

ALABAMA DEPARTMENT OF TRANSPORTATION
PROCEDURE FOR EVALUATION AND MAINTENANCE OF

LIST II-30

CURING COMPOUNDS FOR USE WITH PORTLAND CEMENT CONCRETE

1. **Material:** Curing compounds for use in Portland Cement Concrete
 2. **Specification:** Section 830
 3. **Jurisdiction:** Product Evaluation Board, (Concrete Engineer)
 4. **Job Acceptance Requirements:** No job control testing required if material comes from a listed source and performs satisfactorily.
 5. **Project Engineer's Responsibility:** The Project Engineer must verify that the materials are from approved sources.
 6. **Producer's Initial Requirements:** Companies wishing to have products evaluated for placement on this list must contact the:

AASHTO National Transportation Product Evaluation Program (NTPEP)
444 North Capitol Street NW, Suite 249
Washington, D.C. 20001

After the product is evaluated by NTPEP, and results printed in the NTPEP report, companies should furnish the Department's Product Evaluation Engineer with the following:
 - 6.1. A written request to place product on this list. The request must include the NTPEP Number for the most recent evaluation of the product. Only evaluations within the previous 3 years will be accepted.
 - 6.2. New Product Evaluation Form and certification review fees in accordance with ALDOT-355.
 7. **Producer's Maintenance Requirements:** Companies with products on this list will be required to comply with the following to remain on the list:
 - 7.1. Produce the same quality of material as supplied for the original evaluation.
 - 7.2. Provide only approved materials to Department projects.
 - 7.3. Notify the Department within thirty (30) days of any changes in company name, product name, address or ownership.
 - 7.4. Immediately notify the Department of any changes in production of the product. Any
- alteration that will change the product chemically or physically will require a reevaluation of the product.
- 7.5. **Submit product to NTPEP for re-evaluation every 3 years, or as required by the approved work plan.**
8. **Laboratory Testing:** The Department may make selected verification tests of the product to assure that it meets current Specifications.
9. **Contractors' Requirements:** The prime contractor will be responsible for purchasing and using only approved materials.
10. **Removal of Products:** Products will be removed from this list for any of the following:
 - 10.1. Mislabeling products or substitution of products other than those originally evaluated.
 - 10.2. Failure to comply with any of the requirements of this procedure or Department Specifications.
 - 10.3. Failure to perform satisfactorily in the field.
 - 10.4. A continued pattern of failure of products to be within the quality control limits set in the specifications.
11. **Correspondence:** All correspondence concerning this list should be directed to the following:
