Attn: Mr. James Carlson, PE, Water Division

Re: **MS4 Annual Report FY 2019**
NPDES Permit No. ALS000006

Dear Mr. Carlson:

Attached is the Fiscal Year 2019 annual report for the ALDOT MS4 Stormwater Management Program (SWMP). This submission is in compliance with Part IV of the ALDOT MS4 permit (NPDES Permit No. ALS000006) reissued on September 30, 2019. The report details the MS4-applicable actions performed by ALDOT and the status of each activity designated by the SWMP Plan (SWMPP) during the period of October 1, 2018, to September 30, 2019, which was covered under the ALDOT MS4 permit issued in 2013. Please also note that the FY 2019 annual report applies to the SWMPP version dated September 30, 2017, as amended by the FY 2018 annual report.

If you should have any questions concerning the report or wish to discuss any of the content in the report, please contact Dr. Scott Rogers, Environmental Coordination Engineer, at (334) 353-6214.

Sincerely,

Don T. Arkle, PE
Chief Engineer

DTA/WFA/SEW/WDH/SWR

**ALABAMA DEPARTMENT OF TRANSPORTATION
MS4 STORMWATER MANAGEMENT PROGRAM
NPDES Permit No. ALS000006**

**ANNUAL REPORT
Fiscal Year 2019**

I. Introduction

A. Background

The U.S. Environmental Protection Agency (EPA) regulates urban stormwater management under the National Pollutant Discharge Elimination System (NPDES). Urban stormwater collects in, flows through, and discharges from a “municipal separate storm sewer system” (MS4). Thus, EPA refers to the mechanism for regulated urban stormwater management as the “MS4 program.” The Alabama Department of Environmental Management (ADEM) carries out the MS4 program at the state level and regulates urban stormwater management for qualifying public entities in Alabama. (The acronym “MS4” can also refer to such a public entity.)

On March 21, 2013, ADEM issued an individual MS4 permit (NPDES No. ALS000006) to the Alabama Department of Transportation (ALDOT). This MS4 permit was designed specifically for ALDOT and replaced regulatory coverage of ALDOT under MS4 permits issued previously. (Hereinafter, the MS4 permit issued in 2013 will be referred to as simply “the Permit.”) The Permit went into effect on April 1, 2013, and was intended to stay in effect for a term of five years (i.e., through March 31, 2018). After five years, though, the Permit was administratively continued by ADEM and remained in effect through September 30, 2019, when ADEM issued a revised permit that became effective on October 1, 2019 (i.e., the beginning of Fiscal Year 2020).

The Permit applies to areas of the state as specified by Permit item I.A. Requirements of the Permit largely fall under six minimum control measures: Structural Controls Operation, Public Education & Public Involvement (PEPI), Illicit Discharge Detection & Elimination (IDDE), Construction Site Stormwater Runoff Control, Post-Construction Stormwater Management, and Pollution Prevention / Good Housekeeping (PPGH). In addition, the Permit also contains specific MS4 monitoring requirements.

ALDOT developed a stormwater management program (SWMP) to address the requirements of the Permit and other MS4 stormwater management objectives. The document containing details of the SWMP is the “Stormwater Management Program Plan” (SWMPP). The SWMPP explains the ALDOT MS4 stormwater management activities to be conducted over the Permit term, the ALDOT parties associated with particular activities, the goals corresponding to the activities for the Permit term, and the intended timeframes for the completion of activities. The first version of the SWMPP was submitted to ADEM on March 20, 2014. Four revisions of the SWMPP dated September 30, 2014, September 30, 2015, January 12, 2017, and September 30, 2017, respectively, were prepared while the Permit was in effect.

B. Purpose of the Annual Report

ALDOT provides updates with respect to SWMPP implementation through annual reporting. As required by Permit item IV.A.1, ALDOT submitted an annual report to ADEM by January 31 of each year the Permit was in effect, and the same is required by the MS4 permit issued in 2019. Each annual report covers the previous fiscal year (i.e., October 1 – September 30). Generally, the material included in the report was governed by items IV.A.3 and IV.B of the Permit. In addition, the report describes and provides rationale for modifications made to the SWMPP, in accordance with items II.C.2 and II.C.3.

This document is the annual report covering Fiscal Year (FY) 2019 (i.e., October 1, 2018 – September 30, 2019). For clarity, this annual report does not apply to activity requirements of the permit issued in 2019 because that permit went into effect in FY 2020. MS4-applicable stormwater management actions ALDOT performed during FY 2019 and the statuses of SWMPP-identified activities during FY 2019 are explained in Part II of this report. Part III of this report provides ALDOT's evaluation of its SWMP given actions performed and data collected throughout the entire Permit term. In Part IV, the future direction of the SWMP is discussed in light of the new permit issued in 2019. Appendices that contain information to supplement Parts II through IV are included in this annual report as well. The appendix structure used in this report is designed to largely mirror that of the SWMPP in order to facilitate connectivity between the SWMPP and this report.

II. Actions Performed & Statuses of Activities during FY 2019

In this section, summaries of FY 2019 actions and statuses are presented for each SWMPP activity category. Emphasis is placed on certain actions and statuses rather than on others, as judged appropriate. A comprehensive list of SWMPP activities with corresponding FY 2019 actions and statuses is provided in Appendix A to supplement the discussion that follows. The list also contains expected tracking data for activities as well as references for finding additional information.

A. Stormwater Management Program Plan

ALDOT did not revise the SWMPP during FY 2019. The timely submission of this annual report will satisfy the annual report submission requirement (under the permit issued in 2019) for Calendar Year 2020. Annual reports were submitted on time while the Permit was in effect.

B. Structural Controls Operation

Beyond the actions taken as part of the Post-Construction Stormwater Management program discussed below in Section II.F, no action was taken with regard to structural BMPs during FY 2019 as there were no fully operational structural BMPs within MS4 areas prior to or during FY 2019.

C. Public Education & Public Involvement

Continuing to address litter as a PEPI program target pollutant, ALDOT maintained its agreements with Alabama People Against a Littered State (PALS) and Keep Alabama Beautiful (KALB) during FY 2019. ALDOT contributed \$294,938 to PALS and \$180,027 to KALB for FY 2019 activities. Activities conducted by PALS and KALB were in line with expectations set by contracts with ALDOT; Appendix C includes activity reports submitted by PALS and KALB that were reviewed by ALDOT. When ALDOT District personnel noted a litter issue in a particular area, ALDOT followed-up with PALS and KALB to determine if litter control activities are being performed in that area. Regarding the PALS Adopt-a-Mile program specifically, 783 parties were active participants performing litter pickup on a total of 811.98 miles of roadway as of the end of FY 2019; a breakdown by ALDOT Region of roads adopted is provided in Appendix C.

ALDOT provides ongoing anti-litter education for motorists by means of anti-litter signage posted on ALDOT roadways throughout the state. During FY 2019, 715 anti-litter signs were active on ALDOT roadways across all ten ALDOT Areas. A breakdown of signs posted by ALDOT Area is given in Appendix C.

Also with respect to signage, ALDOT in FY 2019 continued the strategic deployment of signage to inform motorists of their entering an important watershed. As of the end of FY 2019, twelve signs had been deployed on ALDOT roads to announce motorist entrance into one of seven watersheds (i.e., Chattahoochee River, Escatawpa River, Mobile River, Perdido River, Tallapoosa River, Tennessee River, Tombigbee River). Further watershed sign deployment will be dependent on the provision of ADEM funding.

ALDOT continued its activities addressing the other target pollutants (i.e., sediment, herbicide, chemicals and waste materials) as well during FY 2019. ALDOT carried out its Qualified Credentialed Inspector (QCI) training and vegetation management training programs as expected; the outcomes of these programs are discussed below in Section II.E and Section II.G, respectively. ALDOT conducted its typical good housekeeping training for support facility employees; outcomes of this training are discussed in Section II.H below. Appendix C provides information regarding FY 2019 activities conducted in these programs.

ALDOT maintained significant interaction with the citizens of Alabama during FY 2019. ALDOT maintained Web-based mechanisms as means to educate and engage with the public, including the Environmental Concerns Reporting Tool that allows citizens to report stormwater concerns. Fourteen citizen reports were received through the Environmental Concerns Reporting Tool during FY 2019. Nine additional citizen reports were submitted through environmental contact means found on the ALDOT Web site. Details about the citizen reports and follow-up actions can be found in Appendix C.

ALDOT's use of Twitter to advance public awareness grew during FY 2019. Thirty-six environmental-oriented messages were posted by the ALDOT Southwest Region (specifically Mobile Area). The number of followers of the Southwest Region Twitter account rose to approximately 6,200 followers by the end of FY 2019. The ALDOT West Central Region also

posted several environmental-oriented Twitter messages and had been followed on Twitter by approximately 1,650 accounts by the end of FY 2019. Appendix C provides sample PEPI messages posted in FY 2019 by the ALDOT Southwest and West Central Regions. The ALDOT East Central Region uses Twitter as well to communicate with citizens primarily with respect to I-59/20 improvement work. Some messages posted by the East Central Region make the public more aware of ALDOT construction practices, which include those for erosion and sediment control.

ALDOT participated in and facilitated education activities targeted for youth during FY 2019. Local ALDOT personnel served as instructors or in supporting roles in water festivals for schoolchildren in Montgomery County, Baldwin County, and Atmore. Over FY 2019, ALDOT Mobile Area personnel gave tours of the Mobile Tunnel to 2,470 school-age children to demonstrate and explain tunnel operations, some of which are water resources or environmental in nature. More youth education activity details are provided in Appendix C.

During FY 2019, ALDOT participated in community outreach group meetings for the Coliseum Boulevard Plume (two meetings) and the Capital City Plume (one meeting). Information about the community outreach group meetings is given in Appendix C.

Beyond participation in community outreach groups, ALDOT made significant efforts to reach out to various stakeholders and communities throughout the state during FY 2019. ALDOT participated in the Collaborative Environmental Network of Alabama by sharing insight about ALDOT's environmental challenges and practices in forums attended by fellow MS4s, utility companies, business leaders, faith leaders, environmental advocates, and other stakeholders. ALDOT contributed to litter pickup efforts in addition to the PALS and KALB involvement described above. For example, the ALDOT Guntersville Area participated in the "Renew Our Rivers" cleanup of the Coosa River in October 2018 and maintained a dialogue with Keep Etowah Beautiful. Also, the ALDOT Mobile Area participated in a trash collection event associated with the TenSixtyFive music festival held in October 2018.

ALDOT pursued multiple opportunities for coordination with other MS4s in the state during FY 2019. ALDOT Southwest Region maintained the One Clean Mobile partnership with the City of Mobile, and ALDOT Alexander City Area continued its dialogue with the Calhoun County MS4 group. ALDOT also maintained cooperative maintenance agreements with the City of Huntsville, the City of Montgomery, and Etowah County so that those local authorities could perform litter pickup on ALDOT property. ALDOT continued to be an integral member of the Alabama Stormwater Association in FY 2019 by maintaining a comprehensive contact list of Alabama MS4 and other stormwater professionals and by playing significant roles in the facilitating of two seminars so that those professionals could gain technical knowledge and collaborate. Moreover, ALDOT provided the venue for one of the seminars, and two ALDOT employees served on the Alabama Stormwater Association Board of Directors during FY 2019. Additional details about ALDOT's MS4 coordination activities are given in Appendix C.

ALDOT participated in the environmental-oriented efforts of several professional organizations during FY 2019. Employees represented ALDOT as members of national organizations like the American Society of Civil Engineers and the American Association of State Highway and

Transportation Officials, state-level organizations like the Alabama Chapter of the Soil and Water Conservation Society, and more local organizations like the Choccolocco Creek Watershed Alliance. ALDOT participation with professional organizations is further explained in Appendix C.

Regarding additional education opportunities for ALDOT personnel, ALDOT employees participated in at least 21 professional educational events (e.g., conferences, seminars, workshops) during FY 2019; Appendix C provides a table with these events listed and the ALDOT attendance information for each event. The ALDOT Construction Bureau facilitated in February 2019 a stormwater coordinators meeting, which brought together stormwater coordinators assigned to the Construction Bureau and to field offices for dialogue. Regarding ongoing internal MS4-related orientation, meetings with MS4-applicable ALDOT offices were held so that plans and preparations for the new MS4 permit eventually issued in 2019 could be discussed. More details about internal education activities that took place during FY 2019 can be found in Appendix C.

ALDOT's funding of stormwater management-related university research continued in FY 2019. Four research projects were actively funded during FY 2019. Appendix C gives a list of research projects funded by ALDOT during and prior to FY 2019; the total ALDOT funding amount for each supported project is provided.

D. Illicit Discharge Detection & Elimination

All major outfall inventory and screening activities planned for Permit term were completed prior to FY 2019. Information regarding these activities can be found in the SWMPP and in previous annual reports.

