarter Reporting Period 10/01/2023 – 12/30/2023**

The contract for 2023-2025 between Alabama PALS and ALDOT was finalized and received by Alabama PALS in July 2023 and includes components which both parties feel will best benefit the growth and maintenance of these valuable statewide programs.

ALDOT and PALS have made final changes to a new and more information specific database, which will be kept and updated by Alabama PALS. (See Database Below). This database upgrade has afforded PALS a better and more efficient way in which to monitor compliance for the program, keep better contact with the volunteer adoptees, as well as beginning and creating and implementing a new and efficient inspection process for the program.

All new data received from this point forward should reflect accurate information for each adopted mile. The database is now updated with the ability to view exact numbers and locations of State, Federal, and County adopted miles. (Total miles and groups included in report).

PALS continues to receive an **extremely high** level of responses and new applications (see **attachments**) for Adopt-a-Mile and Adopt-a-Stream programs during the Second Quarter of 2022-2023. A new Compliance Reporting Form has been included in the PALS / Adopt-a-Mile Newsletter, where groups, individuals, PALS Chapters and others can report a group that is not keeping their respective mile of highway cleaned on a regular basis.

**2023 Alabama PALS Statewide Governor's Awards Program**

The 2023 Governor's Awards Program was held on November 08, 2023. Over 260 leaders, state agency heads, volunteers, city and county representatives attended the 2023 Alabama PALS Governor's Awards Program. 34 Awards were presented.

*The 2024 Alabama PALS Governor's Awards are scheduled for November 12, 2024.*

### **New Adoptees and Miles Adopted 10/01/23-12/30/23 (see Attached List)**

Attached list of AAM applications and signs erected is attached to this report. Reports for all applications, signs mailed and erected are included in each quarterly report.

2023 was the fastest growing AAM period to date.

New ALDOT specified Safety Vests are available for all adoptees on State and Federal highways, and notices have been sent to all AAM participants regarding the availability of vests.

### **Adopt-a-Mile Signs to be Replaced**

PALS continues to send letters to ALDOT District Engineers regarding the replacement of respective signs for each district, and will continue to follow up on future sign replacement as the requests come into the PALS office. As data is updated and added to the new AAM database, Christy will continue to correspond with all ALDOT district office in regard to removal or replacement of AAM signs. Several signs have been replaced during this period.

### **ALDOT District Correspondence**

PALS remains in touch with ALDOT District Offices regarding the new protocol for the Adopt-a-Mile program. Christy feels like all districts are excited about the protocol for the program and feel like having PALS handle all paperwork and signage enables the adoptees to receive the signs in a timely fashion.

Ongoing contact is made with respective District Offices regarding applications, paperwork and erecting of AAM signs. District Offices of ALDOT have been very willing to assist the PALS office in all aspects.

*PALS would like to encourage all ALDOT offices to report to the PALS office, all miles that appear to be picked up on a regular basis, or signs that have faded and become unable to read. PALS will contact the respective group.*

### **Proposal for Updating Adopt-a-Mile Procedures**

PALS met with Stacey Swindall in late September 2022 to discuss the need to have all AAM documents and applications accepted with signatures for E-sign program. All documents would be emailed to groups and individuals for E-signatures, then emailed to all ALDOT District Engineers for E-Signature, therefore eliminating documents having to be mailed and eliminating paperwork for ALDOT Engineers. This would also speed up time for the volunteers to receive their AAM signs in the future.

Also discussed during meeting was the need to go to a web-based database for the Adopt-a-Mile Program for the future. PALS has discussed this with Todd Jones with ALDOT and can be developed for future use.

Stacy Swindall is working with PALS to move both of these proposals forward.

PALS met with Stacey Swindall on July 7, 2022, to discuss new wordage on all new AAM applications, as well as moving ahead with proposed DocuSign use on AAM applications in the future. Upon final approval, PALS will make all necessary changes to have the forms and applications emailed to ALDOT engineers using DocuSign to aid in the elimination of paperwork, as well as speed up the application process for volunteer groups.

The discussion also included the use of ALDOT spec safety vests for volunteer use during cleanups held on US and State Highways. PALS will order the ALDOT spec vests moving forward.

During the meeting, Todd Jones with ALDOT updated the attendees of the positive attributes of going to a web based database for the Adopt-a-Mile program. The project will move forward with input from PALS and ALDOT, and the new database should be completed by early summer of 2023.

**Todd Jones / ALDOT gave an update of web-based database for Alabama PALS through and email to Stacey Swindall and PALS staff in August 2022 stating that project had begun and target date would be spring/summer 2023.**

**Christy Waddell, State Adopt-a-Mile Coordinator, has implemented several new items for maintaining compliance, updates, and correspondence with current and future Adopt-a-Mile participating groups. One is a brochure (enclosed) that will be sent to each adoptee upon their 2-year anniversary with the program. This will indicate if the group still intends to actively participate or be removed from the active roll. Christy is also working to identify additional miles from past years that are not actively participating or are in need of new and updated signage.**

### **The 2023 “Don’t Drop it on Alabama” Statewide Cleanup**

The 2023 Spring Cleanup was held in April 2023, with some counties extending their respective cleanups in May, June and July 2023. PALS will continue to work with the Association of County Commissions to continue cleanups in 67 counties.

Over 500 tons have reported as picked up during the 2023 cleanup effort to date, with several counties completing cleanup efforts in July. Reports are still being received and PALS will work with each city, county or volunteer group to give them additional time to participate if needed.

All materials and supplies were distributed statewide for the 2023 Spring Cleanup

In 2022, the Alabama Community College Systems partnered with local communities to extend the cleanup of all ACCS campuses and respective communities. This partnership continued in 2023.

PALS had to order additional bags for the 2023 statewide cleanup effort due to higher than normal demand for materials and supplies.

The 2024 “Don’t Drop It On Alabama” Spring Cleanup will begin in April 2024.

Supplies and Materials have been ordered for the 2024 statewide cleanup.

### **Materials and Supplies Furnished for 2024 Spring Cleanup**

165,000 Large Trash Bags w/ PALS Corporate Sponsors’ and Partners’ Logos

2023 Window Decals

Ad Slicks for promoting cleanup

Reporting Forms

PALS Program Booklets

Adopt-a-Mile Brochures

Adopt-a-Stream Brochures

Alabama Clean Campus Brochures

Safety Regulations and Tips

Recycling bags for counties participating in recycling component

### **PALS / ALDOT Public Service Announcement**

The 2023 PALS/ALDOT PSA through ABA began airtime in June , July and August 2023.

As in past years, air time and scheduling reports from the ABA will be included in ALDOT reports for that time period.

PALS has uploaded the new ALDOT anti-littering PSA on the PALS webpage and Facebook page.

PALS and ABA are working to produce a new PALS PSA for 2024, which will begin airing in June 2024.

### **Database for Adopt-a-Mile Program** (updated copy on jump drive included in this report)

The Adopt-a-Mile database is now current and working effectively. PALS is currently able to view total, exact number of groups and adopted miles by County, State and Federal miles. PALS continues to work with Todd Jones of ALDOT to ensure that the database is working correctly and enabling PALS to best use the database for the benefit of the AAM program.

PALS continues to provide all database updates to ALDOT on a quarterly basis.

PALS continues to add/delete and change information to the new Adopt-a-Mile database as updated information is collected. In addition to daily attention to the database, a file system has been created and maintained to assist in the creation of an accurate account of all County, State and Federal adopted miles in the future.

### **2023 Adopt-a-Mile Inspections**

The internship program has proven highly effective and will continue each year as specified in the PALS / ALDOT contract.

All new data from the Intern AAM Inspection Program reports will be added to the PALS / AAM database, reflecting and changes, additions, or deletions from current database.

The South Zone will be the focus for the 2023 Inspection program.

The 2023 Adopt A Mile inspections have been completed and were inspected by Osprey Initiative, which is a partner of Alabama PALS and employs college graduates and students that are completing their Masters degree at South Alabama University etc. The inspections in the South Zone were completed in early September 2023 and are included on the enclosed updated data base. A high level of focus was placed on inspecting and rating each mile, but Osprey also focused on old or signs that need to be removed or updated. Pictures of all miles were submitted to PALS, as well as a litter rating for the respective miles.

The partnership with Osprey proved to be the most effective and thorough inspection to date.

PALS will inspect all adopted miles in the Central Zone in 2024.

### **Materials Provided for 2023 AAM Inspection Intern Program**

ALDOT provided maps for each county in the zone listing all highways  
List of all adopted miles in each zone  
List and contacts of ALDOT offices in zone  
HI VIZ Vehicle Safety Lights  
HI VIZ Safety vests  
PALS / ALDOT Inspection program magnetic vehicle signs

### **PALS / Adopt-a-Mile Newsletter (Winter 2024 Newsletter final draft attached Attached)**

The Summer PALS/Adopt-a-Mile Newsletter was completed and mailed statewide in early July 2023. PALS has the statewide newsletter available in e-letter form online at [www.alpals.org](http://www.alpals.org) which was uploaded on July 15, 2023. The PALS/AAM Newsletter is mailed to all Sponsors and Partners, Adopt-a-Mile, Adopt-a-Stream, Spring Cleanup participants, Clean Campus Schools, Coastal Cleanup Captains, PALS Members, and County Chairmen, etc.

The total mailing is approximately 5,600. Applications for all “adopt-a” programs are included in each newsletter and are processed in the PALS office for adoption. Adopt-a-Mile reporting forms are also included in the newsletter.

The Winter 2024 PALS Newsletter is currently being printed and will be ready for mailing by January 10, 2024. (Final Draft Attached to Report)

## **The Alabama Coastal Cleanup**

### **2023 Materials Provided**

**Alabama PALS provided all cleanup supplies and materials for all 31 Coastal Zones.**

12,000 Large Heavy Duty Trash Bags

Recycling Bags

Mesh bags for boats, kayaks etc.

Tee shirts for Volunteers, Zone Captains, Staff, etc.

Alabama Coastal Cleanup Posters

Ad Slicks for all 31 zones

Data Cards

Bottled Water

Zone Captain Packets

Safety Tip Sheets

The 2023 **36<sup>th</sup> Annual Alabama Coastal Cleanup** was held on September 16, 2023. 31 Zones from Dauphin Island to the FL/AL state line participated.

### **2023 Totals**

2,868 volunteers

23,424 pounds of litter picked up

251 miles of shoreline cleaned

## **Safety Vest Availability**

New ALDOT Specific Safety Vests meeting new standards were ordered and are available to all Adopt A Mile groups on State and Federal Highways.

Alabama Pals Adopt-A-Miles  
October, November, and December 2023

**October Applications**

Baker's Blessing – Etowah County  
Prattville Lions Club – Autauga County  
Brenda Rice/Daniels – Mobile County  
Twilight Club – Cherokee County  
South Luverne Baptist Church – Crenshaw County

**Signs Ordered in October**

Veterinary Express of Lake Martin – Tallapoosa County  
Highway 80 Café – Lowndes County (replacement)  
DeSoto Falls Neighbors – DeKalb County  
Legacy of Pearls #1147 Order of the Eastern Star – Macon County  
Lurleen B. Wallace Community College – Covington County (replacement)  
Chris and Kim Hall – Escambia County  
Baker's Blessing – Etowah County

**November Applications**

James Sullivan – Tuscaloosa County  
M.A.D. Skillz Dance Company – Jefferson County  
Orkin – Mobile County  
Rocket City Trash Pandas – Madison County  
Jack & Jill of America Inc. Mobile Chapter – Mobile County  
Waynes Pest Control – Montgomery County  
Brookwood Baptist Medical Center – Jefferson County

### **Signs Ordered in November**

Fayette First Methodist Youth – Fayette County  
Fayette First Methodist Youth – Fayette County (AAS)  
Red Mountain Cut Foundation – Shelby County  
R. McCaughey & K. Weaver – Clay County  
Marbury High School FBLA – Autauga County  
Tyson Foods – Barbour County  
Sigma Chi & Alpha Gam at UAB – Shelby County  
AM/NS Calvert (replacement) – Mobile County

### **December Applications**

Jason & April Michael – Marshall County  
United States Army Corp. of Engineers – Clay County  
In Memory of Brett Hawthorne – Escambia County  
Omega Psi Phi Fraternity Inc. – Montgomery County  
Good Shephard Catholic Parish – Madison County  
AYLUS Auburn Branch – Lee County  
The Wilson Family – Limestone County

### **Signs Ordered in December**

Beyond Duality Inc. – Covington County  
Kappa Alpha Psi Decatur-Athens AL – Madison County  
South Luverne Baptist Church – Crenshaw County  
In Loving Memory of Brenda D. Daniels – Mobile County  
Memory of BJ Pattillo Jr. – Macon County

# THE PALS PRINTS

THE NEWSLETTER OF ALABAMA PALS AND THE ALABAMA ADOPT-A-MILE PROGRAM

WINTER QUARTER 2024 • VOLUME 47

## DIRECTORS NOTES: "DATA AND NUMBERS"

I hope that each of you have had a wonderful Christmas and Holiday season and are looking forward to an exciting and productive 2024! 2023 brought another blessed year for Alabama PALS, and the staff and Board of Directors are looking forward to what we feel will be the best chapter in the history of your organization. Thank you for affording Alabama PALS the blessing and opportunity to serve you and your cities, counties, and communities.

In today's world there is an abundance of importance placed on "data and numbers," whether it is within an organization, business or our daily lives. It's a fact that certainly has merit and verifies the work and successes that we all strive for in every area of our lives. "Data and numbers" are also important when we explore how we can make improvements to better accomplish the goals and standards that we set and to determine how we can adjust to make successful programs even more effective for the future. "Data and numbers" certainly have their place!

YOUR organization has grown to include 889 current Statewide Adopted miles, over 500 tons of litter picked up and reported each year during the "Don't Drop It On Alabama" Spring Cleanup, 108,0078 volunteers cleaning up 6,688 miles of coastline and picking up 1,757,902 pounds of trash during the history of the Alabama Coastal Cleanup, and thousands of students hearing the message of how they can become a part of a cleaner and more beautiful Alabama through the Alabama PALS Clean Campus Program. These facts are amazing and have been accomplished due to your hard work and dedication to the goal of making Alabama truly "Alabama the Beautiful."

However, as I look at the important and impressive "data and numbers," I am more impressed at HOW Alabama PALS achieved those numbers. As I worked my way through the HOW, it became humbling and evident that the "numbers and data" are due to people, relationships, and leaders that have been nurtured and developed over the years through Alabama PALS.

I look back at a Board of Directors through the years that have remained devoted, supportive and 100% committed

### ALABAMA PALS MISSION STATEMENT

"Alabama Communities Working  
Together for A Cleaner and  
More Beautiful Alabama"

## THE CHAIRMAN'S CORNER

BY JEFF HELMS, CHAIRMAN, ALABAMA PALS

Our culture is fueled by awards and recognition. The Oscars, Grammys, and Emmys symbolize the extravagance of entertainment. Sports championships and MVPs can make idols of mortal men and women. Even long-revered honors for science, literature and culinary arts have been tarnished by controversy.

While some still pursue excellence for the good of society, it seems awards are increasingly marred by pride and politics.

That's what makes the Alabama PALS Governor's Awards different. The volunteers, businesses, local officials, and students we honored Nov. 8 don't fight litter for money or fame. They serve Alabama and their communities because it's the right thing to do.

From sanitation workers and law enforcement officers to the heads of colleges and corporations, we share a common mission and vision: "To enhance our environmental and economic impact through a litter-free, cleaner and more beautiful environment."

One of the highlights of my year is honoring the men, women, and students who make Alabama PALS great. The Governor's Awards give us a chance to spotlight people who are rarely recognized: Civic clubs that scour their adopted miles for trash on Saturday mornings when their neighbors are still asleep. Youth who ignore snide remarks and mocking looks as they pick up litter on school campuses. Business owners who prioritize community service over profits by providing time for employees to participate in cleanups. Sheriffs and judges who understand littered neighborhoods invite further neglect. And, media partners who promote and showcase Alabama PALS programs.

These recipients, and hundreds of other volunteers, are the heart and soul of Alabama PALS. Each year, their work provides millions of dollars in value to the State of Alabama.

This quiet contribution deserves to be heralded. While celebrities and superstars often expect accolades, Alabama PALS volunteers would continue their faithful work even if there were no awards or praise.

That's what makes the Governor's Awards so special. Each recipient is an unsung hero, and it's our honor to celebrate their humble service.

—Jeff

### MESSAGE FROM:

JOHN COOPER

*Director, Alabama Department of Transportation*

As we say goodbye to 2023 and welcome in a new year, I am delighted to share some remarkable achievements and milestones in our collective efforts to combat litter in Alabama and preserve its beauty. The partnership between PALS and ALDOT has truly made a difference and I am grateful for our continued partnership.

One of the highlights of this past year has been the success of the "Don't Drop It On Alabama" Spring Cleanup. Together, we have seen enormous support, with over 540 tons of litter reported to date. This impressive figure underscores the power of community and the impact we can make when we join forces and tackle litter together.

The 2023 Alabama Coastal Cleanup has been another example of our collective

*Continued on page 3*

## DIRECTOR'S NOTES

*Continued from page 1*

to leading PALS in a direction that has stayed true to its mission statement through both good and hard times. No organization has been more blessed to have had a more genuine group of board members than PALS. I also look at the relationships that have been formed with ADCNR, ADECA and ALDOT and other agencies and associations that continue to encourage, support and become involved with the PALS mission. We could not do what we do without their continuing genuine support.

I also have to consider our most important PALS Corporate Sponsors, as well as the Alabama Coastal Cleanup Sponsors. Again, I don't know of another organization that has been more blessed to have a more loyal or supportive group of businesses that not only support the programs of PALS, but also are willing to become actively involved at every level. Thank each of you for your support, personal loyalty and friendship, and for giving PALS the opportunity to continue to serve all Alabama communities.

Yes, to me the "numbers and data" are important, but the relationships and the people that make the "numbers and data" possible are the MOST important factor of your organization! I know that each of you will agree.

In this issue I have included a memorial tribute written by her granddaughter to one of the longest and most dedicated PALS supporters in the history of Alabama PALS. Janice Castleberry gave everything that she had to the mission of a cleaner and more beautiful Alabama and to her "favorite organization," Alabama PALS. She was one of the most dedicated individuals that I have ever known, and it is my pleasure to honor her service and friendship in this issue. Thank you, Janice, for your dedication and wonderful friendship for so many years. The world is a better place because of you!

In closing, we look forward to working with each of you in 2024. Let's make the 2024 "Don't Drop It On Alabama" Spring Cleanup in April the largest and most effective statewide cleanup ever. Let us know how we can best assist your cities, counties, groups and communities in preparing for the 2024 statewide cleanup.

Thank you for your continued support in 2024.

  
Spencer

## MESSAGE FROM:

*JOHN COOPER Director, Alabama Department of Transportation*

*Continued from page 2*

commitment to Keep Alabama Beautiful. With 2,368 volunteers dedicating their time, we successfully cleaned 251 miles of coastal areas, collecting an unimaginable 23,420 lbs. of litter. These numbers reflect the hard work of our volunteers and demonstrates the importance of protecting our coasts.

I am also proud that PALS Adopt a Mile program has reached an impressive 889 miles. This is a testament to the expanding network of individuals and organizations dedicated to keeping our roadways litter-free.

As we approach the holiday season and the end of the year, I want to express my deepest gratitude to PALS and every volunteer who made 2023 a record year. The passion and dedication have played a vital role in achieving these milestones and I am confident that our efforts will yield an even better 2024. I look forward to another year of working with PALS to create a cleaner and more beautiful Alabama.

## MESSAGE FROM:

JAMIE MITCHELL – Clean Campus State Coordinator

What a wonderful year 2023 has been for the Clean Campus Program! We have continued spreading the anti-litter message in nearly every county of the state through in-person visits or the Clean Campus learning video. We had more counties than ever participate in our Poster and Recycled Art Contests, and we had winners all the way from Madison to Baldwin Counties! Thousands of students heard our presentation and were given either pencils made from recycled paper, stickers to use on reusable water bottles, or cell phone stick-on wallets. Many new schools conducted campus cleanups with supplies provided by Alabama PALS, as well!

As you make your plans for the spring semester and as Earth Day approaches, we hope that you will consider adding campus cleanups or campus beautification projects into your routine. If you have not yet had an in-person visit from me, I'd love to schedule a time to come speak with your students. The Annual Poster and Recycled Art Contests will be due this year on April 19th, 2024. The theme for this year's poster contest is "From the Hills to the Shore, No More Litter in 2024!" Please

## MESSAGE FROM:

*CHRISTY WADDELL*

*State Adopt-A-Mile Coordinator*

As we bid farewell to 2023, we are thrilled to share the incredible success of our Adopt-A-Mile and Adopt-A-Stream programs. Thanks to the dedication and enthusiasm of our wonderful participants, this year has been marked by substantial growth and positive impact. We are delighted to announce that we have ordered a total of 85 new signs in 2023, a testament to the expanding reach and impact of our adoptive efforts. These signs not only symbolize our commitment to environmental stewardship but also serve as beacons of inspiration for communities far and wide.

As we step into the new year, our goal is to continue expanding our adopted miles and streams. We encourage each one of you to look around your local area and consider adopting a mile or stream that could benefit from your care and attention. Every effort, no matter how small, contributes to the overall well-being of our environment.

We love to showcase the incredible work of our participants, and what better way to do that than by sharing your journey with us! If you have adopted a mile or stream, please send in your pictures and stories. We would be honored to highlight your organization on our Facebook page and celebrate the positive impact you are making in your community.

Thank you to each and every one of you who has contributed to the success of these programs. Your passion and commitment inspire us all to continue working towards a cleaner, healthier, and more sustainable world.

## PALS 2024 POSTER CONTEST

### GUIDELINES:

- Theme: "From the Hills to the Shore, No More Litter in 2024!!"
- K-6th (Two categories K-3rd and 4th-6th)
- Only one student may work on each poster... no partners, teams or groups.
- Standard White Poster or Foam Board (May be split in half)
- All mediums acceptable
- Posters will be judged on clarity of theme, age-appropriate neatness, originality, overall design and inclusion of helpful information or tips.
- Please only send in the top 3 posters from your school in each category.
- Back of Poster must include the following:  
**\*\*We really need ALL this information!!\*\***

Student(s) Name(s): \_\_\_\_\_

\_\_\_\_\_

Current Grade: \_\_\_\_\_

Phone Number & Email for Parent: \_\_\_\_\_

School: \_\_\_\_\_

Point of Contact at School: \_\_\_\_\_

Phone Number & Email of Point of Contact at School: \_\_\_\_\_

**ALL posters are due in the PALS office by  
Friday, April 19th, 2024**

### WINNERS:

First Place: \$200 & Plaque

Second Place: \$25 & Plaque

Third Place: \$25 & Plaque

Honorable Mention: Plaque

**\*\*All winners will be recognized at our annual  
Governor's Awards Luncheon in November 2024\*\***

## MESSAGE FROM:

JAMIE MITCHELL – Clean Campus State Coordinator

*Continued from page 4*

have your own contest at the school level first, then send in only the top 3 posters for statewide judging. Also, note the judging guidelines that will help your students when planning their posters and for judging at the local level. Be sure to have your winners include ALL contact information requested on their posters.

There is no set theme for the Recycled Art Contest, so get CREATIVE! We will accept both 2-D and 3-D works, and the project should be made entirely from recyclable materials (or what would otherwise be considered trash) other than a small amount of fastening materials. As with the poster contest, please only send in the top 3 winners from your school. You may either deliver the pieces or submit them digitally if too heavy or cumbersome to transport for judging. If sending a digital entry and chosen as a winner, that piece will need to be delivered to the PALS office as soon as possible after notification. Be sure to include ALL contact information and turn in entries by April 19, 2024.

The PALS office will notify each winner, school and PALS County Contact by May

### Send posters to:

Alabama PALS  
Attn: Jamie Mitchell  
340 N. Hull Street  
Montgomery, AL 36104

*Please contact Jamie with any  
further questions at:*

(334) 263-7737

Jamie@alpals.org

**\*\*\*Winners will be notified by  
May 10th. If your poster is not  
chosen, you may pick it up at  
the PALS office no later than  
May 24th\*\*\***

10th. Winners will be recognized and presented with their respective awards at the Annual Governor's Awards Luncheon in November 2024.

In closing, I would like to thank each school that is committed to keeping their campus and community clean. Thank you to those that are a part of the Clean Campus Program. Thank you to students that are learning to be better stewards of our environment and are participating in cleanups, contests and helping spread the word about litter. We are all in this together!

If your school is not currently enrolled in the Clean Campus Program, please visit [www.alpals.org](http://www.alpals.org) to sign up. The program is FREE to all Alabama schools thanks to the generosity of Coca-Cola, ALFA, and the Alabama Farmer's Cooperative. Please call or email me with any questions regarding the program or our contests at (334) 263-7737 or [jamie@alpals.org](mailto:jamie@alpals.org).

-Jamie

**ALL Recycled Art projects may either be mailed into the PALS office OR photos of your project may be submitted by email to [jamie@alpals.org](mailto:jamie@alpals.org). If mailing/delivering your project, send to:**  
Alabama PALS  
Attn: Jamie Mitchell  
340 N. Hull Street  
Montgomery, AL 36104

*Please contact Jamie with any further questions at:*  
(334) 263-7737

[jamie@alpals.org](mailto:jamie@alpals.org)

**\*\*\*Winners will be notified by May 10th. If your piece was submitted digitally and is chosen as a winner, it must be arranged to be delivered to the PALS office after notification. If your piece is not chosen, you may pick it up at the PALS office no later than May 26th. \*\*\***

## PALS 2024 RECYCLED ART CONTEST

### GUIDELINES:

- No set theme, so get CREATIVE and ORIGINAL!!
- 7th-12th grades
- May work alone or with one friend (no more than 2 students per art piece)
- Piece may be 2-D or 3-D and any size, as long as it can be easily moved.
- Art must be made entirely of materials that are eligible for recycling or that would be otherwise considered trash, except for a small amount of fastening materials such as screws, bolts, wire, welding, glue, tape and twine.
- Pieces will be judged on originality, visual impact, overall design and craftsmanship.
- Please only send in the top 3 recycled art projects from your school.
- Please include the following information with each submitted piece: **\*\*We really need ALL this information!!\*\***

Student(s) Name(s): \_\_\_\_\_

Current Grade: \_\_\_\_\_

Phone Number & Email for Parent: \_\_\_\_\_

School: \_\_\_\_\_

Point of Contact at School: \_\_\_\_\_

Phone Number & Email of Point of Contact at School: \_\_\_\_\_

**Art pieces due by mail, delivery or email by April 19th, 2024**

### WINNERS:

- |                    |   |
|--------------------|---|
| First Place:       | \$200 (to be divided if working with a friend) & Plaque |
| Second Place:      | \$25 & Plaque   |
| Third Place:       | \$25 & Plaque   |
| Honorable Mention: | Plaque  |

**\*\*All winners will be recognized at our annual Governor's Awards Luncheon in November 2024\*\***

# ENVIRONMENTAL DAY

BY JAMIE MITCHELL

When I heard the theme of this issue's magazine was "harvest," it prompted me to think of how much the Clean Campus Program has in common with farming. When schools initially sign up for the program, I envision a fresh field ready to be planted. Next, we sow seeds of education to students throughout the school year with our campus visits, conducting campus clean-ups and providing contest opportunities for students.

By the end of the school year, students that are exposed to the Clean Campus Program are just like full-grown wheat in a field. They have grown and matured all year long in their litter-prevention education and are officially better stewards of our beautiful state. The true harvest comes when these students spread the word to family members or simply pick up a piece of litter rather than walking right past it.

This summer, I had the opportunity to speak at the

Poarch Band of Creek Indians' Environmental Day. The students rotated through many stations to learn about everything from local animals to caring for our environment. Many seeds were sown that day with the students, and the harvest should come soon as they join in cleaning up their local Adopt-A-Mile and participate in our contests.

It is our sincere hope that your harvest this year is better than ever! We hope the same for the efforts of the Clean Campus Program as we reach thousands of students this school year to help keep Alabama litter-free! If a school near you would like to learn more, have them visit [www.alpals.org](http://www.alpals.org). I am happy to answer any questions, also, at (334) 263-7737 or [jamie@alpals.org](mailto:jamie@alpals.org). Alabama PALS programs are free to schools thanks to our state partnerships and corporate sponsors. 🌻

# EDUCATING YOUNG LEADERS ON LITTER CLEANUP

BY JAMIE MITCHELL

Happy 2024! The fall was a very busy time for the Alabama PALS Clean Campus Program. I visited nearly 20 schools in person, Zoomed with a few more, and had meetings with various other groups around the state to help spread our anti-litter message. I spoke to thousands of students from August to December sharing why we need to all do a little bit each day to keep our beautiful state free from litter.

Two schools I visited this fall were Kinston School in Coffee County and Fairfax Elementary School in Chambers County. At Kinston, I met with 200 students in an assembly aimed at teaching the students how to be lifelong stewards of our environment. I challenged the students to look out the windows on their way home and really see the litter on the side of the road. I asked them to imagine how all that litter got there and how it may or may not ever get picked up. I suggested they start a habit now of picking up at least one piece of litter every day, because we can all make a big differ-

ence when we all do our part!

At Fairfax Elementary School, I met with their student government group. I reminded this group that they are the leaders of the school, and when they are seen doing the "right thing" by picking up litter, the other students will notice. I challenged this group to spread the anti-litter message to their fellow students by not only being an example but also by telling a few friends what all we discussed.

This spring, we hope to visit at least 20 more schools and would love to come to your town! Also, our Poster and Recycled Art Contests will be due in April, and all contest information may be found in our newsletter online at [www.alpals.org](http://www.alpals.org). If a school near you would like to schedule a visit or has any other questions, I may be reached at (334) 263-7737 or [jamie@alpals.org](mailto:jamie@alpals.org). Alabama PALS programs are free to schools thanks to our state partnerships and corporate sponsors. 🌟

## MAKING A DIFFERENCE OVER A BIG AREA

*Paulina Vives-Phillips and her beagle, Lucky*

Paulina Vives-Phillips moved to the Wakefield area of Marshall County four years ago and she has been making an impact on her community just about ever since.

She lives on Murphy Hill Road and she noticed her road – which is something of a tourist area – was badly littered. Paulina set out to do something about it.

"I picked up the loop of Murphy Hill Road, Mt. Moriah Road and South Sauty

Road," she said. It took her a year of regular pick-ups multiple times a week to get it done, picking up small sections at a time.

Her faithful beagle, "Lucky," makes every step she makes on these litter cleaning journeys and it was actually Lucky who indirectly led to the litter pick-ups in the first place.

"I took Lucky for a walk and saw the litter," Paulina said. "That was the

inspiration for it."

Paulina initially thought she'd pick up the loop one time and things would change. She thought it would stay clean. She thought neighbors would see her picking up and start picking up themselves or at the very least stop littering.

But that wasn't what happened. It got littered again almost as soon as she was finished. But the subsequent rounds around the loop weren't near as bad as the first one. The litter hadn't had as much time to accumulate.

She expanded her pick-ups along South Sauty Road all the way into Jackson County, where it turns into County Highway 67. She also picked up along Highway 227 to the State Park. It's a huge territory that she picks up litter on.

So the clean-up job she started 4 years ago continues to this day. She picks up at least 2 or 3 days a week and picks up for 2 to 3 hours on each trip.

Lucky is a 15-inch beagle, not a large dog but certainly not a small dog either, and he can be bundle of energy. Paulina keeps him on a long leash when she's picking up litter.

For that reason, she doesn't carry a large litter bag. She saves her small Walmart bags, carries them in a small backpack and will fill 17 or 18 of the small bags with trash on a typical pickup day.

She doesn't use a "litter grabber" stick either. She started out bare handed the trash she encountered. A neighbor who saw her couldn't stand to see her doing that and gave her a pair of gloves.

"I wore those gloves out and I am on my second pair now," she said.

Litter clean-up makes a difference in how a neighborhood looks, but it's no picnic on its best day. And it can be pretty bad on its worst days. Paulina has had at least a couple of scary incidents.

"Another dog attacked Lucky one day, and put a hole in his side," she said. There was no way Lucky could walk back home. It could've made the hole bigger. Paulina called her husband Ben and he came

and picked them up. Lucky ended up at a veterinary urgent care to get stitched up.

On another day, a broken bottle in Paulina's bag brushed her leg and gashed it open. Again, she had to call her husband to come pick her up.

"He asked me once, 'Why are you doing this?'" Paulina said. Her reply was that it's good exercise for her, good exercise for Lucky and it helps the environment.

She has never figured up the miles or the number of bags she has picked up, although she plans to start doing that. She is now part of PALS – People Against a Littered State – and they like to track the difference their cleaning efforts are making.

"I'm not able to catch up," Paulina said. "My dream was to finish it. I am so naïve, honestly. I thought people were going to get motivated. If they don't get motivated, I thought, they will at least feel sorry for us."

She finds all kinds of litter, plastic bottles, aluminum cans and fast food wrappers being the main offenders.

"Mountain Dew bottles are my arch-enemy," she said. "They're green and you really have to look to see them in the grass."

The most embarrassing material she found was "adult material" scattered on the roadside.

"My 15-year-old nephew was visiting and that made it really embarrassing," she said.

The scariest item was one totally unexpected. She picked up a bag that was heavy and she had to look inside. There was a deer head in the bag.

"It scared me to death," she said.

Her imagination sometimes runs wild during her litter work.

"I make up little stories about the litter I find," she said. "Like the adult material. Was it an angry wife who found it in the vehicle and threw it out the window?"

She regularly finds "99 Bananas" liqueur bottles on her route.

"I don't know who this guy is, but he likes it and you can track him by his bottles," she said.

Has she found any money?

"In four years, I have probably found \$22 or \$23," she said. "When people stop by, they say, 'Why are you doing this?' I say 'Because every time I come out here, I find a \$20 bill.' I've tried everything to get people to pick up."

Cigarette butts are a bane to litter cleaners in town. Paulina said they're bad in the country too.

She is becoming more than just a litter cleaner now. She is becoming an anti-litter advocate. She addressed the Jackson County Commission, encouraging them to put out more roadside garbage cans, more signs and begin a campaign to encourage people to pick up in front of their own homes and businesses. She plans to speak to the Marshall County Commission about the same thing.

"I lived in Japan for several years," she said. "There, everyone keeps things clean in front of their own place. I don't know why we can't do that here."

## IN MEMORY OF JANICE CASTLEBERRY

***My Memama was a Patriot.*** The American Flag was such a symbol to her and the freedoms of our country. She was a coordinator of various Patriotic events at Red Level High School, Buck Creek Church, and probably more of those that I don't know. As I look back at the numerous newspaper articles of all kinds, it makes me so proud of her because she loved her country so well. She always wanted to make sure my children knew exactly what the meanings were behind Independence Day, Memorial Day, and Veterans Day. She always inquired if they were being taught this in school and the fact it was not just another day off. She loved the "Red, White, and Blue."

***My Memama was a Servant.*** This is an understatement. It was such a wonderful gift from God to have a woman whose primary spiritual gift was "Acts of Service" matched to such organizations and ideas that would help more people than herself. PALS, being the "Trash Lady", Red Cross, "being the Blood Lady", "the Commissioner's wife", the right-hand lady to help her husband, Johnny, making sure that his people were loved and cared for beyond their roads and community. I have asked her numerous times how many cream cheese pound cakes she's baked and delivered over her lifetime. She always just sort of had a quiet laugh because she'd lost count too. The servant and volunteer list could go on and on. Memama sometimes had a "way" of how she executed ideas—trust me, I know; however, I always knew and will forever remember that anything she wanted to accomplish was based on doing the right thing for a greater cause.

In closing, when Memama was lying there before she entered the pearly gates of Heaven, I told her that she was going to have to find a new servant job. There would be no trash in Heaven and no need for blood drives! However, I know she is putting to use the old hymns she had memorized and sang throughout my childhood. And maybe, just maybe, she is singing in one of Heaven's many choirs in the alto section, accompanied there to her left by my sweet mother, her daughter, Janna.

I love you Memama- you will always be in my heart and soul, and you have done your job here to teach me what it means to be more than a Memama.

# SPRING CLEAN-UP 2024

It is hard to imagine that the 2024 "Don't Drop It On Alabama" Spring Cleanup is just a few months away. I trust that each of you had a wonderful Christmas and New Year's holiday and that 2024 will bring you and your families much happiness, fulfillment and joy.

Due to many requests to extend the Spring Cleanup through the month of April, PALS has designated the ENTIRE month of April for the 2024 Spring Cleanup. This will give cities, counties and volunteers the opportunity to designate the time needed to complete their respective cleanups.

We have begun the initial planning for the 2024 Spring Cleanup and wanted to update each of you about the dates for the shipping of materials for the cleanup. PALS is so very fortunate to have Coca-Cola United as our Title Sponsor again in 2024. Coca-Cola United and our other valued Sustaining Corporate Sponsors make the cleanup materials available to all Alabama counties, cities and communities a reality. These dedicated sponsors make all of the statewide PALS programs possible, so please be sure to take time to thank each of these sponsors for all that they continue to do to accomplish the goal of a clean and more beautiful Alabama.

Feel free to contact your respective County Commission Chairman or Engineer and thank them for their part in supporting the "Don't Drop It On Alabama" Spring Cleanup each year. Also, take time to thank them for their willingness to pick up their respective county's materials in Montgomery, as they did in 2022. The willingness of the Alabama Association of County Commissions to assist PALS in this distribution plays a huge role in PALS being able to meet the growing needs for each county. Each County Commission office will be contacted prior to the 2024 cleanup.

Also, on a very important note, PLEASE fill out the attached information sheet, complete with email address and return it to the PALS office at 340 North Hull Street, Montgomery AL 36104. We will be sending out e-newsletters with information for the 2024 Spring Cleanup, as well as using the PALS web page ([alpals.org](http://alpals.org)) and the PALS Facebook page ([facebook.com/alabamapals](https://facebook.com/alabamapals)) to send out information, as well as posting updated pictures and news relating to the 2024 statewide cleanup.

## Important Facts for Counties Recycling Plastic Bottles

For 2024, PALS is offering cities, counties and volunteer groups the opportunity to recycle plastic (PET 1) soda bottles and aluminum soda cans. Recycling bags will be provided for those that will be participating. PALS is extremely excited about furthering the recycling effort into the 2024 Spring Cleanup. Please fill out the Information Form and indicate if you and your locality will be participating in the recycling effort during the 2024 cleanup.

## Important Dates Relating to the 2024 Spring Cleanup

January	PALS has Ordered all Spring Cleanup Materials
January/February	All County/Group Contact Info to PALS Office
March	Groups may order additional materials if needed and if AVAILABLE
March 15	Materials and Supplies in Warehouse for Pick up and Shipping
April 1	Groups may order additional materials if AVAILABLE
April 2024	"Don't Drop It On Alabama" Spring Cleanup Month
May 30	All Report Forms Due in PALS Office

## Materials Provided by PALS for 2024 Spring Cleanup

Large Trash Bags with Corporate Sponsor Logos	Recycling Bags for Counties and Groups Participating
Spring Cleanup Ad Slicks	Reporting Forms
Window Decals	New PALS Program Brochures
Adopt A Mile brochures	Clean Campus brochures

I would also like to encourage each of you and your groups to commit to adding new participants in the Adopt A Mile, Clean Campus and Adopt A Stream programs during this year's cleanup. This is an excellent opportunity to involve additional numbers of groups and volunteers for the cleanup, as well as growing the active involvement in the mission of Alabama PALS. PALS is setting a goal of 50 new adopted miles during cleanup week. If you need additional brochures for any PALS program, please let us know and we will mail the brochures prior to the cleanup date. The program brochures can also be found at [alpals.org](http://alpals.org).

Please let us know if we can assist you in any way in your planning for the 2024 Spring Cleanup. Thanks again for all that you and your groups do to further the goal of a clean and more beautiful Alabama. It is because of each of you that we can truly say "We Are Making A Difference."

Spencer Ryan, Executive Vice President, Alabama PALS

## MIDFIELD SPRING CLEANUP

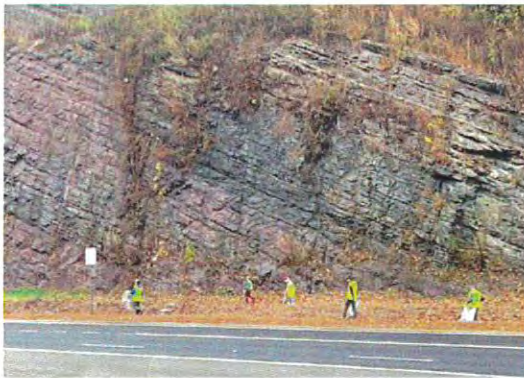

## RED MOUNTAIN CUT FOUNDATION VOLUNTEERS PICK-UP 800-LBS OF TRASH ON HWY. 280

On Saturday December 9th, the Red Mountain Cut Foundation hosted a litter pick-up on two miles of Highway 280 running through the Cut in Red Mountain between Homewood and St. Vincent's Hospital. More than 20 volunteers came together for 3 hours and cleaned-up almost 800 pounds of litter between mile markers 272 and 274. Thank you to all of our volunteers who came out on a foggy Saturday morning to help keep Birmingham beautiful!

Having formally adopted these two miles of roadway through ALDOT's Adopt-a-Mile program, which is administered by Alabama PALS ([alpals.org](http://alpals.org)), the Foundation plans to host regular quarterly litter pick-ups. Our goal is keep this highly visible gateway between downtown Birmingham and our Over-the-Mountain communities looking its best for residents and visitors of the Magic City. With almost 100,000 cars traveling this artery daily, the appearance of this space sends an important message of the pride we take in our community. Please help us out by not littering!

Interested in volunteering? Check [redmountaincut.org](http://redmountaincut.org) and [Eventbrite.com](http://Eventbrite.com) for future clean-up dates and more information.

**Specifics as Related to the Contract October 1, 2023-September 30, 2025  
Second Quarter Reporting Period 01/01/2024 – 03/31/2024**

The contract for 2023-2025 between Alabama PALS and ALDOT was finalized and received by Alabama PALS in July 2023 and includes components which both parties feel will best benefit the growth and maintenance of these valuable statewide programs.

ALDOT and PALS have made final changes to a new and more information specific database, which will be kept and updated by Alabama PALS. (See Database Below). This database upgrade has afforded PALS a better and more efficient way in which to monitor compliance for the program, keep better contact with the volunteer adoptees, as well as beginning and creating and implementing a new and efficient inspection process for the program.

All new data received from this point forward should reflect accurate information for each adopted mile. The database is now updated with the ability to view exact numbers and locations of State, Federal, and County adopted miles. (Total miles and groups included in report).

PALS continues to receive an **extremely high** level of responses and new applications (see **attachments**) for Adopt-a-Mile and Adopt-a-Stream programs during the Second Quarter of **2022-2023**. A new Compliance Reporting Form has been included in the PALS / Adopt-a-Mile Newsletter, where groups, individuals, PALS Chapters and others can report a group that is not keeping their respective mile of highway cleaned on a regular basis.

**2023 Alabama PALS Statewide Governor's Awards Program**

The 2023 Governor's Awards Program was held on November 08, 2023. Over 260 leaders, state agency heads, volunteers, city and county representatives attended the 2023 Alabama PALS Governor's Awards Program. 34 Awards were presented.

*The 2024 Alabama PALS Governor's Awards are scheduled for November 12, 2024.*

### **New Adoptees and Miles Adopted 12/01/24-03/31/24 (see Attached List)**

Attached list of AAM applications and signs erected is attached to this report. Reports for all applications, signs mailed and erected are included in each quarterly report.

2023 was the fastest growing AAM period to date.

New ALDOT specified Safety Vests are available for all adoptees on State and Federal highways, and notices have been sent to all AAM participants regarding the availability of vests.

### **Adopt-a-Mile Signs to be Replaced**

PALS continues to send letters to ALDOT District Engineers regarding the replacement of respective signs for each district, and will continue to follow up on future sign replacement as the requests come into the PALS office. As data is updated and added to the new AAM database, Christy will continue to correspond with all ALDOT district office in regard to removal or replacement of AAM signs. Several signs have been replaced during this period.

### **ALDOT District Correspondence**

PALS remains in touch with ALDOT District Offices regarding the new protocol for the Adopt-a-Mile program. Christy feels like all districts are excited about the protocol for the program and feel like having PALS handle all paperwork and signage enables the adoptees to receive the signs in a timely fashion.

Ongoing contact is made with respective District Offices regarding applications, paperwork and erecting of AAM signs. District Offices of ALDOT have been very willing to assist the PALS office in all aspects.

*PALS would like to encourage all ALDOT offices to report to the PALS office, all miles that appear to be picked up on a regular basis, or signs that have faded and become unable to read. PALS will contact the respective group.*

### **Proposal for Updating Adopt-a-Mile Procedures**

PALS met with Stacey Swindall in late September 2022 to discuss the need to have all AAM documents and applications accepted with signatures for E-sign program. All documents would be emailed to groups and individuals for E-signatures, then emailed to all ALDOT District Engineers for E-Signature, therefore eliminating documents having to be mailed and eliminating paperwork for ALDOT Engineers. This would also speed up time for the volunteers to receive their AAM signs in the future.

Also discussed during meeting was the need to go to a web-based database for the Adopt-a-Mile Program for the future. PALS has discussed this with Todd Jones with ALDOT and can be developed for future use.

Stacy Swindall is working with PALS to move both of these proposals forward.

PALS met with Stacey Swindall on July 7, 2022, to discuss new wordage on all new AAM applications, as well as moving ahead with proposed Docusign use on AAM applications in the future. Upon final approval, PALS will make all necessary changes to have the forms and applications emailed to ALDOT engineers using Docusign to aid in the elimination of paperwork, as well as speed up the application process for volunteer groups.

The discussion also included the use of ALDOT spec safety vests for volunteer use during cleanups held on US and State Highways. PALS will order the ALDOT spec vests moving forward.

During the meeting, Todd Jones with ALDOT updated the attendees of the positive attributes of going to a web based database for the Adopt-a-Mile program. The project will move forward with input from PALS and ALDOT, and the new database should be completed by early summer of 2023.

**Todd Jones / ALDOT gave an update of web-based database for Alabama PALS through and email to Stacey Swindall and PALS staff in August 2022 stating that project had begun and target date would be spring/summer 2023.**

**Christy Waddell, State Adopt-a-Mile Coordinator, has implemented several new items for maintaining compliance, updates, and correspondence with current and future Adopt-a-Mile participating groups. One is a brochure (enclosed) that will be sent to each adoptee upon their 2-year anniversary with the program. This will indicate if the group still intends to actively participate or be removed from the active roll. Christy is also working to identify additional miles from past years that are not actively participating or are in need of new and updated signage.**

### **The 2023 “Don’t Drop it on Alabama” Statewide Cleanup**

The 2023 Spring Cleanup was held in April 2023, with some counties extending their respective cleanups in May, June and July 2023. PALS will continue to work with the Association of County Commissions to continue cleanups in 67 counties.

Over 500 tons have reported as picked up during the 2023 cleanup effort to date, with several counties completing cleanup efforts in July. Reports are still being received and PALS will work with each city, county or volunteer group to give them additional time to participate if needed.

All materials and supplies were distributed statewide for the 2023 Spring Cleanup

In 2022, the Alabama Community College Systems partnered with local communities to extend the cleanup of all ACCS campuses and respective communities. This partnership continued in 2023.

PALS had to order additional bags for the 2023 statewide cleanup effort due to higher than normal demand for materials and supplies.

The 2024 “Don’t Drop It On Alabama” Spring Cleanup will begin in April 2024.

All Supplies and Materials have been ordered and distributed for the 2024 statewide cleanup.

### **Materials and Supplies Furnished for 2024 Spring Cleanup**

165,000 Large Trash Bags w/ PALS Corporate Sponsors’ and Partners’ Logos

2023 Window Decals

Ad Slicks for promoting cleanup

Reporting Forms

PALS Program Booklets

Adopt-a-Mile Brochures

Adopt-a-Stream Brochures

Alabama Clean Campus Brochures

Safety Regulations and Tips

Recycling bags for counties participating in recycling component

### **PALS / ALDOT Public Service Announcement**

The 2023 PALS/ALDOT PSA through ABA began airtime in June , July and August 2023.

As in past years, air time and scheduling reports from the ABA will be included in ALDOT reports for that time period.

PALS has uploaded the new ALDOT anti-littering PSA on the PALS webpage and Facebook page.

PALS and ABA are working to produce a new PALS PSA for 2024, which will begin airing in June 2024.

### **Database for Adopt-a-Mile Program** (updated copy on jump drive included in this report)

The Adopt-a-Mile database is now current and working effectively. PALS is currently able to view total, exact number of groups and adopted miles by County, State and Federal miles. PALS continues to work with Todd Jones of ALDOT to ensure that the database is working correctly and enabling PALS to best use the database for the benefit of the AAM program.

PALS continues to provide all database updates to ALDOT on a quarterly basis.

PALS continues to add/delete and change information to the new Adopt-a-Mile database as updated information is collected. In addition to daily attention to the database, a file system has been created and maintained to assist in the creation of an accurate account of all County, State and Federal adopted miles in the future.

### **2024 Adopt-a-Mile Inspections**

The internship program has proven highly effective and will continue each year as specified in the PALS / ALDOT contract.

All new data from the Intern AAM Inspection Program reports will be added to the PALS / AAM database, reflecting and changes, additions, or deletions from current database.

The South Zone will be the focus for the 2023 Inspection program.

The 2023 Adopt A Mile inspections have been completed and were inspected by Osprey Initiative, which is a partner of Alabama PALS and employs college graduates and students that are completing their Masters degree at South Alabama University etc. The inspections in the South Zone were completed in early September 2023 and are included on the enclosed updated data base. A high level of focus was placed on inspecting and rating each mile, but Osprey also focused on old or signs that need to be removed or updated. Pictures of all miles were submitted to PALS, as well as a litter rating for the respective miles.

The partnership with Osprey proved to be the most effective and thorough inspection to date.

PALS will inspect all adopted miles in the Central Zone in 2024, and will be inspected by Osprey as was the case in 2023.

### **Materials Provided for 2024 AAM Inspection Intern Program**

ALDOT provided maps for each county in the zone listing all highways  
List of all adopted miles in each zone  
List and contacts of ALDOT offices in zone  
HI VIZ Vehicle Safety Lights  
HI VIZ Safety vests  
PALS / ALDOT Inspection program magnetic vehicle signs

### **PALS / Adopt-a-Mile Newsletter (Winter 2024 Newsletter final draft attached Attached)**

The Summer PALS/Adopt-a-Mile Newsletter was completed and mailed statewide in early July 2023. PALS has the statewide newsletter available in e-letter form online at [www.alpals.org](http://www.alpals.org) which was uploaded on July 15, 2023. The PALS/AAM Newsletter is mailed to all Sponsors and Partners, Adopt-a-Mile, Adopt-a-Stream, Spring Cleanup participants, Clean Campus Schools, Coastal Cleanup Captains, PALS Members, and County Chairmen, etc.

The total mailing is approximately 5,600. Applications for all “adopt-a” programs are included in each newsletter and are processed in the PALS office for adoption. Adopt-a-Mile reporting forms are also included in the newsletter.

The Winter 2024 PALS Newsletter was mailed on January 10, 2024.

**The Summer 2024 PALS Newsletter will be prepared and mailed in July 2024**

## **The Alabama Coastal Cleanup**

### **2023 Materials Provided**

**Alabama PALS provided all cleanup supplies and materials for all 31 Coastal Zones.**

12,000 Large Heavy Duty Trash Bags

Recycling Bags

Mesh bags for boats, kayaks etc.

Tee shirts for Volunteers, Zone Captains, Staff, etc.

Alabama Coastal Cleanup Posters

Ad Slicks for all 31 zones

Data Cards

Bottled Water

Zone Captain Packets

Safety Tip Sheets

The 2023 **36<sup>th</sup> Annual Alabama Coastal Cleanup** was held on September 16, 2023. 31 Zones from Dauphin Island to the FL/AL state line participated.

### **2023 Totals**

2,868 volunteers

23,424 pounds of litter picked up

251 miles of shoreline cleaned

**The 2024 Alabama Coastal Cleanup will be held on September 21, 2024.**

### **Safety Vest Availability**

New ALDOT Specific Safety Vests meeting new standards were ordered and are available to all Adopt A Mile groups on State and Federal Highways.

**Specifics as Related to the Contract October 1, 2023-September 30, 2025  
Third Quarter Reporting Period 04/01/2024 –06/30/2024**

The contract for 2023-2025 between Alabama PALS and ALDOT was finalized and received by Alabama PALS in July 2023 and includes components which both parties feel will best benefit the growth and maintenance of these valuable statewide programs.

ALDOT and PALS have made final changes to a new and more information specific database, which will be kept and updated by Alabama PALS. (See Database Below). This database upgrade has afforded PALS a better and more efficient way in which to monitor compliance for the program, keep better contact with the volunteer adoptees, as well as beginning and creating and implementing a new and efficient inspection process for the program.

All new data received from this point forward should reflect accurate information for each adopted mile. The database is now updated with the ability to view exact numbers and locations of State, Federal, and County adopted miles. (Total miles and groups included in report).

PALS continues to receive an **extremely high** level of responses and new applications (see **attachments**) for Adopt-a-Mile and Adopt-a-Stream programs during the Third Quarter of 2023-2024. A new Compliance Reporting Form has been included in the PALS / Adopt-a-Mile Newsletter, where groups, individuals, PALS Chapters and others can report a group that is not keeping their respective mile of highway cleaned on a regular basis.

**2023 Alabama PALS Statewide Governor's Awards Program**

The 2023 Governor's Awards Program was held on November 08, 2023. Over 260 leaders, state agency heads, volunteers, city and county representatives attended the 2023 Alabama PALS Governor's Awards Program. 34 Awards were presented.

*The 2024 Alabama PALS Governor's Awards are scheduled for November 12, 2024.*

### **New Adoptees and Miles Adopted 4/01/24-06/30/24 (see Attached List)**

Attached list of AAM applications and signs erected is attached to this report. Reports for all applications, signs mailed and erected are included in each quarterly report.

2023-24 was the fastest growing AAM period to date.

New ALDOT specified Safety Vests are available for all adoptees on State and Federal highways, and notices have been sent to all AAM participants regarding the availability of vests.

### **Adopt-a-Mile Signs to be Replaced**

PALS continues to send letters to ALDOT District Engineers regarding the replacement of respective signs for each district, and will continue to follow up on future sign replacement as the requests come into the PALS office. As data is updated and added to the new AAM database, Christy will continue to correspond with all ALDOT district office in regard to removal or replacement of AAM signs. Several signs have been replaced during this period.

### **ALDOT District Correspondence**

PALS remains in touch with ALDOT District Offices regarding the new protocol for the Adopt-a-Mile program. Christy feels like all districts are excited about the protocol for the program and feel like having PALS handle all paperwork and signage enables the adoptees to receive the signs in a timely fashion.

Ongoing contact is made with respective District Offices regarding applications, paperwork and erecting of AAM signs. District Offices of ALDOT have been very willing to assist the PALS office in all aspects.

*PALS would like to encourage all ALDOT offices to report to the PALS office, all miles that appear to be picked up on a regular basis, or signs that have faded and become unable to read. PALS will contact the respective group.*

### **Proposal for Updating Adopt-a-Mile Procedures**

PALS met with Stacey Swindall in late September 2022 to discuss the need to have all AAM documents and applications accepted with signatures for E-sign program. All documents would be emailed to groups and individuals for E-signatures, then emailed to all ALDOT District Engineers for E-Signature, therefore eliminating documents having to be mailed and eliminating paperwork for ALDOT Engineers. This would also speed up time for the volunteers to receive their AAM signs in the future.

discussed during meeting was the need to go to a web-based database for the Adopt-a-Mile program for the future. PALS has discussed this with Todd Jones with ALDOT and can be developed for future use.

Stacy Swindall is working with PALS to move both of these proposals forward.

PALS met with Stacey Swindall on July 7, 2022, to discuss new wordage on all new AAM applications, as well as moving ahead with proposed DocuSign use on AAM applications in the future. Upon final approval, PALS will make all necessary changes to have the forms and applications emailed to ALDOT engineers using DocuSign to aid in the elimination of paperwork, as well as speed up the application process for volunteer groups.

The discussion also included the use of ALDOT spec safety vests for volunteer use during cleanups held on US and State Highways. PALS will order the ALDOT spec vests moving forward.

During the meeting, Todd Jones with ALDOT updated the attendees of the positive attributes of going to a web based database for the Adopt-a-Mile program. The project will move forward with input from PALS and ALDOT, and the new database should be completed by early summer of 2023.

Todd Jones / ALDOT gave an update of web-based database for Alabama PALS through and email to Stacey Swindall and PALS staff in August 2022 stating that project had begun and target date would be spring/summer 2023

On June, 24, 2024 PALS met with Todd Jones, Kelvin Kennedy, Bryan Orange, Stacey Swindall and other to review progress on the new PALS web based data base. There has been good progress made on the new data base. PALS and ALDOT will meet again in the upcoming months to review application.

Christy Waddell, State Adopt-a-Mile Coordinator, has implemented several new items for maintaining compliance, updates, and correspondence with current and future Adopt-a-Mile participating groups. One is a brochure (enclosed) that will be sent to each adoptee upon their 2-year anniversary with the program. This will indicate if the group still intends to actively participate or be removed from the active roll. Christy is also working to identify additional miles from past years that are not actively participating or are in need of new and updated signage.

### **The 2024 “Don’t Drop it on Alabama” Statewide Cleanup**

The 2024 Spring Cleanup began in April 2024, with some counties and municipalities extending their respective cleanups into May, June and July 2023. PALS will continue to work with the Association of County Commissions to continue cleanups in 65 counties.

Over 500 tons have reported as picked up during the 2024 cleanup effort to date, with several counties completing cleanup efforts in July. Reports are still being received and PALS will work with each city, county or volunteer group to give them additional time to participate if needed.

All materials and supplies were distributed statewide for the 2024 Spring Cleanup

In 2023, the Alabama Community College Systems partnered with local communities to extend the cleanup of all ACCS campuses and respective communities. This partnership continued in 2024.

PALS had to order additional bags for the 2024 statewide cleanup effort due to higher than normal demand for materials and supplies.

### **Materials and Supplies Furnished for 2024 Spring Cleanup**

165,000 Large Trash Bags w/ PALS Corporate Sponsors’ and Partners’ Logos  
2024 Window Decals  
Ad Slicks for promoting cleanup  
Reporting Forms  
PALS Program Booklets  
Adopt-a-Mile Brochures  
Adopt-a-Stream Brochures  
Alabama Clean Campus Brochures  
Safety Regulations and Tips  
Recycling bags for counties participating in recycling component

### **PALS / ALDOT Public Service Announcement**

The NEW 2024 PALS/ALDOT PSA through ABA began airtime in June , July and August 2024.

As in past years, air time and scheduling reports from the ABA will be included in ALDOT reports for that time period.

PALS has uploaded the new ALDOT anti-littering PSA on the PALS webpage and Facebook page.

### **Database for Adopt-a-Mile Program** (updated emailed to Stacey Swindall and Bryan Orange)

The Adopt-a-Mile database is now current and working effectively. PALS is currently able to view total, exact number of groups and adopted miles by County, State and Federal miles. PALS continues to work with Todd Jones of ALDOT to ensure that the database is working correctly and enabling PALS to best use the database for the benefit of the AAM program.

PALS continues to provide all database updates to ALDOT on a quarterly basis.

PALS continues to add/delete and change information to the new Adopt-a-Mile database as updated information is collected. In addition to daily attention to the database, a file system has been created and maintained to assist in the creation of an accurate account of all County, State and Federal adopted miles in the future.

### **2024 Adopt-a-Mile Inspections**

The internship program has proven highly effective and will continue each year as specified in the PALS / ALDOT contract.

All new data from the Intern AAM Inspection Program reports will be added to the PALS/ AAM database, reflecting and changes, additions, or deletions from current database.

The South Zone will be the focus for the 2023 Inspection program.

The 2023 Adopt A Mile inspections have been completed and were inspected by Osprey Initiative, which is a partner of Alabama PALS and employs college graduates and students that are completing their Masters degree at South Alabama University etc. The inspections in the South Zone were completed in early September 2023 and are included on the enclosed updated data base. A high level of focus was placed on inspecting and rating each mile, but Osprey also focused on old or signs that need to be removed or updated. Pictures of all miles were submitted to PALS, as well as a litter rating for the respective miles.

The partnership with Osprey proved to be the most effective and thorough inspection to date.

PALS will inspect all adopted miles in the Central Zone in 2024, and will be inspected by Osprey Initiative, as was the case in 2023. Inspection of all Central Zone miles will be completed by August 2024.

**Materials Provided for 2024 AAM Inspection Intern Program**

ALDOT provided maps for each county in the zone listing all highways  
List of all adopted miles in each zone  
List and contacts of ALDOT offices in zone  
HI VIZ Vehicle Safety Lights  
HI VIZ Safety vests  
PALS / ALDOT Inspection program magnetic vehicle signs

**PALS / Adopt-a-Mile Newsletter (Summer 2024 Newsletter final draft attached Attached)**

The Summer PALS/Adopt-a-Mile Newsletter was completed and mailed statewide in early July 2024. PALS has the statewide newsletter available in e-letter form online at [www.alpals.org](http://www.alpals.org) which was uploaded on July 1, 2024. The PALS/AAM Newsletter is mailed to all Sponsors and Partners, Adopt-a-Mile, Adopt-a-Stream, Spring Cleanup participants, Clean Campus Schools, Coastal Cleanup Captains, PALS Members, and County Chairmen, etc.

The total mailing is approximately 4,600. Applications for all “adopt-a” programs are included in each newsletter and are processed in the PALS office for adoption. Adopt-a-Mile reporting forms are also included in the newsletter.

The Winter 2024 PALS Newsletter was mailed on January 10, 2024.

**The Summer 2024 PALS Newsletter has been completed and will emailed and mailed statewide in July 2024.**

## **The 2024 Alabama Coastal Cleanup**

### **2024 Materials Provided**

**Alabama PALS provided all cleanup supplies and materials for all 31 Coastal Zones.**

12,000 Large Heavy Duty Trash Bags

Recycling Bags

Mesh bags for boats, kayaks etc.

Tee shirts for Volunteers, Zone Captains, Staff, etc.

Alabama Coastal Cleanup Posters

Ad Slicks for all 31 zones

Data Cards

Bottled Water

Zone Captain Packets

Safety Tip Sheets

Zone Captain/Sponsors Gifts

The 2023 36<sup>th</sup> **Annual Alabama Coastal Cleanup** was held on September 16, 2023. 31 Zones from Dauphin Island to the FL/AL state line participated.

### **2023 Totals**

2,868 volunteers

23,424 pounds of litter picked up

251 miles of shoreline cleaned

The 2024 Alabama Coastal Cleanup will be held on September 21, 2024.

### **Safety Vest Availability**

New ALDOT Specific Safety Vests meeting new standards were ordered and are available to all Adopt A Mile groups on State and Federal Highways.

Alabama Pals Adopt-A-Miles  
April, May, and June 2024

**April Applications**

Wiregrass Consistory #229 – Houston County

The Royal Family – Talladega County

Iota Phi Theta Fraternity Inc. – Montgomery County

The Rhodes Family – Hale County

Cleburne County Soil and Water Conservation District (AAS) – Cleburne County

THE NEWSLETTER OF ALABAMA PALS AND THE ALABAMA ADOPT-A-MILE PROGRAM

SUMMER QUARTER 2024 • VOLUME 48

## DIRECTOR'S NOTES: "YOUR SUCCESSES...AND SO MUCH TO SAY"

Sometimes you just have to stop, think, review, and evaluate everything just to realize how truly remarkable your successes are for your families, your job, and the other efforts that you choose to invest your time in on a daily basis. As I take a close look at what YOU have achieved and review the many successes that you have made possible for our great state, it simply amazes me. Yes, Alabama PALS has and continues to be a conduit for these statewide efforts for your cities, counties, communities and volunteer efforts, but each of YOU through your stewardship, faithfulness, active involvement and support, continue to be the true and shining examples of what a "Success Story" looks like. Below are just a few of the many success stories that you have made possible.

The 2024 "Don't Drop It On Alabama" Spring Cleanup grew and was one of the largest in the history of this statewide effort. While we are still tallying all of the final numbers for the 2024 cleanup, I want to share just a few examples of the growth in 2024. Mobile County participated in the statewide cleanup for the first time and totaled 126 tons of litter reported as picked up during the 2024 effort! The partnership between the Alabama Community College Systems, RC&D, Coca-Cola United (Title Sponsor for the DDIOA Spring Cleanup) and PALS resulted in over 18,000 pounds of litter being removed from ACCS campuses and roadways in conjunction with respective cities and communities. Success!

The 2024 Alabama Coastal Cleanup will be held on September 21, 2024. This will be the 37th Annual Alabama Coastal Cleanup. Thank you ADCNR/State Lands/Coastal Section for your partnership, support, and leadership during these 37 years, and thank you PCI for your devoted stewardship as Title Sponsor for this most successful coastal effort each year. I want to also thank each of the Corporate Sponsors that have made this annual effort possible. Your dedication is absolutely unmatched! Who would have ever thought that in 36 years 110,448 volunteers have participated, 6,939 miles of coastline have been cleaned, and 1,779,911 pounds of litter have been removed from our beautiful and most valuable Gulf Coast? Success!

As the Alabama Clean Campus has evolved and grown and has become a most integral piece of your organization, the

### ALABAMA PALS MISSION STATEMENT

"Alabama Communities Working  
Together for A Cleaner and  
More Beautiful Alabama"

## THE CHAIRMAN'S CORNER

BY JEFF HELMS, CHAIRMAN, ALABAMA PALS

When Spencer Ryan left a successful career in the private sector to lead a fledgling nonprofit, he likely didn't expect it to be his life's work.

Almost 40 years later, Spencer's legacy at Alabama PALS is one of stewardship, service and gratitude.

Millions of pounds of litter have been collected; hundreds of miles have been adopted; thousands of children have been inspired; and countless relationships have been cultivated.

Spencer has shepherded Alabama PALS through organizational change and lean financial times. His unwavering commitment to PALS has guided every decision. When differences of opinion over national affiliation arose, Spencer fought to preserve PALS' volunteer membership and free services. When other groups became mired in political controversies, Spencer kept PALS focused on its core mission. And when budget cuts threatened PALS' very existence, Spencer found new sponsors and even cut his own compensation to bridge the gap.

Through it all, Spencer never failed to express gratitude. His friendship with volunteers, board members, sponsors and vendors remained steadfast. He has shown each of us what it means to be loyal and true.

A year ago, Spencer informed me he would be retiring following the 2024 Coastal Cleanup. While PALS will miss his leadership, we celebrate with him the rewards of retirement following a long and meaningful career.

In keeping with the PALS motto of leaving places better than we found them, Spencer has prepared the organization well for this transition. He is mentoring Jamie Mitchell who will take the reins as executive director Oct. 1. Meanwhile, Spencer and Jamie have hired longtime teacher Shay Grant as Clean Campus Coordinator.

Alabama PALS is financially strong. Its programs and partnerships are growing, and Jamie is casting her own vision to strengthen the organization. I'm excited about our future as we build on the foundation Spencer has carefully laid.

Spencer will, no doubt, deflect any praise for PALS' accomplishments during his tenure. Rather, he will credit the board, volunteers and sponsors for its growth. But make no mistake, Alabama PALS would not be here today without Spencer Ryan. Every worthwhile cause needs a leader, and even the best players need a coach.

Thank you, Spencer, for being the champion, defender and cheerleader of every Alabama PALS volunteer. Even more, thank you for being a faithful friend. Love you, brother!

### MESSAGE FROM:

*JOHN COOPER Director, Alabama Department of Transportation*

### STRENGTHENING OUR COMMITMENT TO A CLEANER ALABAMA

The summer season brings increased travel and outdoor activities, which unfortunately can lead to a rise in litter along our highways and public spaces. ALDOT recognizes the critical role that a clean, litter-free environment plays in ensuring the safety and enjoyment of our roads and communities. Litter not only detracts from Alabama's scenic beauty but also poses hazards to drivers and wildlife.

To address this issue, ALDOT is committed to strengthening our partnership with PALS and supporting initiatives that promote cleanliness and environmental stewardship. One of our key initiatives is the "Adopt-a-Mile" program. This program has seen remarkable success, thanks in large part to the passionate involvement of PALS and its volunteers.

Additionally, through PALS, ALDOT continues to invest in public education

*Continued on page 5*

# DIRECTOR'S NOTES

Continued from page 1

far-fetching statewide results are just remarkable. Jamie has done such a wonderful job in building and growing this program and it will continue to reap dividends for Alabama for many years, as the children receiving this message will be our leaders of the future. During the past school year the Alabama Clean Campus message has been presented personally in approximately 50 schools, plus the schools that have benefited from the program being available with Zoom and YouTube. Success!

The Alabama Adopt A Mile Program continues to grow each year and 2024 is no different. To think that Alabama now has 922 adopted miles of State, Federal and County highways adopted is mind boggling, and during the past 12-month period there have been 91 new applications received in the PALS office! Thank you ALDOT for your support and confidence. Thank you, Christy and all participants. Success!

2024 has been a busy and productive year for Alabama PALS. Thank you for allowing us to serve your cities, counties and communities.

Inside this issue of the PALS Prints you will find the Nomination Forms for the 2024 Alabama PALS Governors Awards Program, and the Nomination Forms for the Alabama Cleanup Campus Statewide competition. All winners will be recognized at the 2024 luncheon on November 12th at the Renaissance Convention Center in Montgomery. We look forward to seeing each of you and your winners! Take this opportunity to nominate those that have made a difference in your respective locations. We look forward to honoring them in November. More Successes!

Now for the part that will be hardest for me to write.....

Last July, I informed the Executive Committee of Alabama PALS that I would be retiring as Executive Director of Alabama PALS on October 1, 2024. The entire board was informed at the board meeting in November prior to the 2023 Governors Awards luncheon. This has given us the opportunity to effectively plan and build for the future for PALS, and I know that PALS will continue to grow and be an even more effective organization in the future. There is a very strong foundation that has been built. Each of you have played such a valuable role that will not only see PALS into the future but will continue to grow this wonderful organization in ways that will make me proud. PALS is in wonderful hands.

Alabama PALS has been my "home" for almost 38 years, and there has not been a day that has passed that I have not loved serving, planning for, representing, and leading this wonderful organization on behalf of the Volunteers, Board, Staff, Corporate Sponsors and Partners. I have been the one that has been blessed! No leader of any business, organization or any other group has received more support, love, friendship and loyalty than I have had for 38 years. There will never be adequate words to express my deepest appreciation for the opportunity to play a small role in watching YOUR organization grow and make a difference for the state that we all love. It has been a true honor and privilege and I trust that I will have opportunities to thank you personally in the future. Thank you, and I love each one of you that has allowed us to invest in each other's lives. It has been ONE HECK of a Ride.

## MESSAGE FROM:

JAMIE MITCHELL – Clean Campus State Coordinator

As we think about heading back to school, I normally begin this segment by wondering where the summer went. This time, however, I'm going to start by saying, "Where have the past 10 years gone?" It is hard to believe that it has been 10 years since I visited my first school as Clean Campus Coordinator. While I have very happily been in this role for the past 10 years and will miss all my teacher friends, I am thrilled to be sticking around with PALS filling the very enormous shoes of Mr. Spencer Ryan as the new Executive Director. It has been my greatest honor to work under Spencer for the past 10 years, and I am praying that I can continue to carry the torch that he so skillfully carried for the past 37 years!

It is with tremendous joy that I can announce the new Clean Campus Coordinator, Mrs. Shay Grant! Shay comes to us with 33 years of teaching experience and lots of fun ideas for the future of the program! If you would like to schedule a program with Shay, you may email her at [shay@alpals.org](mailto:shay@alpals.org) or call (334) 263-7737 to get that set up. Our Clean Campus Program will continue to grow and thrive under Shay's

## MESSAGE FROM:

*CHRISTY WADDELL*

*State Adopt-A-Mile Coordinator*

The Adopt-A-Mile and Adopt-A-Stream programs have made significant strides this year, with over 50 applications already received. We are deeply grateful to our dedicated volunteers who generously give their time and energy to enhance the beauty of Alabama. With your support, we can achieve even more impactful results. Let's encourage your neighbors, family, and local groups to join us in the effort to combat litter and preserve the charm of our beautiful state.

We take great pleasure in showcasing the exceptional efforts of our participants, and what better way to do so than by sharing your journey with us! If you have adopted a mile or stream, please share your photos and stories with us. We would be honored to feature your organization on our Facebook page.

We extend our heartfelt gratitude to everyone who has contributed to the success of these programs. Your dedication serves as inspiration for us all to work towards a cleaner, healthier, and more sustainable world.

## MESSAGE FROM:

*JOHN COOPER Director,  
Alabama Dept. of Transportation  
Continued from page 2*

campaigns to raise awareness about the negative impacts of littering. By working together, we can change behaviors and foster a culture of pride and responsibility among Alabamians and those traveling through the state on summer vacation.

As we move forward, I encourage everyone to participate in local cleanup events and spread the word about the importance of keeping Alabama beautiful. Together we can make a significant difference. ALDOT is proud to stand alongside PALS in the fight against litter.

## EDUCATING STUDENTS THROUGH CLEAN CAMPUS PROGRAM

BY JAMIE MITCHELL

Spring is my favorite time of year! Fresh blooms and the promise of warmer weather make my heart happy. At PALS, spring means it is time for our “Don’t Drop it on Alabama” Spring Cleanup, Earth Day events, and contest due dates for our poster and recycled art contests. These annual events serve as a reminder of what we should be doing all year ... looking for ways to keep Alabama cleaner and more beautiful every day!

One way that we work toward keeping Alabama more beautiful all year long is by educating students about litter through the Clean Campus Program. We normally visit around 50 schools each year to spread the anti-litter message and encourage schools to take action against litter. Two schools I met with recently were Southside High School in Etowah County and Hanceville Elementary School in Cullman County.

At Southside High School, I spoke with three different environmental science classes in 10th-12th grades. These students did not just hear the message, they put their ideas into action by conducting a local cleanup (as

pictured). PALS provided the bags for this cleanup, and we are happy to supply bags to your local schools for any cleanups they would like to conduct.

At Hanceville Elementary School, I visited with a group of 120 first graders and encouraged them to start early making good habits when it comes to litter. They learned why litter is “bad,” and how they can make a difference even at a very young age. They were also the recipients of newly printed PALS anti-litter coloring books!

As I mentioned earlier, our Poster and Recycled Art Contests are due April 19th. The Poster Contest theme this year is “From the Hills to the Shore, No More Litter in 2024!” All contest information may be found in our newsletter online at [www.alpals.org](http://www.alpals.org). If a school near you would like to schedule a visit or has any other questions, I may be reached at (334) 263-7737 or [jamie@alpals.org](mailto:jamie@alpals.org). Alabama PALS programs are free to schools thanks to our state partnerships and corporate sponsors. 🌻

# EDUCATING STUDENTS THROUGH CLEAN CAMPUS PROGRAM

BY JAMIE MITCHELL

The heat of the summer is upon us, but we at PALS are still remembering all the successes of the "Don't Drop it on Alabama" Spring Cleanup. For the past several years, we have partnered with Alabama Community College System to incorporate the Spring Cleanup at many campuses. Our partnership with Coca-Cola UNITED as the title sponsor, as well as newly added partner, Alabama Association of RC&D Councils, proved to be a winning combination to up participation to every campus within the system this year!

We received reports of thousands of pounds of litter being removed from all over our state by the faithful student volunteers who came out to clean up. Mr. David Walters, State Director of Special Projects with ACCS, noted that the colleges have always taken pride in cleaning up their communities, but this year they have reinvigorated their efforts to produce phenomenal results. The pictures speak for themselves! We are so grateful for

this partnership and the wonderful work done by the students of the Alabama Community College System.

Coming up on September 21st will be our 37th Annual Alabama Coastal Cleanup event. If you'd like to join us this year, check out [www.alabamacoastalcleanup.com](http://www.alabamacoastalcleanup.com) for more information! In the meantime, as you enjoy the rest of your summer and maybe take

a trip to the beach or lake, please remember to keep all loose items contained on your boat and remove all belongings from the beach.

PALS is so thankful for our network of volunteers, sponsors, and members that continue to make our organization stronger each year! If you are interested in any PALS programs, please visit [www.alpals.org](http://www.alpals.org). And if a school near you would like to schedule a visit or has any

other questions, I may be reached at (334) 263-7737 or [jamie@alpals.org](mailto:jamie@alpals.org). Alabama PALS programs are free to schools and individuals thanks to our state partnerships and corporate sponsors. 🌞

Please give a brief (no more than 2 page) narrative explaining why your school should be selected to receive one of the scholarships.

**All Nomination Forms and Attachments Are Due In The PALS Office by October 9, 2024!**

## DON'T DROP IT ON ALABAMA: COMMUNITY COLLEGES TAKE LEAD IN LITTER PICKUPS

In a significant stride toward a cleaner and greener state, the annual Alabama PALS "Don't Drop It On Alabama" Statewide Spring Cleanup reached record achievements this year.

The initiative, known for rallying community members across Alabama to combat litter and promote recycling, led to greater participation from Alabama's community and technical colleges. This is thanks to Coca-Cola Bottling Company UNITED, Paths for Success, and a new partnership with the Alabama Association of Resource Conservation and Development (RC&D) Councils.

The Alabama Community College System collected more than 18,377 pounds (nine tons) of trash, debris, and recyclables in 2024. This represents a 67% increase from the previous year's total of 11,000 pounds (5.5 tons).

As you will see here in the photos within The PALS Prints, the success of this year's ACCS cleanups were due to the hard work of hundreds of dedicated volunteers, countless hours of planning, and every special partnership along the way.

### MESSAGE FROM:

JAMIE MITCHELL –  
Clean Campus State Coordinator  
*Continued from page 4*

leadership!

The Clean Campus Scrapbook Contest information can be found in this newsletter with applications due back in our office on October 9th. Please include pictures of cleanups, any campus beautification projects, recycling successes, or anything else that made your campus shine last school year. Remember, 1st prize is \$1,000, 2nd is \$750 and 3rd is \$500 for your school, so it is well worth the effort!

Please also enroll or renew your membership in the Clean Campus Program for the 2024-2025 school year. The program is completely free to all Alabama schools thanks to ALFA, the Alabama Farmer's Cooperative and Coca-Cola. More information may also be found at [www.alpals.org](http://www.alpals.org) or you can always give us a call!

There is so much momentum from last year headed into this school year! We are so excited to have returning and new schools be a part of our program. And, once again, we are just thrilled to have Shay joining our team!

**Specifics as Related to the Contract October 1, 2023-September 30, 2025  
Fourth Quarter Reporting Period 07/01/2024 –09/30/2024**

The contract for 2023-2025 between Alabama PALS and ALDOT was finalized and received by Alabama PALS in July 2023 and includes components which both parties feel will best benefit the growth and maintenance of these valuable statewide programs.

ALDOT and PALS have made final changes to a new and more information specific database, which will be kept and updated by Alabama PALS. (See Database Below). This database upgrade has afforded PALS a better and more efficient way in which to monitor compliance for the program, keep better contact with the volunteer adoptees, as well as beginning and creating and implementing a new and efficient inspection process for the program.

All new data received from this point forward should reflect accurate information for each adopted mile. The database is now updated with the ability to view exact numbers and locations of State, Federal, and County adopted miles. (Total miles and groups included in report).

PALS continues to receive high level of responses and new applications (see attachments) for Adopt-a-Mile and Adopt-a-Stream programs during the Fourth Quarter of 2023-2024. A new Compliance Reporting Form has been included in the PALS / Adopt-a-Mile Newsletter, where groups, individuals, PALS Chapters and others can report a group that is not keeping their respective mile of highway cleaned on a regular basis.

**2023 Alabama PALS Statewide Governor's Awards Program**

The 2023 Governor's Awards Program was held on November 08, 2023. Over 260 leaders, state agency heads, volunteers, city and county representatives attended the 2023 Alabama PALS Governor's Awards Program. 34 Awards were presented.

*The 2024 Alabama PALS Governor's Awards are scheduled for November 12, 2024.*

### **New Adoptees and Miles Adopted 4/01/24-06/30/24 (see Attached List)**

List of AAM applications and signs erected is attached to this report. Reports for all applications, signs mailed and erected are included in each quarterly report.

2023-24 was the fastest growing AAM period to date.

New ALDOT specified Safety Vests are available for all adoptees on State and Federal highways, and notices have been sent to all AAM participants regarding the availability of vests.

### **Adopt-a-Mile Signs to be Replaced**

PALS continues to send letters to ALDOT District Engineers regarding the replacement of respective signs for each district, and will continue to follow up on future sign replacement as the requests come into the PALS office. As data is updated and added to the new AAM database, Christy will continue to correspond with all ALDOT district office in regard to removal or replacement of AAM signs. Several signs have been replaced during this period.

### **ALDOT District Correspondence**

PALS remains in touch with ALDOT District Offices regarding the new protocol for the Adopt-a-Mile program. Christy feels like all districts are excited about the protocol for the program and feel like having PALS handle all paperwork and signage enables the adoptees to receive the signs in a timely fashion.

Ongoing contact is made with respective District Offices regarding applications, paperwork and erecting of AAM signs. District Offices of ALDOT have been very willing to assist the PALS office in all aspects.

*PALS would like to encourage all ALDOT offices to report to the PALS office, all miles that appear to be picked up on a regular basis, or signs that have faded and become unable to read. PALS will contact the respective group.*

### **Proposal for Updating Adopt-a-Mile Procedures**

PALS met with Stacey Swindall in late September 2022 to discuss the need to have all AAM documents and applications accepted with signatures for E-sign program. All documents would be emailed to groups and individuals for E-signatures, then emailed to all ALDOT District Engineers for E-Signature, therefore eliminating documents having to be mailed and eliminating paperwork for ALDOT Engineers. This would also speed up time for the volunteers to receive their AAM signs in the future.

Also discussed during meeting was the need to go to a web-based database for the Adopt-a-Mile Program for the future. PALS has discussed this with Todd Jones with ALDOT and can be developed for future use.

Stacy Swindall is working with PALS to move both of these proposals forward.

PALS met with Stacey Swindall on July 7, 2022, to discuss new wordage on all new AAM applications, as well as moving ahead with proposed DocuSign use on AAM applications in the future. Upon final approval, PALS will make all necessary changes to have the forms and applications emailed to ALDOT engineers using DocuSign to aid in the elimination of paperwork, as well as speed up the application process for volunteer groups.

The discussion also included the use of ALDOT spec safety vests for volunteer use during cleanups held on US and State Highways. PALS will order the ALDOT spec vests moving forward.

During the meeting, Todd Jones with ALDOT updated the attendees of the positive attributes of going to a web based database for the Adopt-a-Mile program. The project will move forward with input from PALS and ALDOT, and the new database should be completed by early summer of 2023.

Todd Jones / ALDOT gave an update of web-based database for Alabama PALS through and email to Stacey Swindall and PALS staff in August 2022 stating that project had begun and target date would be spring/summer 2023

On June, 24, 2024 PALS met with Todd Jones, Kelvin Kennedy, Bryan Orange, Stacey Swindall and other to review progress on the new PALS web based data base. There has been good progress made on the new data base. PALS and ALDOT will meet again in the upcoming months to review application.

Christy Waddell, State Adopt-a-Mile Coordinator, has implemented several new items for maintaining compliance, updates, and correspondence with current and future Adopt-a-Mile participating groups. One is a brochure (enclosed) that will be sent to each adoptee upon their 2-year anniversary with the program. This will indicate if the group still intends to actively participate or be removed from the active roll. Christy is also working to identify additional miles from past years that are not actively participating or are in need of new and updated signage.

### **The 2024 “Don’t Drop it on Alabama” Statewide Cleanup**

The 2024 Spring Cleanup began in April 2024, with some counties and municipalities extending their respective cleanups into May, June and July 2023. PALS will continue to work with the Association of County Commissions to continue cleanups in 65 counties.

Over 500 tons have reported as picked up during the 2024 cleanup effort to date, with several counties completing cleanup efforts in July. Reports are still being received and PALS will work with each city, county or volunteer group to give them additional time to participate if needed.

All materials and supplies were distributed statewide for the 2024 Spring Cleanup

In 2023, the Alabama Community College Systems partnered with local communities to extend the cleanup of all ACCS campuses and respective communities. This partnership continued in 2024.

PALS had to order additional bags for the 2024 statewide cleanup effort due to higher than normal demand for materials and supplies.

### **Materials and Supplies Furnished for 2024 Spring Cleanup**

165,000 Large Trash Bags w/ PALS Corporate Sponsors’ and Partners’ Logos  
2024 Window Decals  
Ad Slicks for promoting cleanup  
Reporting Forms  
PALS Program Booklets  
Adopt-a-Mile Brochures  
Adopt-a-Stream Brochures  
Alabama Clean Campus Brochures  
Safety Regulations and Tips  
Recycling bags for counties participating in recycling component

### **PALS / ALDOT Public Service Announcement (Copy of June and July ABA Reports Attached. August will be sent to ALDOT as received by PALS)**

The NEW 2024 PALS/ALDOT PSA through ABA began airtime in June, July and August 2024.

As in past years, air time and scheduling reports from the ABA will be included in ALDOT reports for that time period.

PALS has uploaded the new ALDOT anti-littering PSA on the PALS webpage and Facebook page.

**Database for Adopt-a-Mile Program (updated emailed to Bryan Orange and Ashley Brown)**

The Adopt-a-Mile database is now current and working effectively. PALS is currently able to view total, exact number of groups and adopted miles by County, State and Federal miles. PALS continues to work with Todd Jones of ALDOT to ensure that the database is working correctly and enabling PALS to best use the database for the benefit of the AAM program.

PALS continues to provide all database updates to ALDOT on a quarterly basis.

PALS continues to add/delete and change information to the new Adopt-a-Mile database as updated information is collected. In addition to daily attention to the database, a file system has been created and maintained to assist in the creation of an accurate account of all County, State and Federal adopted miles in the future.

**2024 Adopt-a-Mile Inspections (2024 Central Zone Inspections Attached)**

The internship program has proven highly effective and will continue each year as specified in the PALS / ALDOT contract.

All new data from the Intern AAM Inspection Program reports will be added to the PALS/ AAM database, reflecting and changes, additions, or deletions from current database.

The 2024 Adopt A Mile inspections have been completed and were inspected by Osprey Initiative, which is a partner of Alabama PALS and employs college graduates and students that are completing their Masters degree at South Alabama University etc. The inspections in the Central Zone were completed in early September 2024 and are included on the enclosed updated data base. A high level of focus was placed on inspecting and rating each mile, but Osprey also focused on old or signs that need to be removed or updated. Pictures of all miles were submitted to PALS, as well as a litter rating for the respective miles.

The partnership with Osprey proved to be the most effective and thorough inspection to date.

PALS will inspect all adopted miles in the North Zone in 2025, and will be inspected by Osprey Initiative, as was the case in 2024. Inspection of all North Zone miles will be completed by August 2025.

### **Materials Provided for 2024 AAM Inspection Intern Program**

ALDOT provided maps for each county in the zone listing all highways  
List of all adopted miles in each zone  
List and contacts of ALDOT offices in zone  
HI VIZ Vehicle Safety Lights  
HI VIZ Safety vests  
PALS / ALDOT Inspection program magnetic vehicle signs

### **PALS / Adopt-a-Mile Newsletter (Summer 2024 Newsletter final draft attached Attached)**

The Summer PALS/Adopt-a-Mile Newsletter was completed and mailed statewide in early July 2024. PALS has the statewide newsletter available in e-letter form online at [www.alpals.org](http://www.alpals.org), which was uploaded on July 1, 2024. The PALS/AAM Newsletter is mailed to all Sponsors and Partners, Adopt-a-Mile, Adopt-a-Stream, Spring Cleanup participants, Clean Campus Schools, Coastal Cleanup Captains, PALS Members, and County Chairmen, etc.

The total mailing is approximately 4,600. Applications for all “adopt-a” programs are included in each newsletter and are processed in the PALS office for adoption. Adopt-a-Mile reporting forms are also included in the newsletter.

