

Alabama Department of Transportation
Reverse Laning of Interstate 65
Intermediate Crossover A Team Leader Checklist
South of Exit 57
(Applies to Location 7 only)

The 2021 I-65 Reverse Laning Plan does not include checklists for the intermediate crossovers.

Traffic control equipment and devices designated for this location will be staged at a different location.

Personnel previously designated for this location are assigned to alternate locations. If it becomes necessary to use this cross-over, personnel, equipment and devices will be deployed as needed.