Two possible illicit discharges were reported to ALDOT during FY 2019. Details about these possible illicit discharges and corresponding follow-up actions can be found in the environmental concerns report log in Appendix C.

E. Construction Site Stormwater Runoff Control

In FY 2019, ALDOT continued to oversee Construction General Permit coverage and compliance as described in the SWMPP. There were 41 active, permitted construction projects in MS4 areas during FY 2019. Those projects are listed in a table provided in Appendix E.

ALDOT received three concern reports relating to construction site stormwater runoff control. The concerns were addressed by ALDOT appropriately. More details about the concerns are given in the environmental concerns report log in Appendix C.

As noted in Section II.C above, QCI training was carried out as expected during FY 2019. ALDOT facilitated QCI recertification for 294 employees and 159 other individuals over 20 sessions as well as provided the means for 62 employees to obtain initial QCI certification. Information about QCI recertification course sessions is provided in Appendix C.

F. Post-Construction Stormwater Management

ALDOT continued implementing post-construction stormwater management, employing policies and design guidance formalized prior to FY 2019. However, no post-construction BMPs were fully operational in MS4 areas as of the end of FY 2019.

G. Pollution Prevention / Good Housekeeping

Eighteen support facilities were inspected during FY 2019, and the deficiencies noted during inspections were resolved or are in the process of resolution in accordance with facility SPCC Plans. The facility inspections performed and deficiencies observed during inspections are summarized in a table included in Appendix G. No significant revision of the ALDOT-wide support facility SPCC program was made during FY 2019, and no support facility revised its SPCC Plan during FY 2019.

With respect to support facility good housekeeping training, sessions covering SPCC, universal waste, GHS, and hazardous materials were conducted at ALDOT support facilities during FY 2019. Appendix C provides a table that indicates the dates of sessions held at specific support facilities for particular types of training along with the number of employees attending each session.

Regarding transportation facility PPGH, applicable maintenance activities (i.e., snow and ice control, litter pickup, herbicide treatment and surveillance, drainage structure maintenance, erosion control) continued to be performed in manners intended to reduce the potential for negative stormwater runoff impacts during FY 2019. Activity work amounts performed during FY 2019 for all ALDOT Districts in the state are given in a table in Appendix G.

As noted above in Section II.C, vegetation management training continued throughout FY 2019. Nine sessions of the vegetation management training course were held for a total of 358 participants. Details about individual vegetation management training course sessions are provided in a table in Appendix C. Agendas for this training (for Calendar Years 2018 and 2019) are also provided in Appendix C. Eight vegetation management training newsletters were distributed during FY 2019. In addition, a total of 52 employees over seven sessions held during FY 2019 participated in the “Review for Commercial Applicator Examination” course.

H. MS4 Monitoring

ALDOT concluded its planned MS4 Monitoring program activities for the Permit term prior to FY 2019. The outcomes of those activities can be found in previous annual reports. During FY 2019, ALDOT continued to explore potential methods for future monitoring efforts.

III. Evaluation of the Stormwater Management Program

When the Permit was terminated by ADEM at the end of FY 2019, ALDOT had been under Permit coverage for a term of the standard five years plus eighteen months, and the initial version of the SWMPP had been developed over five years prior. While the SWMPP had been

revised multiple times since the development of the initial version, the goals and activities set by the SWMPP were mostly unchanged. Also, the ALDOT MS4 program had undergone an ADEM audit in May 2016 that resulted in “satisfactory” ratings with respect to most aspects of the MS4 program. Thus, ALDOT can evaluate the SWMPP as a whole and its individual components with a relatively high degree of confidence. The outcomes of that evaluation follow.

A. Overall Program Compliance Status

Actions expected by either the Permit or the SWMPP to be performed during FY 2019 were performed by ALDOT in a timely manner. While the Permit was in effect, ALDOT experienced no instances of significant non-compliance with the Permit or the SWMPP.

B. Major Findings Resulting from the Program

The outcomes of the ALDOT SWMP while the Permit was in effect provide evidence that the SWMP was functional and effective throughout the Permit term.

The PEPI program was especially robust over the Permit term. ALDOT communication with the public increased through online mechanisms like the Environmental Concerns Reporting Tool and Twitter. Anti-litter signage and watershed signage were key mechanisms for communication with the public as well. ALDOT became more engaged with the public, which was demonstrated by ALDOT participation in local litter pickup events, for example. The accomplishments of PALS and KALB demonstrated the importance of ALDOT’s support of anti-litter organizations. ALDOT coordinated extensively with other MS4s in the state to make them aware of ALDOT’s MS4 program goals in order to find opportunities for serving mutual program goals; the One Clean Mobile partnership and ALDOT’s integral role in the Alabama Stormwater Association are key examples of such coordination. The erosion and sediment control training (i.e., QCI training) and vegetation management training ALDOT provided to both employees and non-employees were consistently effective and well-regarded by the stormwater professional community. The tracking of environmental-oriented employee training improved throughout the Permit term.

Findings from environmental concerns reporting, major outfall screening, and good housekeeping on ALDOT property indicated no major or widespread deficiencies in ALDOT MS4 stormwater management practices. While external factors affected in-stream monitoring data collected during the Permit term, it is noteworthy that no definitive evidence of ALDOT MS4 contribution to stream pollution was found in the monitoring work performed.

C. Program Strengths & Weaknesses

Well-established, MS4-applicable activities were noteworthy strengths of the ALDOT SWMP during the Permit term. In particular, education of employees, education of the public, involvement with the public, construction stormwater management, and PPGH for transportation facilities are typically conducted in highly proficient manners and usually achieve expected outcomes and even outcomes beyond those that were required by the Permit. The IDDE program gained strength with the successful field implementation of major outfall inventory and

screening over the course of the Permit term. The formalization of PPGH procedures for ALDOT support facilities provided for official documentation of effective practices already in place at the support facilities.

ALDOT's MS4 Monitoring program during the Permit term was more reasonable than monitoring efforts conducted under MS4 permits issued before 2013, but the issues concerning the monitoring data collected during the Permit term, discussed in previous annual reports, have led ALDOT to consider other monitoring methods. The Post-Construction Stormwater Management program implementation during the Permit term was smooth overall, but no post-construction BMPs were fully operational as of the end of the term. Full field implementation of post-construction BMPs will be needed to adequately gauge the effectiveness of the program.

D. Overall Program Effectiveness

Although ALDOT had to implement multiple new MS4 practices during the Permit term, the ALDOT SWMP demonstrated sustained effectiveness. If the SWMP were to remain mostly unchanged under the MS4 permit issued in 2019, ALDOT believes it would continue to demonstrate effectiveness, especially given that practices that were previously new are now either mostly established or firmly established within the MS4 program. This assessment is based on the successes of program aspects implemented over the course of the Permit term and the proficiency with which ALDOT accomplished SWMPP goals throughout the Permit term.

IV. Future Direction of the Program

With the issuance of the new MS4 permit in 2019, the ALDOT SWMPP will require revision to align with modified regulatory requirements. However, given the success of the ALDOT MS4 program demonstrated and the absence of significant setbacks throughout the Permit term, ALDOT expects the SWMPP that will be developed during FY 2020 to be very similar to the one that was in effect during FY 2019.

Appendix A:

Supplemental Material for Section II.A

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2019 Actions & Statuses Summary

**ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2019 Actions & Statuses Summary**

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2019	Supplemental Information
Stormwater Management Program Plan					
II.A.1; II.A.2; II.C.1; II.C.2; II.C.3	Development & updating of Stormwater Management Program Plan (SWMP)	State Design Engineer	Develop SWMP. Revise SWMP as needed throughout Permit term.	SWMP developed. Four revisions (dated 09/30/2014, 09/30/2015, 01/12/2017, and 09/30/2017, respectively) made to SWMP as of the end of FY 2019.	All citations of SWMP below refer to the 09/30/2017 revision, as amended by the FY 2018 annual report.
IV.A.1; IV.A.3; IV.B	Annual reports	State Design Engineer	Compile and submit to ADEM an annual report for the previous fiscal year by January 31 of every year during which Permit is in effect.	Annual report for FY 2019 compiled and submitted to ADEM. Annual reports for Permit term to date have been submitted on time.	
Structural Controls Operation					
II.B.1.b; II.B.1.c	Inspections of structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Inspect each BMP after fully operational at least every 2 years.	No action. (No fully operational BMPs during FY 2019.)	
II.B.1.b; II.B.1.c	Non-emergency maintenance of structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track work reports completed for each BMP.	No action. (No fully operational BMPs during FY 2019.)	
II.B.1.b; II.B.1.c	Structural BMP emergency maintenance	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track work reports completed for each BMP.	No action. (No fully operational BMPs during FY 2019.)	
Public Education & Public Involvement					
II.B.2.a	Development of PEPI program	Media & Community Relations Bureau Chief; State Design Engineer; State Maintenance Engineer; State Construction Engineer; Materials & Tests Engineer; Training Bureau Chief; Region Engineers	Develop program. Adjust program if needed after future program evaluation.	Program developed. No major revisions during FY 2019.	See SWMP (c. 3) for a description of the PEPI program.

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2019 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2019	Supplemental Information
II.B.2.b.1	Identification of potential pollutants to be targeted by PEPI program	Media & Community Relations Bureau Chief; State Design Engineer; State Construction Engineer; State Maintenance Engineer; Materials & Tests Engineer; Region Engineers	Identify potential pollutants.	Pollutants identified.	See SWMPP (s. 3.2) for discussion regarding pollutant identification.
II.B.2.b.2; II.B.2.c.1.a; II.B.2.c.1.b; II.B.2.c.1.d	Developing and posting signs with anti-litter messaging for motorists	State Maintenance Engineer	Design signs and formulate guideline for placement.	Signs designed and placement guideline formulated.	See SWMPP (s. 3.3.1) for discussion regarding anti-litter signage.
II.B.2.b.2; II.B.2.b.3; II.B.2.c.1.a; II.B.2.c.1.b; II.B.2.c.1.d	Coordination with litter-oriented organizations to support litter awareness campaigns & litter pickup activities	State Maintenance Engineer	Maintain agreement with at least 1 organization throughout Permit term.	Agreements with Alabama PALS and Keep Alabama Beautiful maintained during FY 2019.	See SWMPP (App. C) for PALS agreement. See App. C of the FY 2018 annual report for Keep Alabama Beautiful agreement.
II.B.2.b.2; II.B.2.b.3	Mechanism to provide public with stormwater management information & opportunities for involvement	State Design Engineer	Develop and maintain Web site.	Web site developed. Maintained during FY 2019. Beyond SWMPP requirements, ALDOT performed various community outreach activities during FY 2019.	See App. C for "ALDOT Miscellaneous Community Outreach Activities: Fiscal Year 2019." Web site address as of the end of FY 2019: https://www.dot.state.al.us/dsweb/divped/EnvironmentalCoordination/index.html
II.B.2.b.4; II.B.2.d.2	Mechanism to engage public in the development of SWMPP	State Design Engineer	Develop and maintain Web site.	Web site developed. Maintained during FY 2019.	Web site address as of the end of FY 2019: https://www.dot.state.al.us/dsweb/divped/EnvironmentalCoordination/index.html
II.B.2.c.1.c	Mechanism for citizen reporting of concerns	State Design Engineer	Develop and maintain Web reporting tool.	Web reporting tool developed. Maintained throughout FY 2019.	
II.B.2.c.1.d	Support of environmental restoration activities	State Design Engineer	Support at least 1 activity during Permit term.	Supported Cypress Nature Park (Montgomery) development and restoration, Parkerson's Mill Creek (Auburn) restoration, and Joe's Branch (Spanish Fort) restoration during Permit term. After completion of the Permit term, support began for Three Mile Creek Greenway extension (Mobile).	
II.B.2.c.2; II.B.2.c.3	Development of construction stormwater awareness program	State Construction Engineer	Develop QCI training program.	QCI training program implemented.	See SWMPP (ss. 3.3.2 & 5.6) for details regarding the QCI training program.
II.B.2.c.3	Development of vegetation management training program	State Maintenance Engineer	Develop vegetation management training program.	Vegetation management training program implemented.	See SWMPP (ss. 3.3.3 & 7.3.8) for details regarding the vegetation management training program.
II.B.2.c.3	Development of training program for potential pollutants from support facilities	Materials & Tests Engineer	Develop program. Adjust program if needed after good housekeeping procedures formalized.	Program developed. No major revisions during FY 2019.	See SWMPP (ss. 3.3.4 & 7.2.5) for details regarding support facility employee training program.
II.B.2.d.3	Review of activities conducted by anti-litter organizations supported.	State Maintenance Engineer	Conduct reviews.	Activity information sent by PALS and KALB for FY 2019 reviewed. Activities conducted by PALS and KALB were in line with contract expectations. When ALDOT District personnel noted a litter issue in a particular area, ALDOT followed-up with PALS and KALB to determine if litter control activities are being performed in that area.	See App. C for activity reports submitted to ALDOT by PALS and KALB. See SWMPP (App. C) for PALS agreement. See App. C of FY 2018 annual report for Keep Alabama Beautiful agreement.