The Winter 2024 PALS Newsletter was mailed on January 10, 2024.

**The Winter 2025 PALS Newsletter will emailed and mailed statewide in January 2025.**

## **The 2024 Alabama Coastal Cleanup**

### **2024 Materials Provided**

**Alabama PALS provided all cleanup supplies and materials for all 31 Coastal Zones.**

12,000 Large Heavy Duty Trash Bags

Recycling Bags

Mesh bags for boats, kayaks etc.

Tee shirts for Volunteers, Zone Captains, Staff, etc.

Alabama Coastal Cleanup Posters

Ad Slicks for all 31 zones

Data Cards

Bottled Water

Zone Captain Packets

Safety Tip Sheets

Zone Captain/Sponsors Gifts

The 2024 37<sup>th</sup> **Annual Alabama Coastal Cleanup** was held on September 21, 2024. 31 Zones from Dauphin Island to the FL/AL state line participated.

### **2023 Totals (2024 Totals still being compiled)**

2,868 volunteers

23,424 pounds of litter picked up

251 miles of shoreline cleaned

The 2025 Alabama Coastal Cleanup will be held on September 20, 2024.

### **Safety Vest Availability**

New ALDOT Specific Safety Vests meeting new standards were ordered and are available to all Adopt A Mile groups on State and Federal Highways.

Alabama Pals Adopt-A-Miles  
July, August, September 2024

**July Applications**

Bryant Ruritan Club – Jackson County

Coastal Alabama Cooling – Baldwin County

**Signs Ordered in July**

Autauga Creek Improvement Committee - Autauga County

Autauga Creek Improvement Committee - Autauga County

Autauga Creek Improvement Committee - Autauga County

4H RiverKids Program – Autauga County

Bubba's Materials Inc. - Autauga County

Autauga Creek RV Campground - Autauga County (replacements)

The Rhodes Family – Hale County

Community Connection Center – Blount County

Community Connection Center – Blount County

Community Connection Center – Blount County

**AGREEMENT**  
**BETWEEN KEEP ALABAMA BEAUTIFUL (KALB)**  
**AND**  
**THE STATE OF ALABAMA**  
**DEPARTMENT OF TRANSPORTATION (ALDOT)**

This agreement is made and entered into by and between the State of Alabama, (acting by and through the Alabama Department of Transportation), hereinafter referred to as ALDOT; and Keep Alabama Beautiful, hereinafter referred to as KALB, for the purpose of providing public promotion of the ALDOT anti-litter program.

**A. KALB agrees to provide the following:**

1. Oversee and promote the KALB affiliate network
2. Create and maintain a KALB online presence with a website
3. Develop and maintain a social media presence via Facebook and Twitter
4. Coordinate and notify all KALB affiliates of statewide events including the Great American Cleanup
5. Organize and implement programs to increase awareness to reduce littering
6. Develop and hold public education events
7. Submit quarterly itemized invoices with all supporting documentation, covering actual costs of providing public promotion of the KALB Program
8. Provide two part-time employees to be paid by KALB. These employees, along with KALB's Director (State Leader), will serve as liaisons to ALDOT to ensure that the program is fully serviced to provide exposure statewide, as well as ensuring that maximum compliance of the program is serviced including the following:
  - a) Keep Alabama Beautiful Director
  - b) Keep Alabama Beautiful Affiliate Coordinator
9. The employees listed in Section 8 shall also:
  - a) Oversee the Keep Alabama Beautiful education and cleanup events
  - b) Perform annual site visits to KALB affiliates
  - c) Keep records of all KALB cleanup events and education events to include specifics on number of volunteers, volume of litter collected, volume of recyclables collected, list of material collected for recycling, number of education events held, number of volunteers assisting with education events, number of adult attendees, number of student attendees. These lists shall be submitted on a collective statewide basis, unless otherwise requested by ALDOT.

- d) Provide quarterly updates to ALDOT on new KALB affiliates and any KALB affiliates that become inactive
  - e) Recruit new KALB affiliates to maximize the number of cleanups across the state and increase the awareness and education programs parameters
10. Provide a written quarterly report to ALDOT of KALB activities to include:
- a) List of cleanups held, volumes of litter collected, number of volunteers, list of partner organizations
  - b) List of education events held, number of volunteers, list of partner organizations, number of attendees
  - c) List of new KALB affiliates, inactivated affiliates, etc.
  - d) List of all public service announcements that air to include air schedules
  - e) List of all billboard messages and locations
11. Provide safety vests in accordance with ALDOT's most current Guidelines for Operations (latest adopted version), for all individuals participating in cleanup events and participating in other KALB activities where litter will be removed. KALB will also be responsible for informing all participants that safety vests should be worn when they are picking up litter. KALB is also responsible for making sure that KALB affiliates are aware that Hold Harmless documents should be signed and maintained by KALB affiliates holding cleanup events.

**B. ALDOT agrees to provide the following:**

- 1. Oversee KALB oversight and promotion of the affiliate network
- 2. Provide litterbags for KALB participants as required
- 3. Provide removal and disposal of litter collected by KALB participants as required
- 4. Reimburse KALB a maxim for the fiscal year in accordance with the proposed budget listed below:

**Salaries**

KALB State Director	\$ 41,000
KALB Coordinator	\$ 9,000

**Travel (Actual Expenses)\*\***

State Director	\$ 6,500
Coordinator	\$ 500

**Other (Actual Expenses)\*\***

Statewide Cleanup Materials, Storage, Supplies, & Shipping	\$ 80,000
--	-----------

Promotion*	\$ 98,000
Public Service Announcements*	\$ 5,000
Safety Vests	\$ 10,000
<b>Total Yearly Budget</b>	<b>\$ 250,000</b>

\*KALB agrees that all promotional materials and programs must receive final approval of ALDOT prior to distribution or implementation.

\*\*KALB agrees that all reimbursed expenses will be for those expenses solely expended for the public promotion of the ALDOT anti-litter program.

**C. Funds shall not be constituted as a debt:**

It is agreed that the terms and commitments contained herein shall not be constituted as a debt of the State of Alabama in violation of Article 11, Section 213 of the Constitution of Alabama 1901, as amended by Amendment Number 26. It is further agreed that if any provision of this Agreement shall contravene any statute or Constitutional provision of amendment, either now in effect of which may, during the course of this Agreement, be enacted, then the conflicting provision in the Agreement shall be deemed null and void.

**D. Termination due to Insufficient funds:**

1. If the Agreement term is to exceed more than one fiscal year, then said Agreement is subject to termination in the event that funds should not be appropriated for the continued payment of the Agreement in subsequent fiscal years.
2. In the event of proration of the fund, from which payment under this Agreement is to be made, Agreement will be subject to termination.
3. This Agreement can be terminated by either party upon thirty days written notice to the other party.

**E. Dispute Resolution:**

In the event of any dispute between the parties, senior officials of both parties shall meet and engage in a good faith attempt to resolve the dispute. Should that effort fail, and the dispute involves the payment of money, a party's sole remedy is the filing of a claim with the Board of Adjustment of the State of Alabama. For any other disputes arising under the terms of this Agreement which are not resolved by negotiation, the parties agree to utilize appropriate forms of non-binding alternative dispute resolution including, but not limited to, mediation. Such dispute resolution shall occur in Montgomery, Alabama utilizing where appropriate, mediators selected from the roster of mediators maintained by the Center for Dispute Resolution of the Alabama State Bar.

**F. Hold Harmless:**

KALB, its employees, agents, affiliates, successors, assigned, contractors, or subcontractors shall defend indemnify and hold harmless the State of Alabama, Department of Transportation and their officials, employees, contractors, servants, or

agents, in both their official, employees, contractors, servants, or agents, in both their official and individual capacities, from and against any and all claims, damages, losses, actions, causes of actions, losses or expenses of any nature whatsoever, regulatory actions, administrative actions, quasi-administrative or quasi-judicial actions or procedures, State, Federal, or otherwise, of any nature whatsoever, whether known or unknown, including but not limited to compensatory damages, punitive damages, damages for any injury to person or property, tangible or intangible, or any form of monetary or compensatory relief declaratory or injunctive relief, or any nature whatsoever, whether known or unknown, or attorney fees, costs, or expenses, caused by or rising out of, resulting from or in any way related to the performance of any work, conduct or activity performed or failed to be performed by KALB in connection with the performance of any of the provisions of this Agreement.

**G. Non-Agent Clause:**

By entering into this agreement, KALB is not an agent of the State, its officers, employees, agents or assigns. KALB is an independent entity from the State and nothing in this agreement creates an agency relationship between the parties.

**H. Merit Law:**

KALB employees and affiliates will not be subject to the provisions of, nor entitled to, the benefits of the State merit law or State employee benefits, including State employee health insurance.

**I. Information and Reports:**

KALB will permit access to its books, records, accounts, other sources of information and its facilities as may be determined by the ALDOT to be pertinent to ascertain compliance with its instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information, KALB shall so certify to ALDOT and shall set forth what efforts he has made to obtain the information.

**J. Certificate of Compliance with ACT 2016-312:**

In compliance with Act 2016-312, the Contractor is not currently engaged in, and will not engage in, the boycott of a person or an entity based in or doing business with a jurisdiction with which this state can enjoy open trade.

**K. Immigration Clause:**

By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

**L. Period of Agreement:**

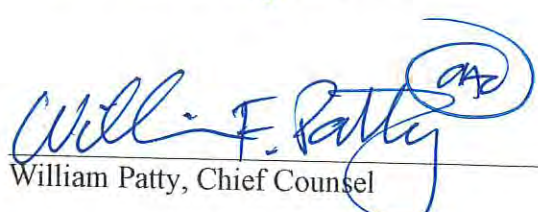

THIS AGREEMENT is in effect for the period beginning October 1, 2023 and ending September 30, 2025.

IN WITNESS WHEREOF, the parties hereto cause this agreement to be executed by those officers, officials, and persons thereunto duly authorized, and the agreement is deemed to be effective on the date stated hereinafter as the date of the approval of the Governor of Alabama.

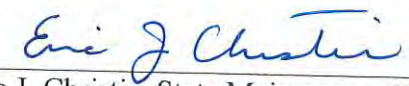

BY:

  
Denise Taylor, KALB Director

**APPROVED AS TO FORM:**

  
William Patty, Chief Counsel

**Funding for this project has been approved and obligated.**

  
Eric J. Christie, State Maintenance Engineer

**STATE OF ALABAMA  
ACTING BY AND THROUGH THE  
ALABAMA DEPARTMENT OF TRANSPORTATION**

  
Deputy Director  
George Conner

  
Transportation Director  
John R. Cooper

THE WITHIN AND FOREGOING AGREEMENT IS HEREBY APPROVED ON  
THE 2<sup>nd</sup> DAY OF October, 20 23.

  
GOVERNOR OF ALABAMA  
Kay Ivey

Below represents the data from 35 affiliates providing information for the time period by the deadline for this report. Additional affiliates held cleanup and education events but did not send information before the deadline for this report. When additional affiliates report holding cleanups during this time period that data will be added to the annual spreadsheet.

#### CLEANUPS

Number of Cleanups Held:	411
Number of Volunteers:	8,647
Number of Bags of Trash/Litter:	25,724
Pounds of Trash/Litter Collected:	385,860
Number of Bags of Recyclables:	1,670
Number of Partner Organizations:	235

#### EDUCATIONAL/COMMUNITY AWARENESS EVENTS

Number of Education/Awareness Events:	1,527
Number of Volunteers:	347
Number of Adult Attendees:	6,759
Number of Student Attendees:	24,900
Number of Partner Organizations:	105

Regional meetings were held with existing and new chapters in Birmingham, Gadsden, Montgomery and Saraland during November. Litter prevention supplies and cleanup tools were distributed to those attending. We plan to repeat the regional meeting model this year in addition to the state meeting and awards which is tentatively planned to be in September.

#### KEEP ALABAMA BEAUTIFUL STATEWIDE PROMOTIONS

The radio portion of "Trash Talk" continued airing with emphasis on sports-focused stations. Paid radio spots for "Trash Talk" during morning sports talk shows. "Trash Talk", voiced by Greg McElroy and Cole Cubelic, was highlighted during the Mc & Cubelic Show on WJOX 94.5FM and aired 155 times. "Trash Talk", not voiced by WJOX personalities, also aired on iheartmedia stations as a PSA during the time period.

The video component of "Trash Talk" with a football theme began airing via digital and cable stations as well as on streaming channels. The annual "Thankful" campaign also aired on strategically selected cable and streaming channels with a diverse viewership during portions of November and December. The two versions of "Thankful" commercials and "Trash Talk" aired 1,735 times during the Quarter.

Our collaboration with Alabama Media Group placed digital placards/videos during football season. To increase awareness of Keep Alabama Beautiful we included sports sponsored videos which performed very well. This time period continued the multi-platform creative produced in 2020 "Keep It in the Car" and included "Trash Talk".

*Metrics for the 3-month period are below.*

*Impressions: 2,138,106*

*Views: 92,464*

*Interactions: 61,105*

*Actual Time Viewed: 198,240 minutes /3,304 hours (equivalent of 792,960:15-second commercials)*

We are continuing to expand by working with more cities/towns/counties and partnering with local and statewide organizations to develop litter prevention awareness programs.

Number of Student Attendees:	6,615
Number of Partner Organizations:	106

We plan to repeat the regional meeting model this year in addition to the state meeting and awards which is tentatively planned to be in September.

**KEEP ALABAMA BEAUTIFUL STATEWIDE PROMOTIONS**

Keep Alabama Beautiful participated in ADEM's Water Conference held in Wetumpka with the opportunity to present the services and programs provided. The annual statewide 5th grade poster contest concluded with the tree planting ceremony on the Capitol Grounds with Governor Ivey. This program not only provides the opportunity to discuss tree planting, maintenance and value, it also provides the opportunity to increase litter prevention awareness.

Keep Alabama Beautiful will have an exhibit at the upcoming Alabama League of Municipalities meeting. This annual meeting continually provides opportunity to increase litter prevention education and litter cleanup activities across the state throughout the year.

We are continuing to expand by working with more cities/towns/counties and partnering with local and statewide organizations to develop litter prevention awareness programs.

Number of Partner Organizations:	217

We plan to repeat the regional meeting model this year. The Keep Alabama Beautiful state meeting will be held in Selma on November 7-8 with the state awards program during a luncheon on November 8. in addition to the state meeting

With the issues of our website server resolved now, we are building an online reporting system to streamline the process for many of our Chapter Affiliates and facilitate efficiency of Quarterly reporting.

**KEEP ALABAMA BEAUTIFUL STATEWIDE PROMOTIONS**

Keep Alabama Beautiful participated in the Alabama League of Municipalities with the opportunity to present the services and programs provided. Each year at least 10 cities/towns are added to the number of Keep Alabama Beautiful Chapter Affiliates to develop litter prevention and cleanup programs to enhance community improvement initiatives across the state.

During the Quarter Keep Alabama Beautiful Chapter Affiliates participated in community events across the state with litter prevention messages, distributed vehicle litter bags to attendees and participated in litter control at the events using the litter collection rolling bag carts which will be out across the state especially this Fall at community events, sports activities and arts & music festivals as an opportunity to further the litter prevention awareness message.

Keep Alabama Beautiful partners with many organizations for their waterway cleanup events. This Spring we met with the Alabama River Alliance and their members to discuss further partnerships for litter cleanup events.

Our annual "Keep It In the Car" and "Keep It In the Boat" radio spots aired during the Quarter via the Total Traffic & Weather Network across Alabama 586 litter prevention radio commercials aired in the Birmingham, Huntsville, Mobile & Montgomery media markets.

We are continuing to expand by working with more cities/towns/counties and partnering with local and statewide organizations to develop litter prevention awareness programs.

KEEP AMERICA BEAUTIFUL AFFILIATE

**Post Office Box 574 Meridianville AL 35759**

Fourth Quarter Report - 2024 July/August/September

During August and September the radio component for "Trash Talk" playing on the beginning of football season aired 227 times on iheartmedia stations employing their Total Traffic program during peak drive time hours around traffic updates. The "Trash Talk" spot voiced by Greg McElroy and Cole Cubelic aired 190 times during September on WJOX 94.5 FM and 110 times on 99.5FM - TALK.

Our collaboration with Alabama Media Group place digital placards/videos during September. During the month we continued the multi-platform creative produced in 2020 "Keep It In the Car" and "Trash Talk"

Metrics for September are below:

Impressions: 1,695,088

Actual Time Viewed: 3,531 Hours = 847,440 15-second commercials

In addition to the digital, we geofenced the college football stadiums and surrounding areas in Alabama on game days. Stadiums include: UNA, JSU, UA, Troy, ASU, AU and USA. Creative used in this campaign were "Keep It In the Car" and "Trash Talk" and resulted in 505,009 impressions viewed.

Vegetation Management Training  
2023 Program Agenda**

- 8:30 A.M.      **Howard Peavey, ALDOT Agronomist**  
                    - Welcome & Introductions  
                    - Miscellaneous Vegetation Related Issues
- 9:15 A.M.      **Gueth Braddock, Envu (formerly Bayer Environmental Science)**  
                    - Chainsaw Safety
- 9:45 A.M.      **BREAK**
- 10:00 A.M.     **Michael Kelley, Electric Cooperative**  
                    - Emergency Vegetation Management Safety
- 
- 10:30 A.M.     **Randy Rankin, ALDOT Herbicide Truck SME**  
                    - Why Herbicides Fail
- 11:15 A.M.     **Jacob Hodnett, ALDOT Agronomist**  
                    - Cost of Delayed Vegetation Maintenance
- 11:45 A.M.     **LUNCH (on your own)**
- 1:00 P.M.      **Ben Yates, ALDOT Assistant State Maintenance Engineer (Environmental)**  
                    - Endangered Species Issues
- 1:30 P.M.      **Jacob Hodnett, ALDOT Agronomist**  
                    - Application Record Keeping (ATOM)
- 2:00 P.M.      **BREAK**
- 2:15 P.M.      **Howard Peavey, ALDOT Agronomist**  
                    - ALDOT Herbicide Program
- 2:45 P.M.      **Final Comments**
- 3:00 P.M.      **Adjourn**

# **Alabama Department of Transportation Vegetation Management Training 2024 Program Agenda**

- 8:30 A.M.      **Jacob Hodnett**, ALDOT Agronomist  
- Welcome & Introductions  
- Miscellaneous Vegetation Related Issues
- 9:15 A.M.      **Industry Representative**  
-Pesticide Safety
- 9:45 A.M.      BREAK
- 10:00 A.M.     **Steven Drake**, ALDOT Agronomist  
- Planning your Herbicide Applications (The Program Board)
- 10:45 A.M.     **Billy Aaron**, ALDOT Agronomist  
- Documenting your Herbicide Application (AG & Ind & ADEM Requirements)
- 11:30 A.M.     LUNCH (on your own)
- 12:30 P.M.     **Kevin Nugent**, Baron Weather  
-Weather Effecting Herbicide Applications
- 1:00 P.M.      **Howard Peavey**, Retired ALDOT Agronomist  
-Vegetation Management through the Years
- 1:45 P.M.      BREAK
- 1:45 P.M.      **Jacob Hodnett & Area Maintenance Engineer**  
- ALDOT Herbicide Program Review & Discussion
- 2:45 P.M.      Final Comments
- 3:00 P.M.      Adjourn

**ALDOT Youth Education Activities:  
Fiscal Year 2024**

Activity	Date(s)	Notes
Guest Lecture: Auburn University	03/21/2024	ALDOT employee spoke at a graduate-level seminar about ALDOT's MS4 program and environmental engineering career opportunities at ALDOT. Approximately 30 students in attendance.
Guest Lecture: Auburn University	03/29/2024	ALDOT employee spoke at a graduate-level seminar about ALDOT's MS4 program (with emphasis on post-construction stormwater management) and environmental engineering career opportunities at ALDOT. Approximately 15 students in attendance.
Water Festival: Etowah County	02/16/2024	ALDOT Guntersville Area personnel participated in supporting roles. Activities intended to teach local elementary school students about the water cycle and water treatment.

**ALDOT Stormwater Management Research:  
Fiscal Year 2024**

Project No.	Project Title	Research Partner	Total ALDOT Funding	Active during FY 2024?
931-119S	Development of an Alabama Construction Stormwater Qualified Credentialed Professional Training Program	Auburn Univ.	\$250,000.00	Yes
931-109R	Evaluating the Use of Biocementation Techniques for Erosion Control	Auburn Univ.	\$239,394.30	Yes
931-080	GIS-Based Environmental Long-Term Monitoring Web Portal Phase III	Univ. of Alabama	\$88,469.00	Yes
931-074	Unmanned Aerial Systems for Determining Vegetative Establishment on ALDOT Construction Sites	Auburn Univ.	\$199,976.50	Yes
931-072	Designing and Evaluating Infiltration Swales for Retaining and Infiltrating Roadway Stormwater Runoff	Auburn Univ.	\$299,634.42	Yes
931-054	Geotechnical Health Monitoring and Assessment of Landslides	Auburn Univ.	\$233,602.22	Yes
931-053	Implementation of OMS-Based Scour Prediction and Real-Time Monitoring of Scour Processes for Alabama Bridges	Auburn Univ.	\$222,390.98	Yes
931-017	Best Practices for Construction Site Stormwater Treatment Using Flocculants	Auburn Univ.	\$283,593.35	Yes
931-016	Evaluation of ALDOT Erosion Control Practices Using Rainfall Simulation on Various Soil Types and Slope Gradients	Auburn Univ.	\$286,778.43	Yes
930-962	Evaluation of ALDOT Erosion Control Practices Using Rainfall Simulation	Auburn Univ.	\$383,526.35	No
930-954	Vegetation Management for Alabama's Highway Rights-of-Way	Auburn Univ.	\$130,282.00	No
930-925	Analysis and Potential Solutions to Sediment Deposition in Dean Road Watershed	Auburn Univ.	\$141,145.41	No
930-869	Evaluation of Sediment Barriers Using Large-Scale Techniques	Auburn Univ.	\$459,755.19	No
930-863	Evaluation of High-Rate Settling Technology for Sediment Control in Roadway Construction Sites	Auburn Univ.	\$357,770.25	No
930-853R	Evaluation of Inlet Protection Practices Using Large-Scale Testing Techniques	Auburn Univ.	\$336,550.04	No
930-841R(S)	Monitoring the Coastal Processes in the Vicinity of Little Lagoon Pass	Univ. of South Alabama	\$428,834.00	Yes
930-837R	Monitoring and Predicting the Effects of Post-Construction Stormwater Runoff from Roadways in Watersheds	Auburn Univ.	\$228,561.81	No
930-826R	Evaluation of ALDOT Ditch Check Sediment Control Practices Using Large-Scale Testing Techniques	Auburn Univ.	\$336,101.63	No
930-811R	Vegetated Filter Strip Performance Evaluation for Cost-Effective Roadway Runoff Treatment in Alabama	Univ. of South Alabama	\$114,187.00	No
930-784	Maintain Vegetation for Long-Term Erosion Control on Disturbed Slopes	Auburn Univ.	\$42,050.00	No
930-767	Agronomic Solutions for Establishment of Roadside Vegetation	Auburn Univ.	\$86,068.00	No
930-751	Techniques for Establishing Vegetation for Long-Term Erosion Control on Disturbed Slopes	Auburn Univ.	\$50,000.00	No
930-678	Vegetation Management for Alabama's Highway Rights-of-Way	Auburn Univ.	\$251,244.00	No
930-655	Development of a Test Facility to Evaluate the Optimal Design of BMPs for Managing Environmental Problems at Construction Sites	Auburn Univ.	\$347,693.28	No
930-486	Mapping, Control and Revegetation of Cogongrass on ALDOT Rights-of-Way	Auburn Univ.	\$225,640.00	No

**ALDOT Environmental Concerns Log:  
Fiscal Year 2024**

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
10/04/2023	"Trees and shrubs are blocking the view of "entering Jefferson county)."	Jefferson	Mile Marker 100; I-20/59	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
10/05/2023	"Median is on fire."	Chilton	Mile Marker 223; I-65	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
10/05/2023	"Construction workers were seen "grinding" the asphalt off the road using whatever heavy equipment to simultaneously dump the asphalt off the side of the cliff, threatening all fauna and flora downhill from the site."	DeKalb	DeKalb Co.; Hwy 117	Environmental Concern Submission Form	Construction Site Management; Improper Waste Management	Delegated to proper ALDOT representative.
10/09/2023	"At exit 100 in the media (I20/59 west) a bed mattress and box spring are on the road. I travel this road daily and usually issues are addressed quickly. This has been on the roadside over a week."	Tuscaloosa	Tuscaloosa Co.; I-20/59	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
10/13/2023	ALDOT personnel issue improperly documented.	Conecuh	Evergreen; Hwy 31	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
10/16/2023	"my field lines to septic are blocked up and need to be replaced but are on condemned property for I65, need permissio to ACCESS AND PEPLACE"	Jefferson	Birmingham; Berry Rd (near I-65)	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
10/17/2023	"The new light set up is a nightmare in the mornings for the kids drop off. Someone has to come in here and re setup that thing. It's making a traffic of miles away!"	Baldwin	Baldwin Co.; AL-181	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
10/20/2023	"The low oak tree limbs obscure the line of site from Douglas lane looking north up SR-163 to the I-10 east exit ramp. The low limbs need to be removed to improve the line of site up SR-163 "	Mobile	Mobile; I-10 / SR-163 East Exit Ramp	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
10/22/2023	"There are...maintenance grass cuttings in the gutters of the west portion of this service road...."	Mobile	Mobile; I-10 Service Rd	Citizen Report	Good Housekeeping	Delegated to proper ALDOT representative.
10/24/2023	"Illegal dump of dirt. 50 sixty 60 trucks a day. Flea infestation in dirt. Killed 2 of our animals. I can't control them. Dust is covered house. There is no signs no permit."	Madison	Huntsville; Hobbs Island Rd	Environmental Concern Submission Form	Illegal Dumping	Outside ALDOT jurisdiction. Citizen advised on proper authority.
10/31/2023	"There is a homeless encampment under the I65 bridge. Several fires have been put out by the Birmingham Fire & Rescue team. The people staying in the tents have also been breaking in cars and vandalizing property in the area. I would like someone to reach out to me regarding this as it has become very dangerous."	Jefferson	Birmingham; I-65	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative. Citizen advised that ALDOT has limited authority

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
11/04/2023	"A large pine tree (approx 50 ft tall, 30+ inch diameter) was pushed by Hurricane Sally into leaning severely towards the northwest. City Arborist recommend it be taken down.If it comes down in next storm it will crush the building on the next lot. It sits on Alabama Highway Dept property. Will you have it removed or advise what we should do?"	Baldwin	Gulf Shores; East 20th Ave	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
11/16/2023	"Fairfield- why is you'll cut the grass and don't pick up the trash and litter. This area looks awful! Please pick up the litter, we want the west side to look nice, I wish I could stop people from littering, it's a mind set,! Thank you for all you do!"	Jefferson	Fairfield; Lloyd Noland Pkwy	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
12/11/2023	"Grass needs cutting. Ugly, and fire hazard. Thanks in advance."	Mobile	Mobile Co.; Hwy 188	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
12/15/2023	"The ramps on Exit 2, both sides, are getting more congested with trucks parking overnight. I recently counted four trucks parked on each ramp. The truckers are littering all around where they park. This is an enviromental and safety concer for the citizens of Mooresville, where I live. I would like to speak with someone about this issue. The trash is getting worse. This is occuring at multiple exits on highway 565."	Limestone	Huntsville; Hwy 565	Environmental Concern Submission Form	Non-Environmental Good Housekeeping	Delegated to proper ALDOT representative.
12/17/2023	"A deer has been hit and dead in the front yard of business."	Marshall	Guntersville; AL-69	Environmental Concern Submission Form	Non-Environmental	Outside ALDOT jurisdiction.. Citizen advised to contact local authority.
12/18/2023	"Your truck just sprayed cancer causing POISON herbicide all over my front yard. Do not spray my property again or I will be forced to take legal action. "	Winston	Double Springs; AL-195	Environmental Concern Submission Form	Chemical	Delegated to proper ALDOT representative.
12/25/2023	"In the past 2 months (November, December) more than 100 wrecked vehicles have been stored or placed on this property. Please check to see if this is in compliance with Alabama Code Title 23 (1000 foot set back ) for junk yards Auto salvage yards. Also any other Alabama Highway regulation that are focused on apperance. kThank you for your response in advance.. "	Limestone	Limestone Co.; AL-99	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
12/30/2023	"Coal rolling...Pulled up to red light, truck rolled coal on green light. Rolled coal several times after during license photo"	Calhoun	Calhoun Co.; AL-21	Environmental Concern Submission Form	Air Quality	Delegated to proper ALDOT representative.
01/09/2024	"There is a drainage ditch in front of my home. It was dug out some after the January tornado, but it does not drain at all. I assume the culverts are clogged. One is actually broken from the storm. This is causing my whole yard to flood. Can you help with this?"	Dallas	Selma; Hwy 14	Environmental Concern Submission Form	Hydraulics/Hydrology	Delegated to proper ALDOT representative.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
01/11/2024	"The main drain is not draining properly and causing major back and flooding on our property"	Calhoun	Calhoun Co.; Hwy 78	Environmental Concern Submission Form	Hydraulics/Hydrology	Delegated to proper ALDOT representative.
01/13/2024	"The lot east of our home has been clear cut. There is no silt fence. Silt has accumulated and completely covered the culvert going under my driveway. Now silt is flowing down my driveway. This is also a drainage system into the lake that is covered with silt."	Randolph	Wedowee; Peninsula Dr	Environmental Concern Submission Form	Hydraulics/Hydrology	Outside ALDOT jurisdiction. Citizen advised on proper authority.
01/15/2024	"Dead racoon in the middle of the road needs to be removed."	Mobile	Mobile; Hwy 163	Environmental Concern Submission Form	Non-Environmental	Addressed by local authority
01/15/2024	"There are about 10 trees which are dead and leaning towards the street (mostly pines, 1 oak). There are also several pines that have already begun to fall towards the street and are being held up by other trees. It appears extremely dangerous."	Lee	Lee Co.; Hwy 179	Environmental Concern Submission Form	Vegetation Management	Outside ALDOT jurisdiction. Citizen advised on proper authority.
01/16/2024	"Lindsey Loop Road need to be sand due to ice covering the road way. My neighbor need to get to work. "	Jefferson	Bessemer; CR-6	Environmental Concern Submission Form	Non-Environmental	Outside ALDOT jurisdiction. Citizen advised to contact local government.
01/16/2024	"281 N and state 91 Hanceville exit and 91 super icy!"	Cullman	Hanceville; I-65	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
01/18/2024	"I need a solution snow truck or customer service with uber to get lower prices to continuously go to work 80 dollars a day is the price to get to and from caywood Dr and 1006 Jordan lane."	Madison	Huntsville; Caywood Dr	Environmental Concern Submission Form	Non-Environmental	No action taken. (Issue not within ALDOT purview. No citizen contact information provided.)
01/22/2024	"Last night deer carcass was dumped on the side of the wound around 830-9pm."	Baldwin	Baldwin Co.; Devine Rd	Environmental Concern Submission Form	Non-Environmental	Outside ALDOT jurisdiction. Citizen advised on proper authority.
01/24/2024	"Brannon Stand/Road 605 before Chapel Flowers Road culvert/gully overflow in heavy rains and intrudes to Highlands Cove Neighborhood. Water runs off from Highlands Hills Apartments Water intrusion in heavy rains"	Houston	Houston Co.; AL-605	Environmental Concern Submission Form	Hydraulics/Hydrology	Delegated to proper ALDOT representative.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
01/24/2024	"I have contacted the mayor, the commissioner, and state representative to no avail. Each one passes it off as someone else's problem. Although they did remove 2 mattresses at one point and a car that had been abandoned for 2 months. This express is becoming a trash dump. I have pictures dating back to June - nothing has changed because no one will take responsibility for cleaning this up- as a result- the trash continues to accumulate. The "gateway to the Gulf" is becoming an eyesore. I am asking for help- a team to clean this up and that ALDOT please consider posting several inexpensive littering offense signs as a deterrent. I understand that manpower doesn't exist to patrol highways for littering- but signs along with a clean thoroughfare would be a deterrent in and of itself. I will be happy to send you photos of the trash laden road. I'm hoping that someone in your department will seek a way to resolve this before it starts bringing more crime and lowers property values. We are an area that thrives on tourism- but who wants to drive through a trash heap on their way to a supposedly pristine vacation spot?"	Baldwin	Baldwin Co.; Foley Beach Express	Environmental Concern Submission Form	Good Housekeeping	Outside ALDOT jurisdiction. Citizen advised on proper authority.
02/02/2024	"The chip trucks going and coming from Kronospan are littering the road with wood chips. I know this is an organic material, but there should be no reason why what they are hauling exits their trailers. The trucks should be required to blow out their trailers of all wood chips before leaving Kronospan, or have their contents more secure while traveling to unload at plant. The trucks should be required to not let their contents exit their trucks. Imagine if they were hauling other contents such as gravel, retail items, hazardous waste, lumber, etc. if those contents were all over the side of road, it would be more noticeable of an issue. Fact is, whatever the load they are hauling should not be emitted from the trailer to and from their destination. If you drive along roads close to Kronospan, you can see all the wood chips along the side of the road. This should not be happening, contents of trailer need to stay in trailer."	Calhoun	Eastaboga; Hwy 78	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
02/04/2024	"A large section of the retaining wall above county road 280 from Hwy 280 has collapsed."	Shelby	Shelby Co.; CR-280	Environmental Concern Submission Form	Transportation Facility Non-Environmental	Outside ALDOT jurisdiction. Citizen advised on proper authority.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
02/06/2024	"There is excessive litter at the on-ramp to I-65 north at Exit 256 West Oxmoor.  My 4- year old son comments about it every day on the way to school as he is learning about littering in school and it upsets him to see him. I would love to see it cleaned up!"	Jefferson	Birmingham; West Oxmoor Rd	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
02/07/2024	"Wood chips lining the side of the road. Are there any laws that state debris can't come out of trailers either to and from destination? I know it is only wood chips, but if it was some type of other material, it would be more noticed. Debris is debris, whether it be wood chips, gravel, consumable goods, etc."	Calhoun	Eastaboga; Hwy 78	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT personnel and local authorities.
02/07/2024	"Dead large pine tree. If it falls it will block turn lane into Hargrove Road/part of westbound Skyland Blvd"	Tuscaloosa	Tuscaloosa; US-11	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
02/08/2024	"Erosion on north side of hwy. Going west "	Colbert	Cherokee; Hwy 72	Environmental Concern Submission Form	Hydraulics/Hydrology	Delegated to proper ALDOT representative.
02/09/2024	"Excessive litter in median along road."	Dallas	Dallas Co.; Hwy 80	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
02/10/2024	"A culvert is directed in a manner that diverts excessive rain water towards my property access road. This results in road erosion as well as flooded pastures."	Pike	Troy; US-29	Environmental Concern Submission Form	Hydraulics/Hydrology	Delegated to proper ALDOT representative.
02/12/2024	"trash and dead trees in ditches"	Tuscaloosa	Northport; Hwy 69	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
02/12/2024	"Culvert will not drain under hwy 78 . Water has no where to go . Water on hwy ."	St. Clair	Leeds; Hwy 78	Environmental Concern Submission Form	Hydraulics/Hydrology	Delegated to proper ALDOT representative.
02/12/2024	"Excessive amounts of trash to include mattresses along the road ways of Eastern Valley Rd to Kimbrell Cut off. "	Tuscaloosa	Bucksville; Kibrell Cutoff Rd	Environmental Concern Submission Form	Good Housekeeping	Outside ALDOT jurisdiction. Citizen advised on proper authority.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
02/13/2024	"We lease the Property under the Dauphin Island Pkwy Bridge. We were told that you have to have access and you built a road on the bay side of the property. Since then, you built a drainage ditch across that access road, and it is not useable. Our customers and yachts are being robbed blind. We are losing a lot of tools, property and business. Our fence is constantly being torn down so they can steal generators, Air conditioners, Etc. They are painting Graffiti all over the bridge and their access has to be denied. I would like to talk to someone about the problem and see what we can do about it. It would be nice for our clientele to see the bay again and we could easily maintain the property"	Mobile	Mobile; Hwy 163	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
02/13/2024	"My husband and I live across from Briarwood High School. After a significant rain, Highway 119 floods and our driveway and all of our property along 119 becomes covered with water and we are trapped. This has only happened a handful of times since we bought the house in 2017 but since November 2023, it has happened four times. We try to keep the culverts on our property on 119 cleared but somewhere the drainage system backs up and causes it to flood. We have photos of the water and would be glad to share them with you if needed. The excessive water has also caused part of our asphalt driveway to deteriorate from the improper drainage the water causes. A crew was clearing out some of the culverts yesterday, which is appreciated. But this issue needs to be addressed long term. The road was one lane for over eight hours yesterday while the crew worked. The daily traffic on 119, specifically in front of Briarwood High School (and our home) is significant. This flooding issue doesn't just effect our family but many others who use this state highway daily. Please consider addressing the root cause of the flooding and properly correct the flooding issue. Thank you!"	Shelby	Birmingham; Hwy 119	Environmental Concern Submission Form	Hydraulics/Hydrology	Delegated to proper ALDOT representative.
02/15/2024	"I-65 HAS LITTER ALL UP AND DOWN THE MEDIAN AND ROAD SIDES IN CULLMAN. THERE IS ALSO A DEER CARCUS BETWEEN EXIT 305 AND 308 AND A DOG CARCASS UNDER EXIT 308. BOTH CARCASS HAS BEEN THERE SINCE THE ICY WEATHER. PLEASE HELP KEEP ALABMA THE BEAUTIFUL, BEAUTIFUL. THANKS "	Cullman	Good Hope; I-65	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
02/17/2024	"The annual pine tree needle drop has filled the gutters and entrance to the drop inlets. The pine straw goes into the ALDOT storm drainage system."	Mobile	Mobile; East I-10 Service Rd	Citizen Report	Good Housekeeping	Delegated to proper ALDOT representative.
02/17/2024	"Can ALDOT get this cleaned up soon? ( Photos also provided of trash, vegetation, and pinestraw.)"	Mobile	Mobile; I-10 Service Rd	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
02/18/2024	"In an area that appears to be within the US 280 ROW and immediately adjoining the creek, someone has erected a small building and parked a trailer. The area is strewn with debris and floods after heavy rains. I suspect the debris is being washed into the creek."	Tallapoosa	Tallapoosa Co.; US-280	Environmental Concern Submission Form	Good Housekeeping	Outside ALDOT jurisdiction.
02/18/2024	"Accumulation of litter on the right of way to include diapers, tires, sofa cushions,"	Mobile	Semmes; Moffett Rd	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
02/22/2024	"Loaded dump trucks not covered. Unloaded trucks with grey dust blowing out of bed."	Jefferson	Adger; Mud Creek Rd	Environmental Concern Submission Form	Non-Environmental	Outside ALDOT jurisdiction. Citizen advised to contact local government.
02/22/2024	"They are doing road construction in front of our business. They open up the water system where they busted a water pipe. It is still exposed. The pipe has been fixed but it's still exposed. There are huge holes that are along the way that are limiting access to our business. It is hurting as drastically. But that exposure of those open waterlines when our temperatures dip that's gonna make them at risk for being Exposed and open to freezing and then bursting. They are not communicating with us as to what they are doing, which is normally fine, but when they're shutting our water off for long periods of time, and our customers do not have access to the restrooms that does propose a problem. Our owner is an older lady and she is very concerned about that opening there between us and dandy package store. We need them to communicate with us as to what they're doing that will affect us immediately because we relate to our customers exactly the entrance and the exit that they need to take for the day. Lot of the times they can't even access our store and that is costing us thousands of dollars a month or more "	Lauderdale	Florence; Florence Blvd	Environmental Concern Submission Form	Construction Site Management; Transportation Facility	Delegated to proper ALDOT representative.
02/22/2024	"While conducting remote work activity, a state owned vehicle is idled several hours a day from the residence. The employee works 4-6 hours at home, one or more times per week. The employee during normal business hours, in safety green reflective clothing, idles vehicle at residence while eating lunch, walking dogs, and patrolling neighborhood."	Montgomery	Hunterstation; Victory Rd	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
02/23/2024	"Always gross nasty litter on shoulders of hwy 119 towards Leeds. The state of Alabama should get control of this and stop ignoring what tax payers want; a clean environment."	Shelby	Lake Purdy; Hwy 119	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
02/23/2024	"Always gross, nasty litter on shoulders of Grants Mill Rd, falling down hill into Cahaba Watershed. The state of Alabama should get control of this and stop ignoring what tax payers want; a clean environment."	Jefferson	Birmingham; Hwy 119	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
02/27/2024	Photos provided of trash in storm drains and channel	Mobile	Mobile; Dauphin Island Pkwy	Citizen Report	Good Housekeeping	Delegated to proper ALDOT representative.
02/28/2024	"There is a drainage ditch in front of my home. It was dug out some after the January tornado, but it does not drain at all. I assume the culverts are clogged. One is actually broken from the storm. This is causing my whole yard to flood. Can you help with this?"	Dallas	Selma; Hwy 14	Environmental Concern Submission Form	Hydraulics/Hydrology	Delegated to proper ALDOT representative.
02/29/2024	"I have signs on both sides of my property stating "no spray" as I have multiple farm animals and am maintaining an organic home garden. My property is downhill from the highway so any spray will leach down across my property. I was outside playing with my daughter and the driver paid no attention to is as I was waving trying to stop him. THE SPRAYING ACROSS MY PROPERTY NEEDS TO STOP IMMEDIATELY."	Russell	Opelika; Hwy 80	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
03/01/2024	"Septic pipes have been leaking for over 5 years with the knowledge of property owner, there is a water well directly beside to the right of the business he owns and runs, locked in a small shed with stones around it. Another covered with brick busted up, 3 or 4 in front of the park with 2 no owners. We have located 6 total. To the back of the property is the aquifer owned by Blount county water. In front of the hill we live on is a cliff if you go a few feet there is a pond that is feeding 2 ways this park is full of random objects abandoned trailers, piles of junk coincidentally right in the way of the massive cover collapse sink holes... behind the park is an even larger one, one that has traumatized me.... for the last few months oddly enough we have had construction under going that requires hole digging, coincidentally circling the hill that we live on. The signs around here I see cover all possibilities of a sink hole that I'm nearly 110% positive we are living on. This involves the lives of several people and children. I can't seem to get the help I need for these people.. these trailers are beginning to bow in....."	Blount	Blount Co.; Thomas Rd	Environmental Concern Submission Form	Illicit Discharge	Outside ALDOT jurisdiction. Citizen advised on proper authority.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
03/02/2024	"Where a fuel tanker truck overturned last night MM132. I do not see anyone working on the gas spill. Still a heavy fuel smell in the neighborhood. A portion of my property is close to that highway there and the smell is so thick I can not walk without getting dizzy. When are they going to clean up all the fuel from the area beside the highway From the sourrounding area?"	Jefferson	Birmingham; I-59	Environmental Concern Submission Form	Spill Management	Delegated to proper ALDOT representative.
03/05/2024	"Does ALDOT have the ability to collect and remove intermitent trash from areas like this yet? Previously, it was my understanding that there was no contractual method to address the trash and litter in the ALDOT's right of ways?" By the way, the orange construction barrel we discussed 2 years ago is still in the ditch on the north west quadrant of the I-65 and I-10 intersection."	Mobile	Mobile; I-65	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
03/06/2024	"There doing land clearing an all the mud an everything is stopping up my ditch an flooding my yard."	Calhoun	Piedmont; Hwy 9	Environmental Concern Submission Form	Hydraulics/Hydrology	Delegated to proper ALDOT representative.
03/08/2024	"Sound - incredibly loud corridor through residential area."	Jefferson	Birmingham; I-59	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
03/11/2024	"The trash along the roads where I travel, mostly Elmore, Autauga, and Montgomery counties, is terrible and an embarrassment. I know it costs money and manpower to keep the roadways clean, but it reflects badly on the great state of Alabama. Where are the environmentalists regarding the environment, trash entering waterways, and harm to animals?"	Elmore	Elmore Co.; State Roads	Environmental Concern Submission Form	Good Housekeeping	Citizen informed on ALDOT litter management.
03/14/2024	"Property owned by Atlantic Coast Conservancy out of Georgia is logging the land behind our home. Our road has a 10 ton weight limit at most(culvert bridge cannot support fully loaded semis, it is a one lane road). The logging company is driving fully loaded wet trailers in and out of the property 10 times a day, and they filled in the culvert with rock to support their trucks. We have disabled neighbors and if they destroy the road they will trap us all in our properties. Already causing water erosion damage due to filling in the entrance to the main culvert. We requested they cease causing damage and have been ignored. "	Morgan	Somerville; Blocker Hollow Rd	Environmental Concern Submission Form	Transportation Facility Hydraulics/Hydrology	Outside ALDOT jurisdiction. Citizen advised on proper authority.
03/18/2024	Photos provided of trash, debris, and overgrown vegetation in stormwater channel	Mobile	Mobile; 101 E I-65 Service Rd S	Citizen Report	Transportation Facility Good Housekeeping Vegetation Management	Delegated to proper ALDOT representative.
03/18/2024	"FYI. Hoping they clean before they cut!"	Mobile	Mobile; 151 Beltline Hwy	Citizen Report	Transportation Facility Good Housekeeping	Delegated to proper ALDOT representative.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
03/18/2024	"Large tree branch covering the interstate one lane accessible only"	St. Clair	St. Clair Co.; I-59	Environmental Concern Submission Form	Transportation Facility Vegetation Management	Delegated to proper ALDOT representative.
03/18/2024	"Clogged drains, rainwater standing in ditches for extended periods after rain. A serious concern, for mosquitoes breeding in the standing water. Who is responsible for digging these ditches out so the water will flow? "	Mobile	Coden; Hwy 193	Environmental Concern Submission Form	Hydraulics/Hydrology	Delegated to proper ALDOT representative.
03/19/2024	"Multiple sink holes forming. Giant hole in road by main road with 4ft hollow deepness."	Jefferson	Vestavia; Mountain Lodge Rd	Environmental Concern Submission Form	Transportation Facility Non-Environmental	Outside ALDOT jurisdiction. Citizen advised on proper authority.
03/19/2024	"Clogged culvert. Water backing up on North side of highway."	Autauga	Autauga Co.; AL-14	Environmental Concern Submission Form	Hydraulics/Hydrology	Delegated to proper ALDOT representative.
03/29/2024	"Houses being built in front of our home and vehicles blocking road. Backing up in my driveway. Cars are speeding past site and getting in our yard. Vehicles are continuously speeding on our road. Very dangerous for our little boy and we have several children on this road. We need new signs for speed on this road. They have messed up the end of our driveway and land where the workers are backing on my driveway and land. "	Marshall	Grant; McPeters Rd	Environmental Concern Submission Form	Non-Environmental	Outside ALDOT jurisdiction. Citizen advised on proper authority.
03/29/2024	"The light is still working, but I noticed the yellow reflective part around one of the light signals is broken and seems to hanging on by a thread."	Elmore	Millbrook; SR-14	Environmental Concern Submission Form	Transportation Facility Non-Environmental	Delegated to proper ALDOT representative.
03/30/2024	"My major concern is the amount of trash accumulating in the median strip when I am driving on my way to school. And I want to clean it up with my brother but I don't know if that's legal. To be clear, I want to volunteer somehow to clean the trash myself legally and safely, but don't know where to start. If possible please contact me so I can find out how I can help my community."	Madison	Harvest; SR-53	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative. Citizen informed on ALDOT litter management.
04/03/2024	Photos provided of trash along roadside and by culvert	Mobile	Mobile; 43 E I-65 Service Rd	Citizen Report	Transportation Facility Good Housekeeping	Delegated to proper ALDOT representative.
04/04/2024	"Excessive grass growing in area. Obstructive to traffic."	Dallas	Dallas Co.; Hwy 80	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
04/08/2024	"Mud from new construction."	St. Clair	Pell City; Morning Glory Dr	Environmental Concern Submission Form	Construction Site Management; Good Housekeeping	Outside ALDOT jurisdiction. No action taken. (No citizen contact information provided.)
04/08/2024	"Large pile of illegally dumped garbage"	Mobile	Mobile; Hwy 98	Environmental Concern Submission Form	Illegal Dumping	Delegated to proper ALDOT representative.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
04/11/2024	"Cogen Grass"	Marengo	Marengo Co.; Hwy 80	Environmental Concern Submission Form	Vegetation Management	Outside ALDOT jurisdiction. Citizen advised to contact forestry commission.
04/12/2024	"The workers do a great job on the broader I-459 roadside shoulders, picking up trash. However the junction area of the two interstates looks terrible with trash. There's even a drain that is clogged with plastic/clothing on the left after passing under the bridges. Normal bottles/fast food litter but also 5 gallon buckets, tires, scrap material and piles of debris."	Jefferson	Birmingham; I-459/65	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
04/12/2024	"Suggestion for implementing policy that fulfills the needs of pollinators and wildlife."	All	N/A	Environmental Concern Submission Form	Policy	Delegated to proper ALDOT representative.
04/13/2024	"as we were passing through a drop of water fill on the windshield of a car. Not sure if it's a crack or with the issue. May be just don't want it to get any worse. Or possibly hurt anyone"	Mobile	Mobile; I-10	Environmental Concern Submission Form	Non-Environmental	Contacted citizen to provide reassurance. (Concern not warranted.)
04/17/2024	"Much litter and vegetation encroaching on roadway. Is the trash from transfer trucks? "	Jefferson	Shelby Co.; Hwy 119	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
04/18/2024	"Ditch does not drain and overgrown weeds. I have also contacted Mobile County about the ditch next to me that floods and has been under my house with no answer. Maybe you can help. "	Mobile	Mobile Co.; Hwy 188	Environmental Concern Submission Form	Vegetation Management Hydraulics/Hydrology	Delegated to proper ALDOT representative.
04/22/2024	"The business there keeps going on state land and cutting all the vegetation so that their business can be seen. I do not think they have permits to do this. I do not mean the construction that is happening now. I mean for a few years now they have been coming in with a bobcat with a mulcher in the front and removing the vegetation. This certainly does not align with the highway beautification act and other laws."	Shelby	Varnons; I-65	Environmental Concern Submission Form	Vegetation Management	No action taken. (Not enough specificity provided. No citizen contact information provided.)
04/24/2024	"Very Poor drainage in ditches environmental hazard concern. Mosquitoes infestation, bad odor, water stands all year long, no run off."	Coffee	Elba; AL-189	Environmental Concern Submission Form	Hydrology/Hydraulics	Delegated to proper ALDOT representative.
04/25/2024	"There are large piles of garbage and debris under the US Highway 280 Bridge. Homeless people are known to live under the bridge. You can gain access to this from Shades Creek Parkway. Signs are up saying no trespassing on state property. Vegetation growth also"	Jefferson	Birmingham; US-280	Environmental Concern Submission Form	Good Housekeeping Transportation Facility Vegetation Management	Delegated to proper ALDOT representative.
05/08/2024	"Ditch is overgrown with vegetation causing standing water with the propensity for breeding mosquitoes. Water appears cloudy."	Mobile	Mobile; Tara Drive N	Environmental Concern Submission Form	Vegetation Management	Outside ALDOT jurisdiction. Citizen advised on proper authority.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
05/09/2024	"clogged pipe. The ditch is flooded water is moving out onto Hwy 31"	Limestone	Limestone Co.; Hwy 31	Environmental Concern Submission Form	Hydrology/Hydraulics	Delegated to proper ALDOT representative.
05/09/2024	"Cones placed in the middle of the only open travel lane with not construction workers around. This is a safety issue and almost caused an accident."	Shelby	Mile Marker 227; I-65	Environmental Concern Submission Form	Construction Site Management; Non-Environmental	Delegated to proper ALDOT representative.
05/10/2024	"The City of Opelika received a request from [redacted] reporting unsightly trash along the Southbound side of I85 at Exit 60 that needed to be cleaned up. I told him I would forward his concern to ALDOT"	Lee	Opelika; I-85	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
05/11/2024	"Property owner consistently dumping trash outside , consistently burning trees , and dumping all types of chemicals in near by creek. Water coming from sink is not clear, more of an off brown color . All outside water pipes are clogged full of debris and trash, my entire yard floods every-time it rains due to the clogged pipes and water having no place to travel to. The entire road is like a cesspool. I have tried contacting the city of Lanett multiple times, dating back to Nov. 2023 when I first moved to the area. The city of Lanett refuses to issue citations or fix any of the issues."	Chambers	Lanett; SR-29	Environmental Concern Submission Form	Illicit Discharge; Hydraulics/Hydrology	Outside ALDOT jurisdiction. Citizen advised on proper authority.
05/15/2024	"Cogon grass patch."	Morgan	Morgon Co.; Hwy 24	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
05/18/2024	"Bad sewage problems been complains for 2 years since I been here I have a kid who's 4 done had health issues because of it and nose bleeds its the smell is bad and strong it'll smell like sewage in my room I'm even though it's outside I complain about it all the time unsafe hazard "	Pike	Troy; CR-2335	Environmental Concern Submission Form	Illicit Discharge	Outside ALDOT jurisdiction. Citizen advised on proper authority.
05/18/2024	"I contacted ALDOT in the fall of 2023 to advise that mowers on the Northbound route on Hwy 53 between the locations given were cutting through excessive amounts of litter on the roadside. The lady who took my call asked if these were contractors - clearly I was in no position to answer. However she advised that cleanup should have been carried out prior to mowing. We are now some 6 moths later and nothing was, or has been, cleaned up with litter remaining from, and dispersed by, the fall cutting, and more! Perhaps you could advise why these littering observations are not taken notice of or acted upon by ALDOT staff?"	Madison	Madison Co.; Hwy 53	Environmental Concern Submission Form	Good Housekeeping Vegetation Management	Delegated to proper ALDOT representative.
05/27/2024	"Ditch over grown has not been cut hindering sight"	Marshall	Arab; Hampton Ln	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
05/28/2024	"Excessive trash and debris along the left lane."	Jefferson	Birmingham; I-65	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
05/28/2024	"Small fire has begun in the middle grass area of the highway."	Lee	Auburn; I-85	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
05/28/2024	"Large oak tree 25 to 30 feet from highway. One side had split and landed on a brand new mobile home about a year ago. A large branch landed on line and put out electric a week ago. What is left of tree is leaning a little towards highway. When it falls it will fall on highway."	Coffee	Elba; Hwy 189	Environmental Concern Submission Form	Vegetation Management Non-Environmental	Outside ALDOT jurisdiction.. Citizen advised to contact local authority.
05/31/2024	"Our neighbors have an inground swimming pool that isn't in operation. It has not been drained or cleaned in two years. Our block is getting overrun with mosquitoes. Is there anything or any action we can take to get something done about this problem. It is a public health hazard for sure."	Lauderdale	Florence; Birch Run	Environmental Concern Submission Form	Non-Environmental	Outside ALDOT jurisdiction. Citizen advised to contact local authority.
06/04/2024	"Waste Management truck is dumping large quantities of white powder all over the road and on vehicles. Cloudy substance could be industrial debris or construction material. I have a video of this if needed. "	Shelby	Alabaster; I-65	Environmental Concern Submission Form	Illicit Discharge	Delegated to ALDOT in-house law enforcement.
06/07/2024	"Downed tree on power line."	Tuscaloosa	Tuscaloosa Co.; Hwy 216	Environmental Concern Submission Form	Vegetation Management Non-Environmental	Delegated to proper ALDOT representative.
06/07/2024	"“Looks like oil in the ditch between Taco Bell and the marathon on congressman Dickinson drive. There is dead grass.; Observed: Friday may 31, 2024”	Montgomery	Montgomery; Northern Blvd	Citizen Report	Illicit Discharge	Outside ALDOT jurisdiction.
06/11/2024	"Mowing ditch in front of house at 5730 highway 43. They mowing was at the roadway but was not mowed in bottom or on side of ditch. there are small bushes that will grow into large weed/ tree vegetation. Need complete mowing of ditch not just on roadway."	Colbert	Tuscumbia ;US-43	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
06/12/2024	"Grass fire on the shoulder."	St. Clair	Exit 154; I-59	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
06/13/2024	"Trash Bags and trash. Intrusive vegetation growth. Illegal dumping. Homeless People living under bridge "	Jefferson	Birmingham; US-280	Environmental Concern Submission Form	Transportation Facility Good Housekeeping	Delegated to proper ALDOT representative. Citizen advised that ALDOT has limited authority.
06/20/2024	"The roadway is deteriorating from truck and the dust, mud and other debris covers the entire road. Site does not appear to have an entry/e it gravel wash off area. Large truck are sometime departing through the historic neighborhood district to west."	Limestone	Athens; Julian Newman Drive	Environmental Concern Submission Form	Transportation Facility Good Housekeeping	Outside ALDOT jurisdiction. Citizen advised on proper authority.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
06/21/2024	"Construction area with dump trucks leaving massive amount of mud and debris on road. Not being clean up."	Morgan	Laceys Spring; Fields Rd	Environmental Concern Submission Form	Construction Site Management; Good Housekeeping	Outside ALDOT jurisdiction. Citizen advised on proper authority.
06/22/2024	"Trees sitting on power lines."	Fayette	Fayette Co.; CR-23	Environmental Concern Submission Form	Vegetation Management Non-Environmental	Outside ALDOT jurisdiction. Citizen advised on proper authority.
06/25/2024	"Trash and rubbish along side of road and median"	Dallas	West Selmont; US-80	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
06/25/2024	"There is a steep bank off the side of the highway where the bush-hogging can't reach. Over time small plants have become small trees. These trees block vision and are a safety hazard and need to be removed immediately. They are very close to the highway. It will become a very real issue if they get much larger. "	Lawrence	Moulton; AL-157	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
06/25/2024	"There is a large dead tree leaning towards the highway. Being dead, I'm concerned it will not be long before the roots let go in significant wind. Due to it's lean over the road, it will fall onto the heavily traveled section of highway."	Pickens	Mile Marker 30; US-82	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
06/26/2024	"As a former military engineer I am having some issues with a flood way in the neighborhood of a undisclosed flood way...Due to increased drainage over the years the embankments are being hydro blasted from runoff from Highway 261 and Highway 31. These are from the increased development, incorrect and or missing final surveys from developers and City personnel, lack of maintenance and upgrades, and lack of management as required. The sewer system has runoff channeled into it, The sewer system funneling storm water through it is also being exposed from water erosion. The City has also I think failed to give plans to ADEM as they inspected with someone that could not identify anything at all or their bosses put a lid on it. Funny thing is the septic system is a classic municipal system circa 1950 to 2004. This is a raised Subdivision out of a flood plain which is where all of these lines go into. Also connected to this is over 600 yards of unmaintained lines with nothing but forest on top that ADEM refuses to go into. Flood plain is supposedly +/- 5 feet on back property line and is inaccessible to the city due to allowing sewer / septic plant overgrowth."	Shelby	Pelham; Cahaba Manor Dr	Citizen Report	Hydrology/Hydraulics	Outside ALDOT jurisdiction. Citizen advised to contact local government.
06/29/2024	"Ditch has not been Finished getting cut overgrown!,,!! Blocking site of turning on to road They do not! Cut it right!!!!"	Limestone	Athens; Hampton Lane	Environmental Concern Submission Form	Vegetation Management	Citizen advised to coordinate with local ALDOT administrator

