MEMORANDUM 2025-7

To: Metropolitan Planning Organizations (MPOs)

From:

Bradley B. Lindsey, P.E., State Local Transportation Engineer

Reference: Regional Performance Measurement Targets

To assist MPOs with the data needed to complete the FY 2050 LRTP document the Local Transportation Bureau has uploaded to the individual MPO Team accounts the following Regional Area Performance Measurement Target data:

- PM 1
- PM 2-Pavement
- PM 3
- ALDOT PM Targets August 2024 Chart
- Reporting Timeline

The information can be accessed by clicking files under the Performance Measurement channel, click on "Historical Data" and open the related file. This office has included a "Deadlines and Target" tab for your convenience, as well as for your knowledge of reporting periods and sharing of ALDOT's Performance Measures and Targets. Please review the documents in this tab. Be attentive to the ALDOT Performance Measures and Targets FY 2024 & 2026. We suggest that each MPO consider adopting ALDOT's data for ease of reporting, and statewide consistency.

Additionally, MPOs that are recipients of FTA public transit funds must establish and adopt their own Transit Asset Management (TAM) and Public Transportation Agency Safety Plan (PTASP), both of which should be included in your Performance Measures resolution.

If you have any questions, please contact Barrett Dees at 334-242-6818 or deesr@dot.state.al.us.