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2019 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2019	Supplemental Information
II.B.2.d.3	Tracking of applications for Adopt-a-Mile program, total participants, & all miles adopted	State Maintenance Engineer	Track applications, total participants, and all miles adopted while ALDOT-PALS agreement is in effect.	94 applications processed during FY 2019. At the end of FY 2019, there were a total of 783 parties participating and a total of 811.98 miles adopted.	See App. C for a breakdown of miles adopted by ALDOT Region. See SWMPP (App. C) for PALS agreement.
II.B.2.d.3	Tracking of academic research projects & associated funding	Research & Development Engineer	Track particular projects actively supported by ALDOT and the amounts of funding provided for those projects.	4 ALDOT-funded research projects active during FY 2019.	See App. C for "ALDOT Stormwater Management Research: Fiscal Year 2019."
II.B.2.d.3	Tracking of employee initial QCI certification	Training Bureau Chief	Track employees certified.	62 employees certified during FY 2019.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2019."
II.B.2.d.3	Tracking of participants in QCI recertification training	Training Bureau Chief; State Construction Engineer	Track participants.	483 participants (294 ALDOT for recertification, 159 non-ALDOT for recertification, 30 "audit-only") during FY 2019.	See App. C for "ALDOT QCI Recertification Training: Fiscal Year 2019."
II.B.2.d.3	Tracking of vegetation management training course participants	Training Bureau Chief; State Maintenance Engineer	Track participants.	358 participants (249 ALDOT, 109 non-ALDOT) for training purposes during FY 2019.	See App. C for "ALDOT Vegetation Management Training Course: Fiscal Year 2019."
II.B.2.d.3	Tracking of participants of "Review for Commercial Applicator Examination" course	Training Bureau Chief	Track participants.	52 ALDOT employees participated during FY 2019.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2019."
II.B.2.d.3	Tracking of support facility employees participating in good housekeeping training	Materials & Tests Engineer; Region Engineers	Track employees participating.	During FY 2019, 371 employees participated in SPCC training, 371 employees participated in universal waste training, 334 employees participated in GHS training. (Hazardous materials training for ALDOT Area coordinators was not facilitated during FY 2019.)	See App. C for "ALDOT MS4 Support Facility Employee Good Housekeeping Training: Fiscal Year 2019."
II.B.2.d.3	Tracking of professional educational events (e.g., conferences, seminars, workshops) in which employees participate	Training Bureau Chief	Track events with ALDOT participation.	ALDOT participated in at least 21 events during FY 2019.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2019."
II.B.2.d.3	Tracking of citizen reports received by reporting mechanism	State Design Engineer	Track reports received.	14 reports received via Web reporting tool during FY 2019. (9 additional reports submitted using environmental contact means found on the ALDOT Web site.)	See App. C for "ALDOT Environmental Concerns Log: Fiscal Year 2019."
II.B.2.d.3	Tracking of meetings with other MS4s to pursue formal collaboration	State Design Engineer; State Maintenance Engineer	Track meetings.	During FY 2019, ALDOT participated in multiple meetings and other activities intended to promote coordination between ALDOT and other MS4s.	See App. C for "ALDOT MS4 Coordination Activities: Fiscal Year 2019."
II.B.2.d.4	Tracking of anti-litter signs posted	State Maintenance Engineer	Track total signs posted in each ALDOT Area.	715 anti-litter signs active during FY 2019. Signs distributed among all 10 ALDOT Areas.	See App. C for "ALDOT Active Anti-Litter Signage: Fiscal Year 2019."
II.B.2.d.4	Tracking of funding of litter-oriented organizations (for PSAs, brochures, litter pickup logistics, etc.)	State Maintenance Engineer	Track total dollars of support.	\$294,938 contributed to PALS during FY 2019. \$180,027 contributed to Keep Alabama Beautiful during FY 2019.	See App. C for activity reports submitted to ALDOT by PALS and KALB. See SWMPP (App. C) for PALS agreement. See App. C of FY 2018 annual report for Keep Alabama Beautiful agreement.
II.B.2.d.4	Tracking of youth education activities with ALDOT participation	Media & Community Relations Bureau Chief; State Design Engineer; State Maintenance Engineer; Region Engineers	Track activities with ALDOT participation.	ALDOT personnel participated in multiple water festivals and in other environmental-oriented youth education activities during FY 2019.	See App. C for "ALDOT Youth Education Activities: Fiscal Year 2019."

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2019 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2019	Supplemental Information
II.B.2.d.4	Tracking of QCI recertification training sessions	Training Bureau Chief	Track sessions facilitated.	20 sessions facilitated during FY 2019.	See App. C for "ALDOT QCI Recertification Training: Fiscal Year 2019."
II.B.2.d.4	Tracking of vegetation management training course sessions	Training Bureau Chief	Track sessions facilitated.	9 sessions facilitated during FY 2019.	See App. C for "ALDOT Vegetation Management Training Course: Fiscal Year 2019" and for session agendas for CYs 2018 and 2019.
II.B.2.d.4	Tracking of vegetation management training newsletters created & distributed	State Maintenance Engineer	Track newsletters distributed.	8 newsletters distributed during FY 2019.	See SWMPP (App. C) for example newsletter.
II.B.2.d.4	Tracking of sessions of "Review for Commercial Applicator Examination" course	Training Bureau Chief	Track sessions facilitated.	7 sessions facilitated during FY 2019.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2019."
II.B.2.d.4	Tracking of support facility good housekeeping training sessions	Materials & Tests Engineer; Region Engineers	Track sessions facilitated.	During FY 2019, 33 sessions of SPCC training, 33 sessions of universal waste training, and 31 sessions of GHS training were facilitated. (Hazardous materials training for ALDOT Area coordinators was not facilitated during FY 2019.)	See App. C for "ALDOT MS4 Support Facility Employee Good Housekeeping Training: Fiscal Year 2019."
II.B.2.d.4	Tracking of internal MS4 awareness mechanisms for employees	State Design Engineer; State Maintenance Engineer	Track mechanisms utilized.	ALDOT facilitated multiple activities to promote internal MS4 awareness during FY 2019.	See App. C for "ALDOT Internal MS4 Awareness Activities: Fiscal Year 2019."
II.B.2.d.4	Noting of significant participation in the efforts of professional organizations	Media & Community Relations Bureau Chief; State Design Engineer; State Maintenance Engineer; State Construction Engineer; Materials & Tests Engineer; Training Bureau Chief; Region Engineers	Note efforts of professional organizations in which ALDOT participated.	ALDOT participated with multiple professional organizations in various ways during FY 2019.	See App. C for "ALDOT Participation with Professional Organizations: Fiscal Year 2019."
II.B.2.d.4	Tracking of community outreach meetings with ALDOT participation	Media & Community Relations Bureau Chief	Track meetings with ALDOT participation.	ALDOT participated in 2 Coliseum Boulevard Plume meetings and 1 Capital City Plume meeting during FY 2019.	See App. C for "ALDOT Community Outreach Group Meetings: Fiscal Year 2019."
Illicit Discharge Detection & Elimination					
II.B.3.a.1; II.B.3.b.4	Development & updating of MS4 major outfall / structural BMP maps	State Design Engineer	Develop preliminary maps. Update maps as needed annually.	Preliminary maps developed during development of initial SWMPP version. No updates during FY 2019. (Inventory completed during FY 2018.)	See SWMPP (App. D) and previous annual reports for completed maps.
II.B.3.a.1	Development & updating of MS4 mapping schedule	State Design Engineer	Develop general schedule. Update schedule as needed annually.	No action. (Inventory completed during FY 2018.)	
II.B.3.a.1; II.B.3.b.4	Major outfall inventory	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Inventory all major outfalls existing at start of Permit term by 03/31/2018. Expecting preparation during 2nd year of Permit term and inventory conducted during balance of term.	No action. (Inventory completed during FY 2018.)	See App. D of the FY 2018 annual report for the most recent update of the "ALDOT Major Outfall Inventory & Screening Summary." Inventory is kept on file at ALDOT.

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2019 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2019	Supplemental Information
II.B.3.a.2	Development of non-stormwater discharge policies & procedures	State Maintenance Engineer	Develop policies and procedures. Make policies and procedures official by the end of the 2nd year of Permit term.	Policies and procedures developed and remain in place.	See SWMPP (s. 4.2) for policies and procedures.
II.B.3.a.3; II.B.3.b.3	Development & updating of IDDE training program	State Design Engineer; State Maintenance Engineer	Develop general program. Update program as needed annually. Expecting training materials to be prepared during 2nd year of Permit term.	No inventory or screening training material developed. (Inventory and screening implementation throughout Permit term was delegated to consultant; consultant handled training internally.)	See SWMPP (s. 4.8) for discussion regarding IDDE training.
II.B.3.a.3	Facilitation of IDDE training sessions	Training Bureau Chief	Track sessions facilitated.	No action (due to delegating of inventory and screening to consultant).	
II.B.3.a.4	Dry-weather screening of "normal" major outfalls	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Pilot-test screening method. Screen each major outfall on inventory not in a priority area at least once during Permit term.	No action. (All screening activities planned for Permit term completed during FY 2018.)	See App. D of the FY 2018 annual report for the most recent update of the "ALDOT Major Outfall Inventory & Screening Summary." Comprehensive screening data kept on file at ALDOT.
II.B.3.a.4	Dry-weather screening of "priority area" major outfalls	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Designate priority areas as warranted according to inventory and screening data collected during Permit term. Screen each major outfall on inventory in a priority area at least once during Permit term.	No action. (No priority areas designated as of the end of FY 2019.)	
II.B.3.a.4; II.B.3.b.2	Follow-up major outfall dry-weather screening	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track follow-up screenings of each major outfall on inventory.	No action.	
II.B.3.a.5	Development of illicit discharge tracing procedure	State Design Engineer	Develop and pilot-test procedure.	Procedure developed and used during major outfall screening.	See SWMPP (s. 4.5.1) for discussion regarding tracing procedure. See SWMPP (App. D) for "ALDOT Major Outfall Screening Form."
II.B.3.a.6	Development of indicator monitoring strategy for evaluating suspect illicit discharges	State Design Engineer	Develop and pilot-test strategy.	Strategy developed and used during major outfall screening.	See SWMPP (s. 4.5.1) for discussion regarding indicator monitoring strategy. See SWMPP (App. D) for "ALDOT Major Outfall Screening Form."
II.B.3.a.7	Development of procedures to notify ADEM of possible illicit discharges	State Maintenance Engineer	Develop procedures.	Procedures developed and remain in place.	See SWMPP (s. 4.7) for discussion regarding reporting procedures.
II.B.3.a.8	Mechanism for citizens to report possible illicit discharges	State Design Engineer	Develop and maintain Web reporting tool.	Web reporting tool maintained throughout FY 2019.	
II.B.3.b.2	Compilation & updating of IDDE "priority area" candidates list	State Design Engineer	Compile initial list. Update list as needed annually.	No action. (No priority areas designated as of the end of FY 2019.)	
II.B.3.b.5	Recordkeeping of possible illicit discharges reported / discovered	State Maintenance Engineer	Track reports processed.	2 reports of possible illicit discharge processed during FY 2019.	See App. C for "ALDOT Environmental Concerns Log: Fiscal Year 2019."
Construction Site Stormwater Runoff Control					
II.B.4.a.1; II.B.4.b.1	Development of procedures to require Construction General Permit coverage for construction sites	State Construction Engineer; State Design Engineer	Develop procedures.	Procedures developed and incorporated into Guide for Developing Construction Plans (State Design Engineer), ALDOT Construction Best Management Practices Plan template (State Construction Engineer), Construction Manual (State Construction Engineer), and Standard Specifications for Highway Construction (State Construction Engineer).	See SWMPP (ss. 5.3 & 5.4) for discussion regarding procedures.
II.B.4.a.2; II.B.4.b.2	Development of contract requirements for erosion & sediment control	State Construction Engineer	Develop requirements.	Requirements developed.	See SWMPP (s. 5.4) for discussion regarding requirements.