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
07/01/2024	"The side of the road is grewed up. It makes it very dangerous for me and my daughter pulling onto the highway when you cant see the oncoming traffic. Please mow ASAP. Thank you so much!!"	Madison	Owens Cross Roads; Hwy 431	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
07/02/2024	"Trash is always dumped here. The weeds and vegetation are not being cut. There are homeless people living under the bridge."	Jefferson	Birmingham; US-280	Environmental Concern Submission Form	Good Housekeeping Vegetation Management Transportation Facility	Delegated to proper ALDOT representative.
07/03/2024	"When we first moved into our home, the neighboring lot was full of junk. Not trash but junk. Extra broken down vehicles, parts, just junk. However, in the last year, it's trash. Literal garbage. The local authorities know this to be a place if illegal activity, however nothing is being done about the trash that is all over this property. It constantly blows onto our property and across the street, really making our area look awful. They do burn garbage every now and then, but the lot is littered with trash at this point. With outdoor animals and children constantly out at play, I'm not only upset about the level of trash, but the actual material due to the illegal activities that take place over there. Is there anything that can be done to force them to improve this? It's bad enough there is basically a junk yard over there, but the trash is pushing us over the edge. "	Lauderdale	Anderson; CR-656	Environmental Concern Submission Form	Good Housekeeping	Outside ALDOT jurisdiction. Citizen advised on proper authority.
07/05/2024	"To whom it may concern, I am writing to report a safety concern that exists on the highway in front of my home...The entryway to cross from the highway to my home is located approximately 1/4 mile away from my home down the highway and the grass is so tall you can't see the reflectors to even know where the lane is in the daytime not to mention at night it is completely invisible and I have to cross over the 2 lanes of traffic and slow down to enter my driveway that is a sharp right turn at the bottom of a hill, visibility is hindered and there is no street light to aide in the matter. I would like to have an access road put in front of my driveway directly so I can judge the traffic flow and make a safe entry into and away from my home without hindering oncoming traffic. Thank you for hearing my concerns and I hope to hear from you soon regarding this issue."	Lowndes	Lowndesboro; US-80	Environmental Concern Submission Form	Vegetation Management Non-Environmental	Delegated to proper ALDOT representative.
07/06/2024	"Extreme flooding and sedimentation in Altadena Creek causing erosion and loss of land property on Caldwell Mill Road and loss of aquatic wildlife biodiversity"	Jefferson	Vestavia; Caldwell Mill Rd	Environmental Concern Submission Form	Hydrology/Hydraulics	Outside ALDOT jurisdiction. Citizen advised on proper authority.
07/10/2024	"Johnson Grass is getting to where people can't see to pull out from CR 83 onto Highway 411"	Cherokee	Cherokee Co.; Hwy 411 / CR-83	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
07/10/2024	"Large bags of trash are being dumped under the bridge with lose trash. Vegetation is growing and needs cleaned up."	Jefferson	Birmingham; US-280	Environmental Concern Submission Form	Good Housekeeping Vegetation Management	Delegated to proper ALDOT representative.
07/11/2024	"There is a dead doe near the edge of the highway in front of our house and beside our neighbor's mailbox that has been there for a few days and we have contacted numerous offices in the county and state and no one has come out to get it. It is beginning to become a health hazard for people in that area."	Limestone	Elkmont; AL-251	Environmental Concern Submission Form	Transportation Facility	Delegated to proper ALDOT representative.
07/16/2024	"Hello, good afternoon! There is an obstruction of view at the corner of Shady Grove Rd (County Rd 45) and hwy 269 North (Port Birmingham Rd) driving towards Maytown Baptist Church. As you pull out to turn left (going South on hwy 269 from Shady Grove Rd) there is so much brush, grass, trees in the way obstructing the view near the stop sign (on the right corner). It's becoming impossible to see or rather it's already impossible to see traffic coming from the other direction on hwy 269 (from the right). Someone is going to pull out in front of someone and it will cause a wreck. I don't know the correct person to contact. If you're not the right department please let me know or forward this information. I can take pictures and send them if needed. I appreciate any help you may be able to provide! Hope you have a great week!"	Jefferson	Adamsville; Hwy 269	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
07/17/2024	"Please schedule pick up and removal of an overflowing garbage can with surrounding debris which has been in the grass at this stoplight/intersection for some time. People stand (or used to stand) at this intersection asking for soliciting assistance. Jefferson County referred me to Vestavia and Vestavia referred me to ALDOT."	Jefferson	Birmingham; I-459 / US-280	Environmental Concern Submission Form	Good Housekeeping	Delegated to proper ALDOT representative.
07/17/2024	"Truck spraying the side of the road, sprayed my trees, and damaged them. There was no need to spray in front of my house, I take care of that area myself. I want to know what the state is going to do about it."	Greene	Clinton; SR-14	Environmental Concern Submission Form	Chemical	Delegated to proper ALDOT representative.
07/19/2024	"One of the trees (located towards the end of the group of trees at that location) in the median is leaning quite a bit towards the roadway. When it falls (storm, soggy soil, etc) it appears that it will land on at least two I-85 northbound lanes with possible catastrophic results."	Montgomery	Montgomery; I-85	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
07/22/2024	"Tall grass blocks the oncoming traffic causing safety concerns. Unable to pull out of Powell Dr. Because you can't see traffic coming up the hill due to high grass."	Mobile	Wilmer; Moffett Rd	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
07/23/2024	"The drainage at the end of Shore Acres is nearly nonexistent. The ditches on both sides of the road overflow and flood the road when there is heavy rain which blocks residents in for hours. After rain, the ditches maintain significant amounts of water in them that stand almost the entire summer because it never fully drains. Insects, especially mosquitoes, become horrible and we cannot mow down the grass because of all the water in the ditch. The city takes an extremely long time between cutting grass in the ditches with their equipment that can handle it. If the city could unclog the drains it would be greatly appreciated."	Mobile	Mobile; Shore Acres Drive	Environmental Concern Submission Form	Hydrology/Hydraulics	Outside ALDOT jurisdiction. Citizen advised on proper authority.
07/25/2024	"Lowndes County Emergency services contacted ALDOT with a report of a tanker truck crash resulting in a significant diesel spill."	Lowndes	Mile Marker 149.5; I-65	Lowndes County Emergency Services	Chemical	Delegated to proper ALDOT representative.
07/30/2024	"Hazardous human waste is leaking in the ground from their holding tanks and they have unsanitary work conditions. There is a waterway (creek) behind their business that the waste is possibly seeping into the ground and in the waterway. They also have work trucks that are unsafe. A friend of mine that worked there had the breaks go out while driving one of Parrish's work trucks and he ran through a red light endangering his life and others had he not gained control of the truck"	Coffee	Enterprise; Geneva Hwy	Environmental Concern Submission Form	Illicit Discharge; Non-Environmental	Outside ALDOT jurisdiction. Citizen advised on proper authority.
08/01/2024	"Witnessed" individual(s) damage/ destroy fence for the purpose of gaining access to the areas for multiple reasons including illegal activities et. al."	Jefferson	Birmingham; I-65	Environmental Concern Submission Form	Non-Environmental	Delegated to ALDOT in-house law enforcement.
08/03/2024	"Dumping and more trash that I have ever seen in my 50 years of driving in Alabama. It's embarrassing!"	Shelby/Jefferson	Shelby/Jefferson Co.; I65, US-280, I-459, Hwy 31, CR-52	Environmental Concern Submission Form	Good Housekeeping	Citizen informed on ALDOT litter management.
08/06/2024	"I have sent 3 request for the intrusive growth of bushes/trees growing on the sides of the bridge. Many residents have voiced concerns and it is very dangerous. The trees are blocking the view of oncoming traffic from vehicles trying to exit Jackson Road. Can someone please reach out and let me know when this will be addressed? "	Mobile	Creola; Hwy 43 / Jackson Rd	Environmental Concern Submission Form	Vegetation Management Transportation Facility	Delegated to proper ALDOT representative.
08/06/2024	"Chicken guts everywhere I got picture of it from the off ramp N I85 on chantilly. Was a semi truck and the cabs color was baby blue/aqua"	Montgomery	Montgomery; I-85	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
08/06/2024	"STATE OF ALBAMA WHEN CUTTING THE SIDES OF THE ROAD DAMANGED THE CULVERT AT MY DR"	Limestone	Limestone Co.; AL-127	Environmental Concern Submission Form	Transportation Facility	Delegated to proper ALDOT representative.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
08/10/2024	"I seen thick globs of algae stuck to the bottom as well as chunks floating. No dead fish and the water don't smell bad. Water is mostly clear and moving. I have pics and videos. I'm an avid river goes and have not seen this. This was here last weekend too. Please let me know if it's normal."	Blount	Wallstown; Center Springs Rd	Environmental Concern Submission Form	Water Quality	Outside ALDOT jurisdiction. Citizen advised on proper authority.
08/14/2024	"There is a new development, Tattersall, located on 280 between Hugh Daniel and hwy 119. There are too many entrances/ exits onto 280 west and there is now a new opening in the median to allow east bound traffic to cross three lanes of traffic to enter Tattersall. This west bound traffic also has major traffic trying to merge the opposite was to get to Hwy 119 light where many schools are located."	Shelby	Shelby Co.; US-280	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.
08/19/2024	"Homeless with excessive amounts of trash "	Jefferson	Birmingham; I-65	Environmental Concern Submission Form	Transportation Facility Good Housekeeping	Delegated to proper ALDOT representative. Citizen advised that ALDOT has limited authority.
08/19/2024	"Bags of styrofoam cups are scattered along both sides of the road near the Auburn fish ponds."	Lee	Auburn; Farmville Rd	Environmental Concern Submission Form	Good Housekeeping	Outside ALDOT jurisdiction.. Citizen advised on proper authority.
08/21/2024	"Trash, illegal dumping, vegetation growth and people living under the bridge."	Jefferson	Birmingham; US-280	Environmental Concern Submission Form	Good Housekeeping Vegetation Management Transportation Facility	Delegated to proper ALDOT representative.
08/22/2024	"Large pine tree leaning like it's ready to fall also has poison ivy growing on trunk which will kill a tree making it even more of falling hazard it's not leaning at a 45 degree angle yet but definitely leaning when it falls it will hit cars"	Chilton	Mile Marker 203/204; I-65	Environmental Concern Submission Form	Vegetation Management Transportation Facility	Delegated to proper ALDOT representative.
08/24/2024	"Leak near the end of st Clair lane near [redacted] Spill lots of children and family's here"	Madison	Huntsville; St Clair Lane	Environmental Concern Submission Form	Spill Management	Outside ALDOT jurisdiction.. Citizen advised on proper authority.
08/27/2024	"Trash, tires, Shredded tires, construction debris, potholes. The interstate 85 is like driving while maneuvering in a field of RECAP TIRES strewn everywhere."	Lee	Montgomery to Valley; I-85	Environmental Concern Submission Form	Transportation Facility Good Housekeeping	Delegated to proper ALDOT representative.
08/29/2024	"Cement truck driving on interstate. Dusting cement on everything. Driver not aware "	Autauga	Autauga Co.; I-65	Environmental Concern Submission Form	Spill Management	No action taken. (Not enough specificity provided. No citizen contact information provided.)
08/29/2024	"Roebuck/Centerpoint exit I-20/59 exit and entrance ramps. Litter everywhere and knee high grass, homeless under bridge overpass. When I have a wreck I will sue aldot for not doing its job of cutting grass, etc"	Jefferson	Birmingham; SR-75	Environmental Concern Submission Form	Vegetation Management Transportation Facility Good Housekeeping	Delegated to proper ALDOT representative. Citizen advised that ALDOT has limited authority.
08/30/2024	"Large dog deceased"	Walker	Jasper; Curry Hwy	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
09/01/2024	"I am writing to you to get help in solving a problem that has been going on for more than 40 years yet NO ONE responds... My father's land was taken through eminent domain more than 40 years ago to build Hwy 123 (the new one). My brother still lives there. The problem is that the state refuses to do their job with the runoff water created by rain from the upper areas of the road Hwy 123. He has contacted the state engineers and gets NO answers. They will not respond at all. I have taken more than 80 pictures of where the water is supposed to run but cannot because the state does NOT keep it clean so it runs all over my brother's property. There are trees and vines growing all in the flume. Pine straw and sand block a lot of the runoff pathway so it floods the property. There's an old bridge (to the old road) on one side of the property that is falling down and some into the river. The state needs to come in and remove the steel beams that supported the old bridge."	Dale	Newton; Hwy 123	Environmental Concern Submission Form	Hydrology/Hydraulics Good Housekeeping	Delegated to proper ALDOT representative.
09/04/2024	"Attached are photos of the drainage ditch. You cannot really tell because it so overgrown! There are pictures of the crumbling, now a defunct, deteriorating bridge the needs to be removed. He owns the Riverside MTX across the river on Hwy. 134. Thank you for your time. Truly appreciated."	Dale	Newton; Hwy 134	Citizen Report	Vegetation Management Good Housekeeping	Delegated to proper ALDOT representative.
09/04/2024	"Between county road 54 and Barlow road. On north bound side in barely hanging on to the bank. Will fall on mailbox number [redacted] on south bound side to help you figure out it's exact location. This tree is severely leaning across hwy 55 both lanes. It will cause great harm to north and south bound traffic when it falls. Could cause great hard to humans in passing area or approaching the are. It is a large oak tree. Also possible damage will be cause to power pole . Line. And so forth on south bound side."	Baldwin	Loxley; Hwy 55	Environmental Concern Submission Form	Vegetation Management Transportation Facility	Outside ALDOT jurisdiction. Citizen advised on proper authority.
09/08/2024	"Hugh dead tree on side of Highway 48. Tree is still upright at present, but upon falling would block road and more importantly put motorist lives in danger upon falling."	Randolph	Woodland; Hwy 48	Environmental Concern Submission Form	Vegetation Management Transportation Facility	Delegated to proper ALDOT representative.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
09/09/2024	"There has been raw sewage overflowing into the parking lot and on the grounds at the school. It has been like this for over a month! I have pictures of the site (in the back by the gym with cones around it). The kids have to cover their faces when they walk by and there are so many bugs and insects in the gym bc of this issue. It has been reported over a month ago and still no resolution. This is a serious health hazard! Please address asap! Next step will be to share publicly on social media and news sources. Thanks "	Houston	Dothan; Redmond Rd	Environmental Concern Submission Form	Illicit Discharge	Outside ALDOT jurisdiction.
09/10/2024	"The grass was cut, but the trash and litter was not all picked up! Thank you all for all you do and doing. Thank you "	Jefferson	Fairfield; I-20/59	Environmental Concern Submission Form	Transportation Facility Good Housekeeping	Delegated to proper ALDOT representative.
09/13/2024	"Dead tree close to my property that could damage house or cars if it falls."	DeKalb	Fort Payne; 2810 Wallace Ave NE	Environmental Concern Submission Form	Good Housekeeping Vegetation Management	Outside ALDOT jurisdiction.
09/13/2024	"Grass on sides of road as high as 6 foot in places esp just north of downtown Vincent and across 280 and north of the town of wilsonville. This results in low visibility going around curves and in seeing what is coming around curves, and there are a lot of deer in that whole area that will jump out of the treeline. Please cut back the trees and limbs too due to deer. there's a green road dept tractor on the side of highway 145 just south of wilsonville across from bulley creek subdivision been there about 2 weeks flash flooding in the ditch may have damaged it."	Shelby	Wilsonville; Hwy 231	Environmental Concern Submission Form	Vegetation Management Transportation Facility	Delegated to proper ALDOT representative.
09/18/2024	"the grass in the ditch is very high and horrible looking. I am planning a kids carnival at our local fire station and it looks horrible for the event. People will be coming from neighboring towns and it will be embarrassing."	Mobile	Coden; AL-188	Environmental Concern Submission Form	Vegetation Management	Delegated to proper ALDOT representative.
09/19/2024	"The drainage pipe going under hwy 231 is clogged on our side of the road causing all runoff water not to flow properly and it is flooding our property on that side. The drainage pipe is located on road frontage of parcel id 31-02 04-0-001-020.001"	St. Clair	Cropwell; US-231	Environmental Concern Submission Form	Hydrology/Hydraulics	Delegated to proper ALDOT representative.
09/22/2024	"Excessive litter thanks to lazy citizens and homeless leaving their waste everywhere "	Jefferson	Birmingham; I-20/59 entrance/exit ramps at Centerpoint Pkwy	Environmental Concern Submission Form	Transportation Facility Good Housekeeping	Delegated to proper ALDOT representative.
09/22/2024	"Lazy slob people dump their litter everywhere, everyday. (Bottles, cans, furniture, boxes, etc)"	Jefferson	Birmingham; Hwy 119 from Grants Mill Rd to Lake Purdy Entrance	Environmental Concern Submission Form	Transportation Facility Good Housekeeping	Delegated to proper ALDOT representative.
09/22/2024	"From i459 exit ramp at Grants Mill Road to Hwy 119, always littered and it's floating in the Cahaba watershed."	Jefferson	Birmingham; I-459 Grants Mill Rd Exit Ramp	Environmental Concern Submission Form	Transportation Facility Good Housekeeping	Delegated to proper ALDOT representative.