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2019 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2019	Supplemental Information
II.B.4.a.3	Development of internal policies for proper permit coverage of construction activities	State Construction Engineer; State Design Engineer; State Maintenance Engineer	Develop policies.	Policies for ALDOT transportation facilities developed and incorporated into Guide for Developing Construction Plans (State Design Engineer), ALDOT Construction Best Management Practices Plan template (State Construction Engineer), Construction Manual (State Construction Engineer), and Standard Specifications for Highway Construction (State Construction Engineer). Policies for third-party construction on ALDOT property developed and incorporated implicitly into Forms MB-05 and MB-07 (State Maintenance Engineer).	See SWMPP (ss. 5.3, 5.4, & 5.7) for discussion regarding policies. See SWMPP (App. D) for Forms MB-05 and MB-07.
II.B.4.a.4	Mechanism for citizen reporting of construction site discharge concerns	State Design Engineer	Develop and maintain Web reporting tool.	Web reporting tool developed. Maintained throughout FY 2019.	
II.B.4.a.5; II.B.4.b.3	Development of construction stormwater BMP training program	State Construction Engineer	Develop QCI training program.	QCI training program implemented.	See SWMPP (ss. 3.3.2 & 5.6) for details regarding the QCI training program.
II.B.4.a.6; II.B.4.b.4	Referral of unauthorized construction activity to ADEM	State Maintenance Engineer	Formalize referral policy by 03/31/2015. Track referrals.	Policy formalized and incorporated into SWMPP during FY 2015. No referrals made during FY 2019.	See SWMPP (s. 5.7) for formal policy and discussion regarding policy.
II.B.4.c.2	Compilation & updating list of construction sites in MS4 areas	State Construction Engineer	Maintain list with updates as needed annually.	List updated for FY 2019. (41 permitted projects in MS4 areas during FY 2019.) List updates on schedule throughout Permit term.	See App. E for "ALDOT MS4 Active Construction Projects (Transportation Facilities): Fiscal Year 2019."
II.B.4.d.1	Recordkeeping of submitted citizen concerns & follow-up actions	State Design Engineer	Track reports submitted and follow-up actions.	3 reports relating to construction site stormwater runoff control submitted during FY 2019. Appropriate follow-up actions taken by ALDOT.	See App. C for "ALDOT Environmental Concerns Log: Fiscal Year 2019."
II.B.4.d.2	Tracking of QCI recertification training sessions	Training Bureau Chief	Track sessions facilitated.	20 sessions facilitated during FY 2019.	See App. C for "ALDOT QCI Recertification Training: Fiscal Year 2019."
II.B.4.d.2	Tracking of employee initial QCI certification	Training Bureau Chief	Track employees participating in certification course.	62 employees certified during FY 2019.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2019."
II.B.4.d.2	Tracking of participants in QCI recertification training	Training Bureau Chief; State Construction Engineer	Track participants.	483 participants (294 ALDOT for recertification, 159 non-ALDOT for recertification, 30 "audit-only") during FY 2019.	See App. C for "ALDOT QCI Recertification Training: Fiscal Year 2019."
Post-Construction Stormwater Management					
II.B.5.a.1	Development of post-construction program with specific stormwater management goals	State Design Engineer	Develop program by 03/31/2015.	Program, including "GFO 3-73: Post-Development Stormwater Management" and design guidance components, developed by 03/31/2015.	See SWMPP (c. 6) for discussion regarding post-construction program. See SWMPP (App. F) for "GFO 3-73: Post-Development Stormwater Management," "Determining Runoff for Small Storm Events," and "Post-Development Stormwater Risk Assessment."
II.B.5.a.2	Development of LID/GI SOP for transportation & support facilities	State Design Engineer	Develop SOP by 03/31/2015.	SOP ("GFO 3-73: Post-Development Stormwater Management") developed and made effective on 11/24/2014.	See SWMPP (c. 6) for discussion regarding post-construction program. See SWMPP (App. F) for "GFO 3-73: Post-Development Stormwater Management."
II.B.5.a.3	Implementation of LID/GI practices	State Design Engineer	Track practices as implemented.	LID/GI SOP ("GFO 3-73: Post-Development Stormwater Management") developed and implemented. Projects let for construction bidding on or after 04/01/2015 must be implemented in accordance with GFO 3-73.	See SWMPP (App. F) for "GFO 3-73: Post-Development Stormwater Management."

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2019 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2019	Supplemental Information
II.B.5.a.4	Development of management policies (inspection & maintenance) for post-construction BMPs at new transportation & support facilities	State Maintenance Engineer	Develop policies by 03/31/2015.	Policies remain in development. (No BMPs fully operational as of the end of FY 2019. Will modify policies using findings from field implementation of BMPs prior to finalization of policies.)	See SWMPP (ss. 6.5-6.6) for discussion regarding future inspection and maintenance policies. See SWMPP (App. F) for draft of "ALDOT Post-Construction BMP Inspection Form."
II.B.5.a.5; II.B.5.c.2; II.B.5.d.1	Inspections of structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Inspect each BMP after fully operational at least every 2 years.	No action. (No BMPs fully operational as of end of FY 2019.)	
II.B.5.b.1	Development of general approach for meeting II.B.5.a.1	State Design Engineer	Develop general approach.	General approach developed and included in 03/20/2014 version of SWMPP. Program developed by 03/31/2015 as required.	
II.B.5.b.2	Scheduling for LID/GI SOP development	State Design Engineer	Develop schedule.	Schedule developed and included in 03/20/2014 version of SWMPP. SOP developed by 03/31/2015 as scheduled.	
II.B.5.b.3	Scheduling for post-construction policy-making	State Design Engineer	Develop schedule.	Schedule developed and included in 03/20/2014 version of SWMPP. Policies developed by 03/31/2015 as scheduled.	
II.B.5.b.4	Develop procedures for post-construction BMP inspection	State Maintenance Engineer	Develop and pilot-test procedures.	Procedures remain in development. Draft of inspection form composed. No pilot-testing performed. (No BMPs fully operational as of the end of FY 2019.)	See SWMPP (s. 6.5) for discussion regarding future inspection procedures. See SWMPP (App. F) for draft of "ALDOT Post-Construction BMP Inspection Form."
II.B.5.b.5	Develop procedures to require post-construction BMP maintenance	State Maintenance Engineer	Develop and pilot-test procedures.	Procedures remain in development. ("GFO 3-73: Post-Development Stormwater Runoff Management" developed, but BMP maintenance procedures not addressed in GFO. Will modify procedures using findings from field implementation of BMPs prior to finalization of procedures.)	See SWMPP (s. 6.6) for discussion regarding future maintenance procedures. See SWMPP (App. F) for draft of "ALDOT Post-Construction BMP Inspection Form."
II.B.5.c.1	Inventory of post-construction BMPs	State Design Engineer	Develop and pilot-test method. Update inventory with fully operational BMPs.	Method developed. No pilot-testing or inventory additions during FY 2019. (No BMPs fully operational as of the end of FY 2019.)	See SWMPP (s. 6.4) for discussion regarding inventory method. See SWMPP (App. F) for drafts of "ALDOT Post-Construction BMP Inventory Form for Transportation Facilities" and "ALDOT Post-Construction BMP Inventory Form for Support Facilities."
II.B.5.c.2; II.B.5.d.1	Inspections of non-structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Inspect each BMP after fully operational at a frequency TBD by post-construction program.	No action. (No BMPs fully operational as of the end of FY 2019.)	
II.B.5.c.3	Non-emergency maintenance of structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track work reports completed for each BMP.	No action. (No BMPs fully operational as of the end of FY 2019.)	
II.B.5.c.3	Non-emergency maintenance of non-structural BMPs	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track work reports completed for each BMP.	No action. (No BMPs fully operational as of the end of FY 2019.)	

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2019 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2019	Supplemental Information
II.B.5.c.3	Structural BMP emergency maintenance	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track work reports completed for each BMP.	No action. (No BMPs fully operational as of the end of FY 2019.)	
II.B.5.c.3	Non-structural BMP emergency maintenance	State Maintenance Engineer; Equipment Bureau Chief; Region Engineers	Track work reports completed for each BMP.	No action. (No BMPs fully operational as of the end of FY 2019.)	
Pollution Prevention / Good Housekeeping					
II.B.6.a.1; II.B.6.b.1; II.B.6.c.1	Inventory of support facilities with pollution potential	Materials & Tests Engineer	Develop inventory. Update inventory as needed annually.	No revisions to inventory during FY 2019.	See SWMPP (App. G) for "ALDOT MS4 Support Facilities."
II.B.6.a.2; II.B.6.b.2; II.B.6.c.2	Development & updating of support facility PPGH inspection program	Materials & Tests Engineer	Develop program. Adjust program as needed after good housekeeping SOPs formalized. Update program as needed annually.	Program developed. No major revisions to program made.	See SWMPP (s. 7.2) for discussion regarding program. See SWMPP (App. G) for formalized SOPs (i.e., Support Facility Procedures Manual).
II.B.6.a.3; II.B.6.b.3; II.B.6.c.3	Development & updating of good housekeeping SOPs for support facilities	Materials & Tests Engineer	Formalize SOPs by 03/31/2016. Update formalized SOPs as needed annually.	SOPs formalized by 03/31/2016. (SOPs provided in Support Facility Procedures Manual effective April 2016.)	See SWMPP (App. G) for formalized SOPs (i.e., Support Facility Procedures Manual). See SWMPP (s. 7.2.2) for discussion regarding SOPs.
II.B.6.a.4; II.B.6.b.4	Development of support facility good housekeeping training program	Materials & Tests Engineer	Develop program. Adjust program as needed after good housekeeping SOPs formalized.	Program developed. No major revisions to program made.	See SWMPP (s. 7.2.5) for discussion regarding training program. See SWMPP (App. G) for formalized SOPs (i.e., Support Facility Procedures Manual).
II.B.6.a.5; II.B.6.b.5; II.B.6.c.4	Development & updating of support facility spill prevention & response program	Materials & Tests Engineer; Region Engineers	Develop program. Update program as needed annually.	Program developed. No major revisions to overall program made. No SPCC revision for any support facility during FY 2019.	See SWMPP (s. 7.2.3) for discussion of SPCC plans employed by ALDOT support facilities. See SWMPP (App. G) for an example of an SPCC plan.
II.B.6.a.6	Transportation facility maintenance: Condition assessments	State Maintenance Engineer	Conduct assessments according to established procedure.	Conducted assessments as expected.	See SWMPP (s. 7.3) for overview of assessment procedure.
II.B.6.a.6	Transportation facility maintenance: Snow & ice control	State Maintenance Engineer	Track work reports completed.	601 work reports completed during FY 2019 (throughout entire State).	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2019." See SWMPP (s. 7.3.2) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Litter pickup (full-width)	State Maintenance Engineer	Track pass miles cleaned.	9,246.60 shoulder miles cleaned during FY 2019 (throughout entire State).	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2019." See SWMPP (s. 7.3.3) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Spot litter pickup	State Maintenance Engineer	Track work reports completed.	3,874 work reports completed during FY 2019 (throughout entire State).	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2019." See SWMPP (s. 7.3.3) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Herbicide treatment	State Maintenance Engineer	Address in work for Pesticides General Permit.	Addressed in PGP work.	See SWMPP (s. 7.3.4) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Spot herbicide treatment	State Maintenance Engineer	Address in work for Pesticides General Permit.	Addressed in PGP work.	See SWMPP (s. 7.3.4) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Herbicide treatment surveillance	State Maintenance Engineer	Address in work for Pesticides General Permit.	Addressed in PGP work.	See SWMPP (s. 7.3.4) for discussion regarding how work is performed.

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2019 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2019	Supplemental Information
II.B.6.a.6	Transportation facility maintenance: Cleaning minor drainage structures	State Maintenance Engineer	Track structures inspected / cleaned.	6,607 structures inspected / cleaned during FY 2019 (throughout entire State).	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2019." See SWMPP (s. 7.3.5) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Repairing minor drainage structures	State Maintenance Engineer	Track work reports completed.	782 work reports completed during FY 2019 (throughout entire State).	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2019." See SWMPP (s. 7.3.5) for discussion regarding how work is performed.
II.B.6.a.6	Transportation facility maintenance: Erosion control	State Maintenance Engineer	Track work reports completed.	252 work reports completed during FY 2019 (throughout entire State).	See App. G for "ALDOT MS4 Transportation Facility Maintenance: Fiscal Year 2019." See SWMPP (s. 7.3.6) for discussion regarding how work is performed.
II.B.6.d.1	Support facility PPGH inspections	Materials & Tests Engineer	Conduct inspections at each facility at least annually. Reporting inspection results for MS4 purposes beginning 2nd year of Permit term.	18 facility inspections during FY 2019. Inspection findings addressed in accordance with SPCC plans.	See App. G for "ALDOT MS4 Support Facility Annual Inspections: Fiscal Year 2019."
II.B.6.d.2	Tracking of support facility good housekeeping training sessions	Materials & Tests Engineer; Region Engineers	Track sessions facilitated.	During FY 2019, 33 sessions of SPCC training, 33 sessions of universal waste training, and 31 sessions of GHS training were facilitated. (Hazardous materials training for ALDOT Area coordinators was not facilitated during FY 2019.)	See App. C for "ALDOT MS4 Support Facility Employee Good Housekeeping Training: Fiscal Year 2019."
II.B.6.d.2	Tracking of support facility employees participating in good housekeeping training	Materials & Tests Engineer; Region Engineers	Track employees participating.	During FY 2019, 371 employees participated in SPCC training, 371 employees participated in universal waste training, 334 employees participated in GHS training. (Hazardous materials training for ALDOT Area coordinators was not facilitated during FY 2019.)	See App. C for "ALDOT MS4 Support Facility Employee Good Housekeeping Training: Fiscal Year 2019."
II.B.6.d.2	Tracking of vegetation management training course sessions	Training Bureau Chief	Track sessions facilitated.	9 sessions facilitated during FY 2019.	See App. C for "ALDOT Vegetation Management Training Course: Fiscal Year 2019" and for session agendas for CYs 2018 and 2019.
II.B.6.d.2	Tracking of vegetation management training newsletters created & distributed	State Maintenance Engineer	Track newsletters distributed.	8 newsletters distributed during FY 2019.	See SWMPP (App. C) for example newsletter.
II.B.6.d.2	Tracking of sessions of "Review for Commercial Applicator Examination" course	Training Bureau Chief	Track sessions facilitated.	7 sessions facilitated during FY 2019.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2019."
II.B.6.d.2	Tracking of vegetation management training course participants	Training Bureau Chief; State Maintenance Engineer	Track participants.	358 participants (249 ALDOT, 109 non-ALDOT) for training purposes during FY 2019.	See App. C for "ALDOT Vegetation Management Training Course: Fiscal Year 2019."
II.B.6.d.2	Tracking of participants of "Review for Commercial Applicator Examination" course	Training Bureau Chief	Track participants.	52 ALDOT employees participated during FY 2019.	See App. C for "ALDOT MS4-Applicable Employee Education: Fiscal Year 2019."
MS4 Monitoring					
II.D.3; II.D.4; II.D.[5]; III.A.6	Determination of the ALDOT MS4's potential as a practical source of POCs for 303(d) & TMDL waters	State Design Engineer	Assess ALDOT potential impacts with respect to various POCs on 303(d) and TMDL waters in MS4 areas. Reassess ALDOT impact as needed considering future research findings or collected monitoring data.	Assessment performed using data collected through the development of the 03/20/2014 version of the SWMPP.	See SWMPP (s. 8.3) for discussion regarding assessment.
II.D.[5]	Determination of the effectiveness of stormwater management practices in achieving TMDL performance requirements	State Design Engineer	Use monitoring data to determine if the ALDOT MS4 is significantly contributing to pollution of ALDOT-applicable TMDL waters. Adjust practices as needed if contribution is significant.	Analysis of monitoring data from all selected locations yields no definitive evidence of significant ALDOT contribution.	See previous annual reports for details of monitoring activities performed during Permit term.

ALDOT MS4 Stormwater Management Activities:
Fiscal Year 2019 Actions & Statuses Summary

Permit Requirement(s)	Activity	Associated ALDOT Personnel	Permit Term Goal	Actions / Status During FY 2019	Supplemental Information
III.A.1; III.B	Annual assessments of the overall effectiveness of stormwater management practices using monitoring data & adjust practices accordingly	State Design Engineer	Provide annual assessments. Adjust practices as needed in response to assessment.	Analysis of monitoring data from all selected locations yields no definitive evidence of significant ALDOT contribution.	See previous annual reports for details of monitoring activities performed during Permit term.
III.A.2	Development & updating of monitoring plan	State Design Engineer	Develop monitoring plan. Update plan as needed annually.	No action. (Monitoring at all selected locations completed prior to FY 2019.)	
III.A.3	Analysis of monitoring data	State Maintenance Engineer	Analyze monitoring data collected after field implementation.	Analyses of all monitoring data from collection efforts completed.	See previous annual reports for details of monitoring activities performed during Permit term.
III.A.4	Tracking of monitoring activities	State Maintenance Engineer	Track monitoring activities.	Monitoring at all selected locations completed prior to FY 2019.	See previous annual reports for details of monitoring activities performed during Permit term.
III.A.5	Coordination of monitoring with other MS4s	State Maintenance Engineer	Coordinate with other MS4s as necessary.	No further coordination with other MS4s for monitoring purposes during FY 2019.	See previous annual reports for details of monitoring activities performed during Permit term.

**Specifics as Related to Contract October 1, 2017-September 30, 2019
First Quarter Reporting Period 10/01/2018 – 12/30/18**

The contract for 2017-19 between Alabama PALS and ALDOT was finalized and received by Alabama PALS in September 2017, and includes components which both parties feel will best benefit the growth and maintenance of these valuable statewide programs.

ALDOT and PALS have made final changes to a new and more information specific data base, which will be kept and updated by Alabama PALS. (See Data Base Below) This data base upgrade has afforded PALS a better and more efficient way in which to monitor compliance for the program, keep better contact with the volunteer adoptees, as well as beginning and creating and implementing a new and efficient inspection process for the program.

All new data received from this point forward should reflect accurate information for each adopted mile. The data base is now updated (as of March 31, 2016) with the ability to view exact numbers and locations of State, Federal and County adopted miles. Total miles, groups included in report)

PALS continues to receive a very high level of responses and new applications (see **attachments**) for Adopt A Mile and Adopt a Stream programs during the First Quarter of 2018-19. A new Compliance Reporting Form has been included in the PALS/ Adopt A Mile newsletter, where groups and individuals, PALS Chapters and others can report a group that is not keeping their respective mile of highway cleaned on a regular basis. PALS continues to work with ALDOT to identify miles that are not in the new data base system, did not transfer from the old data base, or were not entered into the old system originally.

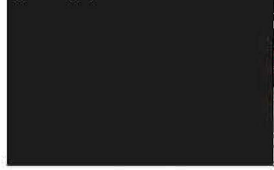

2018 Alabama PALS Statewide Governor's Awards Program

The 2018 Statewide Governors Awards program was held at the Marriott at Capitol Hill in Prattville in November 7, 2018. 45 + awards were presented in categories including, Adopt A Mile, Adopt A Stream, Clean Campus, Spring Cleanup Awards, Volunteer of the Year, Coastal Cleanup, City, County and others. Over 280 statewide volunteers attended the luncheon. PALS presented to awards to volunteers representing 21 Alabama counties.

The 2019 Alabama PALS Governor's Awards Program will be held in November 2019

New Adoptees and Miles Adopted 10/01/18-12/30/18

(see Attached List)

All applications and signs erected is attached to this report. Applications, signs mailed and erected are included in each quarterly

Safety Vests are available for all adoptees on State and Federal highways, and letters have been sent to all AAM participants regarding the availability of vests.

Adopt A Mile Signs to be Replaced

Margaret continues to send sent letters to ALDOT District Engineers regarding the replacement of respective signs for each district, and will continue follow up on future sign replacement as the requests come into the PALS office. As data is updated and added to the new AAM data base, Margaret will continue to correspond with all ALDOT district office in regard to removal or replacement of AAM signs.

ALDOT District Office Correspondence

Margaret remains in touch with ALDOT District offices regarding the new protocol for the Adopt A Mile program. Margaret feels like all Districts are excited about the protocol for the program and feel like having PALS handle all paperwork and signage enables the adoptees to receive the signs in a more timely fashion.

Ongoing contact is made with respective District offices regarding applications, paperwork and erecting of AAM signs. District offices of ALDOT have been very willing to assist the PALS office in all aspects.

PALS would like to encourage all ALDOT offices to report to the PALS office, all miles that appear to be picked up on a regular basis, or signs that have faded and become unable to be read. PALS will contact the respective group.

The 2019 “Don’t Drop On Alabama” Spring Cleanup will be held on April 20-27, 2019.

The 2018 Statewide “Don’t Drop It On Alabama” Spring Cleanup was held on April 21-28. Over 600 tons of litter have been reported as being picked up, with approx. 85 % of all Report Forms received.

PALS distributed over 190,000 trash bags and additional supplies (see below) to 65 counties in preparation for the 2018 cleanup.

With assistance from Coca Cola UNITED, Plastic Recycling was incorporated into the 2018 Spring Cleanup in Marshall, Jefferson, Tuscaloosa and Cullman counties. Over 1 ton of plastics were recycled during the 2018 cleanup. The recycling effort will be offered to an additional number of counties during the 2019 Spring Cleanup.

Materials and Supplies Furnished for 2018 Spring Cleanup

Recycling bags for counties participating in recycling component

PALS/ALDOT Public Service Announcement (ABA Reports Enclosed)

The 2018 PALS/ALDOT PSA began running in May 2018. The 3 month contract remains with the Alabama Broadcasters Association.

The 2018 PSA's received air time on Radio and Television slots for the 3 month period and received over \$ 213,000 worth of statewide air time for the \$ 25,000 investment.

As in past years, air time and scheduling reports from the Alabama Broadcasters Association will be included in ALDOT reports for that time period.

PALS will work with ABA to develop a new PSA for 2019, which will air statewide in June- August 2019.

PALS has uploaded the new ALDOT anti littering PSA on the PALS webpage and Facebook page.

Data Base for Adopt A Mile Program (updated copy on jump drive included in this report)

The Adopt a Mile data base is now current and working effectively. PALS is currently able to view and total exact number of groups and adopted miles by County, State and Federal miles. PALS continues to work with Todd Jones of ALDOT to ensure that the data base is working correctly and enabling PALS to best use the data base for the benefit of the Adopt a Mile program.

PALS continues to provide all data base updates to ALDOT on a quarterly basis.

PALS continues to add/delete and change information to the new Adopt A Mile data base as updated information is collected. In addition to daily attention to the data base, a file system has been created and maintained to assist in creating an accurate account of all County and State and Federal adopted mile in the future.

Adopt a Mile Inspections

The 2018 Adopt A Mile Inspection Program was completed in July 2018. All Central Zones were inspected and entered into the Adopt A Mile data base in July 2018. With these entries, all data and inspections are up to date and recorded. (see below)

The 2019 Adopt A Mile Inspection will begin in Summer of 2019 and will be inspecting adopted miles in the North Zone.

This internship program has proven highly effective and will continue each year as specified in the PALS/ALDOT contact.

All new data from the Intern AAM Inspection Program reports will added to the PALS/AAM data base, reflecting any changes, additions or deletions from current data base.

Materials Furnished for AAM Inspection Intern Program

ALDOT provided maps of each county in South Zone listing all highways

The Winter PALS/Adopt A Mile Newsletter was completed and mailed in early January 2019. PALS now has the newsletter in e-letter form. The newsletter is now also available online at alpals.org

The Alabama Coastal Cleanup

The 31 Anniversary of the Alabama Coastal Cleanup was held on September 15, 2018. Recycling of all plastic items was incorporated into the cleanup during this 31st anniversary. PALS coordinated the recycling effort with Thompson Engineering and Weeks Bay Refuge, which provided manpower for the recycling efforts. The cleanup covered Alabama coastal state highways, beaches, bays, bayous, and bridges from Dauphin Island to the Al/Fl state line.

The 2018 31st Anniversary Alabama Coastal Cleanup turned out 5,500 volunteers, covered 240 miles of shoreline and produced over 40,000 pounds of litter and debris removed from these areas. 22 large Recycling Hubs were filled with rigid plastics, sorted and received by local recycling companies.

In addition to the coastal zones, highway 59 municipalities continued to play a major role in the cleanup effort, with volunteers participating along highway 59 in their respective municipalities.

2018 marked a historic year for the Alabama Coastal Cleanup. Alabama celebrated 31 years of participation in the International Coastal Cleanup. Over 1.8 million lbs. of litter and debris have been removed from Alabama's beaches, bayous, backwaters and highways during the 31 year history of the Alabama Coastal Cleanup.

Alabama PALS provided all cleanup supplies and materials for 30 Coastal Zones.

Large Heavy Duty Trash Bags

Large Recycling Bags

6,500 tee shirts for Volunteers, Zone Captains, staff etc.

Crenshaw Christian Academy

**Specifics as Related to Contract October 1, 2017-September 30, 2019
Third Quarter Reporting Period 04/01/2019 – 06/30/19**

The contract for 2017-19 between Alabama PALS and ALDOT was finalized and received by Alabama PALS in September 2017, and includes components which both parties feel will best benefit the growth and maintenance of these valuable statewide programs.

ALDOT and PALS have made final changes to a new and more information specific data base, which will be kept and updated by Alabama PALS. (See Data Base Below) This data base upgrade has afforded PALS a better and more efficient way in which to monitor compliance for the program, keep better contact with the volunteer adoptees, as well as beginning and creating and implementing a new and efficient inspection process for the program.