ALDOT Environmental Concerns Log:  
Fiscal Year 2024

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
09/24/2024	"Homeless people living under the underpass.. garbage everywhere from where/how they are living. Somebody was struck and killed by a car there last week."	Montgomery	Montgomery; I-85 / Eastern Blvd	Environmental Concern Submission Form	Non-Environmental Good Housekeeping	Delegated to proper ALDOT representative. Citizen advised that ALDOT has limited authority
09/25/2024	"Homeless camp set up under bridge; multiple car break-ins for residents on 1st Ave S. What is the application process to fence off area under bridge, provide secure parking (paid) lot for area residents? "	Jefferson	Birmingham; 24th St. Bridge	Environmental Concern Submission Form	Non-Environmental	Delegated to proper ALDOT representative. Citizen advised that ALDOT has limited authority.

**ALDOT Community Outreach Group Meetings:  
Fiscal Year 2024**

Date	Group	COG Attendees	ALDOT Attendees	Other Attendees*	Total Attendees	Purpose
11/14/2023	Coliseum Boulevard Plume	3	1	5	9	Update on project status and Q&A session.

\* Can include facilitators and consultants of ALDOT.

**ALDOT Miscellaneous Community Outreach Activities:  
Fiscal Year 2024**

Activity	Notes
Renew Our Rivers	ALDOT Guntersville Area personnel participated in a Coosa River cleanup event on 09/23/2024.
Social Media Outreach: Facebook	ALDOT established an agency-level Facebook account during FY 2024; the account gained approximately 1,000 followers and posted 2 environmental-oriented messages during FY 2024. ALDOT Southwest Region continued its Facebook account during FY 2024; the account had approximately 7,000 followers as of the end of FY 2024 and posted 3 environmental-oriented messages during FY 2024. The ALDOT East Central Region resumed its Facebook presence during FY 2024, but no environmental-oriented messages were posted by the account. The ALDOT-owned Drive Safe Alabama Facebook account (with approximately 2,200 followers as of the end of FY 2024) posted 2 environmental-oriented messages during FY 2024.
Social Media Outreach: Twitter (currently branded as "X")	All 5 ALDOT Regions had Twitter Accounts as of the end of FY 2024. The approximate numbers of followers for the accounts as of the end of FY 2024 were as follows: 7,200 for the Southwest Region, 3,000 for the West Central Region, 1,500 for the East Central Region, 350 for the Southeast Region, and 50 for the North Region. Regions use Twitter, in part, to share environmental-oriented messages; The Southwest Region posted 2 messages and the West Central Region posted 4 messages during FY 2024. In addition, the ALDOT-owned Drive Safe Alabama Twitter account (with approximately 750 followers as of the end of FY 2024) posted 2 environmental-oriented messages during FY 2024.
Spring Clean Day	On 04/23/2024, ALDOT West Central Region facilitated a roadway cleanup effort in order to promote awareness of litter challenges and encourage citizens to organize their own cleanup efforts.

**ALDOT MS4 Coordination Activities:  
Fiscal Year 2024**

Activity	Notes
Alabama Stormwater Association	2 ALDOT employees are on the ASA board of directors; ALDOT has participated in all board of directors meetings since ASA establishment. ALDOT was integral in the planning of a virtual seminars held on 11/30/2023 and 06/25/2024 during which MS4s from throughout the state and various other stormwater professionals collaborated and gained focused stormwater management knowledge.
Baldwin County MS4 Planning Committee	ALDOT Southwest Region participates in Baldwin County MS4 Planning Committee collaboration opportunities. During FY 2024, ALDOT and rest of the committee continued to consider possible watershed restoration effort partnerships.
Cooperative Maintenance Agreements with Municipalities & Counties	ALDOT has established cooperative maintenance agreements with various municipalities and counties. Agreements include ones with City of Huntsville, City of Montgomery, and Etowah County. A key component of most agreements is litter pickup. An agreement typically authorizes the city or county in question to perform litter pickup on ALDOT property, allowing ALDOT and the city or county to work jointly and more efficiently in watershed protection.
Mobile Bay National Estuary Program Steering Committee	ALDOT Mobile Area maintained a position on the MBNEP steering committee responsible for developing the Western Shore Delta Watershed Management Plan during FY 2024.
One Clean Mobile Partnership / Litter-Free Mobile Task Force	Partnership between ALDOT Southwest Region and City of Mobile established in FY 2016 continued during FY 2024. (In August 2021, the One Clean Mobile Partnership was incorporated into the more comprehensive Litter-Free Mobile Task Force.)

**ALDOT Participation with Professional Organizations:  
Fiscal Year 2024**

<b>Organization</b>	<b>Activity</b>	<b>Notes</b>
Alabama Chapter of the Soil and Water Conservation Society	Membership	Some ALDOT personnel are members.
Alabama Erosion and Sediment Control Partnership	Assistance in event facilitation	An ALDOT representative participates in the planning of Clear Water Alabama annually.
American Association of State Highway and Transportation Officials	Membership; Leadership roles; Participation in meetings	Some ALDOT employees are members of the Committee on Construction. Some ALDOT personnel participated in conference calls, webinars, and conferences.
American Society of Civil Engineers	Membership; Leadership roles; Participation in meetings	ALDOT employees participate actively in the Alabama Section and in the branches that comprise the Alabama Section. Multiple ALDOT employees serve in leadership roles in the branches. With respect to the Alabama Section, an ALDOT employee serves as Region 5 Governor.
International Erosion Control Association	Membership; Leadership roles; Participation in meetings; Assistance in event facilitation	Some ALDOT personnel are members and attend conferences. An ALDOT employee served as co-chair of the MS4 Management Subcommittee and hosted an MS4 webinar focused on IDDE during FY 2024.

**ALDOT Internal MS4 Awareness Activities:  
Fiscal Year 2024**

Activity	Date(s)	Notes
Internal MS4 Coordination Memorandum	10/17/2023	Memo sent to MS4-participating ALDOT offices to request review of their MS4 program-related activities, coordinate annual report data collection, provide updates regarding progress toward meeting SWMPP goals, and to remind them about upcoming MS4 program activity deadlines.
Stormwater Coordinators Meeting	11/02/2023	Facilitated by ALDOT Construction Bureau. Meeting of ALDOT construction stormwater coordinators assigned to Construction Bureau and field offices.

**Supplemental Material for Section II.D**

ALDOT Major Outfall Inventory & Screening Summary

## ALDOT Major Outfall Inventory & Screening Summary

*Last Updated: September 30, 2024*

MS4 Area	Major Outfalls on Inventory	Major Outfalls Screened	Possible Illicit Discharges at Major Outfalls	Other Possible Illicit Discharges	Inventory & Screening Outcomes
Anniston	16	16	0	0	No non-stormwater discharges observed during screening. <b>Completed.</b>
Auburn/Opelika*	5	5	0	0	No non-stormwater discharges observed during screening. <b>Completed.</b>
Baldwin County	16	16	0	0	No non-stormwater discharges observed during screening. <b>Completed.</b>
Decatur	16	16	0	0	No non-stormwater discharges observed during screening. <b>Completed.</b>
Dothan	16	16	0	2	1 major outfall removed from inventory. (Outfall no longer exists due to re-development work.) No new non-stormwater discharges observed during screening. 2 non-stormwater discharges reported during the previous MS4 permit term observed again. <b>Completed.</b>
Florence	14	14	0	0	No non-stormwater discharges observed during screening. <b>Completed.</b>
Gadsden	35	35	0	0	No non-stormwater discharges observed during screening. <b>Completed.</b>
Huntsville	57	57	0	1	No non-stormwater discharges observed at outfalls during screening. Damaged sewer line observed and addressed in accordance with IDDE procedures specified in SWMPP. <b>Completed.</b>
Jefferson/Shelby County	138	138	0	0	No non-stormwater discharges observed during screening. <b>Completed.</b>
Mobile	42	42	0	0	No non-stormwater discharges observed during screening. <b>Completed.</b>
Montgomery	28	28	0	0	No non-stormwater discharges observed during screening. <b>Completed.</b>
Phenix City*	6	6	0	1	No new non-stormwater discharges observed during screening. 1 non-stormwater discharge reported during the previous MS4 permit term observed again. <b>Completed.</b>
Tuscaloosa	34	34	1	1	Damaged sewer line observed near 1 major outfall that had been investigated previously and addressed in accordance with IDDE procedures specified in SWMPP. Non-stormwater discharge observed at 1 minor outfall; discharge appeared to be wash water originating from a nearby carwash business; discharge addressed in accordance with IDDE procedures specified in SWMPP. <b>Completed.</b>
ALDOT Support Facilities**	26	25	0	0	All (3) Dothan District Office major outfalls screened; no non-stormwater discharges observed. All (3) Central Office Complex / Montgomery Area Office / Montgomery District Office major outfalls screened; no non-stormwater discharges observed. All (3) Tuscaloosa Area Office / Tuscaloosa District Office major outfalls screened; no non-stormwater discharges observed. All (2) Gadsden District Office major outfalls screened; no non-stormwater discharges observed. All (4) Mobile Area Office / Mobile District Office major outfalls screened; no non-stormwater discharges observed. 1 of 2 Tunnel Office major outfalls on inventory screened; no non-stormwater discharge observed; other Tunnel Office major outfall on inventory <u>no longer accessible</u> because now located on private property. All (1) Anniston District Office major outfalls screened; no non-stormwater discharges observed. All (2) Tuscumbia Area Office / Tuscumbia District Office major outfalls screened; no non-stormwater discharges observed. All (2) Huntsville District Office major outfalls screened; no non-stormwater discharges observed. All (2) Birmingham Area Office / Birmingham District Office major outfalls screened; no non-stormwater discharges observed. All (2) Calera District Office major outfalls screened; no non-stormwater discharges observed. <b>Completed.</b>
<b>PERMIT TERM TOTAL</b>	<b>449</b>	<b>448</b>	<b>1</b>	<b>5</b>	

\* The number of major outfalls on inventory for this MS4 Area given in previous annual reports was inaccurate due to a transcription error. The number given in the table is the correct number.

\*\* Major outfalls identified at Central Office Complex / Montgomery Area Office / Montgomery District Office, Tuscumbia Area Office / Tuscumbia District Office, Huntsville District Office, Birmingham Area Office / Birmingham District Office, Calera District Office, Gadsden District Office, Tuscaloosa Area Office / Tuscaloosa District Office, Dothan District Office, and Tunnel Office. Major outfalls also identified at Mobile Area Office / Mobile District Office (4 total) in FY 2022 and at Anniston District Office (1 total) in FY 2023; these outfalls were added to inventory and screened during previous MS4 permit term, though ALDOT had been unaware of oversight in reporting these outfalls in SWMPP and annual reports. Major outfall tally for ALDOT support facilities updated to include 5 additional outfalls.

MS4 Monitoring Activity Summary:  
Fiscal Year 2024

**MS4 Monitoring Activity Summary:  
Fiscal Year 2024**

Monitoring Location	Dry-Weather Observation Dates	Wet-Weather Observation Dates	Key Observation Outcomes & Notes
US-431 at Brier Fork (Flint River), Madison County	06/21/2024; 08/13/2024	02/14/2024	No issue noted during any observation.
US-431 at Beaverdam Creek, Madison County	06/21/2024; 08/13/2024	02/14/2024	No issue noted during any observation.
AL-152 at Three Mile Branch, Montgomery County	03/05/2024; 08/15/2024	05/09/2024	No issue noted during any observation.
AL-110 at Jenkins Creek, Montgomery County	03/05/2024; 08/15/2024	05/09/2024	No issue noted during any observation.
US-90 at Halls Mill Creek, Mobile County	02/22/2024; 09/23/2024	05/29/2024	No issue noted during any observation.
US-98 at D'Olive Creek, Baldwin County	02/22/2024; 09/23/2024	05/29/2024	No issue noted during any observation.
<b>Observation Outcomes Analysis</b>			Observation outcomes for all monitoring locations over four years indicate that runoff flow paths on ALDOT property are well-vegetated overall and do not experience noteworthy erosion. Thus, there is no evidence that ALDOT is a significant contributor to the pollution of waters for which sediment or turbidity is a pollutant of concern. ALDOT's general maintenance approach appears to be effective, though ALDOT makes continual efforts to improve the effectiveness of erosion and sediment control measures.