All new data received from this point forward should reflect accurate information for each adopted mile. The data base is now updated (as of July 2019) with the ability to view exact numbers and locations of State, Federal and County adopted miles. (Total miles, groups included in report)

PALS continues to receive a very high level of responses and new applications (see **attachments**) for Adopt A Mile and Adopt a Stream programs during the Third Quarter of 2018-19. A new Compliance Reporting Form has been included in the PALS/ Adopt A Mile newsletter, where groups and individuals, PALS Chapters and others can report a group that is not keeping their respective mile of highway cleaned on a regular basis. PALS continues to work with ALDOT to identify miles that are not in the new data base system, did not transfer from the old data base, or were not entered into the old system originally.

2018 Alabama PALS Statewide Governor's Awards Program

The 2018 Statewide Governors Awards program was held at the Marriott at Capitol Hill in Prattville in November 7, 2018. 45 + awards were presented in categories including, Adopt A Mile, Adopt A Stream, Clean Campus, Spring Cleanup Awards, Volunteer of the Year, Coastal Cleanup, City, County and others. Over 280 statewide volunteers attended the luncheon. PALS presented to awards to volunteers representing 21 Alabama counties.

The 2019 Alabama PALS Governor's Awards Program will be held on November 13, 2019 at the Renaissance Hotel in Montgomery Alabama.

The 2019 Statewide “Don’t Drop It On Alabama” Spring Cleanup was held on April 20-27, 2019.

PALS distributed over 190,000 trash bags and additional supplies (see below) to 65 counties in preparation for the 2019 cleanup.

As of July 2019, with approximately 60 % of Report Forms returned, over 460 tons of litter have been reported as picked up during the 2019 Spring Cleanup.

Materials and Supplies Furnished for 2018 Spring Cleanup

185,000 Large Trash Bags w/ PALS Corporate Sponsors and Partners Logo’s
2018 Window Decals
Ad Slicks for promoting cleanup
Reporting Forms
PALS Program Booklets
Adopt A Mile brochures
Adopt A Stream brochures
Alabama Clean Campus Program brochures
Adopt an Area brochures
Safety Regulations and Tips
Recycling bags for counties participating in recycling component

PALS/ALDOT Public Service Announcement (ABA Reports Enclosed)

The 2018 PALS/ALDOT PSA began running in May 2018. The 3 month contract remains with the Alabama Broadcasters Association.

The 2018 PSA’s received air time on Radio and Television slots for the 3 month period and received over \$ 213,000 worth of statewide air time for the \$ 25,000 investment.

As in past years, air time and scheduling reports from the Alabama Broadcasters Association will be included in ALDOT reports for that time period.

The 2019 PALS/ALDOT PSA will run in June – August 2019.

PALS has uploaded the new ALDOT anti littering PSA on the PALS webpage and Facebook page.

Data Base for Adopt A Mile Program (updated copy on jump drive included in this report)

The Adopt a Mile data base is now current and working effectively. PALS is currently able to view and total exact number of groups and adopted miles by County, State and Federal miles. PALS continues to work with Todd Jones of ALDOT to ensure that the data base is working correctly and enabling PALS to best use the data base for the benefit of the Adopt a Mile program.

PALS continues to provide all data base updates to ALDOT on a quarterly basis.

PALS continues to add/delete and change information to the new Adopt A Mile data base as updated information is collected. In addition to daily attention to the data base, a file system has been created and maintained to assist in creating an accurate account of all County and State and Federal adopted mile in the future.

Adopt a Mile Inspections

The 2019 Adopt A Mile North Zone Inspection began in March 2019 and has been completed. All updated and new data is currently being updated.

The South Zone miles will be inspected in 2020.

Groups with signs that need replaced have been sent correspondence regarding having new signs printed and erected if the respective group wants to remain in program.

This internship program has proven highly effective and will continue each year as specified in the PALS/ALDOT contact.

All new data from the Intern AAM Inspection Program reports will added to the PALS/AAM data base, reflecting any changes, additions or deletions from current data base.

Materials Furnished for AAM Inspection Intern Program

ALDOT provided maps of each county in South Zone listing all highways

List of all adopted miles in each North County (state/federal)

List and contacts of ALDOT offices in South Zone

HI VIZ Vehicle Safety Lights

HI VIZ Safety Vests

PALS/ALDOT Inspection program magnetic vehicle signs

Digital Cameras

Vehicle furnished by Paul Claborn (Albertville, AL)

Prepaid Gas Cards for Intern

PALS/Adopt A Mile Newsletter (copy Attached)

The Winter PALS/Adopt A Mile Newsletter was completed and mailed in early January 2019. PALS now has the newsletter in e-letter form. The newsletter is now also available online at alpals.org

The July 2019 Newsletter is completed and will be mailed statewide in July, as well as uploaded on the PALS web page.

The Alabama Coastal Cleanup

The 2019 Alabama Coastal Cleanup is scheduled for Saturday September 21, 2019.

The 31 Anniversary of the Alabama Coastal Cleanup was held on September 15, 2018. Recycling of all plastic items was incorporated into the cleanup during this 31st anniversary. PALS coordinated the recycling effort with Thompson Engineering and Weeks Bay Refuge, which provided manpower for the recycling efforts. The cleanup covered Alabama coastal state highways, beaches, bays, bayous, and bridges from Dauphin Island to the Al/Fl state line.

The 2018 31st Anniversary Alabama Coastal Cleanup turned out 5,500 volunteers, covered 240 miles of shoreline and produced over 40,000 pounds of litter and debris removed from these areas. 22 large Recycling Hubs were filled with rigid plastics, sorted and received by local recycling companies.

In addition to the coastal zones, highway 59 municipalities continued to play a major role in the cleanup effort, with volunteers participating along highway 59 in their respective municipalities.

2018 marked a historic year for the Alabama Coastal Cleanup. Alabama celebrated 31 years of participation in the International Coastal Cleanup. Over 1.8 million lbs. of litter and debris have been removed from Alabama's beaches, bayous, backwaters and highways during the 31 year history of the Alabama Coastal Cleanup.

Alabama PALS will provide all cleanup supplies and materials for 30 Coastal Zones for the 2019 Alabama Coastal Cleanup.

Large Heavy Duty Trash Bags
Large Recycling Bags
6,500 tee shirts for Volunteers, Zone Captains, staff etc.
Alabama Coastal Cleanup Posters
Ad Slicks for all 31 Zones
Data cards
Bottled Water
Zone Captain Packets
Banners for all Zones
Safety and Cleanup Instruction Sheets

**Specifics as Related to Contract October 1, 2017-September 30, 2019
Fourth Quarter Reporting Period 07/01/2019 – 09/30/19**

The contract for 2017-19 between Alabama PALS and ALDOT was finalized and received by Alabama PALS in September 2017, and includes components which both parties feel will best benefit the growth and maintenance of these valuable statewide programs.

ALDOT and PALS have made final changes to a new and more information specific data base, which will be kept and updated by Alabama PALS. (See Data Base Below) This data base upgrade has afforded PALS a better and more efficient way in which to monitor compliance for the program, keep better contact with the volunteer adoptees, as well as beginning and creating and implementing a new and efficient inspection process for the program.

All new data received from this point forward should reflect accurate information for each adopted mile. The data base is now updated (as of July 2019) with the ability to view exact numbers and locations of State, Federal and County adopted miles. Total miles, groups included in report)

PALS continues to receive a very high level of responses and new applications (see **attachments**) for Adopt A Mile and Adopt a Stream programs during the Third Quarter of 2018-19. A new Compliance Reporting Form has been included in the PALS/ Adopt A Mile newsletter, where groups and individuals, PALS Chapters and others can report a group that is not keeping their respective mile of highway cleaned on a regular basis. PALS continues to work with ALDOT to identify miles that are not in the new data base system, did not transfer from the old data base, or were not entered into the old system originally.

2018 Alabama PALS Statewide Governor's Awards Program

The 2018 Statewide Governors Awards program was held at the Marriott at Capitol Hill in Prattville in November 7, 2018. 45 + awards were presented in categories including, Adopt A Mile, Adopt A Stream, Clean Campus, Spring Cleanup Awards, Volunteer of the Year, Coastal Cleanup, City, County and others. Over 280 statewide volunteers attended the luncheon. PALS presented to awards to volunteers representing 21 Alabama counties.

The 2019 Alabama PALS Governor's Awards Program will be held on November 13, 2019 at the Renaissance Hotel in Montgomery Alabama.

The 2019 Statewide “Don’t Drop It On Alabama” Spring Cleanup was held on April 20-27, 2019.

PALS distributed over 190,000 trash bags and additional supplies (see below) to 65 counties in preparation for the 2019 cleanup.

As of July 2019, with approximately 75% of Report Forms returned, over 610 tons of litter have been reported as picked up during the 2019 Spring Cleanup.

Materials and Supplies Furnished for 2018 Spring Cleanup

185,000 Large Trash Bags w/ PALS Corporate Sponsors and Partners Logo’s
2018 Window Decals
Ad Slicks for promoting cleanup
Reporting Forms
PALS Program Booklets
Adopt A Mile brochures
Adopt A Stream brochures
Alabama Clean Campus Program brochures
Adopt an Area brochures
Safety Regulations and Tips
Recycling bags for counties participating in recycling component

PALS/ALDOT Public Service Announcement (ABA Reports Enclosed)

The 2019 PALS/ALDOT PSA began running in May 2019. The 3 month contract remains with the Alabama Broadcasters Association.

The 2019 PSA’s received air time on Radio and Television slots for the 3 month period and received over \$ 244,000 worth of statewide air time for the \$ 25,000 investment.

As in past years, air time and scheduling reports from the Alabama Broadcasters Association will be included in ALDOT reports for that time period.

PALS is working with ABA tom produce a new PALS/ALDOT PSA for 20120.

PALS has uploaded the new ALDOT anti littering PSA on the PALS webpage and Facebook page.

Data Base for Adopt A Mile Program (updated copy on jump drive included in this report)

The Adopt a Mile data base is now current and working effectively. PALS is currently able to view and total exact number of groups and adopted miles by County, State and Federal miles. PALS continues to work with Todd Jones of ALDOT to ensure that the data base is working correctly and enabling PALS to best use the data base for the benefit of the Adopt a Mile program.

PALS continues to provide all data base updates to ALDOT on a quarterly basis.

PALS continues to add/delete and change information to the new Adopt A Mile data base as updated information is collected. In addition to daily attention to the data base, a file system has been created and maintained to assist in creating an accurate account of all County and State and Federal adopted mile in the future.

Adopt a Mile Inspections

The 2019 Adopt A Mile North Zone Inspection began in March 2019 and has been completed. All updated and new data is currently being updated.

The South Zone miles will be inspected in 2020.

Groups with signs that need replaced have been sent correspondence regarding having new signs printed and erected if the respective group wants to remain in program.

This internship program has proven highly effective and will continue each year as specified in the PALS/ALDOT contact.

All new data from the Intern AAM Inspection Program reports will added to the PALS/AAM data base, reflecting any changes, additions or deletions from current data base.

Materials Furnished for AAM Inspection Intern Program

ALDOT provided maps of each county in South Zone listing all highways

List of all adopted miles in each North County (state/federal)

List and contacts of ALDOT offices in South Zone

HI VIZ Vehicle Safety Lights

HI VIZ Safety Vests

PALS/ALDOT Inspection program magnetic vehicle signs

Digital Cameras

Vehicle furnished by Paul Claborn (Albertville, AL)

Prepaid Gas Cards for Intern

New Adoptees and Miles Adopted 07/01/19-09/30/19

(see Attached List)

Attached list of AAM applications and signs erected is attached to this report. Reports for all applications, signs mailed and erected are included in each quarterly reports.

Safety Vests are available for all adoptees on State and Federal highways, and letters have been sent to all AAM participants regarding the availability of vests.

Adopt A Mile Signs to be Replaced

Margaret continues to send letters to ALDOT District Engineers regarding the replacement of respective signs for each district, and will continue follow up on future sign replacement as the requests come into the PALS office. As data is updated and added to the new AAM data base, Margaret will continue to correspond with all ALDOT district office in regard to removal or replacement of AAM signs.

ALDOT District Office Correspondence

Margaret remains in touch with ALDOT District offices regarding the new protocol for the Adopt A Mile program. Margaret feels like all Districts are excited about the protocol for the program and feel like having PALS handle all paperwork and signage enables the adoptees to receive the signs in a more timely fashion.

Ongoing contact is made with respective District offices regarding applications, paperwork and erecting of AAM signs. District offices of ALDOT have been very willing to assist the PALS office in all aspects.

PALS would like to encourage all ALDOT offices to report to the PALS office, all miles that appear to be picked up on a regular basis, or signs that have faded and become unable to be read. PALS will contact the respective group.

PALS/Adopt A Mile Newsletter (copy Attached)

The Summer PALS/Adopt A Mile Newsletter was completed and mailed in early July 2019. PALS now has the newsletter in e-letter form. The newsletter is now also available online at alpals.org

The July 2019 Newsletter was completed and mailed statewide in July, as well as uploaded on the PALS web page.

The Alabama Coastal Cleanup

The 2019 Alabama Coastal Cleanup was held on Saturday September 21, 2019.

The 32nd Anniversary of the Alabama Coastal Cleanup was held on September 21, 2018. Recycling of all plastic and aluminum items was incorporated into the cleanup during this 32nd anniversary. PALS coordinated the recycling effort with Thompson Engineering, Osprey and Weeks Bay Refuge, which provided manpower for the recycling efforts. The cleanup covered Alabama coastal state highways, beaches, bays, bayous, and bridges from Dauphin Island to the Al/F1 state line.

The 2019 32nd Anniversary Alabama Coastal Cleanup turned out over 5,500 volunteers, covered 240 miles of shoreline and produced over 44,000 pounds of litter and debris removed from these areas. In addition to the coastal zones, highway 59 municipalities continued to play a major role in the cleanup effort, with volunteers participating along highway 59 in their respective municipalities.

2019 marked a historic year for the Alabama Coastal Cleanup. Alabama celebrated 32 years of participation in the International Coastal Cleanup. Over 1.8 million lbs. of litter and debris have been removed from Alabama's beaches, bayous, backwaters and highways during the 32 year history of the Alabama Coastal Cleanup.

Alabama PALS provided all cleanup supplies and materials for 30 Coastal Zones for the 2019 Alabama Coastal Cleanup.

Large Heavy Duty Trash Bags
Large Recycling Bags
6,500 tee shirts for Volunteers, Zone Captains, staff etc.
Alabama Coastal Cleanup Posters
Ad Slicks for all 31 Zones
Data cards
Bottled Water
Zone Captain Packets

KEEP AMERICA BEAUTIFUL AFFILIATE

1501 Clinton Avenue East, Huntsville, AL 35801

Attached is the report for the time period of October 1, 2018-September 30, 2019. The estimated weight of the litter removed by the affiliates reporting during the past year by approximately 135,392 volunteers during 1,531 cleanups is 2,461,780 pounds of litter. There are a few groups that did not report for the time period, and a few that have not reported their activity for the last quarter.

During the past year we partnered with Keep the Tennessee River Beautiful to hold several cleanups the river. A goal for this year is to establish at least two other river/lake organizations focusing only on their respective bodies of water. We plan to focus not only on preventing roadside litter, but also to prevent litter in our waterways.

We are making efforts to distribute our litter prevention curriculum to all groups affiliated with Keep Alabama Beautiful. This curriculum has lesson plans and activities that are applicable for preschool through high school courses.

During the past months I have worked with 5 cities to begin or further their affiliation process with Keep America Beautiful. The cities of Anniston, Decatur, Jacksonville, Oxford and Tuskegee. The City of Livingston also is in the process of becoming a Keep Alabama Beautiful affiliate. Keep Alabama Beautiful continues to grow across the state encouraging residents to become citizens and take action to prevent / cleanup litter.

We appreciate so much our partnership with ALDOT and everything you do to help us better serve our purpose. Hope you will be able to join us at the Keep Alabama Beautiful State Affiliate meeting in March next year. As soon as I have the exact date, I will let you know.

Hope you have a great week. If you have questions or if I can be of assistance, please contact me at 256.990.2538.

Sincerely,

A handwritten signature in black ink, appearing to read "Denise Taylor".

Denise Taylor
State Director

ALDOT Twitter Posting Sample: FY 2019

ALDOT Mobile Area
@ALDOTMobileArea

Littering is a Class C misdemeanor that comes with a minimum fine of \$250 for the first conviction. The second and any subsequent conviction is \$500.

[#TrashCostsCash](#). Don't toss your trash out of the window while driving. Instead, dispose of it properly in a trash bin.

ALDOT West Central
@ALDOT_WCRegion

Did you know ALDOT has picked up approximately 39 tons (TONS!) of litter in Tuscaloosa County since November? That's about the equivalent of filling 14 dump trucks. Please take pride in your area and dispose of waste appropriately.

**ALDOT Internal MS4 Awareness Activities:
Fiscal Year 2019**

Activity	Date	Notes
Internal MS4 Coordination Meeting	12/04/2018	MS4-applicable ALDOT offices discussed plans and preparations for the next MS4 permit term that would commence upon the issuance of a new MS4 permit by ADEM.
Meeting with ADEM	01/22/2019	Personnel from MS4-applicable ALDOT offices met with ADEM MS4 regulatory personnel to discuss the forthcoming reissuance of the MS4 permit as well as ALDOT MS4 activities in relation to permit revisions.
Stormwater Coordinators Meeting	02/06/2019	Facilitated by ALDOT Construction Bureau. Meeting of ALDOT construction stormwater coordinators assigned to Construction Bureau and field offices.
ALDOT Conference Presentation: "Answering the FAQs about ALDOT Post-Construction Stormwater Management"	04/11/2019	General post-construction stormwater management orientation and information targeted for applicable ALDOT employees provided in a session at the ALDOT Pre-Construction Conference. Approximately 75-100 ALDOT employees (mostly personnel involved in roadway planning and/or design) attended.
Internal MS4 Coordination Meeting	07/24/2019	MS4-applicable ALDOT offices discussed plans and preparations for the next MS4 permit term that would commence upon the issuance of a new MS4 permit by ADEM.

**ALDOT Environmental Concerns Log:
Fiscal Year 2019**

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
10/18/2018	"The road is a hazard. It feels as if you are going to tear your vehicle apart while traveling down it. The road is also so narrow that if you pass a vehicle you have to have 2 tires in the grass to not side swipe the oncoming vehicle. Someone is going to get hurt just trying to avoid the potholes."	Butler	"Gibson Road / County Road 77"	Environmental Concerns Reporting Tool	Non-Environmental	Advised citizen that ALDOT could take no action. (Location in question outside of ALDOT jurisdiction.)
10/28/2018	"I am a concerned citizen from Prattville, Alabama and I have a question that I would love answered. Why has INTERSTATE 85 near Alabama State not been cut all year? It is a major eye store, not only for the University but also for Jackson Hospital and the city of Montgomery"	Montgomery	I-85 near Exit 2 in Montgomery	Citizen Report	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
11/20/2018	"This area is covered in trash, litter, building supplies and more. It never seems to be taken care of. This is a reoccurring problem in this area and never seems to be taken care of."	Madison	"I-565"; "The area between the Wall Triana exit and the Jordan Ln exit in Huntsville."	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative. (Dialogue regarding litter pickup in the area in question maintained with citizen throughout remainder of FY 2019.)
11/20/2018	"Excessive litter is an understatement. There is illegal dumping all around Exit 9. Someone dumped a full garbage bag, which is now torn and trash is blowing all over the area. The interstate as a whole needs picked up, but in particular Exit 9 over to Exit 14."	Madison	"I-565"; "Exit 9"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by the proper ALDOT representative. (Dialogue regarding litter pickup in the area in question maintained with citizen throughout remainder of FY 2019.)
12/30/2018	"Excessive litter on Hwy 123 for approximately a mile along Hwy 123. It is very frustrating, I live approx. 2 Miles down on Hwy 123 and have to drive by this litter daily. Any help you can provide would be greatly appreciated."	Houston	"From the intersection of [US-84] and [AL-123] at the light in Wicksburg, going north on [AL-123] towards Newton"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
01/03/2019	"Recently some gravel was put in the concerned areas. Not pushed down and scattered across the road. I was not out of my driveway good a truck passed and slung a rock up and cracked my windshield. I know stuff happens but I feel I shouldn't have to pay \$500 if a bad job was done on the roads. I have replaced a few windshields in the past because stuff happens. Please let me know what can be done."	Tuscaloosa	"Tingle Tangle Road" [near US-11 in Vance]	Citizen Report	Non-Environmental	Advised citizen to investigate legal options. (No good housekeeping action needed.)
01/11/2019	"Excessive litter on the highway"	Tuscaloosa	"[US-11] North"; "Cottondale"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.

ALDOT Environmental Concerns Log:
Fiscal Year 2019

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
01/11/2019	"There is a drainage ditch/storm pipe located along the South bound easement of I 459 bridge in Hoover, Alabama. The ditch is clogged with debris and the last rain event flooded this area. "	Jefferson	"S I-459 Bridge Easement Hoover"	City of Hoover (via Environmental Concerns Reporting Tool)	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
01/25/2019	"The driver of truck number 38 didn't even stop or even look before making a turn In front of me this morning."	Jefferson	"20th Street" [Bessemer]	Environmental Concerns Reporting Tool	Non-Environmental	Advised citizen that ALDOT could take no law enforcement action.
02/10/2019	"Kudzu is growing from the interstate side of my fence onto my property. I've kept it cleared for two summers but it is getting worse and starting to cover trees and multiple neighbors fences. Needs removal from interstate side which I do not believe I have the ability or right to do."	Shelby	"Interstate 65 S"; "Exit 242"; "Pelham"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
03/14/2019	Erosion and sediment control concerns associated with Birmingham-area construction work.	Jefferson	I-59/20 near 25th St in Birmingham	City of Birmingham	Construction Site Concern	Delegated to and addressed by proper ALDOT representative.
03/26/2019	"Excessive, excessive litter along the fence off the expressway. But it sits in front of the homes on my street and makes our neighborhood look terrible."	Jefferson	"I-59N"; "1st Ave."	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
05/16/2019	"Overgrown vegetation in the medium. Grass along Taylor Rd is overgrown no where to safely pull off the road. Request maintenance pick up trash then cut vegetation."	Montgomery	"Taylor Rd [US-271] between I-85 and Troy Hwy" [Montgomery]	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
05/28/2019	"Excessive vegetation"	Baldwin	"[US-98] near Lillian"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to proper ALDOT representative. (Determined location outside of ALDOT jurisdiction.)
06/20/2019	Dumped asphalt load discovered by City of Montgomery. City of Montgomery speculated that an ALDOT contractor or some non-ALDOT entity dumped material.	Montgomery	Ryan Rd in Montgomery	City of Montgomery	Illicit Discharge Concern; Contractor Management Concern	Delegated to proper ALDOT representative. ALDOT determined that dumping unlikely committed by ALDOT contractor.
06/26/2019	Concern regarding sediment observed in Little River near ALDOT construction site.	DeKalb	AL-117 in Mentone	Citizen Report	Construction Site Concern	Delegated to proper ALDOT representative. Determined that sediment source was upstream of ALDOT construction site.
07/15/2019	"Excessive litter under and around the overpass. Grass needs to be cut after the litter is removed. Drainage concerns."	Mobile	"Navco Road and I-10 overpass"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
08/05/2019	Peculiar clear water discharge apparently originating from near the ALDOT central office campus.	Montgomery	Coliseum Blvd in Montgomery	City of Montgomery	Illicit Discharge Concern	Delegated to and addressed by proper ALDOT representative. (Cause determined to be overwatering of an area by ALDOT central office irrigation system. Issue resolved.)

ALDOT Environmental Concerns Log:
Fiscal Year 2019

Date	Description of Concern	County	Location Description	Report Source	Category of Concern	ALDOT Follow-Up Action(s)
08/08/2019	"There is reminiscence from Hurricane Michael & intrusive vegetation growth along North Brannon Stand Rd (AL-605 S.). Specifically, there are tree parts, limbs/branches, brush overgrowth & debris that have remained dormant for months."	Houston	"N Brannon Stand Rd [AL-605]; "Dothan"	Environmental Concerns Reporting Tool	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative. (Dialogue regarding good housekeeping conducted in the area in question maintained beyond initial report.)
09/05/2019	"Observed state employee throwing plastic bottle out of window...."	Etowah	"I-759"; "Near intersection of Black Creek Parkway"	Environmental Concerns Reporting Tool	Employee Good Housekeeping Training Concern	Delegated to and addressed by proper ALDOT representative.
09/06/2019	General inquiries regarding ALDOT herbicide application practices.	N/A	N/A	Citizen Report	Transportation Facility Good Housekeeping Concern	Referred citizen to ALDOT herbicide application practices information available on the ALDOT Web site.
09/12/2019	Fallen tree observed on ALDOT roadway.	Blount	AL-79 in Trafford	Citizen Report	Transportation Facility Good Housekeeping Concern	Delegated to and addressed by proper ALDOT representative.
09/27/2019	Damage to automobile suspected to be caused by travel on ALDOT roadway outside of the paved lane.	Morgan	AL-67 at I-65 N in Priceville	Citizen Report	Non-Environmental	Referred citizen to ALDOT damage claim submission mechanism. (No good housekeeping action needed.)

**ALDOT Youth Education Activities:
Fiscal Year 2019**

Activity	Date(s)	Notes
Mobile Tunnel Tours	throughout FY 2019	ALDOT Mobile Area personnel gave tours to groups of school-age children to demonstrate ALDOT operations taking place in and around the Mobile Tunnel and explain engineering principles at work. Some tunnel operations are water resources or environmental in nature. 55 tours were conducted for a total of 2,470 children during FY 2019.
Water Festival: Atmore	03/20/2019	ALDOT Mobile Area personnel participated as instructors or in supporting roles. Activities intended to teach local elementary school students about the water cycle and water treatment.
Water Festival: Baldwin County	10/24/2018	ALDOT Mobile Area personnel participated as instructors or in supporting roles. Activities intended to teach local elementary school students about the water cycle and water treatment.
Water Festival: Montgomery County	03/12/2019; 03/13/2019	ALDOT Central Office personnel participated as instructors or in supporting roles. Activities intended to teach local elementary school students about the water cycle and water treatment.

**ALDOT Community Outreach Group Meetings:
Fiscal Year 2019**

Date	Group	COG Attendees	ALDOT Attendees	Other Attendees*	Total Attendees	Purpose
11/29/2018	Coliseum Boulevard Plume	5	1	2	8	Discussion concerning corrective measures, proposed repair for an erosion issue, and ADEM approval of institutional controls plan revision.
06/04/2019	Capital City Plume**	10	0	3	13	Review of proposed institutional controls for Superfund site.
07/23/2019	Coliseum Boulevard Plume	0	0	14	14	Meeting of the Montgomery Area Association of Realtors with continuing education provided by ALDOT consultants.

* Can include facilitators and consultants of ALDOT.

** The Capital City Plume is a project managed by the Downtown Environmental Alliance, of which ALDOT is one of seven members.

**ALDOT Miscellaneous Community Outreach Activities:
Fiscal Year 2019**

Activity	Date	Notes
Collaboration with The Nature Conservancy	throughout FY 2019	ALDOT, The Nature Conservancy, and local partners explored ways to improve water quality in Shades Creek and Village Creek in the Birmingham area. (Formal collaboration began in 2017.)
Collaborative Environmental Network of Alabama: Phase II Forum #1	04/10/2019	ALDOT along with other stakeholders with environmental influence actively participated in the forum to explore effective approaches for collaboration among different types of stakeholders. (No ALDOT personnel were able to attend, but ALDOT provided material for forum discussion.)
Collaborative Environmental Network of Alabama: Phase II Forum Introduction Meeting	02/06/2019	ALDOT along with other stakeholders with environmental influence attended the meeting as an orientation for future CENA activities.
Keep Etowah Beautiful	throughout FY 2019	ALDOT Guntersville Area maintained dialogue and participated in the "Renew Our Rivers" cleanup event (see below).
Renew Our Rivers	10/29/2018-11/01/2018	ALDOT Guntersville Area personnel participated in a Coosa River cleanup event. ALDOT also provided trash bags for the event.
Social Media Outreach: ALDOT East Central Region Twitter Account	throughout FY 2019	Established in 2015. Focused on I-59/20 improvements. During FY 2019, posts gave the public information on ALDOT construction practices.
Social Media Outreach: ALDOT Mobile Area Twitter Account	throughout FY 2019	ALDOT Mobile Area uses Twitter to share general environmental information with the public and promote environmental activities. 36 environmental-oriented messages were posted during FY 2019; see attached for sample environmental-oriented messages posted. The Twitter account had approximately 6,200 followers as of the end of FY 2019.
Social Media Outreach: ALDOT West Central Region Twitter Account	throughout FY 2019	ALDOT West Central Region uses Twitter to share general environmental information with the public and promote environmental activities. See attached for sample environmental-oriented messages posted. The Twitter account had approximately 1,650 followers as of the end of FY 2019.
TenSixtyFive Eco-Team Recycling Event	10/05/2018	ALDOT Mobile Area personnel participated in a trash collection event associated with the TenSixtyFive music festival in Mobile.

**ALDOT MS4 Coordination Activities:
Fiscal Year 2019**

Activity	Date	Notes
Alabama Stormwater Association	throughout FY 2019	ALDOT has 2 employees on the ASA Board of Directors; ALDOT participated in all Board of Director meetings. ALDOT was integral in the planning of two seminars (on 02/05/2019 and 08/15/2019, respectively) where MS4s from throughout the state and various other stormwater professionals collaborated and gained focused stormwater management knowledge; ALDOT provided the facility for one of those seminars. Also, ALDOT maintained the Statewide stormwater professionals contact list, which allowed for better coordination among stormwater professionals.
Calhoun County MS4 Group	throughout FY 2019	ALDOT Alexander City Area participates in ongoing collaboration.
Cooperative Maintenance Agreement: ALDOT & City of Huntsville	throughout FY 2019	The agreement authorizes City of Huntsville to perform litter pickup and mowing on ALDOT property, allowing ALDOT and City of Huntsville to work jointly and more efficiently in watershed protection.
Cooperative Maintenance Agreement: ALDOT & City of Montgomery	throughout FY 2019	The agreement authorizes City of Montgomery to perform litter pickup on ALDOT property, allowing ALDOT and City of Montgomery to work jointly and more efficiently in watershed protection. (Approximately 72 tons of litter and scrap tires were collected through this agreement during FY 2019.)
Cooperative Maintenance Agreement: ALDOT & Etowah County	throughout FY 2019	The agreement authorizes Etowah County (namely Etowah County Detention Center) to perform litter pickup on ALDOT property, allowing ALDOT and Etowah County to work jointly and more efficiently in watershed protection.
Freshwater Land Trust Endangered Species Tour	10/12/2018	ALDOT Birmingham Area personnel participated in the tour to connect with other Jefferson County stakeholders and better understand measures being taken to protect endangered species.
Local Emergency Planning Committee: Tuscaloosa County	throughout FY 2019	ALDOT is a member of the LEPC along with other Tuscaloosa-area MS4s. Tuscaloosa Area personnel participate in LEPC meetings. Coordination regarding Pollution Prevention / Good Housekeeping is performed with other MS4s as part of LEPC work.
One Clean Mobile Partnership	throughout FY 2019	Partnership between ALDOT Southwest Region and City of Mobile established in FY 2016. Dialogue maintained during FY 2019.

**ALDOT Participation with Professional Organizations:
Fiscal Year 2019**

Organization	Activity	Notes
Alabama Chapter of the Soil & Water Conservation Society	Membership	Some ALDOT personnel are members.
American Association of State Highway and Transportation Officials	Membership; Leadership roles; Participation in meetings	Some ALDOT employees are members of the Committee on Construction. An ALDOT employee chairs the Integrated Construction Technical Subcommittee. Some ALDOT personnel participated in conference calls, webinars, and conferences.
American Society of Civil Engineers	Membership; Leadership roles; Participation in meetings	ALDOT employees participate actively in the Alabama Section and in the branches that comprise the Alabama Section. Multiple ALDOT employees serve in leadership roles in the branches. An ALDOT employee serves as President of the Alabama Section.
Associated Builders and Contractors	Participation in meetings	An ALDOT employee attended monthly Safety Committee meetings.
Choccolocco Creek Watershed Alliance	Membership; Participation in meetings; Assistance in event facilitation	ALDOT Alexander City Area personnel participate in meetings regularly and provided input as a watershed stakeholder. On occasion, ALDOT personnel contribute to facilitation of events, such as conferences and rain barrel workshops.
Institute of Transportation Engineers	Membership	Some ALDOT personnel are members.
National Cooperative Highway Research Program	Leadership role	An ALDOT employee serves as a member of the Task Force on Worker Safety.
North American Association of Transportation Safety and Health Officials	Participation in meetings	An ALDOT employee attended and presented at the annual meeting.
Tennessee Riverkeeper	Membership	An ALDOT employee is a member.

**ALDOT Stormwater Management Research:
Fiscal Year 2019**

Project No.	Project Title	Research Partner	Total ALDOT Funding	Active during FY 2019?
930-962	Evaluation of ALDOT Erosion Control Practices Using Rainfall Simulation	Auburn Univ.	\$383,526	YES
930-954	Vegetation Management for Alabama's Highway Rights-of-Way	Auburn Univ.	\$130,282	YES
930-925	Analysis and Potential Solutions to Sediment Deposition in Dean Road Watershed	Auburn Univ.	\$141,145	YES
930-869	Evaluation of Sediment Barriers Using Large-Scale Techniques	Auburn Univ.	\$459,755	YES
930-863	Evaluation of High-Rate Settling Technology for Sediment Control in Roadway Construction Sites	Auburn Univ.	\$357,770	NO
930-853R	Evaluation of Inlet Protection Practices Using Large-Scale Testing Techniques	Auburn Univ.	\$336,550	NO
930-837R	Monitoring and Predicting the Effects of Post-Construction Stormwater Runoff from Roadways in Watersheds	Auburn Univ.	\$228,561	NO
930-826R	Evaluation of ALDOT Ditch Check Sediment Control Practices Using Large-Scale Testing Techniques	Auburn Univ.	\$336,101	NO
930-811R	Vegetated Filter Strip Performance Evaluation for Cost-Effective Roadway Runoff Treatment in Alabama	Univ. of South Alabama	\$114,187	NO
930-784	Maintain Vegetation for Long-Term Erosion Control on Disturbed Slopes	Auburn Univ.	\$42,050	NO
930-767	Agronomic Solutions for Establishment of Roadside Vegetation	Auburn Univ.	\$86,068	NO
930-751	Techniques for Establishing Vegetation for Long-Term Erosion Control on Disturbed Slopes	Auburn Univ.	\$50,000	NO
930-678	Vegetation Management for Alabama's Highway Rights-of-Way	Auburn Univ.	\$251,244	NO
930-655	Development of a Test Facility to Evaluate the Optimal Design of BMPs for Managing Environmental Problems at Construction Sites	Auburn Univ.	\$347,693	NO
930-486	Mapping, Control and Revegetation of Cogongrass on ALDOT Rights-of-Way	Auburn Univ.	\$225,640	NO

ALDOT MS4 Support Facility Annual Inspections:
Fiscal Year 2019

ALDOT MS4 Transportation Facility Maintenance:
Fiscal Year 2019

**ALDOT MS4 Support Facility Annual Inspections:
Fiscal Year 2019**

Facility Name	Inspection Date(s)	Summary of Observed Deficiencies
Central Office Complex	12/04/2018; 12/05/2018	See attached.
Huntsville District Office	09/10/2019	Facility could not provide records of used oil pickups or universal waste documentation. Facility had not completed the Annual Probe and Sensor Test Report, the Annual Release Detection Equipment Testing, or any 30-Day Walk-Through Inspections for USTs. ADEM UST registration and emergency contact information was not present at the fueling station. Employees had not received Globally Harmonized System training. Bar and chain oil spilled in building.
Gadsden District Office	09/23/2019	Employees had not received annual Universal Waste Training or SPCC Training. Annual line leak detector test was not available for USTs. SDS was not available for all materials on site.
Tuscumbia Area Office Tuscumbia District Office	09/24/2019	Sprayer not labeled.
Birmingham Area Office Birmingham District Office	03/26/2019	Several used batteries were not properly labeled or dated. UST containment sumps and spill catchment basins contained water. Oil filter crushing station is leaking oil. Hand sprayers were not labeled properly. SDS was not available for all materials on-site.
Calera District Office	04/10/2019	Used oil line not labeled. Used batteries were not labeled properly. AST secondary containment contains debris.
Anniston District Office	06/12/2019	Not completing AST monthly interstice monitoring. Several containers not closed.
Tuscaloosa Area Office Tuscaloosa District Office	07/25/2019	Universal waste was not properly dated. UST fill ports, containment sumps, and under dispenser sumps contained water and/or fuel. Barrels of liquid asphalt not covered. Chemical container not labeled. Tier II was submitted late. SDS was not available for all materials on-site.
Speigner District Office	08/23/2019	Facility could not provide universal waste documentation. Facility could not provide several monthly UST automatic product monitor tests to detect 0.2 gal/hr leak rate. Diesel fill port retained fuel from last transfer.
Montgomery Area Office Montgomery District Office	12/04/2018	AST showing early signs of corrosion. Manifests not kept in operating record. SPCC maintained at office was not the most current file. New oil not on secondary containment. Portable AST not in sufficient containment. Oil absorbent material left on shop floor. Facility could not locate their pretreatment permit for the discharge of wash water in the Auto Shop. Incorrect labeling of materials. SDS was not available for all materials on-site.
Dothan District Office	04/17/2019	Oil filters not being properly drained. Used bulbs exceeded yearly accumulation time.
Mobile Area Office Mobile District Office	09/11/2019	No environmental concerns.
Tunnel Office	09/11/2019	No environmental concerns.
